Copies of this Information Memorandum, which comprises the listing particulars (the "Listing Particulars"), in relation to Listed Notes (as defined below) issued under the Programme during the period of twelve months from the date of this Information Memorandum, approved as such by the UK Listing Authority as required by the Financial Services Act 1986, have been delivered for registration to the Registrar of Companies in England and Wales. Application has also been made to the Frankfurter Wertpapierbörse (the "Frankfurt Stock Exchange") for Notes to be issued under the Programme in bearer form to be admitted to the Amtlicher Handel (Official List).

For this purpose this Information Memorandum has been accepted as the Listing Prospectus ("Börsenzulassungsprospekt") in compliance with the listing rules under Section 44 of the German Stock Exchange Admission Regulation ("Börsenzulassungs-Verordnung").

The Programme provides that Notes may be listed on such other or further stock exchange(s) as may be agreed between the relevant Issuer and the relevant Dealer(s). The Issuer may also issue unlisted Notes.

In connection with the listing of the Notes on the Official List, each Issuer confirms that, if at any time after preparation of the Listing Particulars for submission to the UK Listing Authority and before the commencement of dealings in any Notes following their admission to the Official List:—

- (a) there is a significant change affecting any matter contained in the Listing Particulars whose inclusion was required by section 146 of the Financial Services Act 1986 or by the listing rules made by the UK Listing Authority under that Act (the "Listing Rules") or by the London Stock Exchange; or

(b) a significant new matter arises, the inclusion of information in respect of which would have been so required if it had arisen when the Listing Particulars were prepared;

the relevant Issuer shall give to Merrill Lynch International in its capacity as listing agent (the "Listing Agent") for the Listed Notes and each Dealer full information about such change or matter and shall publish such supplementary listing particulars as may be required by the UK Listing Authority (in a form approved by the Listing Agent), and shall otherwise comply with sections 147 and 159 of the Financial Services Act 1986 and the Listing Rules in that regard.

The relevant Issuer will also notify the Noteholders of any material adverse change in its financial condition and will publish details thereof in accordance with Condition 19 of the Terms and Conditions of the Notes. If the terms of the Programme are modified or amended in a manner which would make the Information Memorandum, as supplemented, inaccurate or misleading, a new Information Memorandum will be prepared.

Exclusion

This Information Memorandum may not be used for the purpose of an offer or solicitation by anyone in any jurisdiction in which such offer or solicitation is not authorised or to any person to whom it is unlawful to make such offer or solicitation. This Information Memorandum is not intended to provide the basis of any credit or other evaluation.

In connection with the issue of Notes under the Programme, the Dealer who is specified in the Pricing Supplement in relation to the relevant Tranche of Notes may over-allot or effect transactions which stabilise or maintain the market price of the Notes of such Tranche at a level which might not otherwise prevail. Such stabilising, if commenced, may be discontinued at any time. All such transactions will be carried out in accordance with all applicable laws and regulations.

2. Documents Incorporated by Reference

For the purpose of calculating the US dollar equivalent of the aggregate amount of Notes issued under the Programme from time to time:

- (b) the US dollar equivalent of Dual Currency Notes, Indexed Notes and Partly Paid Notes (each as defined in the Terms and Conditions of the Notes) shall be calculated in the manner specified above by reference to the original nominal amount of such Notes (in the case of Partly Paid Notes, regardless of the subscription price paid); and
- (c) the US dollar equivalent of Zero Coupon Notes (as defined in the Terms and Conditions of the Notes) and other Notes issued at a discount or premium shall be calculated in the manner specified above by reference to the net proceeds received by the relevant Issuer for the relevant issue.

Die nachfolgenden Bedingungen gelten für Teilschuldverschreibungen der jeweiligen Emittentin (Bayerische Motoren Werke Aktiengesellschaft, BMW Finance N.V., BMW US Capital Corp., BMW Coordination Center N.V. oder BMW (UK) Capital plc) (gemeinsam die "Emittenten" oder einzeln die "Emittentin") wie in der entsprechenden Sammelschuldverschreibung (die "Sammelurkunde") beschrieben, und gegebenenfalls durch ein pricing supplement (Konditionenbeschreibung) (das "Pricing Supplement") ergänzt, und werden als ein Bestandteil jeder einzelnen Schuldverschreibung beigelegt. Teilschuldverschreibungen, die von der BMW Finance N.V., der BMW US Capital Corp. ("BMW US"), dem BMW Coordination Center N.V. oder der BMW (UK) Capital plc begeben werden, sind mit einer unbedingen und unwiderruflichen Garantie der Bayerische Motoren Werke Aktiengesellschaft (wie in § 14 beschrieben) ausgestattet. Wenn die Bayerische Motoren Werke Aktiengesellschaft selbst Emittentin ist, gelten alle Hinweise auf die "Garantin" und die "Garantie" (die beide nachfolgend definiert werden) als nicht anwendbar. Das entsprechende Pricing Supplement jeder Schuldverschreibung kann andere Bedingungen enthalten, die spezifizierte Regelungen zu und Abweichungen von den folgenden Bedingungen beinhalten und die folgenden Bedingungen entsprechend dem Zweck der Emission einer solchen Schuldverschreibung ersetzen oder verändern.

Pricing Supplements, die zu einer nicht-börsennotierten Teilschuldverschreibung gehören, sind für die Inhaber von Teilschuldverschreibungen nur einsehbar, wenn der jeweiligen Zahlstelle ein ausreichendes Interesse bezüglich dieser Teilschuldverschreibung nachgewiesen wird. Die Inhaber der Teilschuldverschreibungen, die Inhaber der Abschnitte, die Inhaber der Zinsscheine und die Inhaber von Talons (wie nachstehend definiert) sind anspruchsberechtigt aus und gebunden an alle(n) Regelungen des Agency Agreements und des jeweiligen Pricing Supplements; diese Regelungen gelten als bekannt.

Teilschuldverschreibungen werden in "Tranchen" begeben, die jede für sich oder mit mehreren gemeinsam eine

4. Terms and Conditions of the Notes

For Notes (as defined in Condition 1 below) which are listed on the Frankfurt Stock Exchange and/or which are cleared by Clearstream Banking AG Frankfurt am Main the German text of these Terms and Conditions of the Notes (the "Terms and Conditions") is the exclusively legally binding one and the English translation is for convenience only. For Notes which are admitted to the Official List of the UK Listing Authority (the "Official List") and are admitted to trading on the market for listed securities on the London Stock Exchange Limited (the "London Stock Exchange") and/or which are cleared by Euroclear/Clearstream Banking, société anonyme, Luxembourg the English text of these Terms and Conditions is the exclusively legally binding one.

The following are the Terms and Conditions for Notes issued by the relevant Issuer (Bayerische Motoren Werke Aktiengesellschaft, BMW Finance N.V., BMW US Capital Corp., BMW Coordination Center N.V. or BMW (UK) Capital plc) (together the "Issuers" and each an "Issuer") as set out in the relevant global note (the "Global Note") and, as the case may be, completed by a pricing supplement (the "Pricing Supplement"), which will be attached to each Note. Notes issued by BMW Finance N.V., BMW US Capital Corp. ("BMW US"), BMW Coordination Center N.V. or BMW (UK) Capital plc will have the benefit of an unconditional and irrevocable guarantee of Bayerische Motoren Werke Aktiengesellschaft (as described in Condition 14). If Bayerische Motoren Werke Aktiengesellschaft acts as Issuer itself all references to "Guarantor" and "Guarantee" (both as defined below) shall be deemed to be not applicable. The applicable Pricing Supplement in relation to any Note may specify other terms and conditions which shall, to the extent so specified or to the extent inconsistent with these Terms and Conditions, replace or modify the following Terms and Conditions for the purpose of such Note.

Words and expressions defined or set out in these Terms and Conditions shall have the same meaning when used in the Pricing Supplement unless otherwise stated therein. Copies of the Agency Agreement (as defined in Condition 1 Section 3) (which contains the form of the Pricing Supplement) and the Pricing Supplement applicable to any Note and the Guarantee are available for inspection at the specified offices of each of the Programme Agent and the Paying Agents (as set out in Condition 8) save that a Pricing Supplement relating to an unlisted Note will only be available for inspection by a Noteholder upon proof satisfactory to the relevant Paying Agent as to interest in the Note. The Noteholders, the Receiptholders, the Couponholders and the Talonholders (as defined below) are deemed to have notice of, and are entitled to the benefit of, all the provisions of the Agency Agreement and the applicable Pricing Supplement, which are binding on them.

Notes will be issued in tranches ("Tranches"), one or more of which shall comprise a series ("Series"). The

Die Teilschuldverschreibungen einer Serie haben ebenfalls identische Bedingungen und Ausstattungsmerkmale, mit Ausnahme (im Fall von mehr als einer Tranche) des Begebungstags, des Beginns der Verzinsung und des Emissionspreises. Bezugnahmen auf Teilschuldverschreibungen gelten gleicherweise als Bezugnahmen auf solche Tranchen oder Serien.

§ 1 (Form, Eigentum und Folgeemissionen)

(A) Form

1. Die Emittentin begibt auf den Inhaber lautende Teilschuldverschreibungen ("Inhaberschuldverschreibungen") oder auf den Namen lautende Teilschuldverschreibungen ("Namensschuldverschreibungen") in Höhe des Gesamtnennbetrags und auf die Währung lautend (in der Sammelurkunde, im Pricing Supplement und nachstehend auch "Emissionswährung" genannt) wie in der Sammelurkunde und/oder im Pricing Supplement bestimmt ist. Solche Teilschuldverschreibungen können in Form einer Sammelurkunde oder in Einzelurkunden verbrieft sein und werden dementsprechend als Sammelurkunde oder effektive Teilschuldverschreibungen bezeichnet. Sie sind eingeteilt in untereinander gleichberechtigte Teilschuldverschreibungen in dem in der Sammelurkunde genannten Nennbetrag (die "Teilschuldverschreibungen").
2. Diese Teilschuldverschreibungen sind festverzinsliche, variabel verzinsliche, Nullkupon-, Index-, Doppelwährungs- oder Teileingezahlte Teilschuldverschreibungen oder jede andere Art von Teilschuldverschreibungen oder eine mögliche Kombination der vorgenannten Teilschuldverschreibungen, jeweils entsprechend der im Pricing Supplement dargestellten Zins/Zahlungsmodalitäten.
3. Die Teilschuldverschreibungen werden aufgrund eines Agency Agreements vom 6. Mai 1994, ergänzt und neu gefaßt durch die Fassung vom 24. Mai 2000 (Emissions- und Zahlstellenvereinbarung) (das "Agency Agreement"), in der jeweils gültigen Fassung, die zwischen den Emittenten und den in § 8 Absatz 1 genannten Zahlstellen abgeschlossen wurde, ausgegeben.
4. Soweit im Pricing Supplement nicht anders festgelegt, werden die Teilschuldverschreibungen durch eine Inhaber-Sammelschuldverschreibung verbrieft, die bei der Clearstream Banking AG, Frankfurt am Main, ("Clearstream Frankfurt") oder einem gemeinsamen Verwahrer für Clearstream Banking, société anonyme, Luxemburg, ("Clearstream Luxembourg") und der Morgan Guaranty Trust Company of New York, Brussels Office, als Betreiberin des Euroclear Systems ("Euroclear"), hinterlegt ist. Für die jeweils fälligen Zinsen ist kein Globalzinsrschein beigelegt. Der etwaige Anspruch auf Zahlung von Zinsen ist durch die Sammelurkunde mit verbrieft.
- Jeder Bezug auf "Euroclear" und/oder "Clearstream Luxembourg" beinhaltet, sofern der Zusammenhang es erlaubt, auch eine Bezugnahme auf jedes weitere oder alternative Clearing System, das von der Emittentin und der jeweiligen Zahlstelle genehmigt worden ist.
5. Wenn die Begebung von Teilschuldverschreibungen gemäß Pricing Supplement in Form effektiver Inhaber-Teilschuldverschreibungen erfolgt, dann werden die Teilschuldverschreibungen mit einer Seriennummer versehen. Sie können mit beigefügten Zinsscheinen für die Zahlung von Zinsen (die "Zinsscheine") begeben werden. Falls erforderlich werden Talons für weitere Zinsscheine (die "Talons") beigelegt,

Notes of each Tranche shall have identical Terms and Conditions and identical features. The Notes of each Series shall also have identical Terms and Conditions and identical features, except (in the case of more than one Tranche) for the Issue Date, the Interest Commencement Date and the Issue Price. References to Notes shall be construed as references to such Tranches or Series.

Condition 1 (Form, Title and Further Issues)

(A) Form

1. The Issuer issues notes in bearer form ("Bearer Notes") or in registered form ("Registered Notes") (in each case "Notes") in the aggregate principal amount and denominated in the respective currency (in the Global Note, the Pricing Supplement and hereinafter also referred to as the "Issue Currency") as specified in the Global Note and/or the Pricing Supplement. Such Notes may be represented by global or definitive certificate(s) and shall be referred to as Global Notes or Definitive Notes, accordingly. The Notes are in denominations as specified in the Global Note and/or the Pricing Supplement and rank pari passu with each other.
2. The Notes are Fixed Rate Notes, Floating Rate Notes, Zero Coupon Notes, Indexed Notes, Dual Currency Notes or Partly Paid Notes, or any other type of Notes, or an appropriate combination of any of the foregoing, depending upon the interest/payment basis as specified in the Pricing Supplement.
3. The Notes are issued pursuant to an agency agreement dated 6 May, 1994 as amended and restated by the amended and restated agency agreement dated 24 May, 2000 (the "Agency Agreement") and made between the Issuers and the Agents mentioned in Condition 8 paragraph 1, as amended from time to time.
4. Unless otherwise specified in the Pricing Supplement, the Notes shall be represented by a Global Bearer Note deposited with the Clearstream Banking AG, Frankfurt am Main ("Clearstream Frankfurt") or a common depositary for Clearstream Banking, société anonyme, Luxembourg ("Clearstream Luxembourg") and Morgan Guaranty Trust Company of New York, Brussels office, as operator of the Euroclear System ("Euroclear"). No global bearer coupon will be attached to the Global Note for any interest due. The right to receive interest, if any, is also represented by the Global Note.
- Any reference to "Euroclear" and/or "Clearstream Luxembourg" shall, whenever the context so permits, be deemed to include a reference to any additional or alternative clearing system approved by the Issuer and the relevant Paying Agent.
- If Notes are specified as Definitive Bearer Notes in the Pricing Supplement, such Notes will be serially numbered and may be issued with interest coupons for the payment of interest ("Coupons") attached, and if applicable, talons for further Coupons ("Talons") attached, unless they are Zero Coupon Notes in which case references to interest (other than in relation to interest due after the Maturity Date (as

In diesem Falle finden Verweise auf Zinsen (sofern es sich nicht um nach dem Endfälligkeitstag (wie im maßgeblichen Pricing Supplement definiert) fällige Zinsen handelt) und Zinsscheine in diesen Bedingungen keine Anwendung. Effektive Teilschuldverschreibungen, die in Raten getilgt werden, sind mit Abschnitten (die "Abschnitte" oder "Empfangsbescheinigungen") für die Zahlung von Tilgungen vor der jeweiligen Endfälligkeit ausgestattet. Das Pricing Supplement kann andere Regelungen für die Durchführung von Zahlungen von Zinsen oder Tilgungsräten bei effektiven Teilschuldverschreibungen anstelle von Zinsscheinen oder Abschnitten vorsehen. Wenn Doppelwährungs-, Teileingezahlte — oder Index-Teilschuldverschreibungen begeben werden, die mit einem festen oder variablen Zinssatz oder ohne laufende Verzinsung ausgestattet sind, werden die Bestimmungen dieser Bedingungen, die sich auf die vorstehenden Arten der Verzinsung beziehen, sinngemäß auf die Doppelwährungs-, Teileingezahlte oder Index-Teilschuldverschreibungen angewandt. Jeder Bezug in den vorliegenden Bedingungen auf Zinsschein(e) und Inhaber von Zinsscheinen stellt, soweit der Zusammenhang nichts anderes erfordert, in gleicher Weise einen Hinweis auf Talon(s) und Inhaber von Talons dar.

6. Wenn die Begebung von Teilschuldverschreibungen gemäß Pricing Supplement in Form von auf den Namen lautenden Schuldverschreibungen erfolgt ("Namensschuldverschreibungen"), dann wird der Name des Anleihegläubigers (oder eines Beauftragten des Anleihegläubigers, der diese Schuldverschreibung im Namen des Anleihegläubigers hält) auf der Schuldverschreibung sowie in einem Register eingetragen, das bei der Dresdner Bank Aktiengesellschaft ("deutsche Registerstelle") oder bei der Citibank N.A. ("London-Registerstelle") (jeweils die "Registerstelle") geführt wird.
7. Jede Sammelurkunde, jede effektive Teilschuldverschreibung, jeder Abschnitt und jeder Zinsschein — soweit vorhanden — trägt die Unterschriften von zwei durch die Emittentin für diesen Zweck bevollmächtigten Personen (deren Unterschriften gemäß § 793 Abs. 2 BGB Faksimile-Unterschriften sein können) und jede Sammelurkunde sowie jede effektive Teilschuldverschreibung — soweit vorhanden — trägt zudem die eigenhändige Unterschrift eines Kontrollbeauftragten. Jede effektive Teilschuldverschreibung, jeder Abschnitt und jeder Zinsschein -soweit vorhanden — soll einen Prägestempel der Emittentin oder ein geprägtes Faksimile hiervon tragen.

(B) Eigentum

1. Der Inhaber von Teilschuldverschreibungen, Zinsscheinen, Abschnitten oder Talons gilt (soweit nicht zwingende Gesetze — oder Verwaltungsbestimmungen entgegenstehen) in jeder Hinsicht als Alleineigentümer (ob fällig oder nicht fällig, und unabhängig von irgendwelchen Mitteilungen bezüglich des Eigentums, möglichen Treuhandschaften oder anderen Ansprüchen hieran oder hieraus, etwaigen Vermerken auf der Urkunde oder einem Diebstahl oder Verlust) und niemand kann dafür verantwortlich gemacht werden, daß er den Inhaber als Alleineigentümer angesehen hat.
2. Die Übertragung des Eigentums an Inhaber-Teilschuldverschreibungen, Empfangsbescheinigungen, Zinsscheinen oder Talons geschieht durch Einigung der beteiligten Parteien über den Eigentumsübergang und durch die Übergabe oder auf andere Weise in Übereinstimmung mit den jeweils anzuwendenden Gesetzen und Vorschriften einschließlich der Regeln beteiligter Clearing Systeme, Bezugnahmen in den Bedingungen auf "Inhaber" oder auf "Anleihegläubi-

Definitive Notes redeemable in instalments will be issued with receipts ("Receipts") for the payment of instalments of principal prior to the stated maturity attached. The Pricing Supplement may specify alternative arrangements for the payment of interest or instalments of principal in respect of Definitive Notes in place of Coupons or Receipts, respectively. Wherever Dual Currency Notes, Partly Paid Notes or Indexed Notes are issued to bear interest on a fixed or floating rate basis or on a non interest-bearing basis, the provisions in these Terms and Conditions relating to Fixed Rate Notes, Floating Rate Notes and Zero Coupon Notes respectively shall, where the context so admits, apply to such Dual Currency Notes, Partly Paid Notes or Indexed Notes. Any reference in these Terms and Conditions to Coupon(s) or Couponholder(s) shall be deemed to include a reference to Talon(s) or Talonholder(s).

6. If Notes are specified as Registered Notes in the Pricing Supplement, such Registered Notes will bear the name of the Noteholder (or the name of a nominee who holds such Note on behalf of the Noteholder) and will be registered under the name of the Noteholder with Dresdner Bank Aktiengesellschaft ("German Registrar") or with Citibank N.A. ("London Registrar") (each a "Registrar").
7. Each Global Note, Definitive Note, Receipt and Coupon, if any, bears the signatures of two persons authorised by the Issuer for that purpose (which signatures may be facsimile signatures pursuant to Section 793 paragraph 2 BGB (German Civil Code)) and each Global Note, and Definitive Note, if any, bears the manual signature of an authentication officer. Each Definitive Note and each Receipt and each Coupon attached, if any, shall bear the embossed seal of the Issuer or an embossed facsimile thereof.

(B) Title

1. The Holder of any Note, Coupon ("Couponholder"), Receipt ("Receiptholder") or Talon ("Talonholder") will (except as otherwise required by applicable laws or regulatory requirements) be treated as its absolute owner for all purposes (whether or not it is overdue and regardless of any notice of ownership, trust or any interest thereof or therein, any writing thereon, or any theft or loss thereof) and no person shall be liable for so treating such Holder.
2. The transfer of title to Bearer Notes, Receipts, Coupons or Talons is effected by agreement on the transfer among the relevant parties and by delivery or otherwise in accordance with any applicable laws and regulations including the rules of any relevant clearing system. References herein to the "Holders" or the "Noteholders" of Bearer Notes or Receipts or Coupons or Talons are to the bearers of such Bearer Notes or such Receipts, Coupons or Talons.

ger" von Inhaber-Teilschuldverschreibungen oder von Empfangsbescheinigungen oder Zinsscheinen oder Talons sind Bezugnahmen auf die Inhaber solcher Inhaber-Teilschuldverschreibungen oder Empfangsbescheinigungen, Zinsscheine oder Talons.

3. Die Übertragung des Eigentums an Namensschuldverschreibungen geschieht in Übereinstimmung mit den nachstehenden Bestimmungen durch Umschreibung und Eintragung in das Register, das auf Veranlassung der jeweiligen Anleihegeschuldnerin bei der jeweiligen Registerstelle zu führen ist. Bezugnahmen auf "Inhaber" oder "Anleihegläubiger" von Namensschuldverschreibungen sind Bezugnahmen auf Personen, auf deren Namen solche Schuldverschreibungen im Register eingetragen sind.
 - a) Eine Namensschuldverschreibung kann gemäß dem Agency Agreement ganz oder teilweise (sofern dieser Teil dem im Pricing Supplement bestimmten kleinsten Nennbetrag oder einem vielfachen Ganzen davon entspricht) gegen Einreichung dieser Namensschuldverschreibung und mit einem ordnungsgemäßen Übertragungsvermerk bei der benannten Geschäftsstelle der maßgeblichen Registerstelle übertragen werden. Dem Erwerber wird dann eine neue Namensschuldverschreibung ausgestellt und im Falle einer teilweisen Übertragung einer Namensschuldverschreibung wird dem Veräußerer zusätzlich in Höhe des nicht übertragenen Betrags eine neue Namensschuldverschreibung ausgestellt.
 - b) Auf Antrag eines Anleihegläubigers einer Inhaber-Teilschuldverschreibung wird die Registerstelle im Auftrag der Emittentin eine Umschreibung in eine Namensschuldverschreibung gemäß § 806 BGB bewirken. Namensschuldverschreibungen können jedoch, vorbehaltlich einer vorher erteilten Zustimmung der Emittentin, nicht in Inhaberschuldverschreibungen umgeschrieben werden. Um eine Inhaberschuldverschreibung in eine Namensschuldverschreibung umzuschreiben, ist die Inhaberschuldverschreibung zusammen mit einem schriftlichen Verlangen auf Umschreibung vom Anleihegläubiger bei der benannten Geschäftsstelle der Registerstelle einzureichen. Jeder so eingereichten Inhaberschuldverschreibung müssen alle zugehörigen noch nicht fälligen Empfangsbestätigungen, Zinsscheine und Talons beigelegt sein. Die Registerstelle kann die Umschreibung entweder durch Anbringen eines Umschreibungsvermerks auf der eingereichten Schuldverschreibung oder durch Ausgabe einer neuen Schuldverschreibung an den Anleihegläubiger bewirken.
 - c) Jede nach der Übertragung einer Namensschuldverschreibung oder der Umschreibung einer Inhaberschuldverschreibung in eine Namensschuldverschreibung neu ausgestellte Namensschuldverschreibung wird innerhalb von drei Geschäftstagen (wie in § 2 (F) definiert) nach dem Übertragungs — oder gegebenenfalls dem Umschreibungstag bei der hierfür benannten Geschäftsstelle der Registerstelle zur Auslieferung bereithalten oder, nach Wahl des die Umschreibung oder die Übertragung verlangenden Anleihegläubigers per Post (auf Gefahr des Anleihegläubigers), an die von diesem (oder diesen) Anleihegläubiger(n) angegebene(n) Adresse(n) versandt. Geht ein Übertragungs — oder Umschreibungsverlangen nach dem in § 8.7 bestimmten Tag betreffend die Fälligkeit einer Zahlung aus Namensschuldverschreibungen bei der Registerstelle ein, so gilt dieses als am Tag nach dem Fälligkeitstag einer solchen Zahlung wirksam zugegangen.
3. The transfer of title to the Registered Notes is effected in accordance with the following provisions by transcription (Umschreibung) and registration in the register which the Issuer shall procure to be kept by the Registrar. References herein to the "Holders" or the "Noteholders" of Registered Notes are to the persons in whose names such Registered Notes are so registered in the relevant register.
 - a) A Registered Note may, upon the terms and subject to the conditions set forth in the Agency Agreement be transferred in whole or in part only (provided that such part is, or is an integral multiple of, the minimum denomination specified in the Pricing Supplement) upon the surrender of the Registered Note to be transferred, together with the form of transfer endorsed on it duly completed and executed, at the specified office of the relevant Registrar. A new Registered Note will be issued to the transferee and, in the case of a transfer of part only of a Registered Note, a new Registered Note in respect of the balance not transferred will be issued to the transferor.
 - b) Upon request by the holder of a Bearer Note, the Registrar, acting on behalf of the Issuer, shall effect a transcription (Umschreibung) into a Registered Note in accordance with Section 806 of the German Civil Code. Except with the prior consent of the Issuer, Registered Notes will, however, not be transcribable into Bearer Notes. In order to transcribe a Bearer Note into a Registered Note, the Holder thereof shall surrender such Bearer Note at the specified office of the Registrar together with a written request for the transcription. Each Bearer Note so surrendered must be accompanied by all unmatured Receipts, Coupons and Talons appertaining thereto. The Registrar may effect such transcription by either placing a transcription legend (Umschreibungsvermerk) on the surrendered Note or by issuing a new Note to the Noteholder.
 - c) Each new Registered Note to be issued upon the transfer of a Registered Note or the transcription of a Bearer Note into a Registered Note will, within three Business Days (as defined in Condition 2 (F)) of the transfer date or, as the case may be, the transcription date be available for delivery at the specified office of the Registrar or, at the option of the Holder requesting such transcription or transfer, be mailed (at the risk of the Holder(s) entitled thereto) to such address(es) as may be specified by such Holder. For these purposes, a form of transfer or request for transcription received by the Registrar after the date specified in Condition 8.7, in respect of any payment due in respect of Registered Notes shall be deemed not to be effectively received by the Registrar until the day following the due date for such payment.

