**CSG Healthcare Limited**  
**Directors' Report for the Year Ended 31 December 2009**

The directors present their report and the audited financial statements for the year ended 31 December 2009

**Directors' responsibilities**

The directors are responsible for preparing the Annual Report and the financial statements in accordance with applicable law and regulations

Company law requires the directors to prepare financial statements for each financial year. Under that law the directors have elected to prepare the financial statements in accordance with United Kingdom Generally Accepted Accounting Practice (United Kingdom Accounting Standards and applicable law). Under company law the directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the company and of the profit or loss of the company for that period.

In preparing those financial statements, directors are required to

- select suitable accounting policies and apply them consistently,
- make judgements and estimates that are reasonable and prudent,
- state whether applicable UK accounting standards have been followed, subject to any material departures disclosed and explained in the financial statements,
- prepare the financial statements on a going concern basis unless it is inappropriate to presume that the company will continue in business.

The directors are responsible for keeping adequate accounting records that are sufficient to show and explain the company's transactions and disclose with reasonable accuracy at any time the financial position of the company and enable them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

The directors are responsible for the maintenance and integrity of the company's website. Legislation in the United Kingdom governing the preparation and dissemination of financial statements may differ from legislation in other jurisdictions.

**Directors' statement regarding disclosure of information to auditors**

Each of the persons who is a director at the date of approval of this report confirms that

- a) so far as the director is aware, there is no relevant audit information of which the company's auditors are unaware, and
- b) they have taken all the steps that they ought to have taken as a director in order to make themselves aware of any relevant audit information and to establish that the company's auditors are aware of that information.

**Principal activity**

The principal activity of the company is that of a holding company and this is expected to continue into the future.

**Business review and future developments**

The directors are satisfied with the performance of the company and expect no change in the foreseeable future.

**Results and dividends**

The results for the company are set out in the financial statements.

The directors do not recommend the payment of a dividend (2008 - £nil).

**CSG Healthcare Limited**  
**Directors' Report for the Year Ended 31 December 2009**

**Insurance**

Impelliam Group plc ("the group"), of which the company is a member, maintains a comprehensive insurance programme with a number of reputable third party underwriters. These insurance policies are reviewed annually to ensure that there is adequate cover for insurable risks and that the terms of those policies are optimised.

**Principal risks facing the business**

The principal risks and uncertainties of the group, which include those of the company, are discussed in the Group Financial Director's Report in the group's annual report which does not form part of this report. The group's business and financial risks are managed at a group level, rather than at an individual company level. For this reason, the company's directors believe that a discussion of the group's risks would not be appropriate for an understanding of the development, performance or position of the company.

**Donations**

There were no charitable or political donations made by the company in either 2009 or 2008.

**Directors**

The directors who held office during the year were as follows:

- A Burchall
- DMC Doyle (resigned 14 May 2009)
- RJ Watson

**Directors' Indemnity provisions**

During the year and to the date of these accounts, the group had in force an indemnity provision in favour of one or more Directors of the company against liability in respect of proceedings brought by third parties, subject to the conditions set out in the Companies Act 2006.

**Retirement of directors**

In accordance with the Articles of Association, directors are not required to retire from the board on a rotational basis.

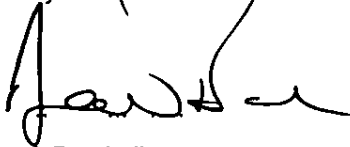

**Election to dispense laying accounts**

The company has elected to dispense with laying accounts before the members in general meeting. Members, however, may by notice in writing to the company at its registered office require that accounts are laid before the members in general meeting.

**Auditors**

The auditors, PricewaterhouseCoopers LLP, have indicated their willingness to continue in office and so are deemed to be re-appointed in accordance with section 487 of the Companies Act 2006.

By order of the Board

Director

Those standards require us to comply with the Auditing Practices Board's (APB's) Ethical Standards for Auditors.

