1. Progress of the Administration

Work undertaken during the Period

This report should be read in conjunction with the Former Administrators' proposals which were issued on 13 January 2021, the Former Administrators' progress report which was issued on 18 June 2021 and our progress report of 16 December 2021.

We attach at Appendix C a schedule of work undertaken during the Period together with a summary of work still to be completed.

Key matters undertaken during the Period include:

- Liaised with the remaining landlords to attempt to agree the surrender of leases for the Company's former offices;
- · Submitted a further VAT return to HMRC;
- Liaised with Juan Carlos Robles regarding the Sucursal;
- Liaised with the directors of the Subsidiaries regarding the status of the companies and the anticipated recovery to the Administration estate;
- Instructed solicitors from IUS in Spain to provide independent legal advice on Spanish matters including the employee claims in Spain;
- Pursuing outstanding book debts due to the Company and liaised with solicitors to consider next steps;
- Continued to make enquiries with the Company's former professional advisors, the Former Administrators, the directors and relevant third parties, including banks. Conducted a review of the information and documentation obtained;
- Reviewed information and documentation provided by third parties and creditors. Continued to investigate whether the Company has any claims against any third parties;
- Continued to liaise with instructed solicitor to advise on the further information obtained and potential claims;
- Attended to any creditor concerns and correspondence; and
- Ensured all statutory and compliance matters are attended to.

Attached at **Appendix E** is a receipts and payments account detailing transactions for the Period of this report and also cumulatively since the start of the Administration.

Leases

Further to my previous progress report, the Company had eight leases at the outset of the administration. During the Period, a further surrender was accepted and there only remains one lease. Whilst an attempt has been made to surrender this lease, the landlord has not accepted. We continue our efforts, albeit it has been made clear that as the Company is not in beneficial occupation, the sums will not be payable as an expense of the administration. We hope to continue to progress this matter and we will provide an update in the next report.

Book Debts

During the Period a further £3,461.79 has been recovered to the estate. Our recovery efforts remaining ongoing.

As previously reported, the most significant book debt of c£475,161.89 is disputed and a counter claim extinguishing all sums owed has been received. Whilst the correspondence remains ongoing, we have instructed our solicitors to advise on the Company's position. Information regarding the dispute is not detailed to ensure that the Company's position is not prejudiced.

At this stage, it is uncertain whether there will be any outcome from this disputed debtor but we shall update you further in future reports.

VAT

A further VAT refund totalling £1,776.00 was received during the Period. In total £157,475.46 of VAT has been reclaimed.

1. Progress of the Administration

Sucursal & The Subsidiaries

We are in continued correspondence with Juan Carlos Robles regarding the Sucursal and the directors of the Subsidiaries regarding the anticipated recovery from these entities to the Administration estate. Based on information received to date it seems unlikely that there will be any realisations from the Sucursal that will fall into the Administration estate, however our enquiries are ongoing.

IUS are also advising on the claims submitted by the Sucursal employees into the Administration, although as detailed below, creditor claims will not be adjudicated until we are in a position to confirm if a dividend will be declared to creditors.

There are also ringfenced funds held by the Company, which are claimed to be Sucursal's funds. It is understood that the Former Administrators were liaising with Juan Carlos Robles regarding this matter, and we have taken over the negotiations to establish the quantum and the rightful owner. An update on this matter will be provided within my next progress report.

With regards to New Jasley, one of the Subsidiaries, it is understood that this company holds some property interests, in Spain.

During the Period, we have been liaising with the directors of New Jasley to understand the asset position and to determine whether there is likely to be any return to the Company. Given that the creditor position remains unclear, we are proposing to appoint a liquidator to investigation the Company's position and to make any upward distribution from any potential funds/assets available. At this time, it is uncertain on whether there will be any funds flow, however we will continue to monitor and progress this with the directors and/or liquidator.

As previously reported by the Former Administrators, Sol Show holds no value for the Company.

Club La Costa (UK) PLC (In Administration) The Administrators' Progress Report

Investigations

As previously reported, our duties include carrying out proportionate investigations into the affairs of the Company prior to our appointment, including any potential claims against third parties.

To date, we have reviewed most of the Company's books and records (currently in our possession), accounting information and requested further information from the directors, professional advisors, the Former Administrators and third parties. We also invite creditors to provide information on any concerns they have regarding the way in which the Company's business has been conducted.

Further details of the conduct of our investigations are set out in the attached schedule of work. We confirm that our additional enquiries into the Company's affairs are ongoing at this time. At this stage, I am unable to provide further detail, to ensure we do not prejudice any future recoveries.

