GROUP STRATEGIC REPORT FOR THE YEAR ENDED 31ST MAY 2016

The directors present their strategic report of the company and the group for the year ended 31st May 2016.

REVIEW OF BUSINESS

The principal activity of the Group during the year continued to be the provision of consultancy services.

The results for the year and the financial position of the company are as shown in the annexed financial statements.

The group's key financial and other performance indicators during the period are as follows:

	2016	2015
	£	£

Profit before tax	655,940	253,451
Average number of		
employees	5,760	6,660

Revenues were impacted by the drop in the average employees over the year reflecting legislative changes and the market that the company operates within. Profit performance was closely managed across the year through a mixture of tighter financial controls in line with a reduction in revenue and a series of cost control and review programmes resulting in a significant improvement year on year.

PRINCIPAL RISKS AND UNCERTAINTIES

The Group constantly identifies and reviews the impact of risks to the business.

The group's main risk arising from the company's financial instruments are liquidity risk, legislation risk and credit risk.

Liquidity risk - The group ensures that sufficient funds are available on a day to day basis to meet future liabilities.

Legislation risk - The group is committed to responding positively to changes to employment and tax legislation introduced by the government. This may affect the way the company operates.

Credit risk - The main risk arises from its customers unable to fulfil their financial obligations to the group. However, this is monitored on a regular basis so as to ensure the risk is minimised.

ON BEHALF OF THE BOARD:

M Henry - Director

REPORT OF THE DIRECTORS FOR THE YEAR ENDED 31ST MAY 2016

STATEMENT OF DIRECTORS' RESPONSIBILITIES

The directors are responsible for preparing the Report of the Directors and the financial statements in accordance with applicable law and regulations.

Company law requires the directors to prepare financial statements for each financial year. Under that law the directors have elected to prepare the financial statements in accordance with United Kingdom Generally Accepted Accounting Practice (United Kingdom Accounting Standards and applicable law). Under company law the directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the company and the group and of the profit or loss of the group for that period. In preparing these financial statements, the directors are required to:

- select suitable accounting policies and then apply them consistently;
- make judgements and accounting estimates that are reasonable and prudent;
- state whether applicable accounting standards have been followed, subject to any material departures disclosed and explained in the financial statements;
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the company will continue in business.

The directors are responsible for keeping adequate accounting records that are sufficient to show and explain the company's and the group's transactions and disclose with reasonable accuracy at any time the financial position of the company and the group and enable them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the company and the group and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

STATEMENT AS TO DISCLOSURE OF INFORMATION TO AUDITORS

So far as the directors are aware, there is no relevant audit information (as defined by Section 418 of the Companies Act 2006) of which the group's auditors are unaware, and each director has taken all the steps that he ought to have taken as a director in order to make himself aware of any relevant audit information and to establish that the group's auditors are aware of that information.

AUDITORS

The auditors, Joseph Kahan Associates LLP, will be proposed for re-appointment at the forthcoming Annual General Meeting.

ON BEHALF OF THE BOARD:

M Henry - Director

The financial reporting framework that has been applied in their preparation is applicable law and United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice), including Financial Reporting Standard 102 'The Financial Reporting Standard applicable in the UK and Republic of Ireland'.

This report is made solely to the company's members, as a body, in accordance with Chapter 3 of Part 16 of the Companies Act 2006. Our audit work has been undertaken so that we might state to the company's members those matters we are required to state to them in a Report of the Auditors and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the company and the company's members as a body, for our audit work, for this report, or for the opinions we have formed.

Respective responsibilities of directors and auditors

As explained more fully in the Statement of Directors' Responsibilities set out on page four, the directors are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view. Our responsibility is to audit and express an opinion on the financial statements in accordance with applicable law and International Standards on Auditing (UK and Ireland). Those standards require us to comply with the Auditing Practices Board's Ethical Standards for Auditors.

Scope of the audit of the financial statements

An audit involves obtaining evidence about the amounts and disclosures in the financial statements sufficient to give reasonable assurance that the financial statements are free from material misstatement, whether caused by fraud or error. This includes an assessment of: whether the accounting policies are appropriate to the group's and the parent company's circumstances and have been consistently applied and adequately disclosed; the reasonableness of significant accounting estimates made by the directors; and the overall presentation of the financial statements. In addition, we read all the financial and non-financial information in the Group Strategic Report and the Report of the Directors to identify material inconsistencies with the audited financial statements and to identify any information that is apparently materially incorrect based on, or materially inconsistent with, the knowledge acquired by us in the course of performing the audit. If we become aware of any apparent material misstatements or inconsistencies we consider the implications for our report. The following financial statements of group members have been audited using the appropriate Financial Reporting Framework as stated:-
