## NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 DECEMBER 2004

### 1 Accounting policies

#### 1.1 Accounting convention

The financial statements are prepared under the historical cost convention, and in accordance with applicable accounting standards.

The financial statements have been prepared on the going concern basis. This is considered appropriate as the ultimate beneficial shareholders will continue to provide financial support to the company for the foreseeable future.

The company has taken advantage of the exemption in Financial Reporting Standard No 1 from the requirement to produce a cash flow statement on the grounds that it is a small company.

#### 1.2 Investments

Fixed asset investments are stated at cost less provision for diminution in value.

#### 1.3 Deferred taxation

Deferred taxation is provided at appropriate rates on all timing differences using the liability method only to the extent that, in the opinion of the director, there is a reasonable probability that a liability or asset will crystallise in the foreseeable future.

#### 1.4 Foreign currency translation

The company's accounting records are maintained in Pounds Sterling.

Transactions in other currencies are converted at the rate ruling at the date of the transaction. Current assets and liabilities are converted at the rate of exchange ruling at the balance sheet date. Any material gains or losses resulting from the conversion are taken to the profit and loss account.

#### 1.5 Group accounts

The financial statements present information about the company as an individual undertaking and not about its group. The company and its subsidiary undertaking comprise a small-sized group. The company has therefore taken advantage of the exemptions provided by section 248 of the Companies Act 1985 not to prepare group accounts.