As enquiries into the Company's affairs are ongoing at this time, we cannot confirm the quantum, timing and likelihood of any realisations in this matter. However, the creditors will be appraised of any developments in our next report.

Extension to the Administration

As previously advised, creditors voted in favour of the extension of the Administration until 20 November 2022.

We are currently considering whether a further extension will be sought from the Court or if we will take steps to place the Company into Creditors' Voluntary Liquidation.

1. Progress of the Administration

FRP

Anticipated exit strategy

As our enquiries remain ongoing, we are unable to determine at this juncture whether the Company will have sufficient property to facilitate a distribution to any class of creditor. As a result, it is uncertain whether the Company will be dissolved or will move into Creditors' Voluntary Liquidation. This will be dependent on my investigations and the outcome thereof.

2. Estimated Outcome for the creditors

Outcome for the secured creditors

As previously reported, no claims have been received in regard to this class of creditor.

Outcome for the preferential creditors

I have received claims totalling c£129,000 from preferential creditors in the UK and c \in 1.18m from preferential creditors in Spain. The position of these preferential creditors will be reviewed to ensure both the UK and Spanish creditors are dealt with equally.

It is currently uncertain as to whether there will be sufficient funds available to make a distribution to this class of creditor.

Outcome for the unsecured creditors

We have received claims totalling £67,501,556.40 from unsecured creditors, as at the date of this report.

It is uncertain as to whether there will be sufficient funds available to make a distribution to the unsecured creditors.

Prescribed Part

As previously reported, we have not been made aware of any floating charge, and therefore, the prescribed part does not apply in this instance.

3. Administrators' remuneration, disbursements, expenses and pre-appointment costs

Pre-administration costs

On 24 March 2021 at a meeting of the creditors, it was resolved that the Former Administrators' pre-appointment expenses of £148,063 be approved and paid.

Former Administrators' remuneration

On 24 March 2021 at a meeting of creditors, it was resolved that the Former Administrators' remuneration should be calculated on a time cost basis as set out in the Former Administrators fees estimate of 8 January 2021. The fees estimate totalled £353,424.

On 21 July 2021, in addition to the Court ordering the replacement of the Former Administrators with the Administrators, the Court ordered that the Former Administrators remuneration be fixed to 12 July 2021 at £437,697 and the Former Administrators' remuneration from 13 July 2021 is fixed on the basis of the time properly given by the Former Administrators' and their staff in attending to matters arising in the Company's administration, with a fee estimate of £54,475.

The Former Administrators have drawn fees of £437,697 and an invoice has been provided for their outstanding fees and expenses totalling £75,973.74. Based on the funds we hold and taking into account funds ringfenced for Sucursal and the investigation, we are prepared to make a payment on account of £60,000 (including VAT) to discharge a majority of the Former Administrators' outstanding fees. We will make payment of the remaining sum when we are in a position to do so.

Former Administrators' disbursements

The Former Administrators have drawn disbursements of £4,521.69 with a further £8,836.45 to be drawn when sufficient realisations become available.

Former Administrators' expenses

Details of the Former Administrators' expenses were included within my previous report.

Administrators' remuneration

A fee resolution for the Administrators' time costs is yet to be sought. At this moment in time, it is determined that the Administrators will review this position following the progression of the investigations.

During the Period, the Administrators' time costs total £211,356.30 representing 520.74 hours at an average rate of £405.88 per hour. Further details of our time costs and how they were incurred are within **Appendix D**.

Administrators' disbursements

The Administrators' disbursements are a recharge of actual costs incurred by the Administrators on behalf of the Company. Mileage payments made for expenses relating to the use of private vehicles for business travel, which is directly attributable to the insolvency estate, are paid by FRP at the HMRC approved mileage rate prevailing at the time the mileage was incurred. Details of disbursements incurred during the Period of this report are set out in **Appendix D**.

Administrators' expenses and third-party funding

We attach at **Appendix F** a statement of expenses that have been incurred during the Period covered by this report. A majority of these expenses were incurred to assist with matters regarding the investigation into the Company's affairs and to consider potential claims. Other expenses were also incurred in the progression of Spanish matters.

3. Administrators' remuneration, disbursements, expenses and pre-appointment costs

FRP

We are pleased that we have obtained third-party funding, in order to progress the investigation. The purpose of this funding is that it is used for necessary investigation expenses. There is no cost to this funding, save for this being repaid from any future realisations. The level of funding will continue to be monitored and terms will be considered.

When instructing third parties to provide specialist advice and services, or having the specialist services provided by the firm, the Administrators are obligated to ensure that such advice or work is warranted and that the advice or work contracted reflects the best value and service for the work being undertaken. This is reviewed by the Administrators periodically throughout the duration of the assignment.