In diesen Absätzen (b) und (c) ist:

- (i) der "Umschreibungstag" der Geschäftstag, der dem Tag der Einreichung der entsprechenden Inhaberschuldverschreibung zur Umschreibung gemäß Absatz (b) folgt und
- (ii) der "Übertragungstag" der Geschäftstag der auf den Tag der Einreichung der entsprechenden Namensschuldverschreibung zur Übertragung gemäß Absatz (a) folgt.
- d) Die Ausstellung neuer Namensschuldverschreibungen nach einer Übertragung oder einer Umschreibung von Inhaberschuldverschreibungen in Namensschuldverschreibungen wird von der Anleihehenschuldnerin oder in deren Namen von der Registerstelle auf Kosten des Anleihegläubigers und nach Zahlung (oder nachdem der Anleihegläubiger eine Kostenfreistellung in dem von der Anleihehenschuldnerin oder dem Registratur diesbezüglich verlangten Umfang erklärt hat) der Steuern, Gebühren oder sonstiger staatlicher Abgaben durch den Anleihegläubiger, die im Zusammenhang mit dieser Ausstellung erhoben werden, vorgenommen.

(C) Folgeemissionen

Die Emittentin behält sich vor, ohne Zustimmung der Inhaber von Teilschuldverschreibungen weitere Teilschuldverschreibungen mit gleicher Ausstattung zu begeben in der Weise, daß sie mit den Teilschuldverschreibungen zusammengefaßt werden, eine einheitliche Emission mit ihnen bilden und ihren Gesamtnennbetrag erhöhen. Der Begriff "Teilschuldverschreibungen" umfaßt im Falle einer solchen Erhöhung auch solche zusätzlich begebenen Teilschuldverschreibungen.

§ 2 (Verzinsung, Verzugszinsen)

(A) Verzinsung von festverzinslichen Teilschuldverschreibungen

1. Jede festverzinsliche Teilschuldverschreibung ist auf der Grundlage ihres ausstehenden Nennbetrages (oder, wenn es sich um eine Teileingezahlte Teilschuldverschreibung handelt, auf der Grundlage des teileingezahlten Betrages) zu verzinsen, und zwar ab dem im Pricing Supplement genannten Datum des Beginns der Verzinsung (der "Beginn der Verzinsung") einschließlich (der dem Begebungstag entspricht, soweit nicht anderweitig im Pricing Supplement bestimmt) mit einer Jahresrate entsprechend dem Nominalzinssatz für eine Laufzeit bis zu, aber ausschließlich, dem Endfälligkeitstag, zahlbar nachträglich an den im Pricing Supplement genannten Zinsterminen für festverzinsliche Teilschuldverschreibungen eines jeden Jahres (die "Zinszahlungstage") und am Endfälligkeitstag der Teilschuldverschreibung, wenn dieser nicht auf einen Zinszahlungstag fällt.
2. Die erste Zinszahlung erfolgt an dem dem Beginn der Verzinsung folgenden nächsten Zinszahlungstag und, sofern der Zeitraum vom Beginn der Verzinsung bis zum ersten Zinszahlungstag von dem Zeitraum zwischen den nachfolgenden Zinszahlungstagen abweicht, in Höhe eines zeitanteiligen Bruchteils (wie im Pricing Supplement definiert) der folgenden Zinszahlungen. Wenn der Endfälligkeitstag nicht mit einem Zinszahlungstag zusammenfällt, erfolgt die letzte Zinszahlung am Endfälligkeitstag in Höhe eines zeitanteiligen Bruchteils (wie im Pricing Supplement definiert) für den Zeitraum vom letzten Zinszahlungstag (oder dem Beginn der Verzinsung) (einschließlich) bis zum Endfälligkeitstag (ausschließlich).

For the purposes of paragraph (b) and (c):

- (i) "transcription date" shall be the Business Day following the day on which the relevant Bearer Note shall have been surrendered for transcription in accordance with paragraph (b); and
- (ii) "transfer date" shall be the Business Day following the day on which the relevant Registered Note shall have been surrendered for transfer in accordance with paragraph (a).
- d) The issue of new Registered Notes on transfer or on the transcription of Bearer Notes into Registered Notes will be effected by or on behalf of the Issuer or the Registrar, at the expense of the Noteholder and upon payment by the Noteholder of (or the giving by the Noteholder of such indemnity as the Issuer or the Registrar may require in respect of) any tax, duty or other governmental charges which may be imposed in relation thereto.

(C) Further Issues

The Issuer reserves the right from time to time without the consent of the Noteholders to issue additional notes with identical terms, so that the same shall be consolidated, form a single Tranche of Notes with and increase the aggregate principal amount of the Notes. The term "Notes" shall, in the event of such increase, also comprise such additionally issued notes.

Condition 2 (Interest, Overdue Interest)

(A) Interest on Fixed Rate Notes

1. Each Fixed Rate Note bears interest on its outstanding nominal amount (or, if it is a Partly Paid Note, the amount paid up) from and including the Interest Commencement Date as set out in the Pricing Supplement (the "Interest Commencement Date") (which will be the Issue Date, unless otherwise specified in the Pricing Supplement) at the rate(s) per annum equal to the Fixed Rate(s) of Interest to, but excluding, the Maturity Date, payable in arrear on the interest date(s) for Fixed Rate Notes set out in the Pricing Supplement ("Interest Payment Date(s)") in each year and on the Maturity Date if that does not fall on an Interest Payment Date.
2. The first payment of Interest will be made on the Interest Payment Date next following the Interest Commencement Date and, if the period from the Interest Commencement Date to the first Interest Payment Date differs from the period between subsequent Interest Payment Dates, will amount to the Initial Broken Amount (as defined in the Pricing Supplement). If the Maturity Date is not a Interest Payment Date, interest from and including the preceding Interest Payment Date (or the Interest Commencement Date) to but excluding the Maturity Date will amount to the Final Broken Amount (as defined in the Pricing Supplement). Interest will be paid subject to and in accordance with the provisions of Condition 8.

Zinszahlungen erfolgen ausschließlich gemäß den Bestimmungen in § 8.

3. Die Verzinsung jeder Festzins-Teilschuldverschreibung endet mit Ablauf des Tages, der dem Fälligkeitstag (oder — im Fall einer nur teilweise zurückgezahlten Teilschuldverschreibung — für diesen Teil dieser Teilschuldverschreibung dem Rückzahlungstag) vorausgeht, es sei denn, daß die Rückzahlung der Teilschuldverschreibung vertragswidrig aufgeschoben oder verweigert worden ist. Letzterenfalls verlängert sich der Zinstlauf (sowohl bis zu als auch nach einem Gerichtsurteil) bis zu dem früheren der beiden folgenden Termine:
 - a) dem Tag, an dem alle bis zu diesem Tag ausstehenden Beträge im Zusammenhang mit der Teilschuldverschreibung dem Inhaber der Teilschuldverschreibung zugeflossen sind; oder
 - b) dem Tag, an dem die jeweilige Zahlstelle den Inhaber der Teilschuldverschreibung darüber unterrichtet hat (entsprechend § 19 oder individuell), daß alle bis zu diesem Tag fälligen Beträge bei ihr eingegangen sind.
4. Wenn Zinsen für einen Zeitraum von weniger als einem vollen Kalenderjahr zu berechnen sind, dann erfolgt die Berechnung:
 - a) wenn in der betreffenden Konditionenbeschreibung die "Actual/Actual (ISMA)" Methode bestimmt ist, auf der Basis der tatsächlichen Anzahl von Tagen in der betreffenden Zinsperiode von (einschließlich) dem letzten vorangegangenen Zinszahlungstag (oder gegebenenfalls vom Beginn der Verzinsung) bis zu (ausschließlich) dem Tag, an dem Zinsen fällig werden, geteilt durch das Produkt aus der tatsächlichen Anzahl von Tagen in dem Zeitraum von (einschließlich) dem letzten vorangegangenen Zinszahlungstag (oder gegebenenfalls dem Beginn der Verzinsung) bis zu (ausschließlich) dem nächsten vorgesehenen Zinszahlungstag und der Anzahl von Zinszahlungstagen, die innerhalb eines Jahres liegen, wenn Zinsen für das ganze Jahr zahlbar wären; oder
 - b) wenn in der betreffenden Konditionenbeschreibung die "30/360" Methode bestimmt ist, auf der Basis der Anzahl von Tagen in dem Zeitraum von (einschließlich) dem letzten vorangegangenen Zinszahlungstag (oder gegebenenfalls vom Beginn der Verzinsung) bis zu (ausschließlich) dem Tag, an dem Zinsen fällig werden (wobei diese Anzahl der Tage auf der Basis von 12 Monaten zu je 30 Tagen bestimmt wird), geteilt durch 360; oder
 - c) auf einer anderen im betreffenden Konditionenblatt bestimmten Basis.

(B) Verzinsung von variabel verzinslichen Teilschuldverschreibungen

1. Jede variabel verzinsliche Teilschuldverschreibung ist auf der Grundlage ihres ausstehenden Nennbetrages (oder, wenn es sich um eine Teileingezahlte Teilschuldverschreibung handelt, auf der Grundlage des teileingezahlten Betrages) ab dem Datum des Beginns der Verzinsung einschließlich zu verzinsen. Die Zinsen sind nachträglich an jedem Zinstermin (jeder ein "Zinszahlungstag") zahlbar, der (soweit in diesen Bedingungen oder im jeweiligen Pricing Supplement nichts anderes bestimmt ist) nach einer Anzahl von Monaten (oder solche(r) Periode(n)), die als Zinsperiode(n) im Pricing Supplement festgelegt wurde(n) (die "Monatslaufzeit") dem vorhergehenden Zinstermin oder, im Falle des ersten Zinstermins, dem Beginn der

3. Interest will cease to accrue on each Fixed Rate Note (or, in the case of the redemption of part only of a Note, that part only of such Note), as from the due date for redemption thereof unless, upon due presentation thereof, payment of principal is improperly withheld or refused, in which event interest will continue to accrue (before as well as after any judgment) until whichever is the earlier of:

- a) the day on which all sums due in respect of such Note up to that day are received by the holder of such Note; and
 - b) the day on which the relevant Paying Agent has notified the holder thereof (either in accordance with Condition 19 or individually) of receipt of all sums due in respect thereof up to that date.
4. If interest is to be calculated for a period of less than one year, it shall be calculated:
 - a) if "Actual/Actual (ISMA)" is specified in the applicable Pricing Supplement on the basis of the actual number of days in the relevant period from and including the most recent Interest Payment Date (or, if none, the Interest Commencement Date) to but excluding the relevant payment date divided by the product of the actual number of days in the period from and including the most recent Interest Payment Date (or, if none, the Interest Commencement Date) to but excluding the next scheduled Interest Payment Date and the number of Interest Payment Dates that would occur in one year assuming interest was to be payable in respect of the whole of that year;
 - b) if "30/360" is specified in the applicable Pricing Supplement on the basis of the number of days in the period from and including the most recent Interest Payment Date (or, if none, the Interest Commencement Date) to but excluding the relevant payment date (such number of days being calculated on the basis of 12 30-day months) divided by 360; or
 - c) on such other basis as may be provided in the applicable Pricing Supplement.

(B) Interest on Floating Rate Notes

1. Each Floating Rate Note bears interest on its outstanding nominal amount (or, if it is a Partly Paid Note, the amount paid up) from and including the Interest Commencement Date and such interest will be payable in arrear on each interest payment date (each an "Interest Payment Date") which (save as otherwise mentioned in these Terms and Conditions or in the applicable Pricing Supplement) falls the number of months (or such other period(s)) specified as the Interest Period(s) in the Pricing Supplement (the "Specified Number of Months") after the preceding Interest Payment Date or, in the case of the first Interest Payment Date, after the Interest Commencement Date. The interest calculation for each Interest Period ceases one day prior to

Verzinsung, folgt. Die Verzinsung für die jeweilige Zinsperiode endet jeweils einen Tag vor dem jeweiligen Zinszahltag.

2. Wenn irgendein Zinszahlungstag, für den eine Anpassung in Übereinstimmung mit einer Geschäftstageregelung vorgenommen ist, auf einen Tag fällt, der kein Geschäftstag (wie in § 2(F) definiert) ist, dann gilt je nach Art der betreffenden Geschäftstageregelung folgendes: (A) im Fall der "Floating Rate Business Day Convention" erfolgt die Zahlung am nächstfolgenden Geschäftstag, sofern dieser Tag nicht in den nächsten Monat fällt; in diesem Fall wird (x) der Zahltag auf den unmittelbar vorhergehenden Geschäftstag vorverlegt und (y) für jeden darauffolgenden Zinszahlungstag der letzte Geschäftstag desjenigen Monats bestimmt, in den der Zinszahlungstag gefallen wäre, wenn er nicht angepaßt worden wäre, (B) im Fall der "Following Business Day Convention" erfolgt die Zinszahlung am nächstfolgenden Geschäftstag, sofern dieser Tag nicht in den nächsten Monat fällt; in diesem Fall wird der Zahltag auf den unmittelbar vorhergehenden Geschäftstag vorverlegt, oder (D) im Fall der "Preceding Business Day Convention" wird der Zahltag auf den unmittelbar vorhergehenden Geschäftstag vorverlegt.
 3. Zinszahlungen erfolgen gemäß den Bestimmungen in § 8. Die Verzinsung jeder variabel verzinslichen Teilschuldverschreibung (oder — im Fall einer nur teilweise zurückgezahlten Teilschuldverschreibung — für diesen Teil dieser Teilschuldverschreibung) endet mit Ablauf des Tages, der dem Fälligkeitstag unmittelbar vorausgeht, es sei denn, daß die Rückzahlung der Teilschuldverschreibung vertragswidrig aufgeschoben oder verweigert worden ist. Letzterenfalls verlängert sich die Zinslaufzeit (sowohl bis zu als auch bis nach einem Gerichtsurteil) bis zu dem früheren der beiden folgenden Termine:
 - a) dem Tag, an dem alle bis zu diesem Tag ausstehenden Beträge im Zusammenhang mit der Teilschuldverschreibung dem Inhaber der Teilschuldverschreibung zugeflossen sind; oder
 - b) dem Tag, an dem die jeweilige Zahlstelle den Inhaber der Teilschuldverschreibung darüber unterrichtet hat (entsprechend § 19 oder individuell), daß alle bis zu diesem Tag fälligen Beträge bei ihr eingegangen sind.
 4. Der Zinssatz ("Zinssatz"), der für die Teilschuldverschreibung regelmäßig auszuzahlen ist, wird, wenn es sich dabei um eine variabel verzinsliche Teilschuldverschreibung handelt, nach der im Pricing Supplement festgelegten Weise bestimmt.
 5. Wenn als die Art und Weise der Zinsbestimmung im Pricing Supplement das gemäß der International Swaps and Derivatives Association, Inc. ("ISDA") gültige Verfahren (1991 ISDA Definitions, ergänzt durch Zusatz von 1998 und die ISDA Euro Definitions von 1998) bestimmt ist, handelt es sich bei dem Zinssatz für jede Zinsperiode um den jeweiligen ISDA-Satz plus oder minus (wie in dem Pricing Supplement angegeben) der Marge (soweit eine solche vorgesehen ist). Im Sinne von diesem Absatz 5 entspricht der "ISDA-Satz" für eine Zinsperiode dem variablen Zinssatz, der von der Zahlstelle oder einer anderen in dem Pricing Supplement angegebenen Stelle festgesetzt wird, wenn die Zahlstelle bzw. die jeweilige andere Stelle als Berechnungsstelle für einen Zins-Swap auf Grundlage eines Vertrages unter Einbeziehung der ISDA-Definitionen (wie nachstehend definiert) fungieren würde und nach dem:
- each Interest Payment Date.
2. If any Interest Payment Date that is specified to be subject to adjustment in accordance with a Business Day Convention would otherwise fall on a day that is not a Business Day, then, if the Business Day Convention specified is (A) the Floating Rate Business Day Convention, such date shall be postponed to the next day that is a Business Day unless it would thereby fall into the next calendar month, in which event (x) such date shall be brought forward to the immediately preceding Business Day and (y) each subsequent such date shall be the last Business Day of the month in which such date would have fallen had it not been subject to adjustment; (B) the Following Business Day Convention, such date shall be postponed to the next day that is a Business Day; (C) the Modified Following Business Day Convention, such date shall be postponed to the next day that is a Business Day unless it would thereby fall into the next calendar month, in which event such date shall be brought forward to the immediately preceding Business Day or (D) the Preceding Business Day Convention, such date shall be brought forward to the immediately preceding Business Day.
 3. Interest will be paid subject to and in accordance with the provisions of Condition 8. Interest will cease to accrue on each Floating Rate Note (or, in the case of the redemption of part of a Note, that part only of such Note) as from the due date for redemption thereof unless, upon due presentation thereof, payment of principal is improperly withheld or refused in which event interest will continue to accrue (before as well as after any judgment) until whichever is the earlier of:
 - a) the day on which all sums due in respect of such Note up to that day are received by the holder of such Note; and
 - b) the day on which the relevant Paying Agent has notified the holder thereof (either in accordance with Condition 19 or individually) of receipt of all sums due in respect thereof up to that date.
 4. The rate of interest (the "Rate of Interest") payable from time to time in respect of this Note if it is a Floating Rate Note will be determined in the manner specified in the Pricing Supplement.
 5. Where the manner in which the Rate of Interest is to be determined is specified in the applicable Pricing Supplement as being according to the International Swaps and Derivatives Association, Inc. ("ISDA") determination (1991 ISDA Definitions, as supplemented by the 1998 Supplement and the 1998 ISDA Euro Definitions), the Rate of Interest for each Interest Period will be the relevant ISDA Rate plus or minus (as indicated in the applicable Pricing Supplement) the Margin (if any). For the purposes of this paragraph 5, "ISDA Rate" for an Interest Period means a rate equal to the Floating Rate that would be determined by the Agent or other person specified in the applicable Pricing Supplement under an interest rate swap transaction if the Agent or that other person were acting as Calculation Agent for that swap transaction under the terms of an agreement incorporating the ISDA Definitions (as defined below) and under which:

- a) die Floating Rate Option den Angaben in dem Pricing Supplement entspricht;
- b) es sich bei der vorgesehenen Fälligkeit (Designated Maturity) um eine Frist handelt, die der Zinsperiode entspricht; und
- c) es sich bei dem betreffenden Neufestsetzungstermin (Reset Date) (i) entweder um den ersten Tag der jeweiligen Zinsperiode, wenn die betreffende Floating Rate Option auf dem Londoner Interbanken-Angebotssatz (LIBOR) für eine Währung oder dem Interbanken-Angebotssatz der Euro-Zone für EUR (EURIBOR) basiert, oder (ii) in allen anderen Fällen um den in dem maßgeblichen Pricing Supplement angegebenen Termin handelt.

Im Sinne von § 2 (B) Absatz 5 haben die Begriffe "variabler Zinssatz" (Floating Rate), "Berechnungsstelle" (Calculation Agent), "Floating Rate Option", "vorgesehene Fälligkeit" (Designated Maturity) und "Neufestsetzungstermin" (Reset Date) die in den ISDA-Definitionen (in der jeweils gültigen Fassung) angegebenen Bedeutungen.

Wenn § 2 (B) Absatz 5 Anwendung findet, gilt in Bezug auf jede Zinsperiode folgendes:

- a) es handelt sich bei dem Zinssatz für die betreffende Zinsperiode um den von der Berechnungsstelle gemäß § 2 (B) Absatz 5 festgesetzten variablen Zinssatz; und
- b) die Berechnungsstelle gilt hinsichtlich der betreffenden Zinsperiode als von ihren Verpflichtungen zur Festsetzung des Zinssatzes gemäß den ersten beiden Sätzen in § 2 (B) Absatz 7 entbunden, wenn sie den Zinssatz für die betreffende Zinsperiode in der in § 2 (B) Absatz 5 dargelegten Form festgesetzt hat.

6. Wenn die Festsetzung des Zinssatzes nach dem Pricing Supplement auf der Basis einer Bildschirm-Notierung erfolgt, bestimmt es weiterhin, auf welche Bildschirmseite ("Maßgebliche Bildschirmseite", wobei dieser Begriff auch jede Ersatzseite umfaßt) von Reuters-Monitor oder Bridge Telerate oder einem anderen Informationsanbieter Bezug genommen wird. Hierbei steht "Reuters-Monitor" für Reuter Money Market Rates Services, und "Bridge Telerate" für die Telerate Services der Bridge Information Services (oder jeder andere Informationsanbieter, der zur Veröffentlichung vergleichbarer Sätze von der betreffenden Emittentin als Nachfolger gewählt wird). Bei dem Zinssatz handelt es sich für jede Zinsperiode, vorbehaltlich der nachstehend genannten Bestimmungen, entweder um:

- a) den Angebotssatz (wenn nur ein Angebotssatz angezeigt ist); oder
- b) das arithmetische Mittel (falls erforderlich, auf — oder abgerundet (i) im Fall von LIBOR auf die fünfte Dezimalstelle, wobei 0,000005 aufgerundet wird oder (ii) im Fall von EURIBOR auf die dritte Dezimalstelle, wobei 0,0005 aufgerundet wird) der Angebotssätze,

(ausgedrückt in Prozent per annum) für den Referenzzinssatz (wie im Pricing Supplement bestimmt), der bzw. die auf der betreffenden Bildschirmseite (wie im Pricing Supplement bestimmt) um 11.00 Uhr (LIBOR: Londoner Zeit/EURIBOR: Brüsseler Zeit) an dem fraglichen Zinsfestsetzungstag (wie im Pricing Supplement bestimmt), angezeigt wird bzw. werden, plus oder minus (wie im Pricing Supplement angegeben) der Marge (falls eine solche vorgesehen ist), wobei sämtliche Sätze von der Berechnungsstelle festgesetzt werden. Wenn auf der betreffenden Bildschirmseite fünf oder mehr Angebotssätze ange-

- a) the Floating Rate Option is as specified in the applicable Pricing Supplement;
- b) the Designated Maturity is a period equal to that Interest Period; and
- c) the relevant Reset Date is either (i) if the applicable Floating Rate Option is based on the London inter-bank offered rate (LIBOR) for a currency, or the Euro-zone interbank offered rate for EUR (EURIBOR), the first day of that Interest Period or (ii) in any other case, as specified in the applicable Pricing Supplement.

For the purposes of this paragraph 5, "Floating Rate", "Calculation Agent", "Floating Rate Option", "Designated Maturity" and "Reset Date" have the meanings given to those terms in the ISDA Definitions (as amended from time to time).

When this paragraph 5 applies, in respect of each relevant Interest Period:

- a) the Rate of Interest for such Interest Period will be the Floating Rate determined by the Agent in accordance with this paragraph 5; and
 - b) the Calculation Agent will be deemed to have discharged its obligations under the first two sentences of Condition 2 (B) paragraph 7 in respect of the determination of the Rate of Interest if it has determined the Rate of Interest in respect of such Interest Period in the manner provided in this paragraph 5.
6. Where Screen Rate Determination is specified in the applicable Pricing Supplement as the manner in which the Rate of Interest is to be determined, the Pricing Supplement shall specify which page (the "Relevant Screen Page", which expression shall include any replacement page), on the Reuters Screen or Bridge Telerate or any other information vending service, shall be applicable. For these purposes, "Reuters Screen" means the Reuter Money Market Rates Services and "Bridge Telerate" means the Telerate Services of Bridge Information Services (or such other service as may be selected by the relevant issuer as the information vendor for the purposes of displaying comparable rates in succession thereto). The Rate of Interest for each Interest Period will, subject as provided below, be either:
- a) the offered quotation (if there is only one offered quotation indicated); or
 - b) the arithmetic mean (rounded if necessary (i) in case of LIBOR to the fifth decimal place, with 0.000005 being rounded upwards or (ii) in case of EURIBOR to the third decimal place, with 0.0005 being rounded upwards) of the offered quotations,

(expressed as a percentage rate per annum) for the Reference Rate (as specified in the Pricing Supplement) which appears or appear, as the case may be, on the Relevant Screen Page (as specified in the Pricing Supplement) as at 11.00 a.m. (LIBOR: London time/EURIBOR: Brussels time) on the Interest Determination Date (as specified in the Pricing Supplement) in question plus or minus (as indicated in the applicable Pricing Supplement) the Margin (if any), all as determined by the Calculation Agent. If five or more such offered quotations are available on the Relevant Screen

zeigt werden, ist der höchste (oder, wenn mehr als ein Höchstsatz erscheint, einer dieser Sätze) und der niedrigste Satz (oder, wenn mehr als ein niedrigster Satz erscheint, einer dieser Sätze) von der Berechnungsstelle bei der Bestimmung des arithmetischen Mittels (auf — oder abgerundet, wie weiter oben angegeben) dieser Angebotssätze außer acht zu lassen.

