STATEMENT OF THE DIRECTORS' RESPONSIBILITIES IN RESPECT OF THE FINANCIAL STATEMENTS

The directors are responsible for preparing the Report and the financial statements in accordance with applicable law and regulations

Company law requires the directors to prepare financial statements for each financial year. Under that law the directors have elected to prepare the financial statements in accordance with United Kingdom Generally Accepted Accounting Practice (United Kingdom Accounting Standards and applicable law). Under company law the directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the company and of the profit or loss of the company for that period. In preparing these financial statements, the directors are required to

- select suitable accounting policies and then apply them consistently,
 - make judgements and estimates that are reasonable and prudent,
- state whether applicable accounting standards have been followed, and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the company will continue in business

The directors are responsible for keeping proper accounting records that disclose with reasonable accuracy at any time the financial position of the company and enable them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

Scope of the audit of the financial statements

An audit involves obtaining evidence about the amounts and disclosures in the financial statements sufficient to give reasonable assurance that the financial statements are free from material misstatement, whether caused by fraud or error. This includes an assessment of whether the accounting policies are appropriate to the company's circumstances and have been consistently applied and adequately disclosed, the reasonableness of significant accounting estimates made by the directors, and the overall presentation of the financial statements.

Opinion on financial statements

In our opinion the financial statements

- give a true and fair view of the state of the company's affairs as at 31 December 2009 and of its profit for the year then ended, have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice, and

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2009

1. PRINCIPAL ACCOUNTING POLICIES

A summary of the principal accounting policies of the company, all of which have been applied consistently throughout the year and the preceding year, is set out below

Accounting convention

The financial statements have been prepared under the historical cost convention and in accordance with applicable United Kingdom accounting standards. The financial statements have been prepared on the going concern basis as described in the Directors' Report.

In accordance with the provisions of FRS 1 (Revised) the company is exempt from the requirements to prepare a cash flow statement, as it is a wholly-owned subsidiary of Canary Wharf Group plc, which has prepared a consolidated cash flow statement.

Interest receivable and interest payable

Interest receivable and payable are recognised on an accruals basis in the period in which they fall due.

Dividends

Dividend distributions to the company's shareholders are recognised in the financial statements in the period in which the dividends are paid or approved by the company's shareholders.

Trade and other debtors

Debtors are recognised initially at fair value. A provision for impairment is established where there is objective evidence that the company will not be able to collect all amounts due according to the original terms of the debtor concerned.

Trade and other creditors

Trade and other creditors are stated at cost.

Debt

Debt instruments are stated initially at the amount of the net proceeds. The finance costs of such debt instruments are allocated to periods over the term of the debt at a constant rate on the carrying amount. The carrying amount is increased by the finance cost in respect of the reporting period and reduced by payments made in respect of the debt of that period. Finance costs are charged to the profit and loss account.

Taxation

Current tax is provided at amounts expected to be paid or recovered using the tax rates and laws that have been enacted or substantively enacted at the balance sheet date. The company is part of a UK group for group relief purposes and accordingly may take advantage of the group relief provisions whereby current taxable profits can be offset by current tax losses arising in other companies in that group. The group's policy is that no payment will be made for tax losses surrendered under the group relief provisions.
