DIRECTORS' REPORT

FOR THE YEAR ENDED 30 SEPTEMBER 2019

The directors present their annual report and financial statements for the year ended 30 September 2019.

Principal activities

The principal activity of the company continued to be that of the provision of a range of specialist care services for people with learning and physical difficulties.

Results and dividends

The company has not traded during the year or the preceding financial period. During this time the company received no income and incurred no expenditure and therefore no Income statement is presented in these financial statements.

Strategic report exemption

The company has taken advantage of the small companies exemption under S414B of the Companies Act 2006 from the requirement to prepare a strategic report.

Directors

The directors who held office during the year and up to the date of signature of the financial statements were as follows:

F Sheikh

G Dufton

M Hill

C K Dickinson

(Appointed 9 January 2019 and resigned 13 January 2020)

(Deceased 9 December 2018)

(Appointed 13 January 2020)

On behalf of the board

C K Dickinson

Director

Date: 15/07/20

EMERALDPOINT LIMITED

NOTES TO THE FINANCIAL STATEMENTS

FOR THE YEAR ENDED 30 SEPTEMBER 2019

1 Accounting policies

Company information

Emeraldpoint Limited is a private company limited by shares incorporated in England and Wales. The registered office is 5th Floor, Metropolitan House, 3 Darkes Lane, Potters Bar, Hertfordshire, EN6 1AG.

1.1 Accounting convention

The financial statements have been prepared in accordance with Financial Reporting Standard 101 Reduced Disclosure Framework (FRS 101) and in accordance with applicable accounting standards.

The financial statements are prepared in sterling, which is the functional currency of the company. Monetary amounts in these financial statements are rounded to the nearest £'000.

The financial statements have been prepared on the historical cost basis except that certain financial instruments are stated at their fair value. The principal accounting policies adopted are set out below.

The company meets the definition of a qualifying entity under FRS 101, The Financial Reporting Standard applicable in the UK and Republic of Ireland. These financial statements for the year ended 30 September 2019 are the first financial statements of Emeraldpoint Limited prepared in accordance with FRS 101. The company transitioned from EU-adopted IFRS to FRS 101 for all periods presented and the date of transition to FRS 101 was 1 October 2017.

The reported financial position and financial performance for the previous period are not affected by the transition to FRS 101.

The company has taken advantage of the following disclosure exemptions under FRS 101:

- the requirements of paragraphs 45(b) and 46-52 of IFRS 2 Share based Payment;
- the requirements of paragraphs 62, B64(d), B64(e), B64(g), B64(h), B64(j) to B64(m), B64(n)(ii), B64(o)(ii), B64(p), B64(q)(ii), B66 and B67 of IFRS 3 Business Combinations. Equivalent disclosures are included in the consolidated financial statements of its ultimate parent company, CareTech Holdings PLC in which the entity is consolidated;
- the requirements of paragraph 33 (c) of IFRS 5 Non current Assets Held for Sale and Discontinued Operations;
- the requirements of IFRS 7 Financial Instruments: Disclosures;
- the requirements of paragraphs 91-99 of IFRS 13 Fair Value Measurement;
- the requirement in paragraph 38 of IAS 1 'Presentation of Financial Statements' to present comparative information in respect of: (i) paragraph 79(a) (iv) of IAS 1, (ii) paragraph 73(e) of IAS 16 Property Plant and Equipment (iii) paragraph 118 (e) of IAS 38 Intangibles Assets, (iv) paragraphs 76 and 79(d) of IAS 40 Investment Property and (v) paragraph 50 of IAS 41 Agriculture;
- the requirements of paragraphs 10(d), 10(f), 16, 38A to 38D, 39 to 40, 111 and 134-136 of IAS 1 Presentation of Financial Statements;
- the requirements of IAS 7 Statement of Cash Flows;
- the requirements of paragraphs 30 and 31 of IAS 8 Accounting Policies, Changes in Accounting Estimates and Errors;
- the requirements of paragraph 17 of IAS 24 Related Party Disclosures;
- the requirements in IAS 24 Related Party Disclosures to disclose related party transactions entered into between two or more members of a group, provided that any subsidiary which is a party to the transaction is wholly owned by such a member; and
- the requirements of paragraphs 134(d)-134(f) and 135(c)-135(e) of IAS 36 Impairment of Assets.

EMERALDPOINT LIMITED

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

FOR THE YEAR ENDED 30 SEPTEMBER 2019

1 Accounting policies

(Continued)

As permitted by FRS 101, the company has taken advantage of the disclosure exemptions available under that standard in relation to share based payments, financial instruments, capital management, presentation of a cash flow statement, presentation of comparative information in respect of certain assets, standards not yet effective, impairment of assets, business combinations, discontinued operations and related party transactions.