Für den Fall, daß jeweils zu dem im vorstehenden Absatz genannten Zeitpunkt die betreffende Bildschirmseite nicht verfügbar ist, oder wenn, wie in Fall a) oben, kein Satz angezeigt wird, oder wenn, wie in Fall b) oben, weniger als drei Angebotssätze angezeigt werden, wird die Berechnungsstelle (a) im Fall von LIBOR jeweils von der Hauptgeschäftsstelle von vier führenden Banken im Londoner Interbankenmarkt, oder (b) im Fall von EURIBOR jeweils von der betreffenden Hauptgeschäftsstelle von vier führenden Banken im Bereich des Eurogebiet-Interbankenmarktes, wobei die Auswahl der Banken jeweils durch die Berechnungsstelle erfolgt oder im Pricing Supplement bestimmt ist ("Referenzbanken"), Nennungen von Angebotssätzen (ausgedrückt als Prozentsatz per annum) einholen, die am Zinsfeststellungstag gegen 11:00 Uhr (im Fall von LIBOR: Londoner Zeit / im Fall von EURIBOR: Brüsseler Zeit) gelten. Wenn zwei oder mehr Referenzbanken gegenüber der Berechnungsstelle solche Sätze nennen, ist der Zinssatz für die betreffende Zinsperiode das von der Berechnungsstelle zu bestimmende arithmetische Mittel dieser Sätze (im Fall von LIBOR erfolgt die Berechnung auf die fünfte Nachkommastelle und 0,000005 wird aufgerundet; im Fall von EURIBOR erfolgt die Berechnung auf die dritte Nachkommastelle und 0,0005 wird aufgerundet) gegebenenfalls zuzüglich oder abzüglich einer Marge.

Wenn der jeweilige für die Floating Rate Notes geltende Referenzzinssatz in dem maßgeblichen Pricing Supplement als von LIBOR oder EURIBOR abweichend angegeben wird, erfolgt die Festsetzung des Zinssatzes für diese Teilschuldverschreibungen wie in dem maßgeblichen Pricing Supplement angegeben.

7. Die Berechnungsstelle wird an jedem Zinsfestsetzungstag baldmöglichst und in dem üblichen Zeitraum den Zinssatz bestimmen und den zahlbaren Zinsbetrag in bezug auf den Nennbetrag jeder Stückelung für die entsprechende Zinsperiode (der "Zinsbetrag") berechnen. Wenn der Zinssatz entsprechend § 2 (B) Absatz 5 festgelegt wird, ist der Zinsfestsetzungstag der Tag oder der Zeitpunkt, der in dem zugehörigen befristeten Kaufangebot mit variablem Zinssatz (die "Floating Rate Option") gemäß den ISDA-Definitionen (aufgrund derer es üblich ist, in Übereinstimmung mit den Bedingungen der zugehörigen Floating Rate Option den Zinssatz festzulegen) festgelegt ist. Wenn der Zinssatz in Übereinstimmung mit § 2 (B) Absatz 4 und entweder 5 oder 6 festgelegt wird, wird der Zinsfestsetzungstag im Pricing Supplement angegeben.

Der Zinsbetrag für jede Teilschuldverschreibung wird ermittelt durch Multiplikation des auf eine Zinsperiode anzuwendenden Zinssatzes mit dem jeweiligen Nennbetrag, wobei das Produkt mit einem Quotienten ("Zinstagequotient") multipliziert wird, der im maßgeblichen Konditionenblatt bestimmt ist. Der so errechnete Betrag wird auf die kleinste Einheit der Währung, auf die die Schuldverschreibungen lauten oder in der Zinsen zu zahlen sind, auf- oder abgerundet (wobei ab 0,5 aufzurunden ist).

Der "Zinstagequotient" besteht in bezug auf die Berechnung eines Zinsbetrages für eine Schuldverschreibung für jedweden Zeitraum (der eine Zinsperiode umfassen kann ("Zinsperiode", aber nicht muß) aus:

Page, the highest (or, if there is more than one such highest quotation, one only of such quotations) and the lowest (or, if there is more than one such lowest quotation, one only of such quotations) shall be disregarded by the Calculation Agent for the purpose of determining the arithmetic mean (rounded as provided above) of such offered quotations.

In the event that the Relevant Screen Page is not available or if, in the case of a) above, no such quotation appears or, in the case of b) above, fewer than three such offered quotations appear, in each case as at the time specified in the preceding paragraph, the Calculation Agent shall request (i) in the case of the determination of LIBOR the principal London office of four major banks in the London inter-bank market, or (ii) in the case of the determination of EURIBOR the principal Euro-zone office of four major banks in the Euro-zone inter-bank market, in each case selected by the Calculation Agent or as specified in the applicable Pricing Supplement (the "Reference Banks") to provide the Calculation Agent with its offered quotation (expressed as a percentage rate per annum) at approximately 11:00 a.m. (LIBOR: London time / EURIBOR: Brussels time) on the relevant Interest Determination Date. If two or more of the Reference Banks provide the Calculation Agent with such offered quotations, the Rate of Interest for such Interest Period shall be the arithmetic mean (rounded, if necessary, in the case of LIBOR to the fifth decimal place with 0.000005 being rounded upwards or in the case of EURIBOR to the third decimal place with 0.0005 being rounded upwards) of such offered quotations plus or minus (as appropriate) the Margin (if any), all as determined by the Calculation Agent.

If the reference Rate from time to time in respect of Floating Rate Notes is specified in the applicable Pricing Supplement as being other than LIBOR or EURIBOR, the Rate of Interest in respect of such Notes will be determined as provided in the applicable Pricing Supplement.

7. The Calculation Agent will, as soon as practicable after the customary time on each Interest Determination Date, determine the Rate of Interest and calculate the amount of Interest payable in respect of each specified denomination (each, an "Interest Amount") for the relevant Interest period. The Interest Determination Date means, if the Rate of Interest is being determined in accordance with Condition 2 (B) paragraph 5, the day or date as set out in the appropriate floating rate option set out in the ISDA Definitions (upon which it is customary, in accordance with the terms of the appropriate floating rate option which is being used to determine the Rate of Interest), to determine the Rate of Interest. If the Rate of Interest is being determined in accordance with Condition 2 (B) paragraphs 4 and either 5 or 6, the Interest Determination Date shall be set out in the Pricing Supplement.

Each Interest Amount shall be calculated by applying the Rate of Interest for such Interest Period to such principal amount, multiplying the product by the Day Count Fraction specified in the relevant Pricing Supplement and rounding the resulting figure to the nearest sub-unit of the currency in which such Notes are denominated or, as the case may be, in which such interest is payable (with 0.5 being rounded upwards).

"Day Count Fraction" means, in respect of the calculation of an amount of interest on any Note for any period of time (whether or not constituting an Interest Period, the "Calculation Period"):

- a) wenn in der betreffenden Konditionenbeschreibung die "Actual/365" oder "Actual/Actual (ISDA)" Methode bestimmt ist, der tatsächlichen Anzahl von Tagen im Berechnungszeitraum, geteilt durch 365 (oder, falls ein Teil des Berechnungszeitraums in ein Schaltjahr fällt, geteilt durch die Summe (A) der tatsächlichen Anzahl von Tagen in dem Teil des Berechnungszeitraums, der in ein Schaltjahr fällt, geteilt durch 366, und (B) der tatsächlichen Anzahl von Tagen in dem Teil der Berechnungsperiode, die nicht in ein Schaltjahr fällt, geteilt durch 365);
- b) wenn in der betreffenden Konditionenbeschreibung die "Actual/365 (fixed)" Methode bestimmt ist, der tatsächlichen Anzahl von Tagen im Berechnungszeitraum, geteilt durch 365;
- c) wenn in der betreffenden Konditionenbeschreibung die "Actual/360" Methode bestimmt ist, der tatsächlichen Anzahl von Tagen im Berechnungszeitraum, geteilt durch 360;
- d) wenn in der betreffenden Konditionenbeschreibung die "30/360", "360/360" oder "Bond Basis" Methode bestimmt ist, der Anzahl von Tagen im Berechnungszeitraum, geteilt durch 360 (wobei diese Anzahl der Tage auf Basis eines Jahres mit 360 Tagen in 12 Monaten zu je 30 Tagen zu berechnen ist (für den Fall, daß (a) der letzte Tag des Berechnungszeitraums der 31. eines Monats ist, aber der erste Tag der Berechnungsperiode ein anderer als der 30. oder 31. Tag eines Monats ist, soll der Monat, in den dieser letzte Tag fällt, nicht auf einen Monat zu 30 Tagen verkürzt werden, oder (b) der letzte Tag der Berechnungsperiode der letzte Tag des Monats Februar ist, soll der Monat Februar nicht auf einen Monat zu 30 Tagen verlängert werden));
- e) wenn in der betreffenden Konditionenbeschreibung die "30E/360" oder "Eurobond Basis" Methode bestimmt ist, der Anzahl von Tagen im Berechnungszeitraum, geteilt durch 360 (wobei diese Anzahl der Tage auf Basis eines Jahres mit 360 Tagen in 12 Monaten zu je 30 Tagen zu berechnen ist, ohne Berücksichtigung des Datums, auf das der erste oder der letzte Tag des Berechnungszeitraums fällt; wenn allerdings der Berechnungszeitraum mit dem Fälligkeitstag endet und der Fälligkeitstag der letzte Tag des Monats Februar ist, soll der Monat Februar nicht auf einen Monat zu 30 Tagen verlängert werden);

"Zinslaufzeitraum" für Zwecke der Berechnung des Zinstagequotienten ist die tatsächliche Anzahl von Tagen in der betreffenden Periode, von (einschließlich) dem Tag, an dem der Zinslauf für die betreffende Periode beginnt, bis zu (ausschließlich) dem Tag, an dem Zinsen für die betreffende Periode fällig werden.

"Tatsächlicher Berechnungszeitraum" für Zwecke der Berechnung des Zinstagequotienten ist die tatsächliche Anzahl von Tagen von (einschließlich) einem Zinszahltag bis zu (ausschließlich) dem nächsten Zinszahltag.

Der resultierende Betrag wird auf die nächstkleinste Einheit der Emissionswährung auf — oder abgerundet (wobei ab 0,5 aufzurunden ist). Die Bestimmung des Zinssatzes und die Berechnung jedes Zinsbetrages durch die Berechnungsstelle ist (von offensichtlichem Irrtum abgesehen) endgültig und für alle Vertragsparteien bindend.

8. Die Berechnungsstelle wird den für die jeweils folgende Zinsperiode festgelegten Zinssatz, den zahlbaren Zinsbetrag sowie den Zinstermin unverzüglich der Emittentin und (soweit die variabel verzinslichen Teilschuldverschreibungen an einer

- a) if "Actual/365" or "Actual/Actual — ISDA" is specified in the relevant Pricing Supplement, the actual number of days in the Calculation Period divided by 365 (or, if any portion of that Calculation Period falls in a leap year, the sum of (A) the actual number of days in that portion of the Calculation Period falling in a leap year divided by 366 and (B) the actual number of days in that portion of the Calculation Period falling in a non-leap year divided by 365);
- b) if "Actual/365 (Fixed)" is specified in the relevant Pricing Supplement, the actual number of days in the Calculation Period divided by 365;
- c) if "Actual/360" is specified in the relevant Pricing Supplement, the actual number of days in the Calculation Period divided by 360;
- d) if "30/360", "360/360" or "Bonds Basis" is specified in the relevant Pricing Supplement, the number of days in the Calculation Period divided by 360 (the number of days to be calculated on the basis of a year of 360 days with 12 30-day months (unless (a) the last day of the Calculation Period is the 31st of a month but the first day of the Calculation Period is a day other than the 30th or 31st day of a month, in which case the month that includes that last day shall not be considered to be shortened to a 30-day month, or (b) the last day of the Calculation Period is the last day of the month of February, in which case the month of February shall not be considered to be lengthened to a 30-day month));
- e) if "30E/360" or "Eurobond Basis" is specified in the relevant Pricing Supplement, the number of days in the Calculation Period divided by 360 (the number of days to be calculated on the basis of a year of 360 days with 12 30-day months, without regard to the date of the first day or last day of the Calculation Period unless, in the case of a Calculation Period ending on the Maturity Date, the Maturity Date is the last day of the month of February, in which case the month of February shall not be considered to be lengthened to a 30-day month); and

"Accrual Period" means, in relation to Day Count Fraction, the actual number of days in the relevant period from and including the date from which interest for the relevant period begins to accrue to but excluding the date on which interest for the relevant period falls due.

"Actual Calculation Period" means, in relation to Day Count Fraction, the actual number of days from and including one Interest Payment Date to but excluding the next Interest Payment Date.

The resultant figure will be rounded to the nearest unit of the Issue Currency, with 0.5 being rounded upwards. The determination of the Rate of Interest and calculation of each Interest Amount by the Calculation Agent shall (in the absence of manifest error) be final and binding upon all parties.

8. The Calculation Agent will cause the Rate of Interest and each Interest Amount for each Interest Period and the relevant Interest Payment Date to be notified to the Issuer and in the case of Floating Rate Notes which are listed on

Börse notiert werden) dieser Börse mitteilen und in Übereinstimmung mit § 19 baldmöglichst, aber keinesfalls später als vier Banktage (ein Banktag in diesem Zusammenhang ist ein Tag, an dem Geschäftsbanken und Devisenmärkte in der Stadt, in der die Berechnungsstelle ihren Sitz hat, Zahlungen abwickeln) nach der Festlegung, veröffentlichen. Im Fall einer Verlängerung oder Verkürzung der Zinsperiode werden von der Berechnungsstelle der bekanntgegebene Zinsbetrag und der Zinstermin ohne erneute Veröffentlichung nachträglich angepasst (oder im Wege der Anpassung geeignete andere Maßnahmen getroffen). Jede solche Anpassung wird umgehend allen Börsen mitgeteilt, an denen die Teilschuldverschreibungen zum Zeitpunkt der Anpassung notiert werden, wenn es sich dabei um variabel verzinsliche Teilschuldverschreibungen handelt.

9. Wenn das Pricing Supplement einen Mindestzinssatz bestimmt, darf der Zinssatz in keinem Fall weniger als dieses Minimum betragen, und wenn dort ein Höchstzinssatz aufgeführt ist, darf der Zinssatz in keinem Fall dieses Maximum überschreiten.

10. Ein Exemplar der ISDA-Definitionen in der jeweils gültigen Fassung und das Vertragsformular der ISDA-Vereinbarung sind am Sitz der jeweils ernannten Zahlstellen erhältlich.

(C) Verzinsung von Nullkupon-Teilschuldverschreibungen

Periodische Zinszahlungen werden auf Nullkupon-Teilschuldverschreibungen nicht geleistet. Wenn eine Nullkupon-Teilschuldverschreibung vor dem Endfälligkeitstag fällig und zahlbar wird und dann nicht zurückgezahlt wird, ist der fällige und zahlbare Betrag der abgezinste Nennbetrag der Teilschuldverschreibung gemäß § 7 (B) (2). Ab dem Endfälligkeitstag wird jeder in Verzug befindliche Rückzahlungsbetrag der Teilschuldverschreibung mit einem Jahreszinssatz verzinst, der ihrem vorherigen Satz der Abdiskontierung entspricht oder einem anderen Satz, der im Pricing Supplement festgelegt ist. Die Zinslaufzeit dauert in diesem Fall (sowohl bis zu als auch nach einem Gerichtsurteil) bis zu dem früheren der beiden folgenden Termine:

- a) dem Tag, an dem alle bis zu diesem Tag ausstehenden Beträge im Zusammenhang mit der Teilschuldverschreibung dem Inhaber der Teilschuldverschreibung zugeflossen sind; oder
- b) dem Tag, an dem die jeweilige Zahlstelle den Inhaber der Teilschuldverschreibung darüber unterrichtet hat (entsprechend § 19 oder individuell), daß alle bis zu diesem Tag fälligen Beträge bei ihr eingegangen sind.

Wenn Zinsen für einen Zeitraum von weniger als einem vollen Kalenderjahr zu berechnen sind, erfolgt die Berechnung (a) bei einer auf EUR oder auf die nationale Währung eines der an der dritten Stufe der Europäischen Wirtschafts- und Währungsunion teilnehmenden Länder oder auf GBP lautenden Teilschuldverschreibungen auf Basis der tatsächlich verstrichenen Tage, geteilt durch die Anzahl der Tage (365 oder 366) in dem jeweiligen Zinsjahr, und (b) bei auf andere Währungen lautenden Teilschuldverschreibungen auf der Basis eines Jahres mit 360 Tagen, eingeteilt in 12 Monate zu je 30 Tagen (oder gemäß einer anderen im Pricing Supplement festgelegten Regelung), und im Falle eines verkürzten Monats anhand der Anzahl der verstrichenen Tage.

(D) Verzinsung von Index-Teilschuldverschreibungen und Doppelwährungs-Teilschuldverschreibungen

Im Fall von Index-Teilschuldverschreibungen oder Doppelwährungs-Teilschuldverschreibungen, bei denen die Zinsen (zu einem Zinszahlungstermin, zu einem Festzinstermin, zur vorzeitigen Rückzahlung, zur Endfälligkeit oder zu jedem anderen

any stock exchange, such stock exchange, and to be published in accordance with the provisions of Condition 19 as soon as possible but in any event not later than the fourth banking day (being in this context a day on which commercial banks and foreign exchange markets settle payments in the city where the Calculation Agent is located) after their determination. Each Interest Amount and the Interest Payment Date so notified may subsequently be amended (or appropriate alternative arrangements made by way of adjustment) without publication as aforesaid in the event of an extension or shortening of the Interest Period. Any such amendment will be promptly notified to each stock exchange on which this Note, if it is a Floating Rate Note, is for the time being listed.

9. If the Pricing Supplement specifies a Minimum Interest Rate, then the Rate of Interest shall in no event be less than such minimum, and if there is so shown a Maximum Interest Rate then the Rate of Interest shall in no event exceed such maximum.

10. A copy of the ISDA Definitions as amended from time to time and the form of ISDA Agreement are available from the office of each of the Paying Agents appointed from time to time.

(C) Zero Coupon Notes

There will be no periodic payment of interest on Zero Coupon Notes. Where a Zero Coupon Note becomes due and payable prior to the Maturity Date and is not paid when due, the amount due and payable shall be the Amortised Face Amount of such Note as determined in accordance with Condition 7 (B) 2. As from the Maturity Date, any overdue principal of such Note shall bear interest at a rate per annum equal to the Amortisation Yield or such other rate as is specified in the Pricing Supplement. Such interest shall continue to accrue (as well after as before any judgment) until whichever is the earlier of:

- a) the day on which all sums due in respect of such Note up to that day are received by the holder of such Note; or
- b) the day on which the relevant Paying Agent has notified the holder thereof (either in accordance with Condition 19 or individually) of receipt of all sums due in respect thereof up to that date.

If interest is to be calculated for a period of less than one year, it shall be calculated (a) in case of Notes denominated in EUR or in the national currency of one of the Member States participating in stage three of European Economic and Monetary Union or in GBP on the basis of actual number of days elapsed, divided by the number of days (365 or 366) relating to the respective interest year and (b) in case of Notes denominated in any other currency on the basis of a 360 day year consisting of 12 months of 30 days each and in the case of an incomplete month the actual number of days elapsed (or in such other manner as specified in the Pricing Supplement).

(D) Interest on Indexed Notes and Dual Currency Notes

In the case of Indexed Notes or Dual Currency Notes where the rate or amount of interest (whether on any Interest Payment Date, Fixed Interest Date, early redemption, maturity or otherwise) is to be determined by reference to an Index and/or

Termin) in Bezug auf einen Index und/oder eine Formel oder gegebenenfalls in bezug auf einen Wechselkurs ermittelt werden, wird der zu zahlende Zinssatz oder Zinsbetrag gemäß dem im Pricing Supplement festgelegten Verfahren ermittelt.

(E) Zinsen auf Teileingezahlte Teilschuldverschreibungen

Im Fall von Teileingezahlten Teilschuldverschreibungen (außer solchen, die Nullkupon-Teilschuldverschreibungen darstellen) erfolgt die Verzinsung wie vorstehend auf den für diese Teilschuldverschreibungen gezahlten Betrag in Übereinstimmung mit § 2 (A) oder § 2 (B), oder im übrigen wie im Pricing Supplement festgelegt.

(F) Geschäftstag

In diesem § 2 bedeutet "Geschäftstag" in bezug auf Teilschuldverschreibungen, die auf eine andere Emissionswährung als EUR lauten, einen Tag, an dem Geschäftsbanken und Devisenmärkte Zahlungen in dem Hauptfinanzzentrum des Landes der Währung, auf die die Teilschuldverschreibungen laufen, abwickeln (im Falle, daß die Teilschuldverschreibungen auf Australische Dollar laufen, ist das Melbourne oder Sydney nach Maßgabe des Pricing Supplements), und in bezug auf Teilschuldverschreibungen, die auf EUR laufen, ein Tag, der ein "TARGET-Tag" ist und an dem Geschäftsbanken und Devisenmärkte in London oder Frankfurt Zahlungen abwickeln ("TARGET-Tag" bezeichnet einen Tag (außer einem Samstag oder Sonntag), an dem alle betroffenen Bereiche des Trans-European Automated Real-Time Gross Settlement Express Transfer Systems ("TARGET-System") betriebsbereit sind, um die betreffenden Zahlungen auszuführen).

§ 3

(B) Rückkauf

Der Emittentin, jeder ihrer Tochtergesellschaften und der Garantin ist es erlaubt, Teilschuldverschreibungen im Markt oder auf andere Weise zurückzukaufen. Zurückgekauft oder auf andere Weise von der Emittentin erworbene Teilschuldverschreibungen können gehalten, wieder verkauft oder nach Wahl der Emittentin der jeweiligen Zahlstelle zur Entwertung überlassen werden (im Falle von effektiven Teilschuldverschreibungen zusammen mit noch nicht fälligen beigefügten oder erworbenen Zinsscheinen oder Abschnitten).

§ 4

(Rückzahlung nach Wahl der Emittentin)

Wenn in dem Pricing Supplement festgelegt ist, daß die Rückzahlung nach Wahl der Emittentin erfolgt, kann diese:

- a) nach Erklärung einer Kündigung unter Einhaltung einer Frist von nicht weniger als 30 und nicht mehr als 60 Tagen (oder eine andere Kündigungsfrist wie im Pricing Supplement festgelegt) gegenüber den Inhabern der Teilschuldverschreibungen gemäß § 19; und

(E) Interest on Partly Paid Notes

(F) Business Day

In this Condition 2 "Business Day" means, in relation to Notes denominated in an Issue Currency other than EUR a day on which commercial banks and foreign exchange markets settle payments in the principal financial centre of the country of the relevant Issue Currency (which, if the Issue Currency of this Note is Australian dollars, shall be Melbourne or Sydney as specified in the Pricing Supplement) and in relation to Notes denominated in EUR, a day which is TARGET Day and a day on which banks and foreign exchange markets in London or Frankfurt settle payments ("TARGET Day" is a day (other than Saturday or Sunday) on which all relevant areas of the Trans-European Automated Real-Time Gross Settlement Express Transfer System ("TARGET System") are open to execute the relevant payments).

Condition 3

(Final Redemption and Purchase by the Issuer)

(A) Final Redemption

Unless previously redeemed or purchased and cancelled as provided below, each Note will be redeemed at its nominal amount (or such other amount as may be specified in the Pricing Supplement) in the Issue Currency on the Maturity Date (if this Note is not a Floating Rate Note) or on the Interest Payment Date falling in the Redemption Month (if this Note is a Floating Rate Note).

(B) Purchase

The Issuer, any of its subsidiaries and the Guarantor are entitled to purchase Notes in the market or otherwise. Notes purchased or otherwise acquired by the Issuer may be held or resold or, at the discretion of the Issuer, surrendered to the relevant Paying Agent for cancellation (in the case of Definitive Notes, together with any unmatured Coupons or Receipts attached thereto or purchased therewith).

Condition 4

(Redemption at Issuer's Option)

If the Issuer is specified in the applicable Pricing Supplement as having an option to redeem, the Issuer may, having given:

- a) not less than 30 and not more than 60 days' notice (or such other period of notice as specified in the Pricing Supplement) in accordance with Condition 19 to the Noteholders; and

- b) nach einer Ankündigung durch Erklärung gegenüber der Zahlstelle spätestens 15 Tage vor der in Punkt a) genannten Kündigung;

(wobei die Erklärung in beiden Fällen unwiderruflich ist) alle zu dem betreffenden Zeitpunkt nicht zurückgezahlten Teilschuldverschreibungen an dem/den vorgesehenen Rückzahlungstermin(en) und zu dem/den vorgesehenen Rückzahlungsbetrag bzw. -beträgen, der/die in dem Pricing Supplement angegeben ist/sind oder in der dort angegebenen Form festgesetzt wird/werden, falls erforderlich, zusammen mit den bis zu dem/den vorgesehenen Rückzahlungstermin(en) (jedoch ausschließlich dieses Terms bzw. dieser Termine) aufgelaufenen Zinsen zurückzahlen. Eine solche Rückzahlung muß in Höhe eines Nennbetrages erfolgen, der dem Mindestrückzahlungsbetrag oder einem höheren Rückzahlungsbetrag gemäß den Angaben in dem Pricing Supplement entspricht.

§ 5 (Rückzahlung aus Steuergründen oder Meldepflichten)

1. Falls (a) aufgrund der Einführung von Meldepflichten wie im Absatz 2 dieses § 5 beschrieben und definiert oder (b) aufgrund des Erlasses einer Rechtsvorschrift gleich welcher Art durch das oder in dem Land, in dem die Emittentin oder Garantin ihren Sitz hat, oder aufgrund einer Änderung der Anwendung oder Auslegung von Rechtsvorschriften in dem Land, in dem die Emittentin oder die Garantin ihren Sitz hat, die Emittentin oder die Garantin gemäß § 11 Absatz 1 zusätzliche Beträge zu zahlen oder im Abzugsweg einzuhalten hat oder hätte, ist die Emittentin berechtigt, (a) diejenigen Teilschuldverschreibungen wie in Absatz 2 beschrieben oder (b) sämtliche Teilschuldverschreibungen, und nicht nur einen Teil davon, mit einer Frist von wenigstens 30 Tagen zu dem bei vorzeitiger Rückzahlung vorgesehenen Preis oder zu dem im Pricing Supplement festgelegten Preis zu kündigen.

Die folgenden Absätze 2 bis 6 finden nur dann Verwendung, wenn die Emittentin die BMW US Capital Corp. (die "BMW US") ist.

