## CIS STREET FURNITURE LIMITED

## NOTES TO THE ABBREVIATED ACCOUNTS - 31 MARCH 2013

**1 Principal accounting policies**

The principal accounting policies which are adopted in the preparation of the financial statements are set out below. The financial statements have been prepared under the historical cost convention and in accordance with the Financial Reporting Standard for Smaller Entities (Effective April 2008). The directors have reviewed the principal accounting policies of the company and consider that they are the most appropriate for the company.

**Going concern**

The directors have considered the financial position of the company for a period of at least 12 months from the date of approval of these financial statements and are of the opinion that the company has adequate resources to continue in operational existence for a period of at least 12 months from the approval of these financial statements. Consequently, the financial statements for the company have been prepared on a going concern basis.

**Turnover**

Turnover represents amounts of goods and services delivered in the year, net of Value Added Tax.

**Cash flow statement**

The directors have taken advantage of the exemption in Financial Reporting Standard No 1 (revised) from including a cash flow statement in the financial statements on the grounds that the company is small.

**Fixed Assets**

The cost of tangible fixed assets includes only expenditure directly incurred in bringing the assets into working condition for their intended use. Depreciation is provided at rates calculated to write off each asset over its estimated useful life. The principal annual rates in use are for Computer equipment at 20% on a reducing basis.

**Foreign currency translation**

Monetary assets and liabilities denominated in foreign currencies are translated into sterling at the rates of exchange ruling at the balance sheet date. Transactions in foreign currencies are recorded at the rate ruling at the date of the transaction. All differences are taken to the profit and loss account.

**Provisions**

Provisions are set up only where it is probable that a present obligation exists as a result of an event prior to the balance sheet date and that a payment will be required in settlement that can be estimated reliably. Where material, provisions are calculated on a discounted basis.

**Deferred taxation**

Deferred tax balances are recognised in respect of all timing differences that have originated but not reversed by the balance sheet date except that the recognition of deferred tax assets is limited to the extent that the company anticipates making sufficient taxable profits in the future to absorb the reversal of the underlying timing differences. Deferred tax balances are not discounted.