Where required, equivalent disclosures are given in the group accounts of CareTech Holdings PLC. The group accounts of CareTech Holdings PLC are available to the public and can be obtained as set out in note 10.

1.2 Going concern

The directors have at the time of approving the financial statements, a reasonable expectation that the company has adequate resources to continue in operational existence for the foreseeable future. Thus they continue to adopt the going concern basis of accounting in preparing the financial statements.

The company has not traded during the year or the preceding financial period. During this time the company received no income and incurred no expenditure and therefore no Income statement is presented in these financial statements.

1.3 Fair value measurement

IFRS 13 establishes a single source of guidance for all fair value measurements. IFRS 13 does not change when an entity is required to use fair value, but rather provides guidance on how to measure fair value under IFRS when fair value is required or permitted. The company is exempt under FRS 101 from the disclosure requirements of IFRS 13. There was no impact on the company from the adoption of IFRS 13.

1.4 Cash and cash equivalents

Cash and cash equivalents include cash in hand, deposits held at call with banks, other short-term liquid investments with original maturities of three months or less, and bank overdrafts. Bank overdrafts are shown within borrowings in current liabilities.

1.5 Financial assets

Financial assets are recognised in the company's statement of financial position when the company becomes party to the contractual provisions of the instrument. Financial assets are classified into specified categories, depending on the nature and purpose of the financial assets.

At initial recognition, financial assets classified as fair value through profit and loss are measured at fair value and any transaction costs are recognised in profit or loss. Financial assets not classified as fair value through profit and loss are initially measured at fair value plus transaction costs.

Financial assets at fair value through profit or loss

Financial assets are classified as at FVTPL when the financial asset is held for trading. This is the case if:

- the asset has been acquired principally for the purpose of selling in the near term, or
- on initial recognition it is part of a portfolio of identified financial instruments that the company manages together and has a recent actual pattern of short-term profit taking, or
- it is a derivative that is not designated and effective as a hedging instrument.

Financial assets at FVTPL are stated at fair value with any gains or losses arising on remeasurement recognised in profit or loss. The net gain or loss recognised in profit or loss incorporates any dividend or interest earned on the financial asset. Interest and dividends are included in 'Investment income' and gains and losses on remeasurement included in 'other gains and losses' in the statement of comprehensive income.

EMERALDPOINT LIMITED

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

FOR THE YEAR ENDED 30 SEPTEMBER 2019

1 Accounting policies

(Continued)

Financial assets held at amortised cost

Financial assets with fixed or determinable payments and fixed maturity dates that the Company has the positive intent and ability to hold to maturity are classified as held to maturity investments.

Held to maturity investments are measured at amortised cost using the effective interest method less any impairment, with revenue recognised on an effective yield basis.

The effective interest method is a method of calculating the amortised cost of a debt instrument and of allocating the interest income over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash receipts through the expected life of the debt instrument to the net carrying amount on initial recognition.

Trade Receivables, loans and other receivables that have fixed or determinable payments that are not quoted in an active market are classified as loans and receivables. Loans and receivables are measured at amortised cost using the effective interest method, less any impairment.

Interest is recognised by applying the effective interest rate, except for short-term receivables when the recognition of interest would be immaterial. The effective interest method is a method of calculating the amortised cost of a debt instrument and of allocating the interest income over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash receipts through the expected life of the debt instrument to the net carrying amount on initial recognition.

Financial assets at fair value through other comprehensive income

Debt instruments are classified as financial assets measured at fair value through other comprehensive income where the financial assets are held within the company's business model whose objective is achieved by both collecting contractual cash flows and selling financial assets, and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

A debt instrument measured at fair value through other comprehensive income is recognised initially at fair value plus transaction costs directly attributable to the asset. After initial recognition, each asset is measured at fair value, with changes in fair value included in other comprehensive income. Accumulated gains or losses recognised through other comprehensive income are directly transferred to profit or loss when the debt instrument is derecognised.

Financial assets classified as available for sale are measured at fair value with gains and losses arising from changes in fair value recognised in other comprehensive income. Where an AFS financial asset is disposed of or determined to be impaired, the cumulative gain or loss previously recognised in other comprehensive income is reclassified to profit or loss.

Dividends and interest earned on AFS financial assets are included in the investment income line item in the statement of comprehensive income.

Impairment of financial assets

Financial assets, other than those measured at fair value through profit or loss, are assessed for indicators of impairment at each reporting end date.

Financial assets are impaired where there is objective evidence that, as a result of one or more events that occurred after the initial recognition of the financial asset, the estimated future cash flows of the investment have been affected.