2. Wenn die BMW US feststellt, daß bei außerhalb der USA durch sie selbst oder eine Zahlstelle erfolgenden Zahlungen von Kapital (wobei dieser Begriff ein eventuelles Aufgeld beinhaltet: "Kapital") oder Zinsen aufgrund von Teilschuldverschreibungen oder Zinsscheinen die Leistung des vollen Betrages zum nächsten anstehenden Zahlungstermin aufgrund gegenwärtiger oder künftiger Gesetze oder Verordnungen der USA die Erfüllung einer Bescheinigungs-, Informations- oder sonstigen Berichtspflicht ("Meldepflicht") voraussetzt und diese Meldepflicht dazu führt, daß der BMW US, einer Zahlstelle oder einer Behörde die Nationalität, der Wohnsitz oder die Identität eines wirtschaftlichen Eigentümers dieser Teilschuldverschreibungen oder Zinscheine, der US-Steuerausländer (wie nachstehend definiert) ist, offenzulegen ist, verpflichtet sich die BMW US, diejenigen Teilschuldverschreibungen vorzeitig zu tilgen, die von Personen gehalten werden, welche von der Meldepflicht betroffen sind, es sei denn, die BMW US wählt das Verfahren nach Absatz 5 dieses § 5. Als Meldepflicht in diesem Sinn gilt nicht ein Erfordernis, das (i) auf Zahlungen an einen Verwahrer, Treuhänder oder sonstigen Beauftragten ("Beauftragter") des wirtschaftlichen Eigentümers keine Anwendung findet oder das dadurch erfüllt werden kann, daß der Beauftragte bestätigt, daß der wirtschaftliche Eigentümer nicht seinerseits einer Nachweispflicht unterliegt, (ii) nur für Zahlungen eines Beauftragten des wirtschaftlichen Eigentümers an diesen letzteren gilt, (iii) bei Zahlungen durch eine andere Zahlstelle nicht Anwendung finden würde oder (iv) auf Zahlungen an einen Beauftragten des

(both of which notices shall be irrevocable), redeem all of the Notes then outstanding on the Optional Redemption Date(s) and at the Optional Redemption Amount(s) specified in, or determined in the manner specified in, the applicable Pricing Supplement together, if appropriate, with interest accrued to (but excluding) the Optional Redemption Date(s). Any such redemption must be of a nominal amount equal to the Minimum Redemption Amount or a Higher Redemption Amount, both as indicated in the applicable Pricing Supplement.

Condition 5 (Redemption for Taxation Reasons or Reporting Requirements)

1. If as a result of (a) the introduction of Reporting Requirements as defined and specified in paragraph 2 of this Condition 5, or (b) the enactment of any legal provision of whatsoever nature by or in the country of incorporation of the Issuer or the Guarantor or (c) a change of application or interpretation of legal provisions in the country of incorporation of the Issuer or the Guarantor, the Issuer or the Guarantor has been or will be required to pay additional amounts pursuant to Condition 11 paragraph 1, then the Issuer is entitled upon not less than 30 days' notice to redeem (a) those Notes as described in paragraph 2 or (b) all, but not part only, of the Notes at their Early Redemption Amount or at the price specified in the Pricing Supplement.

The following paragraphs 2 to 6 shall only apply if the Issuer is BMW US Capital Corp. ("BMW US").

2. If BMW US shall determine that any payment made outside the USA by BMW US or any of the Paying Agents of the full amount of the next scheduled payment of principal (which expression shall include agio, if any, "Principal") or interest in respect of any Note or Coupon would, under any present or future laws or regulations of the USA be subject to any certification, information or other reporting requirement of any kind ("Reporting Requirement"), the effect of which Reporting Requirement is the disclosure to BMW US, a Paying Agent or any governmental authority of the nationality, residence or identity of a beneficial owner of such Note or Coupon who is a US Alien (as defined below), BMW US shall be obliged to prematurely redeem only those Notes held by persons affected by the Reporting Requirements, unless the Issuer otherwise chooses to follow the procedure in paragraph 5 of this Condition 5. A Reporting Requirement within the meaning of these Terms and Conditions of the Issue is not such a requirement which (i) would not be applicable to a payment made to a custodian, nominee or other agent ("Agent") of the beneficial owner or which can be satisfied by such Agent certifying to the effect that such beneficial owner is a US Alien (provided, however, that in each case the payment by an Agent of the beneficial owner is not otherwise subject to a Reporting Requirement), (ii) is applicable only to a payment by an Agent of such beneficial owner to the beneficial owner, (iii) would not be applicable to a payment made by any other Paying Agent, or (iv) is applicable to a payment to an Agent of such

wirtschaftlichen Eigentümers deshalb Anwendung findet, weil der Beauftragte seinerseits US-Person ist oder sonstige Verbindungen zu den USA hat. Die Tilgung der Teilschuldverschreibungen muß innerhalb eines Jahres nach Mitteilung der Feststellung der BMW US gemäß Absatz 3 Satz 1 zum Nennbetrag zuzüglich aufgelaufener Zinsen erfolgen.

3. Wenn die BMW US eine schriftliche Mitteilung einer Zahlstelle oder irgendeiner anderen Stelle erhält, daß eine Meldepflicht besteht, hat die BMW US dies umgehend entsprechend § 19 bekanntzumachen, und zwar ohne eine selbständige Nachprüfung der Richtigkeit der Feststellung der Meldepflicht durch die Zahlstelle oder der anderen Stelle. Eine Tilgung gemäß Absatz 2 erfolgt nach Kündigung unter Einhaltung einer Frist von wenigstens 60 Tagen zum ersten Tag eines Kalendermonats. Die Kündigung erfolgt durch Bekanntmachung gemäß § 19. Sie muß den Tilgungsstermin angeben und ist, vorbehaltlich Absatz 4, unwiderruflich.
4. Falls die BMW US spätestens 30 Tage vor dem vorgesehnen Tilgungsstermin feststellt, daß für die in Absatz 2 genannten Zahlungen eine Meldepflicht nicht gilt und somit eine Kündigung mangels eines Kündigungsgrundes nicht wirksam erfolgen konnte, wird die BMW US eine solche Feststellung unverzüglich gemäß § 19 öffentlich mitteilen. In dieser Mitteilung ist seitens der BMW US auf das Fortbestehen der Rechte und Pflichten aus den Teilschuldverschreibungen hinzuweisen. Die zuvor erfolgte Kündigung gilt mit der Bekanntmachung dieser Feststellung als widerrufen und wirkungslos.
5. Soweit und solange einer Meldepflicht in vollem Umfang durch Zahlung einer Quellensteuer oder ähnlichen Abgabe, ohne Offenlegung von Staatsangehörigkeit, Wohnsitz oder Identität des wirtschaftlichen Eigentümers von Teilschuldverschreibungen oder Zinsscheinen, Genüge getan werden kann, ist die BMW US nach ihrer Wahl berechtigt, sofern die Mitteilung der Feststellung gemäß Absatz 3 Satz 1 noch nicht erfolgt ist, von einer vorzeitigen Tilgung der Teilschuldverschreibungen abzusehen und stattdessen, vorbehaltlich nachstehendem Satz 2 dieses Absatzes 5, die zusätzlichen Beträge zu zahlen, die dazu erforderlich sind, daß Zahlungen außerhalb der USA durch die BMW US oder eine Zahlstelle an die Inhaber von Teilschuldverschreibungen, die US-Steuerausländer sind, in der Höhe erfolgen, daß der nach Abzug einer solchen Quellensteuer oder ähnlichen Abgabe verbleibende Nettopfbetrag denjenigen Beträgen von Zinsen und Kapital, die auf den Zinsscheinen bzw. den Teilschuldverschreibungen angegeben sind, entspricht. In einem solchen Fall ist die BMW US nicht verpflichtet, Zahlungen auf oder wegen Quellensteuer oder ähnlicher Abgaben zu zahlen, die (i) analog der Regelung in Absatz 2 Satz 2 in einem der dort genannten Fälle nicht oder nur mit den dort bezeichneten Einschränkungen anfallen würden oder (ii) dann nicht angefallen wären, wenn der Inhaber von Teilschuldverschreibungen binnen 15 Tagen (a) nach Fälligkeit bzw., wenn dies später sein sollte, (b) nach dem Tag, an dem der Hauptzahlstelle alle dann fälligen Beträge zur Verfügung gestellt wurden und dies gemäß § 19 bekanntgemacht wurde, die Teilschuldverschreibungen bzw. Zinsscheine zur Zahlung vorgelegt hätte oder (iii) die nur deshalb anfallen, weil BMW US oder eine der Zahlstellen davon Kenntnis haben, daß der wirtschaftliche Eigentümer der Teilschuldverschreibung oder des Zinsscheins eine Person wie in § 11 Absatz 2 a) oder h) ist.

Falls die BMW US gemäß diesem Absatz 5 irgendwelche zusätzlichen Beträge aufgrund von Quellensteuer oder ähnlichen Abgaben bezahlt, kann sie die Teilschuldverschreibungen dennoch gemäß Absatz 3 Satz 2 und 3 kündigen, wenn aufgrund einer Änderung von Gesetzen oder Verordnungen

beneficial owner because such Agent is a US Person or otherwise related to the USA. The redemption of the Notes shall take place within one year after the publication of notice of the determination by BMW US pursuant to paragraph 3, sentence 1 at par plus accrued interest.

3. Upon receipt by the Issuer of an actual written notice from a Paying Agent or any other entity that a Reporting Requirement is applicable, then, and without any further verification of the correctness of the determination made by the Paying Agent or such entity, BMW US shall give prompt notice thereof in accordance with Condition 19. A redemption pursuant to paragraph 2, shall be effective on the first day of a calendar month upon at least 60 days' notice. The notice of redemption shall be given by publication in accordance with Condition 19. It shall specify the date fixed for redemption and shall, subject to paragraph 4, be irrevocable.
4. If BMW US shall not less than 30 days prior to the date fixed for redemption determine that no payment pursuant to paragraph 2 would be subject to a Reporting Requirement, and, therefore, a notice of redemption could not be validly given due to a lack of grounds, BMW US shall give prompt notice of such determination pursuant to Condition 19. In this notice BMW US shall state explicitly the continuation of all rights and obligations arising under the Notes. The notice of redemption given previously shall with the publication of such determination be revoked and of no further effect.
5. If and so long as a Reporting Requirement would be fully satisfied by payment of a withholding tax or similar charge, without disclosure of the nationality, residence or identity of any beneficial owner of Notes or Coupons, BMW US may elect, prior to publication of the notice of determination referred to in the first sentence of paragraph 3, not to redeem the Notes and, in lieu of such redemption of the Notes, to pay (subject to the provisions of the following sentence 2 of this paragraph 5) such additional amounts as may be necessary in order that payments outside the USA by BMW US or any Paying Agent to Noteholders who are US Aliens shall be in such amount that the net amounts after such deduction of a withholding tax or similar charge shall equal the respective amounts of interest and principal stated on the Coupons or Notes. In such event, BMW US shall not be obliged to effect any payment for or on account of any withholding tax or similar charge which (i) by analogous application of the provisions of the second sentence of paragraph 2 above and under circumstances referred to in such sentence, would not be applicable or only be applicable with the restrictions referred to in such sentence, or (ii) would not be applicable if the Noteholder had made presentation of the Notes or Coupons, as the case may be, for payment within 15 days after (a) the date on which payment became due or (b) the date on which the relevant Paying Agent has been provided with all monies due on such date and a notice to that effect has been published in accordance with Condition 19, whichever occurs later, or (iii) is applicable because of the fact that BMW US or any Paying Agent has actual knowledge that the beneficial owner of the Notes or Coupons is a person described in subparagraphs (a) or (h) of paragraph 2 of Condition 11.

If BMW US is paying any additional amounts because of withholding tax or a similar charge pursuant to this paragraph 5, it may nevertheless redeem the Notes in accordance with paragraph 3 sentences 2 and 3 if, following a change of laws or regulations of the USA, the amount of

Treuhänder von ausländischen Erbmassen oder Treuhandvermögen sind.

§ 6
**(Rückzahlung der Teilschuldverschreibungen
nach Wahl der Inhaber)**

Die Emittentin verpflichtet sich (sofern im Pricing Supplement vorgesehen), die Teilschuldverschreibungen ganz, aber nicht teilweise, jederzeit (wenn es sich nicht um eine variabel verzinsliche Teilschuldverschreibung handelt) oder zu jedem Zinszahltag (wenn es sich um eine variabel verzinsliche Teilschuldverschreibung handelt) an einem oder an mehreren (vor dem im Pricing Supplement festgelegten Endfälligkeitstag der Teilschuldverschreibung liegenden) Termin/Terminen (mit den vorstehenden Einschränkungen), und zu einem für vorzeitige Rückzahlung vorgesehenen Preis oder dem im Pricing Supplement festgelegten Preis zurückzuzahlen, und zwar durch Erklärung einer Kündigung (die unwiderruflich sein muß) des Inhabers der Teilschuldverschreibung gegenüber der Emittentin gemäß § 19 unter Einhaltung einer Frist von nicht weniger als 30 und nicht mehr als 60 Tagen oder jeder anderen Frist, die im Pricing Supplement festgelegt wurde, nach erfolgter Ankündigung. Um das Recht auf Rückzahlung von Teilschuldverschreibungen in effektiver Form auszuüben, muß der Inhaber von Teilschuldverschreibungen diese Teilschuldverschreibungen einschließlich aller noch nicht fälligen Zinsscheine und Abschnitte bei einer Zahlstelle einreichen, unter Beifügung einer rechtswirksam unterzeichneten und ausgefüllten Erklärung über die Ausübung des Rechts auf vorzeitige Rückzahlung ("Ausübungserklärung"), die in der jeweils gültigen Form bei jeder Zahlstelle erhältlich ist und in der der Inhaber ein Bankkonto (oder eine Adresse, falls Scheckzahlung gewünscht wird) nennen muß, auf das (bzw. an die) die Zahlung gemäß diesem § 6 geleistet werden soll. Die Einreichung muß jeweils an einem Geschäftstag am Ort der Einreichung innerhalb der vorstehenden Kündigungsfrist durchgeführt werden.

Condition 6
(Redemption at Noteholder's Option)

If specified in the Pricing Supplement, upon the Noteholder giving to the Issuer in accordance with Condition 19 not less than 30 and not more than 60 days' notice or such other period of notice as is specified in the Pricing Supplement (which notice shall be irrevocable), the Issuer will, upon the expiry of such notice, redeem in whole (but not in part) this Note at any time (if this Note is not a Floating Rate Note) or on any Interest Payment Date (if this Note is a Floating Rate Note) on a date or dates (subject as provided above) prior to the stated maturity of this Note as specified in the Pricing Supplement, and at the Early Redemption Amount or at the price specified in the Pricing Supplement. To exercise the right to require redemption of Notes in definitive form the Noteholder must deliver such Notes including all unmatured Coupons and Receipts to the office of any Paying Agent, accompanied by a duly signed and completed notice of exercise in the form (for the time being current) obtainable from the office of any Paying Agent (a "Put Notice") and in which the holder must specify a bank account (or, if payment is by cheque, an address) to which payment is to be made under this Condition 6. Delivery must in each case be effected on any business day in the place of delivery falling within the notice period.

§ 7
(Rückzahlungsbeträge bei vorzeitiger Rückzahlung)

(A) Rückzahlungsbeträge bei vorzeitiger Rückzahlung

Für Zwecke der §§ 4, 5, 6 und 15 bedeutet Rückzahlungspreis bei vorzeitiger Rückzahlung von Teilschuldverschreibungen:

1. im Fall von Teilschuldverschreibungen (außer Nullkupon-, Index-, Doppelwährungs- und Teileingezahlte Teilschuldverschreibungen und bei Rückzahlung in Raten) Rückzahlung zum Nennbetrag in der Emissionswährung einschließlich bis zum Zahltag aufgelaufener Zinsen; oder
2. im Fall von Nullkupon-Teilschuldverschreibungen Rückzahlung zum gemäß § 7 (B) abgezinste Nennbetrag dieser Teilschuldverschreibungen; oder
3. im Fall von Index- und Doppelwährungs-Teilschuldverschreibungen Rückzahlung zum gemäß § 7 (C) ermittelten Wert.

(B) Nullkupon-Teilschuldverschreibungen

1. Der Rückzahlungsbetrag für jede Nullkupon-Teilschuldverschreibung, die gemäß den §§ 4, 5 oder 6 fällig wird, oder gemäß § 15 fällig gestellt und zahlbar wird, ist der abgezinste Nennbetrag (errechnet wie im nachfolgenden Absatz 2) dieser Teilschuldverschreibung.
2. Unter Berücksichtigung der Regelungen im nachstehenden Absatz 3 setzt sich der abgezinste Nennbetrag jeder Nullkupon-Teilschuldverschreibung zusammen aus:
 - a) dem Referenzpreis; und
 - b) der Differenz zwischen dem Referenzpreis und dem Nennbetrag dieser Teilschuldverschreibung, die vom Begebungstag (einschließlich) bis zu dem Tag, an dem die Teilschuldverschreibung fällig und zahlbar gestellt wird (ausschließlich) mit einer Jahresrate (ausgedrückt in Prozent) entsprechend dem im Pricing Supplement festgelegten jährlichen Abzinsungssatz abgezinst wurde.

Wenn diese Berechnung für einen anderen Zeitraum als ein volles Kalenderjahr durchgeführt wird, geschieht dies (a) bei einer auf EUR oder auf die nationale Währung eines der an der dritten Stufe der Europäischen Wirtschafts- und Währungsunion teilnehmenden Länder oder auf GBP lautenden Teilschuldverschreibungen auf Basis der tatsächlich verstrichenen Tage, geteilt durch die Anzahl der Tage (365 oder 366) in dem jeweiligen Zinsjahr, und (b) bei auf andere Währungen lautenden Teilschuldverschreibungen auf der Grundlage eines Jahres mit 360 Tagen, eingeteilt in 12 Monate zu je 30 Tagen (oder gemäß einer anderen im Pricing Supplement festgelegten Regelung), und im Falle eines nicht vollständigen Monats anhand der Anzahl der verstrichenen Tage.

3. Wenn der zu zahlende Betrag für jede Nullkupon-Teilschuldverschreibung, der gemäß den §§ 4, 5 oder 6 fällig oder gemäß § 15 fällig gestellt und zahlbar wird, bei Fälligkeit nicht gezahlt wird, dann wird der Betrag für diese Teilschuldverschreibung fällig und zahlbar, der dem abgezinsten Nennbetrag dieser Teilschuldverschreibung, berechnet wie im vorstehenden Absatz 2, entspricht, außer daß dieser vorstehende Absatz so anzuwenden ist, als ob der darin enthaltene Bezug auf das Datum der Fälligkeit und Zahlbarkeit der Teilschuldverschreibung durch einen Bezug auf das Datum der Laufzeit (das "Referenzdatum") ersetzt wird, das das frühere der beiden folgenden Daten ist:
 - a) der Tag, an dem alle bis zu diesem Tag ausstehenden Beträge im Zusammenhang mit den Teilschuldver-

Condition 7
(Early Redemption Amount)

(A) Early Redemption Amount

For the purposes of Conditions 4, 5, 6 and 15, the Early Redemption Amount of Notes means:

1. in the case of Notes other than Zero Coupon Notes, Indexed Notes, Dual Currency Notes, Partly Paid Notes and Instalments, the nominal amount of such Notes in the Issue Currency together with interest accrued to the date of payment; or
2. in the case of Zero Coupon Notes, the Amortised Face Amount of such Notes determined in accordance with Condition 7 (B); or
3. in the case of Indexed Notes and Dual Currency Notes, the amounts determined in accordance with Condition 7 (C).

(B) Zero Coupon Notes

1. The amount payable in respect of any Zero Coupon Note, upon redemption of such Note pursuant to Condition 4, 5 or 6 or upon its becoming due and repayable as provided in Condition 15, shall be the Amortised Face Amount (calculated as provided in paragraph 2 below) of such Note.
2. Subject to the provisions of paragraph 3 below, the Amortised Face Amount of any Zero Coupon Note shall be the sum of:
 - a) the Reference Price; and
 - b) the aggregate amortisation of the difference between the Reference Price and the nominal amount of such Note from (and including) the Issue Date to (but excluding) the date on which such Note becomes due and repayable at a rate per annum (expressed as a percentage) equal to the Amortisation Yield compounded annually as shown in the relevant Pricing Supplement.

Where such calculation is to be made for a period other than a full year, it shall be made (a) in case of Notes denominated in EUR or in the national currency of one of the Member States participating in stage three of European Economic and Monetary Union or in GBP on the basis of actual number of days elapsed, divided by the number of days (365 or 366) relating to the respective interest year and (b) in case of Notes denominated in any other currency on the basis of a 360 day year consisting of 12 months of 30 days each (or in such other manner as specified in the Pricing Supplement) and, in the case of an incomplete month, the actual number of days elapsed.

3. If the amount payable in respect of any Zero Coupon Note upon redemption of such Note pursuant to Condition 4, 5 or 6 or upon its becoming due and repayable as provided in Condition 15 is not paid when due, the amount due and repayable in respect of such Note shall be the Amortised Face Amount of such Note calculated pursuant to paragraph 2 above, except that that paragraph shall have effect as though the reference therein to the date on which such Note becomes due and repayable were replaced by a reference to the date (the "Reference Date") which is the earlier of:
 - a) the date on which all sums due in respect of such Note up to that day are received by the holder thereof; and

schreibungen dem Inhaber der Teilschuldverschreibung zugeflossen sind; oder

- b) der Tag, an dem die jeweilige Zahlstelle den Inhaber der Teilschuldverschreibung darüber unterrichtet hat (entsprechend § 19 oder individuell), daß alle bis zu diesem Tag fälligen Beträge bei ihr eingegangen sind.

Die Berechnung des abgezinsten Nennbetrages in Übereinstimmung mit diesem Absatz erfolgt sowohl nach als auch vor einem Gerichtsurteil bis zum Referenzdatum, soweit nicht das Referenzdatum mit dem Endfälligkeitstag zusammenfällt oder später liegt. Letzterenfalls ist der fällige und zahlbare Betrag der Nennbetrag der Teilschuldverschreibung zusammen mit eventuellen Zinsbeträgen, die gemäß § 2 (C) auflaufen.

(C) Index- und Doppelwährungs-Teilschuldverschreibungen

Für eine Index-Teilschuldverschreibung, bei der der zu zahlende Betrag im Fall einer vorzeitigen Rückzahlung des Kapitalbetrags, des Kapitalbetrags plus Zinsen oder nur der Zinsen (der "vorzeitige Rückzahlungsbetrag") ganz oder teilweise gemäß dem/der Index/Formel ermittelt werden soll, enthält das Pricing Supplement Angaben für eine Berechnung des vorzeitigen Rückzahlungsbetrages. Doppelwährungs-Teilschuldverschreibungen, bei denen der Rückzahlungsbetrag unter Bezug auf den Devisenkurs ermittelt werden soll, werden mit dem Betrag zurückgezahlt, der unter Bezug auf diesen Devi- senkurs errechnet wurde, gegebenenfalls zusammen mit den bis zum Fälligkeitstermin aufgelaufenen Zinsen.

(D) Rückzahlung in Raten

Jede Teilschuldverschreibung, die in effektiven Stücken verbrieft und in Teilbeträgen zurückzuzahlen ist, wird mit den vorgesehenen Beträgen und zu den vorgesehenen Terminen, die im Pricing Supplement festgelegt sind, und jeweils (mit Ausnahme des letzten Teilzahlungsbetrags) gegen Einreichung der jeweiligen Abschnitte (die mit der zugehörigen Teilschuldverschreibung vorgelegt werden müssen) zurückgezahlt.

(E) Teileingezahlte Teilschuldverschreibungen

Teileingezahlte Teilschuldverschreibungen werden sowohl bei Endfälligkeit als auch bei vorzeitiger Rückzahlung oder Rückzahlung aus anderem Grund gemäß diesem § 7, mit ergänzenden oder verändernden Regelungen aus dem Pricing Supplement, zurückgezahlt.

§ 8 (Zahlungen)

1. Die Emittentin verpflichtet sich, Kapital und etwaige Zinsen sowie etwa gemäß § 11 Absatz 1 zu zahlende zusätzliche Beträge bei Fälligkeit in der Emissionswährung oder in einer anderen Währung, die im Pricing Supplement festgelegt ist (im Fall von Doppelwährungs-Teilschuldverschreibungen), zu zahlen. Die Kapitalbeträge und die etwaigen Zinsen werden dem Inhaber der Teilschuldverschreibungen, unter Beachtung etwaiger Steuer-, Devisen- und sonstiger Vorschriften des Landes der betreffenden Zahlstelle, gezahlt, ohne daß die Ausfertigung einer eidestattlichen Versicherung (Affidavit) oder die Erfüllung irgendeiner sonstigen Förmlichkeit verlangt werden darf, es sei denn, das Recht des Landes der betreffenden Zahlstelle schreibt dies zwangsläufig vor. Die Zahlungen erfolgen:

- b) the date on which the relevant Paying Agent has notified the holder thereof (either in accordance with Condition 19 or individually) of receipt of all sums due in respect thereof up to that date.

The calculation of the Amortised Face Amount in accordance with this paragraph will continue to be made, after as well as before judgment, until the Reference Date unless the Reference Date falls on or after the Maturity Date, in which case the amount due and repayable shall be the nominal amount of such Note together with any interest which may accrue in accordance with Condition 2 (C).

(C) Indexed Notes and Dual Currency Notes

In respect of an Indexed Note where the amount payable on an early redemption in respect of principal only, principal and interest or interest only (the "Early Redemption Amount") is to be determined in whole or in part by reference to the Index and/or Formula, the Pricing Supplement will specify details of the calculation of the Early Redemption Amount. Dual Currency Notes, where the amount payable upon redemption is to be determined by reference to the Rate of Exchange, will be redeemed at the amount calculated by reference to such Rate of Exchange, together (if appropriate) with interest accrued to the date fixed for redemption.

(D) Instalments

Each Note in definitive form which is redeemable in instalments will be redeemed in the Instalment Amounts and on the Instalment Dates as specified in the Pricing Supplement, and in the case of all instalments (other than the final instalment) by surrender of the relevant Receipt (which must be presented with the Note to which it appertains).

(E) Partly Paid Notes

Partly Paid Notes will be redeemed, whether at maturity, early redemption or otherwise in accordance with the provisions of this Condition 7 as amended or varied by the information specified in the Pricing Supplement.

