NOTES TO THE ABBREVIATED ACCOUNTS
FOR THE YEAR ENDED 31 MARCH 2015

1. ACCOUNTING POLICIES

Accounting convention

The financial statements have been prepared under the historical cost convention as modified by the revaluation of certain assets and in accordance with the Financial Reporting Standard for Smaller Entities (effective April 2008).

Turnover

Turnover represents net invoiced sales of services, excluding value added tax.

Tangible fixed assets

Depreciation is provided at the following annual rates in order to write off each asset over its estimated useful life.

Freehold property	- not provided
Fixtures and fittings	- 25% on reducing balance
Motor vehicles	- 25% on reducing balance
Computer equipment	- 33% on cost

Deferred tax

Deferred tax is recognised in respect of all timing differences that have originated but not reversed at the balance sheet date.

Investment property

The land and buildings are considered to be investment property as defined by Statement of Standard Accounting Practice Number 19. In accordance with the standard they are revalued annually and the surplus or deficit transferred to a revaluation reserve.

No depreciation is provided on the buildings. This is a departure from the requirements of the Companies Act 1985. Depreciation is only one amongst many factors reflected in the annual valuation of the buildings and accordingly the amount of depreciation which might otherwise have been charged cannot be separately identified or quantified. The directors consider that this policy is necessary for the accounts to show a true and fair view.