EMERALDPOINT LIMITED

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

FOR THE YEAR ENDED 30 SEPTEMBER 2019

1 Accounting policies

(Continued)

Derecognition of financial assets

Financial assets are derecognised only when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership to another entity.

1.6 Financial liabilities

The company recognizes financial debt when the company becomes a party to the contractual provisions of the instruments. Financial liabilities are classified as either 'financial liabilities at fair value through profit or loss' or 'other financial liabilities'.

Financial liabilities at fair value through profit or loss

Financial liabilities are classified as measured at fair value through profit or loss when the financial liability is held for trading. A financial liability is classified as held for trading if:

- it has been incurred principally for the purpose of selling or repurchasing it in the near term, or
- on initial recognition it is part of a portfolio of identified financial instruments that the company manages together and has a recent actual pattern of short-term profit taking, or
- it is a derivative that is not a financial guarantee contract or a designated and effective hedging instrument.

Financial liabilities at fair value through profit or loss are stated at fair value with any gains or losses arising on remeasurement recognised in profit or loss.

Other financial liabilities

Other financial liabilities, including borrowings, trade payables and other short-term monetary liabilities, are initially measured at fair value net of transaction costs directly attributable to the issuance of the financial liability. They are subsequently measured at amortised cost using the effective interest method. For the purposes of each financial liability, interest expense includes initial transaction costs and any premium payable on redemption, as well as any interest or coupon payable while the liability is outstanding.

Derecognition of financial liabilities

Financial liabilities are derecognised when, and only when, the company's obligations are discharged, cancelled, or they expire.

1.7 Equity instruments

Equity instruments issued by the company are recorded at the proceeds received, net of direct issue costs. Dividends payable on equity instruments are recognised as liabilities once they are no longer at the discretion of the company.

2 Adoption of new and revised standards and changes in accounting policies

In the current year, the following new and revised Standards and Interpretations have been adopted by the company and have an effect on the current period or a prior period or may have an effect on future periods:

EMERALDPOINT LIMITED

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

FOR THE YEAR ENDED 30 SEPTEMBER 2019

2 Adoption of new and revised standards and changes in accounting policies (Continued)

IFRS 15 - Revenue from contracts with customers - Introduction of new standard on Revenue from Contracts with customers

IFRS 2 - Share-based payment - Amendments to clarify the classification and measurement of share-based payment transactions

IFRS 7 - Financial instruments: Disclosures - Additional hedge accounting disclosures (and consequential amendments) resulting from the introduction of the hedge accounting chapter in IFRS 9

IFRS 9 - Financial instruments - Finalised version, incorporating requirements for classification and measurement, impairment, general hedge accounting and derecognition

IAS 28 - Investments in associates and joint ventures - Amendments resulting from Annual Improvements 2014-2016 Cycle (clarifying certain fair value adjustments)

IAS 39 - Financial instruments: Recognition and measurement - Amendment to permit an entity to elect to continue to apply the hedge accounting requirements in IAS 39 for a fair value hedge of the interest rate exposure of a portion of a portfolio of financial assets or financial liabilities when IFRS 9 is applied, and to extend the fair value option to certain contracts that meet the 'own use' scope exception

IAS 40 - Investment property - Amendments to clarify transfers of property to, or from, investment property

The amendments listed above did not have any impact on the amounts recognised in prior periods and are not expected to significantly affect the current or future periods.

3 Critical accounting estimates and judgements

In the application of the company's accounting policies, the directors are required to make judgements, estimates and assumptions about the carrying amount of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised, if the revision affects only that period, or in the period of the revision and future periods if the revision affects both current and future periods.

The estimates and assumptions which have a significant risk of causing a material adjustment to the carrying amount of assets and liabilities are outlined below.

Critical judgements

Current asset provision

In the course of normal trading activities, judgement is used to establish the net realisable value of various elements of working capital, principally trade receivables. Provisions are established for bad and doubtful debts. Provisions are based on the facts available at the time and are also determined by using profiles, based upon past practise, applied to aged receivables.

Deferred taxation

The company may recognise deferred tax assets in respect of temporary differences arising. This requires management to make decisions on the recoverability of such deferred tax assets based on future forecasts of taxable profit. If these forecast profits do not materialise, or there are changes in the tax rates or to the period over which the losses or timing difference might be recognised, the value of the deferred tax asset will need to be revised in a future period.