The specialists chosen may regularly be used by the Administrators and usually have knowledge specific to the insolvency industry and, where relevant, to matters specific to this insolvency appointment.

Creditors have a right to request further information from the Administrators and further have a right to challenge the Administrators' remuneration and other expenses, which are first disclosed in this report, under the Insolvency (England and Wales) Rules. (For ease of reference these are the expenses incurred in the reporting period as set out in **Appendix F** only).

Further details of these rights can be found in the Creditors' Guide to Fees which you can access using the following link https://creditors.frpadvisory.com/info.aspx and select the one for administrations. Alternatively, a hard copy of the relevant guide will be sent to you on request. Please note there is a time limit for requesting information being 21 days following the receipt of this progress report. There is a time limit of 8 weeks following the receipt of this report for a Court application that the remuneration or expenses are excessive.

Schedule of work

The table below sets out a detailed summary of the work undertaken by the Administrators to date and details of the work it is anticipated will be undertaken by the Administrators throughout the duration of this administration. Details of assumptions made in compiling this table are set out below.

Where work undertaken results in the realisation of funds (from the sale of assets or recoveries from successful actions taken against third parties), there may be a financial benefit to creditors should there be sufficient funds available to make a distribution to one or more class of creditor. In this case, work undertaken will include the scrutiny and agreement of creditor claims.

A proportion of the work undertaken by an Insolvency Practitioner is required by statute, including ensuring the appointment is valid, notifications of the appointment to third parties, regular reporting on the progress, notifying statutory bodies where required in relation to the conduct of the directors, complying with relevant legislation and regulatory matters. This may not have a direct financial benefit to creditors but is substantially there to protect creditors and other stakeholders and ensuring they are kept informed of developments.

GENERAL ASSUMPTIONS IN COMPILING THIS SCHEDULE OF WORK

- The records received are complete and up to date;
- Most assets identified have been realised and investigations remain ongoing;
- A committee of creditors is not appointed;
- There are no exceptional queries from stakeholders;
- Full co-operation of the directors and other relevant parties is received as required by legislation;
- There are no health and safety or environmental issues to be dealt with;
- That claims continue to be considered and further work in relation to any potential action will be detailed in future reports; and
- · The case will be closed within two years.

FRP Advisory's charge out rates & disbursement policy

FRP ADVISORY TRADING LIMITED ("FRP ADVISORY")

HOURLY CHARGE OUT RATES

Grade	Charge out rates £/hour	Charge out rates £/hour
	From 1 November 2020	From 1 May 2022
Appointment taker/Partner	595-695	640-740
Managers/Directors	445-595	480-640
Other Professional	275-395	300-420
Junior Professional/Support	175-245	190-260

Time costs are maintained on computerised records of all time spend on the administration of each case. Matters dealt with during the assignment are dealt with by different members of staff depending on the level of complexity and experience required. Time is charged to the case in maximum of six minute units. Charge-out rates are based on individual expertise, qualification and grade. The costs of the firm's support staff are not directly charged to the estate unless dealing with directly identifiable case specific matters. Charge out rates are reviewed at least annually, details of FRP Advisory charge out rates applicable to this assignment are set out above.

Further information can be found in the Creditors' Guide to Fees which you can access using the following link http://www.frpadvisory.com/fees-quide.html. Alternatively, a hard copy of the relevant guide will be sent to you on request.

On occasions it may be necessary to change the rates applicable to the work undertaken and if this occurs during the period of the assignment this will be notified to creditors as part of the normal reporting procedures.

DISBURSEMENT POLICY

Disbursements are expenses met by and reimbursed to an office holder in connection with an insolvency appointment.

There are two types of disbursements; direct disbursements (known as Category 1) and indirect disbursements (known as Category 2).

Category 1 disbursements:

These are payments to independent third parties where there is specific expenditure directly referable to the appointment in question, these include but are not limited to such items as case advertising, storage, bonding, searches, insurance.

Category 1 disbursements can be drawn without prior approval

Category 2 disbursements

These are expenses that are directly referable to the appointment in question but not to a payment to an independent third party. With the exception of mileage FRP Advisory do not charge category 2 disbursements.

Mileage payments made for expenses relating to the use of private vehicles for business travel, which is directly attributable to the insolvency estate, are paid by FRP Advisory at the HMRC approved mileage rate prevailing at the time the mileage was incurred, at the time of this report this is 45p per mile.

Category 2 disbursements require prior approval in the same manner as an office holder's remuneration.