Condition 8 (Payments)

1. The Issuer undertakes to pay, as and when due, principal, interest, if any, and additional amounts which may have to be paid according to Condition 11 paragraph 1 in the Issue Currency or in another currency as may be specified in the Pricing Supplement (in the case of Dual Currency Notes). The principal amount and interest, if any, shall be paid to the Noteholder subject to compliance with any applicable tax, foreign exchange or other laws and regulations of the country where the relevant paying agent is located, without the execution of an affidavit or compliance with any other formality whatsoever, unless such affidavit or formality is prescribed by the laws of the country in which the paying agent is located. Such payments shall be made:

sowie bei gegebenenfalls gemäß Absatz 2 zusätzlich ernannten Zahlstellen oder Registerstellen außerhalb der Vereinigten Staaten von Amerika ("USA") (jede eine "Zahlstelle" und zusammen die "Zahlstellen"). Zahlung von Kapital und Zinsen erfolgt durch Scheck oder Überweisung auf ein Konto in der entsprechenden Währung durch eine Bank mit Sitz in dem Land dieser Währung oder, im Falle von USD, durch einen auf eine US-amerikanische Bank gezogenen USD Scheck oder durch Gutschrift auf ein außerhalb der USA bestehendes USD Konto. Die Emittentin wird, wenn und solange die Teilschuldverschreibungen an der Frankfurter Wertpapierbörsen notiert werden, als Zahlstelle eine Bank mit einer deutschen Geschäftsstelle beauftragen, und sie wird als Zahlstelle eine Bank mit einer Geschäftsstelle außerhalb Deutschlands beauftragen, wobei diese Geschäftsstelle, wenn und solange die Teilschuldverschreibungen an der "official list" der "UK Listing Authority" notiert werden, in London geführt werden müssen. Die Emittentin wird, wenn und solange die Teilschuldverschreibungen an irgendeiner anderen Börse notiert werden, eine Zahlstelle mit Geschäftsstelle an dem Ort, der nach den Vorschriften und Anordnungen dieser Börse erforderlich ist, unterhalten.

2. Die Emittentin kann mit Zustimmung der Dresdner Bank Aktiengesellschaft ("Dresdner Bank"), die nicht unbillig verweigert werden darf, durch Veröffentlichung gemäß § 19 zusätzliche Zahlstellen bestellen oder eine der Zahlstellen zum Programm-Agenten bestellen oder die Bestellung von Zahlstellen widerrufen. Die Zahlstellen handeln in ihrer Eigenschaft als solche ausschließlich als Beauftragte der Emittentin und stehen nicht in einem Auftrags- oder Treuhandverhältnis zu den Inhabern von Teilschuldverschreibungen.
3. Die Zahlstellen sind bei der Zahlung des Kapitalbetrages und der etwaigen Zinsen auf die Teilschuldverschreibungen berechtigt, aber nicht verpflichtet, die Berechtigung des Einreichers zu prüfen.
4. Falls ein Zahltag für irgendeinen Betrag im Zusammenhang mit der Teilschuldverschreibung, einem Abschnitt oder einem Zinsschein kein Banktag ist, können die Inhaber von Teilschuldverschreibungen, Abschnitten oder Zinsscheinen am Ort der Einreichung bis zum nächsten Banktag keinen Auszahlungsanspruch geltend machen und haben keinen Anspruch auf Verzugszinsen oder eine andere Entschädigung wegen dieser Verzögerung. In diesen Bedingungen bedeutet "Banktag" einen Tag, an dem Geschäftsbanken und Devisenmärkte in dem Hauptfinanzzentrum des Landes der Emissionswährung Zahlungen abwickeln (im Fall, daß die Emissionswährung auf Australische Dollar lautet, ist das Melbourne oder Sydney. Im Fall von EUR ist ein "Banktag" ein Tag, der ein TARGET-Tag (wie oben definiert) ist und an den Geschäftsbanken und Devisenmärkte in London oder Frankfurt Zahlungen abwickeln).
5. Soweit effektive Teilschuldverschreibungen gedruckt und ausgeliefert worden sind, sind die zur Rückzahlung fälligen Teilschuldverschreibungen zusammen mit, soweit vorhanden, sämtlichen noch nicht fälligen Zinsscheinen, Abschnitten und/oder Talons einzureichen. Sofern noch nicht fällige Zinsscheine und Abschnitte zum Zeitpunkt der Vorlage von Teilschuldverschreibungen zur Rückzahlung nicht vorgelegt werden, wird der Kapitalbetrag der Teilschuldverschreibungen um den Betrag solcher fehlender Zinsscheine und Abschnitte gekürzt.
2. With the consent of Dresdner Bank Aktiengesellschaft ("Dresdner Bank"), which may not be unreasonably withheld, the Issuer may appoint additional Paying Agents or may appoint any Paying Agent as Programme Agent or terminate the appointment of individual Paying Agents and shall give notice thereof in accordance with Condition 19. The Paying Agents, in their capacity as such, are acting exclusively as agents for the Issuer and do not have any relationship of agency or trust with the Noteholders.
3. When redeeming the Notes and paying the interest, if any, or making any other payments, the Paying Agents are authorised but not obliged to verify the right thereto of the Noteholder.
4. If any date for payment of any amount in respect of any Note, Receipt or Coupon is not a Banking Day, then the holder thereof shall not be entitled to payment at the place of presentation of the amount due until the next following Banking Day and shall not be entitled to any interest or other sum in respect of any such delay. In these Terms and Conditions "Banking Day" means a day on which commercial banks and foreign exchange markets settle payment in the principal financial centre of the country of the Issue Currency (which, if the Issue Currency of this Note is Australian dollars, shall be Melbourne or Sydney). In the case of EUR, a Banking Day means a TARGET Day (as defined above) and a day on which banks and foreign exchange markets in London or Frankfurt settle payments.
5. Insofar as Definitive Notes have been printed and delivered, the Notes due for repayment must be surrendered together with all unmatured Coupons, Receipts and/or Talons, if any. If such unmatured Coupons and Receipts are not surrendered at the time when the Notes are presented for payment, the redemption amount of the redeemed Notes will be reduced by the amount of the Coupons and Receipts not presented.

and at such further paying agents or registrars outside the United States of America ("USA") as may be appointed pursuant to paragraph 2 (each a "Paying Agent" and together the "Paying Agents"). Payment of principal and interest will be made by cheque or by transfer to an account in the relevant currency with a bank domiciled in the country of the relevant currency or, in case of USD, by a USD cheque drawn on a US bank or by credit to a USD account outside the USA. The Issuer will, if and so long as the Notes are listed on the Frankfurt Stock Exchange, maintain a Paying Agent having a specified office in Germany and will maintain a Paying Agent having a specified office outside Germany which, so long as the Notes are admitted to the official list of the UK Listing Authority, will be in London. The Issuer will, if and so long as the Notes are listed on any other stock exchange, maintain a Paying Agent with a specified office in such place as may be required by the rules and regulations of such stock exchange.

Bei Eintritt der Fälligkeit zur Rückzahlung jeder variabel verzinslichen Doppelwährungs- oder Index-Teilschuldverschreibung in effektiver Form werden alle zu dieser Teilschuldverschreibung gehörenden noch nicht fälligen Abschnitte, Zinsscheine und Talons (ob beigelegt oder nicht) ungültig und eine Zahlung oder gegebenenfalls Einlösung erfolgt hierauf nicht.

6. Ungeachtet des Vorstehenden werden Zahlungen auf Teilschuldverschreibungen, die auf USD lauten, bei einer Zahlstelle in den USA vorgenommen, wenn:
 - a) die Emittentin Zahlstellen mit Geschäftsstellen außerhalb der USA ernannt hat in der begründeten Erwartung, daß diese Zahlstellen in der Lage sein würden, Zahlungen in Höhe des vollen Betrages auf die Teilschuldverschreibungen in diesen Geschäftsstellen außerhalb der USA zu leisten;
 - b) Zahlungen in Höhe dieses vollen Betrags in diesen Geschäftsstellen außerhalb der USA nicht rechtmäßig oder durch Devisenbeschränkungen oder ähnliche Beschränkungen tatsächlich nicht möglich sind; und
 - c) eine solche Zahlung unter diesen Umständen gemäß dem Recht der USA erlaubt ist.
7. a) Zur Rückzahlung fällige Beträge auf Namensschuldverschreibungen werden (einschließlich aufgelaufener Zinsen) gegen Vorlage und Einreichung der jeweiligen Namensschuldverschreibung bei der benannten Geschäftsstelle der Registerstelle zurückgezahlt. Ist der Fälligkeitstag für die Zahlung des Rückzahlungsbetrages einer Namensschuldverschreibung kein Banktag, hat der Inhaber der Namensschuldverschreibung einen Anspruch auf Auszahlung erst am nachstfolgenden Banktag. Der Anspruch auf Zahlung zusätzlicher Zins- oder anderer Beträge aufgrund einer solchen späteren Zahlung ist ausgeschlossen, es sei denn, die Zahlung wird am nächstfolgenden Banktag nicht geleistet. In einem solchen Fall läuft die Verzinsung gemäß § 2(A)3, 2(B)3 oder 2(C) weiter.
b) Die Zahlung von fälligen Beträgen (Kapital, Zinsen oder sonstige Beträge) auf Namensschuldverschreibungen erfolgt an die Inhaber von Namensschuldverschreibungen (oder im Fall von gemeinschaftlichem Eigentum an den an erster Stelle genannten Inhaber von Namensschuldverschreibungen) soweit sie zu Geschäftsbeginn am fünfzehnten Banktag (Ortszeit der benannten Geschäftsstelle der Registerstelle) vor dem Fälligkeitstag der jeweiligen Zahlung in dem bei der Registerstelle geführten Register verzeichnet sind.
c) Ungeachtet der Bestimmungen des Absatz 1 erfolgt die Zahlung von Beträgen (Kapital, Zinsen oder sonstige Beträge) auf Namensschuldverschreibungen in der Währung, in der der entsprechende Betrag fällig ist, durch Scheck in Übereinstimmung mit den für die betreffende Währung oder den betreffenden Erfüllungsort geltenden gesetzlichen Bestimmungen und Vorschriften an die Adresse (wie im von der Registerstelle geführten Register verzeichnet) des Inhabers von Namensschuldverschreibungen (oder im Fall von gemeinschaftlichem Eigentum an den an erster Stelle genannten Inhaber von Namensschuldverschreibungen) an dem betreffenden Banktag, der nicht nach dem maßgeblichen Fälligkeitstag liegen darf. Sofern der Inhaber einer Namensschuldverschreibung (oder im Fall von gemeinschaftlichem Eigentum der an erster Stelle genannte Inhaber von Namensschuldverschreibungen) vor dem entsprechenden Fälligkeitstag bei der Registerstelle die Zahlung per Überweisung auf ein

Upon the due date for redemption of any Floating Rate Note, Dual Currency Note or Indexed Note in definitive form, any unmatured Receipts, Coupons or Talons relating to such Note (whether or not attached) shall become void and no payment or exchange, as the case may be, shall be made in respect of them.

6. Notwithstanding the foregoing, payments in respect of Notes denominated in USD will be made at the office of a Paying Agent in the USA if:
 - a) the Issuer has appointed Paying Agents with offices outside the USA with the reasonable expectation that such Paying Agents would be able to make payment at such offices outside the United States at the full amount on the Notes in the manner provided above when due;
 - b) payment of the full amount at such offices outside the United States is illegal or effectively precluded by exchange controls or other similar restrictions; and
 - c) such payment is then permitted under US law.
7. a) Payment of amounts (together with accrued interest) due on the final redemption of Registered Notes will be made against presentation and surrender of the relevant Registered Notes at the specified office of the Registrar. If the due date for payment of the Redemption Amount of any Registered Note is not a Banking Day, then the Holder thereof will not be entitled to payment thereof until the next following Banking Day and no further interest or other payment shall be due in respect of such postponed payment unless there is a subsequent failure to pay, in which event interest shall continue to accrue in accordance with the provisions of Condition 2(A)3, 2(B)3 or 2(C), respectively.
b) Payment of amounts (whether principal, interest or otherwise) due in respect of Registered Notes will be paid to the Holders thereof (or, in the case of joint Holders, the first-named) who on the fifteenth Banking Day before the due date for such payment appear in the register kept by the Registrar as at opening of business (local time in the place of the specified office of the Registrar).
c) Notwithstanding the provisions of paragraph 1, payment of amounts (whether principal, interest or otherwise) due in respect of Registered Notes will be made in the currency in which such amount is due by cheque in accordance with the legal provisions and regulations which may apply to the relevant currency or place of performance and posted to the address (as recorded in the register held by the Registrar) of the Holder thereof (or, in the case of joint Holders, the first-named) on the relevant Banking Day not later than the relevant due date for payment unless prior to such date the Holder thereof (or, in the case of joint Holders, the first-named) has applied to the Registrar and the Registrar has acknowledged such application for payment to be made to a designated account denominated in the relevant currency (in the case aforesaid, a non-resident account with an authorised foreign exchange bank) in which case payment shall be made on the relevant due date for payment by

angegebenes Konto, das auf die entsprechende Währung lautet (im vorerwähnten Fall auf ein Konto für Nicht-Gebietsansässige bei einer für Fremdwährungstransaktionen zugelassenen Bank) beantragt und die Registerstelle diesem Antrag entsprochen hat, erfolgt die Zahlung am entsprechenden Fälligkeitstag durch Überweisung auf ein Konto. Im Fall einer Zahlung durch Überweisung hat der Inhaber von Namensschuldverschreibung, sofern der Fälligkeitstag für eine solche Zahlung kein Banktag ist, einen Anspruch auf Auszahlung erst am nächstfolgenden Banktag an dem Ort, wo das angegebene Konto geführt wird und der Anspruch auf Zahlung zusätzlicher Zinsen oder sonstiger Beträge aufgrund einer solchen späteren Zahlung ausgeschlossen ist, es sei denn, die Zahlung wird am nächstfolgenden Banktag nicht geleistet in einem solchen Fall läuft die Verzinsung gemäß § 2(A)3, 2(B)3 oder 2(C) weiter.

§ 9 (Transfer)

Die Emittentin verpflichtet sich, der jeweiligen Zahlstelle alle Beträge in der Emissionswährung zur Verfügung zu stellen, die für die Bedienung der aus diesen Bedingungen resultierenden finanziellen Verpflichtungen erforderlich sind. Diese Überweisung an die jeweilige Zahlstelle hat rechtzeitig, unter allen Umständen und unbeschadet jeder bestehenden oder zukünftigen Zahlungs- und Abwicklungsvereinbarung (Clearing Agreement) zu erfolgen, und ungeachtet der Nationalität, dem Wohnsitz oder dem Aufenthaltsort des Berechtigten, und ohne daß die Ausfertigung eines Affidavits oder die Einhaltung einer sonstigen Förmlichkeit verlangt werden darf.

§ 10 (Umstellung von auf nationale Währungen lautende Teilschuldverschreibungen in Euro)

Die nationalen Währungen der Teilnehmerstaaten der 3. Stufe der Europäischen Wirtschafts- und Währungsunion werden im Rahmen der maßgeblichen gesetzlichen Regelungen auf Euro umgestellt.

§ 11 (Steuern)

1. Alle in bezug auf die Schuldverschreibungen zu zahlenden Beträge (Kapital, Zinsen und zusätzliche Beträge) sind ohne Einbehalt an der Quelle oder Abzug an der Quelle von irgendwelchen gegenwärtigen oder zukünftigen Steuern, Gebühren oder Abgaben gleich welcher Art, die von oder in dem Land, in dem die Anleiheschuldnerin ihren Sitz hat (oder als Steuerinländerin gilt), oder von oder in der Bundesrepublik Deutschland oder irgendeiner ihrer Gebietskörperschaften oder Behörden mit Steuerhoheit erhoben werden ("Quellensteuer"), zu zahlen, es sei denn, die Quellensteuer ist gesetzlich vorgeschrieben. In diesem Fall trägt die Anleiheschuldnerin oder gegebenenfalls die Garantin vorbehaltlich des Absatzes 2 diejenigen zusätzlichen Beträge, die erforderlich sind, daß die von jedem Anleihegläubiger zu empfangenden Nettobeträge nach einem solchen Abzug oder Einbehalt von Quellensteuer den Beträgen entsprechen, die der Anleihegläubiger ohne einen solchen Abzug oder Einbehalt von Quellensteuer erhalten hätte. Die seit dem 1. Januar 1993 in der Bundesrepublik Deutschland geltende Zinsabschlagsteuer und der seit dem 1. Januar 1995 darauf erhobene Solidaritätszuschlag sind keine Quellensteuer im oben genannten Sinn.

transfer to such account. In the case of payment by transfer to an account, if the due date for any such payment is not a Banking Day, then the Holder thereof will not be entitled to payment thereof until the next following day which is a Banking Day in the place where the relevant designated account is located and no further payment on account of interest or otherwise shall be due in respect of such postponed payment unless there is a subsequent failure to pay, in which event interest shall continue to accrue in accordance with the provisions of Condition 2(A)3, 2(B)3 or 2(C).

Condition 9 (Transfer)

The Issuer undertakes to transfer to the relevant Paying Agent in the Issue Currency all sums required for the performance of the financial obligations arising from these Terms and Conditions of Notes. Such transfer to the relevant Paying Agent is to be made in a timely manner, under any and all circumstances and irrespective of any present or future payment and clearing agreement and regardless of the nationality, domicile or residence of the claimant and without it being permissible to require the execution of an affidavit or compliance with any other formality.

Condition 10 (Redenomination in Euro of Notes denominated in National Currencies)

The national currencies of the Member States participating in the third stage of the European Economic and Monetary Union will be re-denominated in Euro according to the relevant legal regulations.

Condition 11 (Taxation)

1. All amounts payable (whether in respect of principal, interest or otherwise) in respect of the Notes will be made free and clear of and without withholding at source or deduction at source for or on account of any present or future taxes, fees, duties, assessments or governmental charges of whatever nature which are imposed or levied by or on behalf of the country of domicile (or residence for tax purposes) of the Issuer or the Federal Republic of Germany or any political subdivision thereof or any authority or agency therein or thereof having power to tax ("Withholding Tax") (Quellensteuer), unless Withholding Tax is required by law. In such event, the Issuer or the Guarantor, as the case may be, will pay such additional amounts as may be necessary, subject to paragraph 2 below, in order that the net amounts receivable by the Noteholder after the withholding or deduction of such Withholding Tax shall equal the respective amounts which would have been receivable by such Noteholder had no such Withholding Tax been required. The tax on interest payments (Zinsabschlagsteuer) which has been in effect in the Federal Republic of Germany since 1 January, 1993 and the solidarity surcharge (Solidaritätszuschlag) imposed thereon as from 1 January, 1995 do not constitute such a Withholding Tax on interest payments as described above.

2. Die Emittentin oder gegebenenfalls die Garantin ist jedoch zur Zahlung zusätzlicher Beträge wegen solcher Steuern, Gebühren oder Abgaben nicht verpflichtet:
- a) denen der Inhaber von Teilschuldverschreibungen, etwaigen Abschnitten oder etwaigen Zinsscheinen aus irgendeinem anderen Grund als der bloßen Tatsache unterliegt, daß er Inhaber von Teilschuldverschreibungen, etwaigen Abschnitten oder Zinsscheinen ist und zwar insbesondere, wenn der Inhaber von Teilschuldverschreibungen, etwaigen Abschnitten oder etwaigen Zinsscheinen aufgrund einer persönlichen unbeschränkten oder beschränkten Steuerpflicht derartigen Steuern, Gebühren oder Abgaben unterliegt; oder
 - b) denen der Inhaber von Teilschuldverschreibungen, etwaigen Abschnitten oder etwaigen Zinsscheinen nicht unterliege, wenn er seine Teilschuldverschreibungen, etwaige Abschnitte oder etwaige Zinsscheine bzw. Zinsansprüche innerhalb von 30 Tagen nach dem jeweiligen Fälligkeitstag oder nach dem maßgeblichen Tag, wie unten definiert, zur Zahlung vorgelegt bzw. geltend gemacht hätte; oder
 - c) die von einer Zahlstelle in einem Land abgezogen oder einbehalten werden, wenn eine andere Zahlstelle in einem anderen Land die Zahlung ohne einen solchen Einbehalt oder Abzug hätte leisten können; oder
 - d) die auf andere Weise als durch Einbehalt an der Quelle oder Abzug an der Quelle aus Zahlungen von Kapital oder etwaigen Zinsen zu entrichten sind; oder
 - e) die nur abgezogen und einbehalten werden, weil die Zinsscheine effektiv zur Einlösung am Schalter vorgelegt werden; oder
 - f) denen der Inhaber von Teilschuldverschreibungen, etwaigen Abschnitten oder etwaigen Zinsscheinen deshalb unterliegt, weil er Einwohner des Landes ist, in dem die Emittentin ihren Sitz hat oder der Bundesrepublik Deutschland oder weil er eine andere persönliche oder geschäftliche Verbindung zu diesen Ländern hat und nicht aufgrund der Tatsache, daß Zahlungen gemäß diesen Bedingungen aus dem Land, in dem die Emittentin ihren Sitz hat oder der Bundesrepublik Deutschland stammen oder steuerlich so behandelt werden; oder
 - g) wenn irgendwelche Steuern, Gebühren oder Abgaben nur deshalb erhoben oder an der Quelle abgezogen werden, weil der Inhaber der Teilschuldverschreibungen, etwaiger Abschnitte oder etwaiger Zinsscheine oder der aus einer Teilschuldverschreibung, einem Abschnitt oder einem Zinsschein wirtschaftlich Berechtigte es versäumt hat, irgendwelche Anforderungen aus einem Gesetz, einem Vertrag, einer Bestimmung oder einer administrativen Regelung der Steuergesetzgebung, aufgrund dessen er einen Anspruch auf Erlaß der gesamten Steuer, Gebühr oder Abgabe oder eines Teils davon gehabt hätte, zu erfüllen; oder
 - h) wenn irgendwelche Steuern, Gebühren oder Abgaben der USA deshalb erhoben werden, weil der frühere oder gegenwärtige Status des Inhabers der Teilschuldverschreibungen, etwaiger Abschnitte oder etwaiger Zinsscheine oder des aus einer Teilschuldverschreibung, einem Abschnitt oder einem Zinsschein wirtschaftlich Berechtigten der (i) einer Holding in Form einer Personengesellschaft oder aus Sicht der USA einer ausländischen Holding in Form einer Personengesellschaft; (ii) einer Gesellschaft, die zum Zwecke der Vermeidung von Bundessteuern der USA auf das Einkommen

- a) which the Noteholder, Receiptholder or Couponholder, if any, is subject to for any reason other than the mere fact of being a Noteholder, Receiptholder or Couponholder, including if the Noteholder, Receiptholder or Couponholder, if any, is subject to such taxes, fees, duties, assessments or governmental charges based on a personal unlimited or limited tax liability; or
 - b) the Noteholder, Receiptholder or Couponholder, if any, would not be subject to, if he had presented, or claimed his rights arising from, his Notes, Receipts or interest claims for payment within 30 days from the Relevant Date, (as defined below); or
 - c) which are deducted or withheld by a Paying Agent in one country from a payment if the payment could have been made by another Paying Agent in another country without such withholding or deduction; or
 - d) which are to be paid on payments of principal and interest, if any, by any means other than withholding at source or deduction at source; or
 - e) which are only deducted or withheld because the relevant Note or Coupon is being presented for payment at the counter; or
 - f) to which a Noteholder, Receiptholder or Couponholder, if any, is liable by reason of being a resident of or having some other personal or business connection with the country of incorporation of the Issuer or with the Federal Republic of Germany and not merely by reason of the fact that payments according to these Terms and Conditions are derived, or for the purpose of taxation are deemed to be derived, from sources in the country of incorporation of the Issuer or the Federal Republic of Germany; or
 - g) any tax, fee, duty, assessment, or other governmental charge that is imposed or withheld by reason of the failure by the Noteholder, Receiptholder or Couponholder, if any, or the beneficial owner of a Note, a Receipt or a Coupon to comply with any requirement under a statute, treaty, regulation, or administrative practice of the tax jurisdiction to establish entitlement to exemption from all or part of such tax, fee, duty, assessment, or other governmental charge; or
 - h) any tax, fee, duty, assessment, or other governmental charge imposed by the United States as a result of a Noteholder's, Receiptholder's or Couponholder's, if any, or beneficial owner's past or present status as (i) a personal holding company or a foreign personal holding company with respect to the United States; (ii) a corporation which accumulates earnings to avoid United States Federal income tax; (iii) a controlled foreign corporation with respect to the United States that is related to the Issuer through stock ownership; (iv) a private foundation or other tax exempt

- i) wenn irgendwelche Steuern, Gebühren oder Abgaben auf Zahlungen aus den Teilschuldverschreibungen, etwaigen Abschnitten oder etwaigen Zinsscheinen von einem Inhaber von Teilschuldverschreibungen, etwaigen Abschnitten oder etwaigen Zinsscheinen erhoben werden, der ein Treuhänder oder eine Personengesellschaft ist, oder jemand anders als der wirtschaftlich Berechtigte aus einer solchen Zahlung ist, sofern der Begünstigte oder der die Zahlung Erhaltende in bezug auf eine solche Treuhandgesellschaft oder einen Gesellschafter einer Personengesellschaft oder einen wirtschaftlich Berechtigten keinen Anspruch auf eine Zahlung zusätzlicher Beträge gehabt hätte, wenn der Begünstigte, der die Zahlung Erhaltende, der Gesellschafter oder der wirtschaftlich Berechtigte seinen ihm zustehenden oder ausgeschütteten Anteil direkt erhalten hätte; oder
 - j) Jede Kombination der Absätze a), b), c), d), e), f), g), h), und i).
3. Der "maßgebliche Tag" im Sinne dieser Bedingungen ist der Tag, an dem eine solche Zahlung zuerst fällig wird. Wenn jedoch die betreffende Zahlstelle die volle Summe der zu zahlenden Beträge nicht am oder vor dem jeweiligen Zahltag ordnungsgemäß erhalten hat, dann ist der maßgebliche Tag der Tag, an dem die betreffende Zahlstelle die volle Summe der zu zahlenden Beträge erhalten hat und eine Mitteilung hierüber gemäß § 19 an die Inhaber der Teilschuldverschreibungen ordnungsgemäß übermittelt wurde.

§ 12 (Hinterlegung, Vorlegungsfrist, Verjährungsfrist)

1. Die Emittentin kann die von Inhabern von Teilschuldverschreibungen, Abschnitten oder Zinsscheinen innerhalb von zwölf Monaten nach Fälligkeit nicht geltend gemachten Beträge an Kapital und etwaigen Zinsen auf Gefahr und Kosten dieser Inhaber von Teilschuldverschreibungen, Abschnitten oder Zinsscheinen beim Amtsgericht Frankfurt am Main unter Verzicht auf das Recht der Rücknahme hinterlegen. Mit der Hinterlegung unter Verzicht auf das Recht der Rücknahme erlischt jeglicher Anspruch dieser Inhaber von Teilschuldverschreibungen, Abschnitten oder Zinsscheinen gegen die Emittentin und für die Erfüllung von deren Verbindlichkeiten haftende Dritte.
2. Die Vorlegungsfrist gemäß § 801 Absatz 1 Satz 1 BGB für fällige Teilschuldverschreibungen wird auf zehn Jahre verkürzt.
3. Die Vorlegungsfrist für Zinsscheine beträgt vier Jahre von dem Ende des Kalenderjahres an, in dem die betreffenden Zinsscheine fällig werden.
4. Soweit effektive Teilschuldverschreibungen gedruckt und ausgeliefert worden sind, beträgt die Verjährungsfrist für innerhalb der Vorlegungsfrist zur Zahlung vorgelegte Teilschuldverschreibungen und etwaige Zinsscheine zwei Jahre von dem Ende der betreffenden Vorlegungsfrist an.

- i) any tax, fee, duty, assessment, or other governmental charge imposed on any payment on a Note, Receipt or Coupon, if any, to a Noteholder, Receiptholder or Couponholder, if any, that is a fiduciary or partnership or other than the sole beneficial owner of such payment to the extent a beneficiary or settlor with respect to such fiduciary or a member of such partnership or a beneficial owner would not have been entitled to the payment of additional amounts had such beneficiary settlor, member or beneficial owner directly received its beneficial or distributive share of such payment; or
 - j) any combination of items a), b), c), d), e), f), g), h) and i).
3. As used herein, the "Relevant Date" means the date on which such payment first becomes due, except that, if the full amount of the moneys payable has not been duly received by the relevant Agent on or prior to such due date, it means the date on which, the full amount of such moneys having been so received by the relevant Agent, notice to that effect is duly given to the Noteholders in accordance with Condition 19.

Condition 12 (Deposit in Court, Period for Presentation, Prescription)

1. The Issuer may deposit with the lower court (Amtsgericht) of Frankfurt am Main principal and interest, if any, not claimed by Noteholders, Receiptholders or Couponholders within twelve months after having become due, together with a waiver of the right to withdraw such deposit; such deposit will be at the risk and cost of such Noteholders, Receiptholders or Couponholders. Upon such deposit, with such waiver of the right to withdraw, all claims of such Noteholders, Receiptholders or Couponholders against the Issuer and against third parties that are liable for its obligations shall cease.
2. The period for presentation of Notes and Receipts due, as established in Section 801 paragraph 1 sentence 1 of the German Civil Code, is reduced to ten years.
3. The period for presentation of Coupons shall be four years beginning at the end of the calendar year in which the respective Coupons fall due.
4. If Definitive Notes have been printed and delivered the period for prescription for Notes, Receipts and Coupons, if any, presented for payment during the presentation period shall be two years beginning at the end of the relevant presentation period.

5. Unabhängig von den in den Absätzen 2 und 3 getroffenen Regelungen werden 2 Jahre nach Fälligkeit die fälligen Beträge nicht mehr den Zahlstellen zur Verfügung stehen. Die Zahlstellen werden jedoch die entsprechenden Teilschuldverschreibungen, Abschnitte und/oder Zinsscheine der Emittentin zusenden und die entsprechenden Beträge nach Erhalt durch die Emittentin dem Inhaber von Teilschuldverschreibungen, Abschnitten und/oder Zinsscheinen zahlen.
6. Der Anspruch nach § 804 Abs. 1 Satz 1 BGB wegen abhanden gekommener oder vernichteter Zinsscheine ist ausgeschlossen (§ 804 Abs. 2 BGB).
5. Notwithstanding anything contained in paragraphs 2 and 3, after a period of two years after an amount becomes due, such amount will no longer be at the disposal of the Paying Agents. The Paying Agents will, however, submit the respective Notes, Receipts and/or Coupons to the Issuer and pay the respective amounts received by the Issuer to the Noteholder, Receiptholder or Couponholder, respectively.
6. The right under Section 804 paragraph 1 sentence 1 of the German Civil Code in respect of lost or destroyed Coupons is excluded (Section 804 paragraph 2 of the German Civil Code).

Die Teilschuldverschreibungen, Abschnitte und Zinsscheine stellen direkte, unbedingte, nicht nachrangige und (sofern keine in §14 beschriebene Garantie übernommen wurde) nicht besicherte Verbindlichkeiten der Emittentin dar, die gleichen Rang (ausgenommen Verbindlichkeiten aufgrund von nationalen oder lokalen Steuervorschriften, anderen gesetzlichen Ausnahmeregelungen, gesetzlichen Vorschriften und Verwaltungsvorschriften) mit allen anderen unbesicherten und nicht nachrangigen Verbindlichkeiten haben.
2. Die Emittentin verpflichtet sich gegenüber der Dresdner Bank (im folgenden "Treuhänderin" genannt) als Treuhänderin für die Inhaber von Teilschuldverschreibungen, solange bis Kapital, etwaige Zinsen und etwaige zusätzliche Beträge gemäß § 11 Absatz 1 im vollen Umfang bei der jeweiligen Zahlstelle oder einer anderen gemäß § 8 ernannten Zahlstelle bereitgestellt worden sind, keine gegenwärtigen oder zukünftigen Verbindlichkeiten (einschließlich Verbindlichkeiten aus Garantien oder Sicherheiten) aus anderen internationalen Kapitalmarktverbindlichkeiten durch irgendwelche Grund- oder Mobiliarpfandrechte an ihrem gegenwärtigen oder zukünftigen Grundbesitz oder Vermögenswerten sicherzustellen oder sicherstellen zu lassen, es sei denn, daß diese Teilschuldverschreibungen zu gleicher Zeit und im gleichen Rang anteilig an dieser Sicherstellung teilnehmen. Ausgenommen hiervon sind Grund- oder Mobiliarpfandrechte und andere Besicherungen von Verbindlichkeiten aufgrund von nationalen oder lokalen Steuervorschriften, anderen gesetzlichen Ausnahmeregelungen, gesetzlichen Vorschriften und Verwaltungsvorschriften.

Fiscal Year

The fiscal year of BMW AG is the calendar year.

General Information on the Business of the BMW Group

The BMW Group is one of the world's leading premium manufacturers of automobiles and motorcycles. The brands BMW, MINI and, beginning in 2003, Rolls-Royce Motor Cars hold a leading position in their segments. In recent years the product range also included the brands Rover, MG and Land Rover. Through its world-wide production and sales network, the BMW Group achieved sales of 1,180,429 vehicles and 65,168 motorcycles in 1999. Individual financing solutions and efficient, fast customer service are offered by BMW Financial Services.

BMW Group sales increased by 6.6% to EUR 34,402 million in 1999, and investments were also once again at a very high level with EUR 2,155 million. At the end of 1999 the BMW Group employed a staff of approximately 115,000, whereby over 3,000 new employees were hired in the BMW automobile segment.

Despite the deteriorating result in the Rover automobile (Rover, Land Rover, MG and MINI) segment in 1999, the result of the BMW Group's ordinary business was up by 4.7% to 1,111 million EUR (previous year: 1,061 million EUR). Following deduction of profit-related and other taxes amounting to 448 million EUR, the BMW Group's annual net surplus amounts to 663 million EUR (previous year: 462 million EUR) prior to this year's extraordinary result, representing the largest annual net surplus ever achieved by the BMW Group. The BMW Group has made far-reaching provisions for the restructuring processes required and further risks foreseeable for Rover. Amounting to 3,150 million EUR, this extraordinary expenditure leads to a deficit for the year of 2,487 million EUR.

The BMW Group will probably be the first automobile manufacturer in the world to bring a hydrogen-powered series car, the BMW 750 hl, onto the market. The Clean Energy strategy has been consistently implemented since 1995, and the cleanest engine, the hydrogen drive, is to go into series production in the near future. However, the condition for the use of Clean Energy vehicles over a large area is the establishment of an international infrastructure for hydrogen production and logistics.

The entry into Formula 1 racing is a technical challenge of the highest order for the BMW Williams F1-Team. The close co-operation of the BMW Formula 1 Centre with the BMW Research and Engineering Centre enables synergies, particularly in the areas of engine development, electronics and materials research.

The Brands of the BMW Group

The BMW brand offers high-quality, high-performance automobiles in the luxury-performance segment of the automobile market.

With its 3, 5 and 7 Series and their numerous variants as well as the X and Z Series, the BMW brand is represented in the most important world markets and automobile segments, such as luxury-performance and sports activity.

1999 was the most successful year in the history of the BMW brand, with production, sales and earnings reaching an all-time high. With respect to the return on sales, the BMW brand is one of the most profitable car manufacturers in the world.

BMW automobiles are produced in the German plants München, Dingolfing, Regensburg, as well as in the South African plant in Pretoria and in the US plant in Spartanburg (S.C.). Assembly plants for BMW automobiles are located in Russia, Mexico, Thailand, Vietnam, Egypt, Indonesia, Malaysia and on the Philippines. The full production plants are linked effectively, thus enabling BMW to balance changing customer demand in a very quick and flexible way. Germany, the U.S., Great Britain, Italy and Japan are the most important markets for BMW automobiles.

BMW motorcycles are manufactured in Berlin. For the seventh year in succession, the number of BMW motorcycles delivered to customers increased. In 1999, BMW motorcycles again reached a new record level. The main markets for BMW motorcycles are Germany, the US, Italy and France.

Recent Developments

In March 2000 the BMW Group Board of Management decided on the principal considerations in reorienting the Company and announced that it is conducting negotiations to sell its Rover and MG business as well as the production facilities for these vehicles in Birmingham. Further, the BMW Group announced that they have reached a memorandum of understanding (MOU) to sell Land Rover to the Ford Motor Company.

In May 2000 the BMW Group sold Rover Cars to the British Phoenix Consortium. Both parties signed and completed the purchase contracts in London on the 9th of May 2000. The symbolic purchase price is 10 GBP.

Phoenix will be taking responsibility for the development, production and distribution of Rover Cars. In addition, Phoenix acquired the MG brand and other Heritage brands previously owned by the BMW Group. However, the BMW Group retains the Rover brand name for which it grants a license to Phoenix.

The Phoenix Consortium will take over production in Birmingham of the Rover 25 and 45, the MGF sports car and the classic Mini until the end of the year 2000. Furthermore, it was agreed to shift the production of the Rover 75 from Oxford to the Birmingham plant within the next few months.

In May 2000 the BMW AG signed a definitive agreement to sell the Land Rover business to Ford Motor Company.

Under the terms of the transaction, Ford will pay 3 billion EUR for the Land Rover business, which includes its full line-up of four wheel drive vehicles — Range Rover, Discovery, Freelander and Defender. As agreed upon in the MOU, two-thirds of the purchase price will be paid on completion with the remaining third to be paid in 2005.

Ford Motor Company is acquiring the rights to the Land Rover brand, the Land Rover plant in Solihull (Birmingham), as well as the Gaydon Research and Development Centre, the Land Rover dealer network, the British Heritage Motor Centre and a total workforce of approximately 13,000 employees. In addition, BMW has agreed to complete the development of the successor to the Range Rover on behalf of Ford Motor Company and will act as a supplier for certain components.

The transaction is expected to be completed on June 30, subject to regulatory approvals.

A key element of the reorientation of the BMW Group is the development of a completely new BMW model line in the upper range of the lower mid-sized segment beyond the current BMW 3 series. A complete model line with several variants will be developed for this segment. And the Sports Activity segment opened up by BMW with the X5 also offers the chance to develop an entire family of X models.

The MINI brand will assume a new, more important position in the product portfolio of the BMW Group. In early summer of 2001 the new MINI will be produced at the new Oxford plant (instead of Birmingham) in Great Britain.

At the top, the brand portfolio of the BMW Group is to be completed in the year 2003 by the Rolls-Royce Motor Cars brand. The development of a new Rolls-Royce sedan and the plans for a production location in Great Britain are currently well under way.

Economic growth has improved significantly worldwide ever since the middle of last year. Reflected by the car market, this has given BMW Group an ongoing, positive development of passenger car sales in the first quarter of the year 2000, particularly in the Triad markets USA, Western Europe and Japan. The German automobile market, on the other hand, is continuing to decline.

In the first four months of this year registrations in the overall German passenger car market were down by more than 12 per cent versus the same period last year. BMW automobiles has increased its market share from 6.2 to 6.7 percent, even though the Units of BMW automobiles delivered to customers have fallen by three percent.

BMW Group Business Review

Deliveries at last year's high level

Automobile production by the BMW Group was down by not quite 5% compared to the previous year to more than 1,147,400 units. This decrease is attributable to the declining demand for Rover models and the forced reduction of Rover's stocks. Production of BMW Automobiles, in turn, continued to increase in the course of the year, with models such as the BMW 3-Series coupé, 3-Series touring, 3-Series convertible, the BMW X5 and Z8, as well as the Rover 75 and the Land Rover Discovery II all being ramped up successfully.

Deliveries by the BMW Group remained at the same high level as last year, with total sales of BMW, Rover, Land Rover, MG, and MINI automobiles amounting to more than 1,180,400 units. The Group's largest sales markets were Germany, Great Britain, and the United States. Land Rover remained the fastest-growing brand within the BMW Group, followed by BMW itself. Deliveries of Rover brand automobiles, in turn, continued to decline in 1999.

As of the end of the year, the BMW Group's worldwide sales organisation comprised 24 sales subsidiaries. Responsibility for the various BMW Group brands was pooled in the course of the year within the individual sales regions. The BMW Group is furthermore represented by importers in 120 countries.

Apart from the dealer organisation in Germany, 18 branches sell BMW automobiles in the German market. Nine branches already act as all-inclusive BMW Group outlets, selling automobiles of all the Group brands.

BMW Group achieves record sales

Sales of the BMW Group in fiscal 1999 amounted to 34,402 million euro, equalling an increase by 6.6% over the previous year. This is primarily attributable to growing sales of BMW Automobiles, as well as the ongoing trend towards a higher level of equipment in the models sold.

Sales with externals and other segments increased in the case of BMW Automobiles by 12% to 24,610 million euro. Sales in the Rover Automobiles segment comprising the Rover, Land Rover, MG, and MINI brands was up by 2% over the previous year to 8,638 million euro.

Sales in the BMW Motorcycles segment rose significantly by 17.8% in fiscal 1999 to 769 million euro. The increase in sales in the Aero Engines business of BMW Rolls-Royce GmbH was even more substantial, showing a growth rate of 84.6% to 683 million euro. The Financial Services division was also successful, sales increasing in the year under report by 6.6% to 6,153 million euro.

Europe remains by far the BMW Group's leading market, accounting for 64.4% of the Group's overall sales. North America accounted for 23.5% of Group sales, the markets in the Asian-Pacific region, Latin America, and Africa together representing a total of 12.1%.

Cost of production was up over the previous year's figure by 6.1% to 28,757 million euro, thus showing a growth rate smaller than the increase in sales. The share of production costs in sales, accordingly, was down by 0.4%, the Group's gross result increasing by 9% to 5,645 million euro.

The cost of sales and general administration was up by a total of 13.4% to 4,700 million euro. The balance of other operating income versus operating expenditure was down from the previous year by 212 million euro and is now almost at an equilibrium.

Despite the declining result in the Rover Auto mobiles segment, the result of the BMW Group's ordinary business was up by 4.7% to 1,111 million euro. Following deduction of profit-related and other taxes amounting to 448 million euro, the BMW Group's annual surplus prior to the extraordinary result is 663 million euro, an increase by 43.5% over the previous year.

Extraordinary expenditure on Rover

In the course of 1999, the comprehensive turnaround process at Rover helped to significantly cut costs and initiate both new job processes and organisational structures. The loss of sales volume and profits attributable to the changeover to new Rover models and the significantly higher exchange rate of the British pound nevertheless outweighed the positive effects of the turnaround by far.

Since a change in direction with the British pound is not in sight, automobile makers in the euro currency area continue to have a substantial competitive advantage which cannot be set off even by an additional increase in productivity with Rover.

The BMW Group has therefore set aside substantial provisions for the process of restructuring and for other foreseeable risks with Rover. In all, this extraordinary expenditure amounted to 3,150 million euro.

BMW Automobiles improved once again

Compared with the already excellent figure for the previous year, the result of ordinary business in the BMW Automobiles segment was up by 5.1% to 2,106 million euro. This segment thus continues to make the most significant contribution to the overall result of the BMW Group.

By contrast, losses in the Rover Automobiles segment attributable to market conditions and currency effects were up by 250 million euro to 1,207 million euro or 26.1%.

Ongoing success in BMW Motorcycles business also allowed an improvement of the operating result, up by 12.5% in this case to 18 million euro.

In the Aero Engines segment, in turn, the loss sustained in the previous year was down by 37.6% to 146 million euro.

Financial Services continued to develop positively, the result in this segment of the BMW Group increasing by 6% to 316 million euro.

Investments once again financed from cash flow

Investments by the BMW Group amounted to 2,155 million euro in the year under report, remaining at almost exactly the same level as in the year before. These funds were invested in the preparation of new models, the modernisation and expansion of production facilities, as well as the reinforcement of international sales. The BMW Group continues to rank at the top of the automotive industry in terms of investment volume.

These investments were financed fully through the Group's cash flow. The demand for external funds within the BMW Group results primarily from the sales financing business still growing significantly; this demand is covered largely by the international capital market.

In 1999, the BMW Group issued public bonds and securities amounting to a total volume of approximately 2 billion euro. There were also a Euro Medium Note Programme for 5 billion US dollar and two Commercial Paper Programmes.

BMW AG's annual net income generated through operative business

BMW AG has written off its share in BMW (UK) Holdings Ltd., Warwick, which, in turn, holds a share in Rover Group Ltd., Warwick. The corresponding shares held by BMW Verwaltungsgesellschaft mbH, München, were also adjusted for value, the result achieved by the company then being taken over by BMW AG. Despite this burden, BMW AG showed a net income and balance sheet profit of 269 million euro. The net income and balance sheet profit were achieved in operative business prior to the depreciation of the share in BMW (UK) Holdings Ltd.

Dividend remains at the same high level

The Board of Management and the Supervisory Board advise the Annual General Meeting to pay a dividend of 0.40 euro per ordinary share and 0.42 euro per preference share for a nominal value in each case of 1.00 euro on the equity entitled to dividends (622.2 million euro ordinary shares and 48.5 million euro preference shares) out of the balance sheet profit of BMW AG of 269 million euro. The dividend rate proposed therefore remains at 40% on ordinary shares and 42% on preference shares even after conversion to a nominal share value of 1.00 euro.

Aero Engine business strategy realigned

In October 1999, the BMW Group and Rolls-Royce plc. announced the realignment of their strategic cooperation: As of the beginning of the year 2000, BMW Rolls-Royce GmbH became a wholly-owned subsidiary of Rolls-Royce plc., the BMW Group increasing its share in Rolls-Royce plc. at the same time to slightly over 10%. This means that the BMW Group is maintaining its involvement in the Aero Engine business and is now linked even more closely with Rolls-Royce plc., a leading manufacturer of Aero Engines with an excellent position in the market.

Success of the BMW brand creates new jobs

As a result of the success of the BMW brand, approximately 1,200 new jobs were created in Germany last year, above all in Sales and Development.

The workforce of BMW AG as of December 31, 1999 was 63,785 employees, almost 2% more than in the previous year. The number of apprentices also increased once again to more than 3,200 (+6.6%) as of the end of the year. BMW AG thus continued the impressive training offensive launched in 1997.

The number of employees at Rover Group Ltd. decreased to 29,884 (-18.8%) as a result of the thorough streamlining and restructuring process as well as the need to adjust to Rover sales. In all, therefore, the headcount of the BMW Group decreased by 3% as of the end of the year to 114,952 employees, 68,848 of whom worked in Germany, 46,104 abroad.

Varying developments in procurement markets

From the perspective of the euro currency area supplies of stocks and materials invoiced in British pounds became more expensive during the period under report on account of the growing value of the British pound.

The cost shares of materials and components provided by suppliers developed along varying lines, hourly wages in the Group's main procurement markets in Europe and North America increasing to a somewhat greater extent on average than the cost of living. By contrast, the prices of steel, non-ferrous metals, aluminium and natural rubber were lower on average than in the previous year, although this downward trend turned around in the course of the year under report. Again taking an annual average, the cost of raw materials for the generation of energy, the cost of nickel, as well as rhodium and palladium, two metals used in catalytic converters, was higher than in the previous year. Continuation of this increase in prices might have repercussions in future, with the prices of products going up accordingly.

Hydrogen the source of energy of the future

There can be no doubt that mobility is one of the elementary needs of modern society. Indeed, mobility is the very foundation of economic prosperity— both the driving force for and the consequence of such prosperity. Our mobility is however threatened in the long term, since the world's fossil energy resources are finite. It is therefore essential, through a responsible and conscientious energy policy, to take the necessary precautions securing mobility also in the long run. BMW is convinced that this can be done best by the combustion engine running on hydrogen, the cleanest of all fuels changing into pure water in the combustion process.

This is why BMW has been developing and examining engines and automobiles running on liquefied hydrogen for two decades. Now the technology is ready and there are already BMW hydrogen automobiles running on our roads as research vehicles. The only problem is that there is not yet a nationwide network of hydrogen filling stations and the capacities for the economic production of adequate amounts of hydrogen are not yet in place.

BMW's energy strategy is therefore to use natural gas as drive energy as an interim step in developing a hydrogen economy. It is a strategy of proceeding to hydrogen through natural gas, since the latter is very similar in many of its technical features to hydrogen. BMW has been offering the market natural gas automobiles built as regular production vehicles since 1995. At the 1999 Frankfurt Motor Show (IAA) the BMW Group presented yet a further vehicle with this alternative drive concept, the BMW 320g, where the decision on regular production still has to be taken.

Following the opening of the first public filling station for liquefied hydrogen at München Airport and the 1999 Frankfurt Motor Show, the EXPO 2000 World Fair in Hanover and München will be a further milestone in presenting the benefits of hydrogen as a source of energy for the future.

In summer 2000, BMW will move into the centre of the worldwide hydrogen research community through the CleanEnergy project. The absolute highlight will then be the Hyforum 2000 Hydrogen World Congress in September, promoted substantially by the BMW Group in line with our focus on the environment and our responsibility for a clean world.

Risk management in the BMW Group

A key element in the care and diligence expected of a conscientious company and, therefore, one of the Board's main responsibilities is to assess the potentials and risks of the company as carefully and comprehensively as possible. This traditional obligation also includes careful consideration and assessment of risks affecting the company's assets, its financial position, and profits.

The new German Act on the Control and Transparency of Companies (KonTraG) expressly gives the Board of Management the obligation to establish a comprehensive system of risk management to be suitably documented and permanently monitored by the company's controllers.

The objective of the risk management system installed by the BMW Group is to permanently cover significant risks — particularly risks threatening the company as such — within a group-wide network, ensuring suitable assessment of risks and providing reports to the Board of Management. This ensures that risks are taken into account in good time in the context of all relevant entrepreneurial decisions. This includes both risks involving the environment as well as risks in our operative business and our strategic orientation. Some of the factors carefully examined and assessed were for example the fluctuation of exchange rates, keener price competition, as well as the orientation of the Group as a multi-brand company operating in all segments. Expansion of leasing business for the BMW Group might furthermore create risks in terms of market prices, resulting from the sale of pre-owned automobiles following the termination of leasing contracts.

Development in the first quarter 2000

The exceptionally positive development of BMW sales has continued in the first quarter of the year 2000, growth being generated in particular by the 3 Series. Deliveries of the BMW 5 and 7 Series by far exceed the sales of their respective predecessors at a comparable point in time in their lifecycle. Currently BMW sees positive growth particularly in the Asian and North American markets.

In consideration of continuing great demand particularly for the Discovery and Freelander, Land Rover will continue its successful growth course also in the current year of business.

Outlook

We anticipate a period of slight decline in the North American automobile market, while deliveries in Western Europe will achieve the same high level as in the previous year and are expected to even increase slightly in Eastern Europe. In South America, the number of new automobiles registered will increase considerably as the economy recovers, and the East Asian markets are also continuing their positive development.

The product offensive of the BMW Group is continuing and will generate new growth for the company. With BMW, deliveries of the successful 3 Series will be boosted even further by the new 3-Series convertible. The new M3 will also be entering the market in the year 2000, as will the high-performance Z8 roadster featuring the most advanced aluminium technology. The BMW X5 Sports Activity Vehicle, in turn, will be come available on the European market in the course of spring, and deliveries of the F 650 GS, BMW's new entry-level motorcycle, started in March.

Introducing the C1 as of April, BMW is combining the merits of a motorised two-wheeler with numerous safety features otherwise only found in an automobile. This new concept offers significant benefits where the automobile reaches its inevitable limits, that is in dense city traffic.

Land Rover will be offering the successful Freelander also with a new six-cylinder in future, together with automatic transmission and Steptronic.

Apart from these new models, the BMW Group will be introducing further model and engine variants in the course of the current year of business.

Starting in the year 2000, BMW is back in Formula 1 more than 12 years after the company's last Grand Prix and 17 years after winning the World Championship. Sporting performance and technical innovation

have always been decisive reasons for the enthusiasm expressed by BMW customers and remain essential to the brand to this very day. This is why BMW once again has taken up the challenge to enter the highest realms of world motorsport. The automobile for the year 2000 season, the FW22, is built by WilliamsF1 in the English town of Grove.

The Consolidated Financial Statements have been prepared in accordance with the German Commercial Code (HGB) and with German Stock Corporation Law (AktG). In conjunction with the introduction of the euro on January 1, 1999, the Consolidated Financial Statements have been converted to euros.

1. Consolidated companies

The consolidated companies are, in addition to BMW AG, principally all subsidiaries in the Federal Republic of Germany and abroad.

Number of companies included:

	<u>Germany</u>	<u>Abroad</u>	<u>Total</u>
Included at 31.12.1998.....	18	117	135
Included for the first time in 1999	4	13	17
Withdrawn from consolidation in 1999.....	-1	-10	-11
Included at 31.12.1999.....	<u>21</u>	<u>120</u>	<u>141</u>

71 subsidiaries (84 in 1998) were dormant or generated negligible business volume in the year under review. These are not included in the Consolidated Financial Statements, since they are not material to the Group's financial and earnings position.

In addition, BMW Pensionskasse (Österreich) AG, Steyr, Austria, has not been consolidated because its assets are assigned for a specific purpose.

As in the previous year, five subsidiaries are not included in accordance with Section 296 Subsection 1 Article 2 of the HGB. They are accounted for using the equity method.

The non-inclusion of subsidiaries lowers total Group sales by 1.2%.

Four associated companies are accounted for using the equity method. Five associated companies (7 in 1998) are not included in the Consolidated Financial Statements because of their relative insignificance to the Group's financial and earnings position. These associated companies are stated at cost, less write-downs where applicable, under Investments in other companies.

A complete list of the Group's shareholdings is filed with the Commercial Register held at the München local court (reg. HRB 42243). The principal subsidiaries are listed on page 89.

2. Changes in the consolidated group

The following companies are included in the Consolidated Financial Statements for the first time: BMW Hams Hall Motoren GmbH, München, ALPHABET (GB) Ltd., Hook, BMW Financial Services Ibérica, E.F.C., S.A., Madrid, BMW do Brasil Ltda., São Paulo, BMW de Mexico, S.A. de C.V., Mexico City, BMW Bank of North America, Inc., Salt Lake City, BMW FS Receivables Corporation, Wilmington, LOT Consulting GmbH, Karlsruhe, LOT Consulting GmbH, Villingen-Schwenningen, LOT Systeme- und Service GmbH, Dresden, softlab S.A., Paris, softlab Ltd., Redditch, softlab Gesellschaft für Systementwicklung und EDV-Anwendung Ges.m.b.H., Vienna, softlab AG, Zurich, softlab S.A., Madrid, softlab Systems, Inc., San Francisco and softlab Japan Corp., Tokyo. BMW Rolls-Royce GmbH, Oberursel, left the consolidated group at 31.12.1999, following the sale of the shares held by BMW INTEC Beteiligungs GmbH, München. The company's income statement is still fully included in the Consolidated Financial Statements. As a result of the exclusion of BMW Rolls-Royce GmbH, Oberursel, from the consolidated group and the inclusion for the first time of BMW Hams Hall Motoren GmbH, München, the consolidated balance sheet total rose by 77 million euro.

A further 10 companies are no longer included in the consolidated group. The effect of these changes on the asset, financial and earnings position of the Group is not material.

3. Principles of consolidation

Investments in subsidiaries are consolidated using the net book value method. Under this method, the cost of the investments is set off against the Group's share of equity of the consolidated subsidiaries at the time of acquisition or initial consolidation. Any difference between the acquisition costs and the share of equity is allocated to the assets and debts of the subsidiary insofar as it is the result of undisclosed reserves or encumbrances. Any resulting positive differential amount acquired is set off against revenue reserves.

Intercompany receivables, liabilities, provisions, income, expenses and profits are eliminated.

The same principles are applied in consolidating associated companies under the equity method.

4. Foreign currency translation

In the individual Financial Statements of BMW AG and its subsidiaries, foreign currency receivables and liabilities are translated at the rate applicable on the transaction date. Provisions are made for unrealised exchange losses at the balance sheet date. Where foreign currency receivables and liabilities have been hedged by forward exchange contracts, they are valued at the appropriate hedging rate.

In the Consolidated Financial Statements, fixed assets are translated at the closing rates of exchange, as are other assets and liabilities of subsidiaries which are stated in foreign currencies. Income and expenses are translated at the average rate of exchange for the year. Exchange differences arising from the translation of shareholders' equity are offset directly through revenue reserves.

The exchange rates of the major currencies have moved as follows against the euro:

	Rate on the closing date		Average rate	
	31.12.1999	31.12.1998	31.12.1999	31.12.1998
1 US Dollar	0.996	0.855	0.938	0.899
1 British Pound	1.610	1.431	1.518	1.490
1 South African Rand	0.162	0.146	0.153	0.164
100 Japanese Yen	0.974	0.742	0.824	0.689

5. Principles of accounting and valuation

For the sake of greater clarity, individual items in the BMW Group balance sheet and the BMW Group income statement have been combined; they are shown separately in the notes to the BMW Group Financial Statements. Separate items have been added to the BMW Group balance sheet and income statement to show the effects of sales financing.

The individual Financial Statements of BMW AG and its subsidiaries in Germany and elsewhere have been prepared using uniform accounting principles. In order to ensure uniform valuation within the Group, tax-allowable depreciation included in the individual Financial Statements of the consolidated subsidiaries is not included in the Consolidated Financial Statements. Special accounts which in part constitute reserves, which are included solely to comply with tax regulations, are not included in the Consolidated Financial Statements. Discrepancies in valuation principles by associated companies have not been adjusted where the amounts involved are negligible.

Purchased intangible assets are stated at cost and written down using the straight-line method according to their respective useful lives.

Tangible fixed assets are carried at acquisition or manufacturing costs less depreciation. Office and factory buildings are depreciated using the straight-line method. Other depreciable tangible assets having a useful life of more than three years are depreciated using the declining balance method, switching to the straight-line method as soon as the latter results in higher depreciation.

Expenditure on low-value tangible assets is written off in full in the year of acquisition.

Planned depreciation is based on the following useful lives as standard throughout the Group:

Office and factory buildings, including utility distribution systems	8 to 25 years
Residential buildings	25 to 50 years
Technical plant and machinery	up to 10 years
Other plant, factory and office equipment	up to 5 years

For machinery used in multiple-shift operations, depreciation rates are increased to account for the additional utilisation.

Investments in non-consolidated associated and other companies are stated at the lower of cost or fair value. Long-term loans are valued at their current discounted net value.

Inventories of raw materials, supplies and goods for sale are stated at the lower of cost or market. Work in progress and finished goods are carried only at their direct material and production cost. Inventories resulting from goods supplied by consolidated companies include an appropriate portion of performance-related production overheads. Write-downs are made to cover risks arising from slow-moving items or technical obsolescence.

Manufactured products included as assets of the Group's leasing companies are recorded at manufacturing cost as permitted for accounting purposes. All other leased products are valued at cost. If the net realisable value is lower, this value is used.

All risks identifiable on receivables and other assets are covered by appropriate write-downs. Receivables with maturities of over a year which bear nominal or no interest are discounted. No changes have been made to valuations which are based on the compliance with regulations applying to financial institutions.

Marketable securities and notes are stated at the lower of cost or market at the balance sheet date.

Pension provisions are established in accordance with actuarial principles, based on the going concern method, using a rate of interest of 5%. The system of scales drawn up by Professor Klaus Heubeck forms the basis of biometric calculation (RT 98). Other provisions take account of all perceivable risks. Provisions are also made for deferred expenses.

Deferred taxes are calculated on timing differences arising from the different treatment of the commercial balance sheet result and the taxable income of the consolidated companies for financial and tax reporting purposes. Deferred tax assets and liabilities within a fiscal group are netted. A net deferred tax asset balance arising from deferred taxation in the individual Financial Statements is not recorded. Deferred taxes arising from consolidation adjustments are stated as a total figure, following combination with deferred tax liabilities of the fiscal groups of consolidated companies.

31. Segment report

The segment report details the activities of the BMW Group according to fields of business and regions. The report is broken down in line with internal reporting. The activities of the business fields of the BMW Group were broken down into the segments BMW Automobiles, Rover Automobiles, BMW Motorcycles and Financial Services.

BMW Automobiles and Rover Automobiles account for the larger part of activities within the BMW Group. These business fields develop, manufacture, assemble and sell automobiles, including off-road vehicles, as well as spare parts and accessories.

Products of the BMW brand are sold in Germany by the branches of BMW AG and by independent authorised dealers. Rover, Land Rover, MINI and MG products are sold in their domestic market of the UK

exclusively by legally independent authorised dealers. Subsidiary companies handle sales in the most important foreign markets.

The BMW Motorcycles segment develops, manufactures, assembles and sells motorcycles, as well as spare parts and accessories.

The Financial Services segment focuses on the leasing of automobiles and financing credit for customers and dealers. Only the interest expenditure from financing of the leasing business is included in the financial result of this segment. Leased products, which are carried as assets by leasing companies, are valued at cost. If the net realisable value amount is lower, then this is reported. The results of the inter-company profit elimination in relation to the Group's own products are reported in the segment consolidated companies.

Software—as well as intra-segment activities of the BMW Group are carried under Miscellaneous. In addition, contrary to the previous year, the activities of the Aero Engines business operated by BMW Rolls-Royce GmbH, Oberursel, are included here.

On 31.12.1999, the shares in BMW Rolls-Royce GmbH were sold to Rolls-Royce plc., London, in return for 33,300,000 shares in the latter. Earmarked funds totalling 442 million euro have so far been received as part of the winding up of the joint venture with Rolls-Royce plc. in the Aero Engines business. In this context, BMW acquired a further 90,000,000 Rolls-Royce plc. shares.

During the last financial year, total sales of the Aero Engines business field amounted to 683 million euro (1998: 370 million euro). During the year under review, no sales with other segments were realised (1998: 8 million euro). The result from ordinary business activity totalled –146 million euro (1998: –234 million euro). 30 million euro were invested (1998: 59 million euro), and depreciation totalled 104 million euro (1998: 54 million euro).

In the consolidated companies, the receivables and liabilities, provisions, income and expenditure as well as results between the segments are eliminated.

The segment information is based on the same reporting and valuation methods as those of the Consolidated Financial Statements.

The segment assets and debts of the business fields contain the assets and debts which have contributed to the achievement of the segment result.

The segment debts are made up as follows:

Auditor's Report

We have audited the Consolidated Financial Statements and Group Business Review of the Bayerische Motoren Werke Aktiengesellschaft for the fiscal year January 1 to December 31, 1999. Under German commercial law, responsibility for the Group Financial Statements and the Group Business Review remains with the Board of Management of the company. As auditors, we are responsible for an assessment based on the audit of the Group Financial Statements and Group Business Review performed by us.

Our audit of the Consolidated Financial Statements was performed in accordance with Section 317 of the German Commercial Code and the Principles of Good Auditing of the German Institute of Auditors (IDW). These state that audits must be planned and performed such that irregularities and contraventions can be identified with certainty which have a material impact on the Consolidated Financial Statements based on good bookkeeping principles and the situation of the company as depicted by the Consolidated Business Review. The auditing process also takes into account knowledge of the business activities of the Group, the economic and legal environment within which it operates, as well as expectations of probable errors. Within the framework of the audit, the effectiveness of the company's internal audit system and evidence relating to the Consolidated Financial Statements and Group Business Review is derived mainly from audit samples. The audit includes an assessment of the annual financial statements of those companies incorporated into the Consolidated Financial Statements, which companies are consolidated, the principles used in drawing up balance sheets and consolidated statements, the main assessments of the Board of Management, as well as an evaluation of the overall situation reported in the Consolidated Financial Statements and the Consolidated Business Review. We believe that our audit provides a sufficient basis for our evaluation.

Our audit has highlighted no reasons for not issuing an unqualified audit opinion.

We believe that the Consolidated Financial Statements, drawn up in accordance with good bookkeeping principles, present a true picture of the Group's consolidated assets, financial position and earnings. Overall, the Consolidated Business Review presents a correct picture of the Group's situation, as well as risks entailed in its future development.

Notes to the 1999 Financial Statements

The Company

BMW Finance N.V. was incorporated in the Netherlands with limited liability for an unlimited term on June 14, 1983 and is a wholly owned subsidiary of Bayerische Motoren Werke Aktiengesellschaft.

The Company's purpose is to assist the financing of the activities conducted by companies of the BMW Group and its affiliates and to provide services in connection therewith, including the acquisition of participations in other companies.

Accounting policy

Securities are stated at cost, face or market value, whichever results in the lower valuation. Capital gains on securities are accounted for in the year in which they are realized, whereas losses are charged to income in the year in which they occur.

Bond premiums and the related issuance costs are spread over the term of the bonds.

Payables in foreign currencies which have been swapped are translated at swap rates. Amounts swapped and all other amounts in foreign currency are translated into EUR at the rate of exchange at the balance sheet date. Unrealized currency translation gains on unhedged long-term liabilities will be written back to income over the remaining term.

All other foreign currency translation differences are included in the income statement.

All other assets and liabilities are stated at face value.

Income and expenses are allocated to the year to which they relate.

(1) Nature of Business and Summary of Significant Accounting Policies

Ownership, Nature of Business and Basis of Presentation

BMW US Capital Corp. (the Company) was formed on January 14, 1993 and is a wholly-owned subsidiary of BMW (US) Holding Corp., which is ultimately owned by Bayerische Motoren Werke Aktiengesellschaft (BMW AG).

The Company's purpose is to assist, via long- and short-term advances, the financing of the activities conducted by companies of the BMW Group and its affiliates, primarily in the U.S., and to provide services in connection therewith.

The Company's U.S. affiliates operate primarily in the automotive industry and derive their revenues across North America, with a concentration in states with large population centers such as California, Texas, Florida, New York and New Jersey.

Use of Estimates in Financial Statement Preparation

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Cash and Cash Equivalents

Cash and cash equivalents consist primarily of short-term deposits and are carried at cost plus accrued interest. The Company considers all highly liquid investments with a maturity of three months or less to be cash equivalents.

Income Taxes

The Company accounts for income taxes using the asset and liability method. Under this method, deferred tax assets and liabilities are determined based on the difference between the financial statement and tax bases of assets and liabilities using enacted tax rates in effect for the year in which the differences are expected to reverse.

The Company files a consolidated Federal income tax return with BMW (US) Holding Corp., BMW of North America, Inc. and certain other members of the BMW Group. Federal income taxes are determined initially on a separate company basis, with effects of filing a consolidated return allocated to the individual companies as applicable.

Long-term Investments

Long-term investments are carried at cost, which approximates fair value, as management has the ability and intent to hold such securities to maturity.

Derivative Financial Instruments

The Company does not purchase, hold or sell derivative financial instruments for trading purposes. However, the Company enters into interest rate swap and interest rate cap agreements as part of its overall interest rate risk management. These transactions are entered into as hedges against the effects of future interest rate fluctuations and, accordingly, are not carried at fair market value so long as a high degree of correlation is maintained between the derivative instruments and the corresponding asset or liability positions being hedged. On occasion, the Company will also enter into cross-currency exchange agreements as a means of hedging its exposure to a particular currency. In connection with these

agreements the principal obligation is recorded in U.S. dollars at the effective date of the cross-currency agreement.

The net interest differential, including premiums paid or received, if any, on interest rate swaps and interest rate caps is recognized on an accrual basis as an adjustment to interest income or interest expense to correspond with the hedged asset or liability position, respectively. The difference between the Company's obligation or receivable under the interest rate swap and cross-currency interest rate swap agreements is recorded as accrued interest payable or receivable.

Additional information regarding the Company's objectives and strategies regarding the management of foreign currency and interest rate risk, including the use of derivative instruments, is discussed in notes 4, 5 and 6.

Deferred Assets and Unearned Income

Deferred assets, principally discounts and origination fees relating to debt and structured financing transactions of affiliates, and unearned income, representing fees charged to related parties for the purchase of interest rate caps, are initially deferred. The Company amortizes unearned income over the life of the related obligation. Deferred assets are amortized using a straight line method over the life of the related obligation.

Fair Values of Financial Instruments

Statement of Financial Accounting Standards No. 107, "Disclosures about Fair Value Of Financial Instruments," requires disclosure of fair value information about financial instruments, whether or not recognized in the balance sheets.

The fair value estimates made at December 31, 1999 and 1998 were based upon pertinent market data and relevant information on the financial instrument at that time. These estimates do not reflect any premium or discount that could result from offering for sale at one time the entire portion of the financial instrument. Because no market exists for a portion of the financial instruments, fair value estimates may be based on judgments regarding future expected loss experience, current economic conditions, risk characteristics of various financial instruments and other factors. These estimates are subjective in nature and involve uncertainties and matters of significant judgment and therefore cannot be determined with precision. Changes in assumptions could significantly affect the estimates.

Recognition of Interest Income and Expenses

Interest income is accrued as earned and interest expense is accrued as incurred.

(2) Due from Affiliates and Due to Affiliates

The Company makes advances to various affiliates for use in their operations. Amounts due from affiliates at December 31, 1999 and 1998, along with the range of interest rates charged on such advances, are as follows:

Short term		Long term		Accrued interest receivable	
1999	1998	1999	1998	1999	1998
4,842,293	1,763,256	2,193,500	3,593,500	23,202	24,385
5.69 – 8.26%	5.19% – 8.25%	5.40 – 8.50%	5.40% – 8.50%		

The long-term advances have various maturities through 2024.

In addition, the Company accepts advances from various affiliates for use in its operations. Amounts due to affiliates at December 31, 1999 and 1998, along with interest rates paid on such advances, are as follows:

Short term		Accrued interest payable	
1999	1998	1999	1998
1,582,448	1,094,209	12,400	10,713
5.95%	5.19%		

(3) Commercial Paper

The Company has in place a \$4,500,000 commercial paper program supported by a guarantee from BMW AG. At December 31, 1999 and 1998, commercial paper outstanding totaled \$2,075,329 and \$1,552,640, respectively, with a composite interest rate of 6.09% and 5.46%, respectively.

The weighted average interest rate on short-term commercial paper obligations for the years ended December 31, 1999 and 1998 was 5.15% and 5.51%, respectively. At December 31, 1999 and 1998, the fair value of the Company's short-term commercial paper obligations, as derived by market quotes, approximated the recorded value primarily due to the short terms of the outstanding commercial paper.

(4) Term Debt

The Company has unsecured debt, of which \$723,500 in 1999 and 1998 is fixed rate with rates ranging from 6.63% to 7.55%. The Company also has unsecured debt of \$2,413,783 and \$1,925,467, which has variable rates ranging from 6.03% to 6.34% and 5.10% to 7.55% at December 31, 1999 and 1998, respectively. The debt as of December 31, 1999 is scheduled to mature as follows:

Year of maturity:	
2000.....	904,378
2001.....	902,794
2002.....	752,566
2003.....	95,950
2004.....	325,000
2005 and thereafter	156,595
	3,137,283
Less unamortized bond discount	1,131
	<u>3,136,152</u>

At December 31, 1999 and 1998, \$2,937,283 and \$2,448,968, respectively, of the unsecured debt is guaranteed by BMW AG.

Included in total term debt at December 31, 1999 and 1998, is \$1,552,855 and \$912,540, respectively representing amounts payable in foreign currencies. Concurrent with the consummation of these loans, the Company entered into foreign currency exchange agreements that effectively eliminate the exchange rate risk on the principal amount of the notes and the related foreign-currency-denominated interest payments. Consequently, the aforementioned obligations represent the amounts the Company will pay.

Based on debt with similar terms and maturities, the fair value of the Company's total term debt outstanding was higher than the recorded value by approximately \$18,959 at December 31, 1999 and lower than recorded value by approximately \$31,067 at December 31, 1998.

The Company participates with BMW AG in line of credit agreements with commercial banks that permit the Company to borrow up to \$5.0 billion. These commitments, \$2.0 and \$3.0 billion, expire in 2004 and 2006, respectively. There were no outstanding borrowings under these commitments as of December 31, 1999 or 1998.

(5) Interest Rate Risk Management

As discussed in note 1, the Company enters into interest rate swap agreements to alter its interest rate exposure arising from mismatches between assets and liabilities. These transactions are entered into as hedges against the effects of future interest rate fluctuations. The swap agreements mature at approximately the same time as the related assets or liabilities mature. Based on independent quotes, the market value of the Company's net interest rate swap position at December 31, 1999 and 1998 was less favorable than the recorded value by approximately \$15,692 and \$40,093, respectively.

The following table presents the notional principal amounts, the weighted average interest rates and contractual maturities by class of interest rate swap at December 31, 1999:

	Floating to fixed rate	Fixed to floating rate
Year ending December 31:		
2000	2,635,000	680,000
2001	1,470,000	650,000
2002	1,390,000	655,000
2003	—	10,700
2004	—	350,000
	<u>5,495,000</u>	<u>2,345,000</u>
Weighted average rate at which Company pays interest	5.83%	Floating rate
Weighted average rate at which Company receives interest.....	<u>Floating rate</u>	<u>5.93%</u>

Floating rates are reset periodically and are based on LIBOR or 30-day commercial paper rates as published daily by the U.S. Federal Reserve. These swaps are used as hedges to offset the mismatches of interest flows between receivables from the Company's affiliates and notes payable.

The Company also has outstanding interest rate cap agreements entered into with an affiliate. Pursuant to these agreements, the Company will pay the difference between the commercial paper rate or one month USD LIBOR and the stated cap rate on a notional amount of \$40,220 in 1999 and \$43,555 in 1998, when the variable rate exceeds the cap rate. The average strike rate for caps outstanding as of December 31, 1999 and 1998 was 6.34% and 6.28%, respectively. At December 31, 1999 and 1998, the fair value of the Company's interest rate cap agreements, as derived by market quotes, approximated the recorded amount.

(6) Foreign Currency Management

It is the Company's policy not to execute forward exchange contracts or options for trading purposes. The Company enters into forward exchange and option contracts denominated in foreign currencies with affiliates to hedge certain operating cycle commitments of the affiliates. Simultaneous with the execution of these contracts, the Company executes reciprocal contracts with third parties and therefore no net gain or loss would be realized by the Company. Accordingly, the Company has no exposure to fluctuations in exchange rates. At December 31, 1999 and 1998, the Company had forward exchange and option contracts to buy and/or sell foreign currencies totaling approximately US\$15.5 billion and \$5.0 billion, respectively. Given the fair value of contracts with financial institutions at December 31, 1998 and 1997, unrealized losses exist which are offset by unrealized gains on contracts with affiliates at December 31, 1999 and 1998.

These off-balance-sheet contracts do expose the Company to the fair value gain or loss of the hedging instrument if a counterparty fails to perform. The Company mitigates this risk by dealing with affiliates and investment grade financial institutions.

(7) Income Taxes

The Company's Federal income tax payments are made by its parent as part of a consolidated tax return for the group. Included in due to affiliates at December 31, 1999 and 1998 is \$11,945 and \$9,691, respectively, of Federal tax payments to be made by BMW (US) Holding Corporation on behalf of the Company.

In 1999, the Company purchased net operating losses from a qualified seller under the New Jersey Tax Benefit Program. The purchase price of the net operating losses was 75% of the tax benefit to be received, or approximately \$1.5 million. Concurrently, state income tax expense has been reduced by the resulting credit, or approximately \$2.0 million.

The provision for Federal, state and local income taxes for the years ended December 31, 1999 and 1998 consists of the following:

	1999	1998
Current:		
Federal	11,945	9,691
State and local	2,753	2,738
	<u>14,698</u>	<u>12,429</u>
Deferred Federal	46	18
	<u>14,744</u>	<u>12,447</u>

Temporary differences in 1999 and 1998 relate primarily to interest rate cap and debt origination fees.

A reconciliation of the U.S. Federal statutory income tax expense to the Company's actual income tax expense for the years ended December 31, 1999 and 1998 is as follows:

	1999	1998
U.S. federal statutory rate at 35%	12,955	10,667
State income taxes, net of federal effect	1,789	1,780
Income tax expense	<u>14,744</u>	<u>12,447</u>

Year 2000

The Millennium Bug or Year 2000 issue relates to potential problems arising in the processing of data or in the operation of the electronic equipment affected by the transition from 1999 to 2000.

The directors fully recognise the risks and uncertainties associated with this issue and the potential problems which may arise. A BMW Group project was initiated in 1996 to identify all of the equipment, technical facilities and manufacturing systems that the Group uses which could be affected by the transition from 1999 to 2000. Testing of the equipment and confirmation that it would be capable of working in the year 2000 was completed on target with the planned programme. The Group has also taken appropriate measures to ensure that the compliance programmes of the Group's key suppliers and business partners are on schedule.

No problem have been incurred to date in respect of Year 2000 issues. The situation will continue to be monitored but it is anticipated that the Group will be able to cope with any problem that might arise.

The upgrading of systems and equipment for Year 2000 was contained within a general upgrading programme and, therefore, it is not practical to identify separately the costs specifically associated with Year 2000.

The Euro

On 1 January 1999, the Euro became legal currency in 11 European countries. These countries form the European Monetary Union or EMU. The UK has exercised its right to opt out and is, therefore, not included in the EMU member states but may join at a later date.

The introduction of the Euro commences a transition period lasting three years, during which time the Euro will be linked to the national currencies of the member states by fixed exchange rates which will not vary throughout the period. After three years, the Euro bank notes and coins will be introduced and will exist in parallel with the National currencies for a further six months. At the end of six months, in July 2002, the national banknotes and coins will be withdrawn.

From 1 January 1999, companies within the Euro zone have been able to choose to use either the Euro or their national currency for transactions.

During 1998, a working group was established by the Company to conduct an impact analysis study of every area of the business and to prepare the Company for European Monetary Union. As a result of its findings, systems and processes have been implemented to cater for the introduction of the Euro in relation to customers, suppliers and internal needs.

Auditors

In accordance with S385 of the Companies Act 1985 a resolution for the re-appointment of KPMG as auditors of the company is to be proposed at the forthcoming Annual General meeting.

Statement of Directors' Responsibilities

Company law requires the directors to prepare financial statements for each financial year which give a true and fair view of the state of affairs of the company and of the profit or loss for that period. In preparing those financial statements, the directors are required to:

- select suitable accounting policies and then apply them consistently;
- make judgements and estimates that are reasonable and prudent;
- state whether applicable accounting standards have been followed, subject to any material departures disclosed and explained in the financial statements;
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the company will continue in business.

The directors are responsible for keeping proper accounting records which disclose with reasonable accuracy at any time the financial position of the company and to enable them to ensure that the financial statements comply with the Companies Act 1985. They have general responsibility for taking such steps as are reasonably open to them to safeguard the assets of the company and to prevent and detect fraud and other irregularities.

Auditors' Report to the Members of BMW (UK) Capital plc

We have audited the financial statements on pages 129 to 137.

Respective responsibilities of directors and auditors

The directors are responsible for preparing the directors' report and, as described on page 126, the financial statements in accordance with applicable United Kingdom law and accounting standards. Our responsibilities, as independent auditors, are established in the United Kingdom by statute, the Auditing Practices Board and by our profession's ethical guidance.

We report to you our opinion as to whether the financial statements give a true and fair view and are properly prepared in accordance with the Companies Act. We also report to you if, in our opinion, the directors' report is not consistent with the financial statements, if the company has not kept proper accounting records, if we have not received all the information and explanations we require for our audit, or if information specified by law regarding directors' remuneration and transactions with the company is not disclosed.

We read the other information accompanying the financial statements and consider whether it is consistent with those statements. We consider the implications for our report if we become aware of any apparent misstatements or material inconsistencies with the financial statements.

Basis of Opinion

We conducted our audit in accordance with Auditing Standards issued by the Auditing Practices Board. An audit includes examination, on a test basis, of evidence relevant to the amounts and disclosures in the financial statements. It also includes an assessment of the significant estimates and judgements made by the directors in the preparation of the financial statements, and of whether the accounting policies are appropriate to the company's circumstances, consistently applied and adequately disclosed.

We planned and performed our audit so as to obtain all the information and explanations which we considered necessary in order to provide us with sufficient evidence to give reasonable assurance that the financial statements are free from material misstatement, whether caused by fraud or other irregularity or error. In forming our opinion we also evaluated the overall adequacy of the presentation of information in the financial statements.

Opinion

In our opinion the financial statements give a true and fair view of the state of the company's affairs as at 31 December 1999 and of its profit for the year then ended and have been properly prepared in accordance with the Companies Act 1985.

On 16 March 2000 BMW AG, the Company's ultimate parent company, announced that it had reviewed the future structure of its UK manufacturing and world-wide distribution operations, which could have had an impact on the Company given its principal activity is to raise funds in the financial markets for use by BMW Group companies which includes Rover Group Limited.

On and around 28 April 2000 the business and undertakings of Rover Group Limited's Oxford manufacturing operation, the Land Rover business and certain other operating activities, assets or service facilities were transferred either to BMW AG or to fellow subsidiaries of BMW AG. The consideration for these businesses is subject to final adjustment but is expected to be at or above book value.

Following these transfers, Rover Group Limited's remaining business principally comprises the majority of the Birmingham manufacturing operation and certain overseas distribution operations. On 9 May 2000 the entire issued share capital of Rover Group Limited was sold to Techtronic (2000) Limited, a consortium of private investors. Prior to this sale, all amounts due from Rover Group Limited to the company were recovered in full.

BMW AG has also concluded negotiations with the Ford Motor Company for the sale of the Land Rover business.

In the course of the above reorganisations the Company began a process of terminating a number of interest rate swap and forward currency contracts.

Following the above restructuring the Company will continue to operate as a going concern providing financing to the remaining BMW Group operations in the United Kingdom.

17 Ultimate Holding Company

- (2) each Dealer severally represents and agrees that prior to the submission of the Information Memorandum (with the approval of the competent authorities) and the relevant Pricing Supplement to the STE:—

Such restrictions do not apply (a) to a transfer and acceptance of Zero Coupon Notes in definitive form between individuals not acting in the conduct of a business or profession, or (b) to the transfer and acceptance of Zero Coupon Notes in definitive form within The Netherlands if all Zero Coupon Notes (either in definitive form or as rights representing an interest in the Zero Coupon Notes in global form) are issued outside The Netherlands and are not distributed within The Netherlands in the course of initial distribution or immediately thereafter or (c) to the initial issue and transfer of Zero Coupon Notes to the first holders thereof. The Issuer of the Zero Coupon Notes, or the Dealer(s), or the Paying Agents, as the case may be, which make payments or act as Intermediaries in respect of such Notes must meet certain identification requirements regarding the relevant counterparty(ies). For purposes of this paragraph "Zero Coupon Notes" are Notes that are in bearer form and that constitute a claim for a fixed sum against the Issuer and on which interest does not become due prior to maturity or on which no interest is due whatsoever.

- (ii) Each Dealer represents and agrees, and each Purchaser will be required to represent and agree, that it has not offered, and will not offer the Notes directly or indirectly to any person who is subject to personal income tax in Belgium or to any legal entity who is subject to the income tax on legal entities ("Impôt des personnes morales — Rechtspersonenbelasting") in Belgium and that it will obtain an undertaking as set forth in this item from any intermediary to whom it offers or sells the Notes.
- (iii) The Notes shall not be listed on a Belgian Stock Exchange.

14. Taxation

The following is a summary of the withholding taxation treatment of the Federal Republic of Germany, The Netherlands, Belgium, the United States of America and the United Kingdom, respectively, at the date hereof in relation to the payments on the Fixed Rate Notes, Floating Rate Notes, Zero Coupon Notes and certain other Notes which may be issued under the Programme (the "Notes"). It is not exhaustive, and in particular, does not deal with the position of Noteholders other than in relation to withholding tax in the jurisdictions referred to above, nor with the withholding tax treatment of payments on all forms of Notes which may be issued under the Programme. **Noteholders who are in any doubt as to their tax position should consult their professional advisers.**

Federal Republic of Germany

Since January 1, 1993 a capital yield tax on interest payments ("Zinsabschlagsteuer") has been imposed in the Federal Republic of Germany. As long as any Note is deposited with a German credit institution or with the German branch of a foreign credit institution, a 30% capital yield tax on interest payments on such Note (since January 1, 1998, an additional solidarity-surcharge tax (Solidaritätszuschlag) of 5.5% has been levied on the income tax (including the capital yield tax); thus the total rate is 31.65%), will be imposed on the holder thereof, provided (i) such holder is a resident in Germany for tax purposes or (ii) such Note is part of the German operating assets of a person who is not a resident in Germany for tax purposes. As of January 1, 1994 accrued interest payments ("Stückzinsen") which are paid in the same calendar year until the inflow of revenue occurs can be credited against such revenue. Interest is generally exempt from German income or corporation tax for persons who are not residents for tax purposes. If interest Coupons appertaining to any Note are presented for payment in cash within Germany, a 35% capital yield tax (since January 1, 1998, an additional solidarity-surcharge tax (Solidaritätszuschlag) of 5.5% has been levied on the income tax (including the capital yield tax); thus the total rate is 36.925%), will be imposed on the holder thereof, regardless of whether such holder is resident in Germany for tax purposes or not. The capital yield tax withheld is an advance payment of income/corporation tax levied on interest revenue. However, if a person who is not resident in Germany for tax purposes has presented any interest Coupon for payment in cash, the income/corporation tax debt is normally redeemed by the retained capital yield tax. For persons who are resident in Germany for tax purposes and who hold the Notes as part of their private assets, the interest forms part of the income from capital investments (Einkünfte aus Kapitalvermögen). Currently, for income from capital investments a tax allowance (Sparerfreibetrag) will be granted in the amount of DEM 3,000 (DEM 6,000 in the case of married couples who file a joint tax return). Up to the amount of this tax allowance plus a lump-sum of DEM 100/200 for professional outlays (Werbungskosten) interest will be paid without deduction for capital yield tax if the paying entity has received an exemption instruction (Freistellungsauftrag) from the Noteholder. The same will apply if it can be assumed that an assessment for income tax will be out of the question insofar as a confirmation of non-assessment (Nichtveranlagungs-Bescheinigung) has been supplied.

Revenues resulting from the re-sale or assignment of certain notes form also part of the income from capital investments. It must be assumed that Notes issued or to be issued under this Programme can be of this kind so that a capital yield tax will also be levied in the case of their re-sale or assignment. In this case, the tax basis for the capital yield tax is the difference between the amount paid for the purchase and the amount received on re-sale or assignment or presentation of the Notes (Differenzmethode). In some cases, the capital yield tax is calculated on the basis of 30% of the revenues derived from the sale or presentation of the Notes (Pauschalmethode).

For the purposes of the ultimate assessment on income, the capital yield is deemed to be the difference between the amount paid for the purchase of the Notes and the amount received from the re-sale, assignment or presentation of the Notes, in case an issuing yield is not proved. It must be assumed that an issuing yield cannot be established in the case of floating rate interest or a structured interest payable under the Notes. This can mean that the taxable amount is higher than the yield which is generated pro rata temporis during the period of possession of the Note.

According to Condition 11 paragraph 1 of the Terms and Conditions of the Notes, the relevant Issuer or the Guarantor, as the case may be, undertakes in case of withholding of taxes at source or deduction of taxes at source in or by the country of incorporation of the Issuer or the Guarantor to pay additional amounts, in such way that the payments of Interest Coupons can be made at their full face value. Condition 11 paragraph 2 of the Terms and Conditions of the Notes provides for certain exceptions

therefrom. In accordance with these exceptions the present capital yield tax on interest payments ("Zinsabschlagsteuer") in the Federal Republic of Germany does not entitle to payment of the above mentioned additional amounts.

The Netherlands

Under present Netherlands law:

1. No stamp, issue, registration or similar tax or duty is or will be payable in the Netherlands in connection with the creation, issue, offering or redemption of the Notes, the Coupons or the Receipts, or in respect of the execution, delivery or enforcement (save for minimal court fees) of the Dealers Agreement, the Agency Agreement or the Notes, the Coupons or the Receipts.
2. Payments of principal or interest by the Issuers or by the Guarantor under the Guarantee (the "Guarantee") in connection with the Notes will not be subject to Netherlands withholding tax or any other similar tax.
3. A holder of a Note or Coupon appertaining thereto (a "Holder") who is neither resident, nor deemed to be a resident in the Netherlands, will not be subject to Netherlands taxes or duties on payments of principal and interest in respect of the Notes or Coupons appertaining thereto, provided that:
 - (a) such Holder does not have an enterprise carrying on business in the Netherlands through a permanent establishment or a permanent representative to which, or to whom the Note or a Coupon appertaining thereto can be attributed, and
 - (b) such Holder does not have a direct or indirect substantial or deemed substantial interest in the sharecapital of the Company, or, in the event he does, such interest belongs to an enterprise.
4. A Holder will not be subject to Netherlands net wealth tax in respect of the Notes or Coupons, provided that such Holder is not an individual, or, if he is an individual, provided that:
 - (a) such Holder is not a resident or deemed resident of The Netherlands; and
 - (b) such Holder does not have an enterprise or a part of an enterprise that carries on business in The Netherlands through a permanent establishment or a permanent representative to which or to whom the Notes or Coupons are attributable, or an interest in such enterprise, other than as a shareholder.
5. No gift, estate or inheritance tax will arise in The Netherlands in respect of the Notes or Coupons on a gift of the Notes or Coupons by, or on the death of, a Holder thereof who is neither resident nor deemed to be resident in The Netherlands, provided that:
 - (a) such donor/former-Holder does not die within 180 days after having made a gift, while being on the moment of his death a resident or deemed resident of the Netherlands; and
 - (b) the Notes or Coupons are not attributable to an enterprise or a part of an enterprise that carries on business in The Netherlands through a permanent establishment or a permanent representative to which or to whom the Notes or Coupons belong and which enterprise the donor or the deceased owned, or in which enterprise the donor or the deceased held an interest, other than as a shareholder.
6. A holder of a Note or Coupon appertaining thereto will not be subject to Netherlands' capital gains tax in respect thereof, provided that:
 - (a) such Holder is not a resident or a deemed resident of the Netherlands; and
 - (b) such Holder does not have an enterprise which carries on business in the Netherlands through a permanent establishment or permanent representative to which or to whom the Notes or Coupons are attributable; and
 - (c) such Holder does not have, directly or indirectly, a substantial or deemed substantial interest in the share capital of the Company or, in the event that such Holder does have such substantial interest, such interest belongs to an enterprise.

Belgium

All payments by BMW Coordination Center N.V. on the Notes can be made free of Belgian withholding tax to beneficiaries who can be identified as persons other than individuals subject to personal income tax in Belgium and other than legal entities subject to the income tax on legal entities ("impôt des personnes morales"/"Rechtspersonenbelasting") in Belgium, if and so long as BMW Coordination Center N.V. qualifies as a "coordination center" ("Centre de coordination"/"coördinatiecentrum") within the meaning of Royal Decree no. 187 of 30 December, 1982, "relatif à la création de centres de coordination" (as amended).

In Belgium, certain tax benefits are accorded to such coordination centers, and these benefits include, under Article 29,2° (a) of the Law of 11 April, 1983, "portant des dispositions fiscales et budgétaires" (as amended), an exemption from Belgian withholding tax in respect of interest paid by coordination centers on debts owed by them to persons who can be identified as persons not subject to personal income tax or income tax on legal entities in Belgium. These tax benefits (including the one just mentioned) are in principle granted for a period of 10 years, i.e., from the beginning of the fiscal year in which the application for coordination center status was submitted until the end of the fiscal year that is closed during the tenth calendar year following that of the submission of the application. A company may, however, apply for, and obtain, an extension of its coordination center status for another 10-year term. A coordination center could forfeit its tax privileges before expiration of the 10-year term if it ceased to fulfil certain conditions of eligibility for coordination center status or engaged in activities not specifically authorised by the Royal Decree certifying it as a coordination center (or by a subsequent ruling from the Minister of Finance and the Minister of Economic Affairs).

BMW Coordination Center N.V. has been certified as a coordination center by a Royal Decree of 9 November, 1987, on the basis of an application submitted in August, 1987. As BMW Coordination Center N.V. has applied in 1996 for an extension of its coordination center status for another 10-year term and has obtained this extension in 1997, the privileged tax status as a coordination center should remain in effect until the end of its fiscal year closing in 2007.

If and when BMW Coordination Center N.V. should cease to qualify as a coordination center, the interest component of payments on Notes issued by BMW Coordination Center N.V. would, as a rule, attract Belgian withholding tax at the rate of 15%, subject to such relief as may be available under applicable domestic or tax treaty provisions.

In broad outline, capital gains realised with respect to the Notes or the Coupons are subject to Belgian tax only if the Notes or Coupons are held as part of a taxable business activity in Belgium.

A stamp tax may be levied at the rate of 0.07% on the sale and on the purchase of Notes in Belgium, and at the rate of 0.14% on the issuance of Notes to investors in Belgium, provided in each case that such transactions are carried out through intermediation of a professional intermediary in Belgium. Such tax will, however, be limited to a maximum amount of BEF10,000 per taxable transaction. Moreover, an exemption is available under Article 126¹, 2[°] of the Code on Taxes assimilated with Stamp Tax as regards parties to securities trades acting on their own account who are intermediaries within the meaning of Article 2 of the law of 6 April, 1995 on secondary markets, the status and supervision of investment companies, intermediaries and investment advisors, or insurance undertakings within the meaning of Article 2 § 1 of the law of 9 July, 1975 on supervision of insurance companies or pensions funds within the meaning of Article 2 § 3, 6 of the law of 9 July, 1975 and of the Royal Decree of 15 May, 1985 on the activities of private pension institutions, or collective investment institutions, or non-residents provided they can deliver an affidavit on their non-resident status.

A stamp duty may be levied at the rate of 0,20% on the delivery of the Notes in bearer form in the following circumstances (subject to any further legislative modification):

- on the issuance of the Notes;
- on the acquisition of the Notes in exchange for a consideration, provided the transaction is carried out through a professional intermediary.
- on the withdrawal of the Notes given in open consignment with a financial intermediary on the Casse Interprofessionnelle de dépôts et de virements de titres.
- on the conversion of registered Notes to Notes in bearer form.

United States of America

Provided that the Notes issued by BMW US Capital Corp., and interest coupons appertaining thereto are offered, sold and delivered, and principal, premium, if any, and interest thereon are paid in accordance with the terms of the Dealers Agreement dated 19 May, 1999, the Agency Agreement dated 19 May, 1999 and the Terms and Conditions of the Notes pertaining to the Notes, under present United States federal income tax law and assuming the Notes are treated as debt for United States federal income tax purposes and excluding instruments described in Section 871(h) (4) (A) of the Internal Revenue Code (relating to a limited class of obligations providing for certain kinds of contingent payments):

1. Subject to the discussion of backup withholding below, payments of principal, premium, if any, and interest (including original issue discount) on the Notes having a maturity of 184 days or more from its Issue Date or any coupon appertaining thereto made outside the United States by BMW US Capital Corp. or any of its paying agents to any holder that is a United States Alien (as defined below) will not be subject to United States federal withholding tax, provided that, in the case of interest (including original issue discount), (a) the holder does not actually or constructively own 10% or more of the total combined voting power of all classes of stock of BMW US Capital Corp. entitled to vote, and (b) the holder is not a controlled foreign corporation as to the United States that is related to BMW US Capital Corp. through stock ownership and (c) if the Notes are in registered form for United States tax purposes, the beneficial owner has provided a properly completed Form W-8 (or successor form, including a form W-8BEN).
2. Subject to the discussion of backup withholding below, payment of principal, premium, if any, and original issue discount on the Notes having a maturity of 183 days or less to any holder that is a United States Alien will not be subject to United States federal withholding tax.
3. Subject to the discussions of backup withholding below, no United States Federal income tax will be imposed with respect to any gain or income realized by a United States Alien holder on the sale, exchange or redemption of the Notes if the holder does not have a connection or former connection with the United States other than holding the Notes.
4. Except with respect to obligations payable 183 days or less from the date of original issue that have a face amount of less than \$500,000 (determined if the Note is in a currency other than the U.S. dollar by translating the foreign currency face amount to the spot rate at the date of issuance), information reporting and backup withholding will not apply to payments of principal, premium, if any, or interest (including original issue discount) made outside the United States by BMW US Capital Corp. or any of its paying agents on the Note or coupon unless BMW US Capital Corp. or its paying agent has actual knowledge that the payee is a United States person. In addition, if payments are collected outside the United States by a foreign office of a custodian, nominee or other agent acting on behalf of an owner of the Note or coupon, such custodian, nominee or other agent will not be required to apply backup withholding to payments made to the owner. If, however, such custodian, nominee or other agent is a United States Middleman, information reporting will be required with respect to payments made to the owner unless such custodian, nominee or other agent has documentary evidence in its files of the owner's non-United States status and has no actual knowledge to the contrary, or the owner otherwise establishes an exemption. In addition, under final Treasury regulations any such payment of interest made after December 31, 2000 that is subject to information reporting will be subject to backup withholding unless the payment is made to an account maintained at an office or branch of a United States or foreign bank or other financial institution at a location outside the United States and its possessions.

Payments of the proceeds of the sale of a Note to or through a foreign office of a "broker" (as defined in such regulations) will not be subject to backup withholding (absent actual knowledge that the payee is a U.S. person) but will be subject to information reporting if a broker is a U.S. Middleman, unless the broker has in its records documentary evidence that the holder of a Note is not a U.S. person and has no actual knowledge to the contrary or the holder of a Note otherwise establishes an exemption. Payment of the proceeds of a sale of a Note to or through the United States office of a broker is subject to backup withholding and information reporting unless the holder certifies its non-United States status under penalties of perjury or otherwise establishes an exemption.

For this purpose, a "United States Alien" is a person who is not a "United States Person". A "United States Person" is a beneficial owner of a note that is (i) a citizen or resident of the United States, (ii) a domestic corporation, (iii) an estate the income of which is subject to United States income tax without

regard to the source, or (iv) a trust if a court within the United States is able to exercise primary supervision over the administration of the trust and one or more United States Persons have the authority to control all substantial decisions of the trust. For this purpose, a "United States Middleman" is (i) a United States Person, (ii) a controlled foreign corporation for United States tax purposes, (iii) a foreign person 50% or more of whose gross income is derived from the conduct of a United States trade or business for a specified three years period, or (iv) for payments made after December 31, 2000 (a) a foreign partnership engaged in a United States trade or business or in which United States Persons hold more than 50% of the income or capital interest, or (b) certain United States branches of foreign banks or insurance companies.

The foregoing is a general discussion of the anticipated United States Federal income tax consequences under current law of holding Notes, is limited to the United States tax consequences for United States Aliens and does not consider any possible United States Federal estate tax consequences. The United States Federal withholding, backup withholding and information reporting requirements discussed here will change materially under new regulations scheduled to become effective on 1 January 2001, and certain withholding agents can be expected to begin implementation of those requirements during 1999 and 2000. Noteholders are urged to consult their own tax advisers with respect to the particular consequences of holding Notes in light of their own particular circumstances and as to whether an Indexed Note will be treated as debt for United States Federal income tax purposes

United Kingdom

1. Any return on a Note in the form of a discount or premium which does not constitute interest should not be subject to withholding for or on account of United Kingdom tax.
2. Under current United Kingdom law, interest bearing Notes will constitute "quoted Eurobonds" provided they are and continue to be quoted on a recognised stock exchange within the meaning of section 841 of the Income and Corporation Taxes Act 1988 (the "Act") and remain in bearer form. Accordingly, while Notes remain in global bearer form, are quoted on a recognised stock exchange and are held in a recognised clearing system designated as such for the purposes of section 124 of the Act, payments of interest on such Notes may be made without withholding or deduction for or on account of United Kingdom income tax. If Notes are issued in definitive form and are and continue to be quoted on a recognised stock exchange and are and continue to be held in bearer form, then payments of interest on such Notes may be made without such withholding or deduction where:
 - (i) the payment is made by or through a paying agent who is not in the United Kingdom; or
 - (ii) the payment is made by or through a paying agent who is in the United Kingdom and:
 - (a) the interest is paid on a Note held in a recognised clearing system (as defined in section 124(6) of the Act); or
 - (b) a person who is not resident in the UK is beneficially entitled to the interest and beneficial owner of the Note on which the interest is paid.

Note: The above is subject to the provision of information by non-UK resident noteholders and depositaries to the Paying Agent in accordance with relevant regulations.

On the assumption that the 2000 Finance Bill is enacted as currently drafted, with effect from 1 April 2001, the Notes will constitute "quoted Eurobonds" for the purposes of Sections 349 (3)(c) and (3)(d) Income and Corporation Taxes Act 1988 provided that they are and continue to be quoted on a recognised stock exchange (as defined above); whether they are in bearer or registered form. Payments of interest on quoted Eurobonds may be made without withholding or deduction after 1 April 2001 without any other further conditions being satisfied.

In all other cases, subject to relief under an applicable double taxation treaty, interest will be paid under deduction of lower rate United Kingdom tax.

3. Under current United Kingdom law, a person in the UK who in the course of their trade or profession:
 - (i) arranges to collect or secure payment of interest on the Notes for the Noteholder; or

- (ii) acts as a custodian of the Notes and receives interest on the Notes or directs that interest on the Notes be paid to another person or consents to such payment;

will be required to withhold UK income tax at the lower rate subject to certain exceptions, including the following:

- (a) the Notes are held in a recognised clearing system and:
 - (i) the collecting agent pays or accounts for the interest directly or indirectly to the recognised clearing system; or
 - (ii) the collecting agent is acting as a depository for the recognised clearing system.
- (b) the person beneficially entitled to the interest beneficially owns the Notes and is not resident in the UK.
- (c) interest arising to trustees of certain trusts.
- (d) the person owning the Notes and beneficially entitled to the interest is eligible for certain reliefs.

Note: The above is subject to the provision of information by non-UK resident noteholders and depositaries to the Paying Agent in accordance with relevant regulations.

On the assumption that the 2000 Finance Bill is enacted as currently drafted, the above provisions in relation to collecting agents will cease to have effect in relation to receipts and payments made after 1 April 2001.

4. Payments of interest in respect of Notes issued by BMW (UK) Capital plc will have a United Kingdom source and accordingly will be chargeable to United Kingdom income tax by direct assessment even if paid without withholding or deduction. However, where interest is paid without withholding or deduction on account of United Kingdom tax a Noteholder who is the beneficial owner of Notes, who is not resident in the United Kingdom for United Kingdom tax purposes and who does not have a "branch or agency" (defined to mean "any factorship, agency, receivership, branch or management") in the United Kingdom through which the Noteholder carries on any trade, profession or vocation, will not be subject to United Kingdom tax on any income or gain derived from the holding or disposition of the Notes.

Prospective Noteholders who are in any doubt as to their tax position or may be subject to tax in a jurisdiction other than the United Kingdom should seek independent advice.

15. General Information

Undertaking referring to the Listing

With reference to the application made on its behalf for the (i) quotation and permission to deal on the Frankfurt Stock Exchange and (ii) the admission of the Notes on the official list of the UK Listing Authority and admission of the Notes to trading on the London Stock Exchange, the relevant Issuer and the Guarantor undertakes as long as the Programme continues:—

1. to advise the stock exchanges of any significant change in their business, financial condition or otherwise, and that of their subsidiaries, considered as a whole, which is not reflected in the Information Memorandum as amended or supplemented;
2. in the event of any such significant change, to prepare an amendment or supplement to the Information Memorandum or publish a new Information Memorandum for use in connection with any subsequent offering by itself of Notes to be listed on the Frankfurt Stock Exchange and/or on the official list of the UK Listing Authority;
3. to apply annually for renewal of the listing of the Programme on the London Stock Exchange.

It is expected that each Tranche of Notes which is to be admitted to the Frankfurt Stock Exchange and/or the official list of the UK Listing Authority will be admitted to trading on the Frankfurt Stock Exchange and the London Stock Exchange separately as and when issued, subject only to the issue of the Global Note representing the Notes of such Tranche. The listing of the Programme in respect of such Notes is expected to be granted on or about 31 May, 2000 by the UK Listing Authority and on or about 31 May, 2000 by the Frankfurt Stock Exchange.