EMERALDPOINT LIMITED

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

FOR THE YEAR ENDED 30 SEPTEMBER 2019

3 Critical accounting estimates and judgements

(Continued)

Key sources of estimation uncertainty

Customer relationships

The company's management team assess each acquisition in the historical financial information period to identify the intangible assets that were acquired in each transaction that qualify for separate recognition. The assessment of the future economic benefits generated from acquired customer relationships, and the determination of the related amortisation profile, involves a significant degree of judgement based on management estimation of future potential revenue and profit and the useful lives of the assets. The valuation method used to value customer relationships is a multi-period excess earnings method. The useful economic life has been assessed as ranging from 1 to 20 years across the acquisitions. Annual reviews are performed to ensure the recoverability of this intangible asset.

Property, plant and equipment

It is company policy to depreciate property, plant and equipment to their estimated residual value over their estimated useful lives. This applies an appropriate matching of the revenue earned with the capital costs of delivery of services. A key element of this policy is the annual estimate of the residual value of such assets. Similarly the directors estimate the useful life applied to each category of property, plant and equipment which, in turn, determines the annual depreciation charge. Variations in residual values or asset lives could impact significantly company profit through an increase in the depreciation charge.

4 Employees

The average monthly number of persons (including directors) employed by the company during the year was nil (2018: nil).

None of the directors received any emoluments for their services to the company during the year (2018: none).

The number of directors to whom pension contributions are accruing is nil (2018: nil).

5 Trade and other receivables

	2019 £'000	2018 £'000
Trade receivables	-	4

Trade receivables disclosed above are classified as loans and receivables and are therefore measured at amortised cost.

6 Trade and other payables

	2019 £'000	2018 £'000
Amounts owed to fellow group undertakings	17	24
Other payables	3	-
	20	24

10 Controlling party

The company's ultimate parent undertaking is CareTech Holdings PLC. The consolidated financial statements of this Group are available to the public and may be obtained from Metropolitan House, 3 Darkes lane, Potters Bar, Hertfordshire, EN6 1AG.

The company is included in the consolidated accounts of CareTech Holdings PLC.

EMERALDPOINT LIMITED

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

FOR THE YEAR ENDED 30 SEPTEMBER 2019

11 Financial Instruments

These are designed to reduce the financial risks faced by the company, which primarily relate to credit, interest and liquidity risks, which arise in the normal course of the company's business.

Credit risk

Financial instruments which potentially expose the company to credit risk consist primarily of cash equivalents and trade receivables. Cash equivalents are deposited only with major financial institutions that satisfy certain credit criteria.

Management has a credit policy in place and exposure to credit risk is monitored on an ongoing basis. Credit evaluations are carried out on all significant prospective customers and all existing customers requiring credit beyond a certain threshold. Varying approval levels are set on the extension of credit depending upon the value of the sale.

Where the credit risk is deemed to have risen to an unacceptable level, remedial actions including the variation of terms of trade are implemented under the guidance of senior management until the level of credit risk has been normalised.

The company provides credit to customers in the normal course of business with a provision for specific doubtful receivables. The balance includes the amounts considered recoverable which also equals their fair value. The company does not require collateral in respect of financial assets. During the year there was no charge to the income statement for bad or doubtful debts (30 September 2018: £Nil).

At the balance sheet date, there were no significant concentrations of credit risk. The maximum exposure to credit risk is represented by the carrying amount of each financial asset.

Interest rate risk

The company finances its operations through called up share capital, retained profits, intergroup borrowings and bank borrowings. The company's income is by its nature relatively stable and its growth is, inter alia, impacted by inflation. Company policy is to balance interest rate fixes between the short, medium and long term. The benchmark rate for bank borrowings is LIBOR.

Liquidity Risk

The company prepares annual cash flow forecasts reflecting known commitments and anticipated projects. Borrowing facilities are arranged as necessary to finance requirements. The wider group has available bank and overdraft facilities, sufficient, with cash flow from profits, to fund present commitments. Term facilities are utilised to fund capital expenditure and short term flexibility is achieved by the utilisation of overdraft facilities in respect of financial liabilities. There were no contractual cash flow maturities at 30 September 2019 (30 September 2018: £Nil).

Capital risk management

The company manages its capital to ensure that activities of the company will be able to continue as going concerns whilst maximising returns for stakeholders through the optimisation of debt and equity. The company does not currently have any external debt and details of the company's equity are disclosed in the Statement of Financial Position.

Foreign currency risk

The company operates entirely in the UK and is not exposed to any foreign currency risks.

EMERALDPOINT LIMITED

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

FOR THE YEAR ENDED 30 SEPTEMBER 2019

11 Financial instruments

(Continued)

Sensitivity analysis

In managing interest rate risks the company aims to reduce the impact of short-term fluctuations on the company's earnings. Over the longer-term, however, permanent changes in interest rates would have an impact on earnings. However, the wider group's financing arrangements mean that there is not expected to be a significant impact from interest rate changes on the company.

Fair values

Book values are considered to be equivalent to fair values.