**Scope of the audit of the financial statements**

An audit involves obtaining evidence about the amounts and disclosures in the financial statements sufficient to give reasonable assurance that the financial statements are free from material misstatement, whether caused by fraud or error. **Matters on which we are required to report by exception**

- adequate accounting records have not been kept, or returns adequate for our audit have not been received from branches not visited by us, or
- the financial statements are not in agreement with the accounting records and returns, or
- certain disclosures of directors' remuneration specified by law are not made, or
- we have not received all the information and explanations we require for our audit

### Notes to the Financial Statements for the Year Ended 31 December 2009

#### 1 Accounting policies

##### Basis of preparation

The financial statements have been prepared on a going concern basis under the historical cost convention and in accordance with applicable UK accounting standards and the Companies Act 2006. The principal accounting policies have been applied consistently during the year and are set out below.

##### Significant accounting judgements

In applying the company's accounting policies the following judgements have been made that may have a significant effect on the amounts recognised in the financial statements:

##### *Recoverability of debtors*

The company determines whether debtors are impaired if events or changes in circumstances indicate that the carrying value may not be recoverable at least on an annual basis.

##### Fixed asset investments

Fixed asset investments are stated at cost less a provision for impairment. The carrying values of investments are reviewed for impairment at least on an annual basis. This requires an estimation of the recoverable amount of the cash-generating unit to which the assets are allocated. Estimating the value in use requires the company to make an estimate of the future cash flows from the cash-generating unit and also to choose a suitable discount rate in order to calculate the present value of those cash flows.

##### Taxation

Current tax is recognised at the amounts estimated to be payable or recoverable using the tax rates and laws that have been enacted or substantively enacted by the balance sheet date.

Deferred tax assets and liabilities are recognised, subject to certain exceptions, in respect of all material timing differences between the recognition of gains and losses in the accounts and for tax purposes. Those timing differences recognised may include accelerated capital allowances, unrelieved tax losses and short term timing differences. Timing differences not recognised include those relating to the revaluation of fixed assets in the absence of a commitment to sell the revalued assets and the gain on sale of assets rolled over into replacement assets in the absence of a commitment to sell the replacement assets.

Deferred tax assets are recognised to the extent that they are regarded as recoverable. They are regarded as recoverable to the extent that, on the basis of all available evidence, it can be regarded as more likely than not that there will be suitable taxable profits from which the future reversal of the underlying timing differences can be deducted.

Deferred tax is calculated on a non-discounted basis at the tax rates that are expected to apply in the periods in which timing differences reverse, based on tax rates and laws enacted or substantively enacted at the balance sheet date.

##### Cash flow statement

The company has taken advantage of the exemption under Financial Reporting Standard No. 1 (revised 1996) not to publish a cash flow statement as it is a wholly owned subsidiary of Impellam Group plc, which has prepared consolidated financial statements which are publicly available.

##### Consolidation

The company is exempt under Section 400 of the Companies Act 2006 from the requirement to prepare group accounts because it is a wholly owned subsidiary of Impellam Group plc which prepares consolidated accounts which are publicly available. Accordingly, these accounts are those of the company and not of its group.

#### Analysis of current period tax credit

	2009 £	2008 £
<b>Total tax on profit on ordinary activities</b>	-	-

#### Factors affecting current period tax credit

The tax assessed on the profit on ordinary activities for the year is the same as (2008 - the same as) the standard rate of corporation tax in the UK of 28.0% (2008 - 28.5%)

The differences are reconciled below

	2009 £	2008 £
Profit on ordinary activities before taxation	-	-
Standard rate corporation tax credit	-	-
Transfer pricing adjustments (see below)	1,680	6,000
Group relief claimed at less than the standard rate	(1,680)	(6,000)
<b>Total current tax for the year</b>	-	-

UK legislation requires in broad terms, that most transactions between connected parties be at an arm's length price for tax purposes (commonly known as 'transfer pricing'). As a result, this company has become taxable on deemed net interest receivable that has not been recognised in the accounts
