Directors' report *(continued)*

Employees

The directors recognise that the continued position of the company in the health care industry depends on the quality and motivation of its employees and as such the company is committed to pursue employment policies which will continue to attract, retain and motivate its employees.

Good and effective employee communications are particularly important, and throughout the business it is the directors' policy to promote the understanding by all employees of the company's business aims and performance. This is achieved through internal publications, presentations on performance and a variety of other approaches appropriate for a particular location.

The directors believe that it is important to recruit and retain capable and caring staff regardless of their sex, marital status, race or religion. It is the company's policy to give full and fair consideration to applications for employment from people who are disabled, to continue wherever possible the employment of and to arrange appropriate training for, employees who become disabled and to provide equal opportunities for the career development, training and promotion of disabled employees.

Auditors

In accordance with Section 384 of the Companies Act 1985, a resolution for the re-appointment of KPMG Audit Plc as auditors of the company is to be proposed at the forthcoming Annual General Meeting.

Statement of directors' responsibilities

Company law requires the directors to prepare financial statements for each financial year which give a true and fair view of the state of affairs of the company and of the profit or loss for that year. In preparing those financial statements, the directors are required to:

- select suitable accounting policies and then apply them consistently;
- make judgements and estimates that are reasonable and prudent;
- state whether applicable accounting standards have been followed, subject to any material departures disclosed and explained in the financial statements;
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the company will continue in business.

The directors are responsible for keeping proper accounting records which disclose with reasonable accuracy at any time the financial position of the company and to enable them to ensure that the financial statements comply with the Companies Act 1985. They have general responsibility for taking such steps as are reasonably open to them to safeguard the assets of the company and to prevent and detect fraud and other irregularities.

Report of the auditors to the members of Highbank Health Care Limited

We have audited the financial statements on pages 5 to 15.

Respective responsibilities of directors and auditors

The directors are responsible for preparing the directors' report and, as described on page 3, the financial statements in accordance with applicable United Kingdom law and accounting standards. Our responsibilities, as independent auditors, are established in the United Kingdom by statute, the Auditing Practices Board and by our profession's ethical guidance.

We report to you our opinion as to whether the financial statements give a true and fair view and are properly prepared in accordance with the Companies Act. We also report to you if, in our opinion, the directors' report is not consistent with the financial statements, if the company has not kept proper accounting records, if we have not received all the information and explanations we require for our audit, or if information specified by law regarding directors' remuneration and transactions with the company is not disclosed.

Basis of opinion

We conducted our audit in accordance with Auditing Standards issued by the Auditing Practices Board. An audit includes examination, on a test basis, of evidence relevant to the amounts and disclosures in the financial statements. It also includes an assessment of the significant estimates and judgements made by the directors in the preparation of the financial statements, and of whether the accounting policies are appropriate to the company's circumstances, consistently applied and adequately disclosed.

We planned and performed our audit so as to obtain all the information and explanations which we considered necessary in order to provide us with sufficient evidence to give reasonable assurance that the financial statements are free from material misstatement, whether caused by fraud or other irregularity or error. In forming our opinion we also evaluated the overall adequacy of the presentation of information in the financial statements.

Opinion

In our opinion the financial statements give a true and fair view of the state of the company's affairs as at 31 December 2000 and of its profit for the year then ended and have been properly prepared in accordance with the Companies Act 1985.

Notes

(forming part of the financial statements)

1 Accounting policies

The following accounting policies have been applied consistently in dealing with items which are considered material in relation to the company's financial statements.

Basis of preparation

The financial statements have been prepared in accordance with applicable accounting standards and under the historical cost accounting rules, modified to include the revaluation of certain land and buildings. The company has adopted the provisions of Financial Reporting Standard 15 (FRS15) 'Tangible Fixed Assets' and Financial Reporting Standard 16 (FRS16) 'Current Taxation' which came into force during the year. The company is following the transitional provisions of FRS15 and is retaining the book values of freehold and leasehold land and buildings including valuations up to the date of adoption of the Financial Reporting Standard.

The company is exempt by virtue of section 228 of the Companies Act 1985 from the requirement to prepare group accounts. These financial statements present information about the company as an individual undertaking and not about its group.

Under Financial Reporting Standard 1 (revised) the company is exempt from the requirement to prepare a cash flow statement on the grounds that a parent undertaking includes the company in its own published consolidated financial statements.

As the company is a wholly owned subsidiary of Westminster Health Care Holdings Limited, the company has taken advantage of the exemption contained in FRS 8 and has therefore not disclosed transactions or balances with entities which form part of the group.

Fixed assets and depreciation

Depreciation is provided to write off the cost or valuation less the estimated residual value of tangible fixed assets by equal instalments over their estimated useful economic lives as follows:

Freehold buildings and long leasehold properties	-	50 years
Short leasehold properties	-	over the period of the lease
Plant, fixtures and fittings	-	3 to 10 years
Motor vehicles	-	4 years

No depreciation is provided on freehold land.

Fixed asset investments are stated at cost less provision for any impairment in value.

Leases

Assets acquired under finance leases are capitalised and the outstanding future lease obligations are shown in creditors. Operating lease rentals are charged to the profit and loss account on a straight line basis over the period of the lease.

Post-retirement benefits

The company operates a defined contribution pension scheme. The assets of the scheme are held separately from those of the company in an independently administered fund. The amount charged against profits represents the contributions payable to the scheme in respect of the accounting period.

Notes (continued)

1 Accounting policies (continued)

Stocks

Stocks are stated at the lower of cost and net realisable value.

Taxation

The charge for taxation is based on the profit for the year and takes into account taxation deferred because of timing differences between the treatment of certain items for taxation and accounting purposes. Provision is made for deferred tax only to the extent that it is probable that an actual liability will crystallise.

Turnover

Turnover represents the amounts (excluding value added tax) derived from the provision of services.

2 Analysis of turnover and profit on ordinary activities before taxation

The company's turnover, profit before taxation and net assets arise primarily from its principal activity of charging patients and residents through the management of the company's long term medium secure units in the United Kingdom.

3 Profit/(loss) on ordinary activities before taxation

	Year to 31 Dec 2000 £000	Seven months to 31 Dec 1999 £000
<i>Profit/(loss) on ordinary activities before taxation is stated after charging:</i>

The Company's land and buildings were valued externally at 31 May 1999 on an open market value for existing use basis by Conrad Ritblat, an independent firm employing qualified surveyors specialising in nursing and rest home surveys and valuations. The valuations were carried out in accordance with the Royal Institution of Chartered Surveyors Statements of Asset Valuation Practice and Guidance Notes.

Subsequent additions to land and buildings are recorded at cost to the company.

The gross book value of land and buildings includes £2,555,000 (1999: £1,993,000) of depreciable assets.

Included in the total net book value of motor vehicles is £21,000 (1999: £12,000) in respect of assets held under finance leases. Depreciation for the period on these assets was £7,000 (1999: £2,000).

The historical net book value of land and buildings is given below:
