CENTRE ISLAND HOTELS SERVICES LIMITED

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2016

1 Accounting policies

Company information

Centre Island Hotels Services Limited is a company limited by shares incorporated in England and Wales. The registered office is 62 Castle Street, Liverpool, England, L2 7LQ.

The company was dormant (within the meaning of Section 480 of the Companies Act 2006) throughout the year ended 31 December 2016. The company has not traded during the year or during the preceding financial year. During these periods, the company received no income and incurred no expenditure and therefore made neither profit nor loss.

Accounting convention

These financial statements have been prepared in accordance with FRS 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland" ("FRS 102") and the requirements of the Companies Act 2006.

The financial statements are prepared in sterling, which is the functional currency of the company. Monetary amounts in these financial statements are rounded to the nearest £.

The financial statements have been prepared under the historical cost convention. The principal accounting policies adopted are set out below.

Reduced disclosures

The company is a qualifying entity under the FRS 102 Reduced Disclosure Framework and has taken advantage of the exemptions from the following disclosure requirements:

- Section 7 'Statement of Cash Flows' - Presentation of a Statement of Cash Flow and related notes and disclosures.
- Section 11 'Basic Financial Instruments' and Section 12 'Other Financial Instrument Issues' - Carrying amounts, interest income/expense and net gains/losses for each category of financial instrument; basis of determining fair values, details of collateral, loan defaults or breaches, details of hedges, hedging fair value changes recognised in profit or loss and in other comprehensive income.
- Section 33 'Related Party Disclosures' - Compensation for key management personnel.

The financial statements of the company are consolidated in the financial statements of Centre Island Hotels Limited. The consolidated financial statements of Centre Island Hotels Limited are available from its registered office, 62 Castle Street, Liverpool, England L2 7LQ.

Financial instruments

The company has elected to apply the provisions of Section 11 'Basic Financial Instruments' and Section 12 'Other Financial Instruments Issues' of FRS 102 to all its financial instruments. Financial instruments are recognised when the company becomes party to the contractual provisions of the instrument. Financial assets and liabilities are offset, with the net amounts presented in the financial statements, when there is a legally enforceable right to set off the recognised amounts and there is an intention to settle on a net basis or to realise the asset and settle the liability simultaneously.

Basic financial assets, which include trade and other receivables and cash and bank balances, are initially measured at transaction price including transaction costs and are subsequently carried at amortised cost using the effective interest method unless the arrangement constitutes a financing transaction, where the financial asset is measured at the present value of the future receipts discounted at a market rate of interest. Financial assets are derecognised only when the contractual rights to the cash flows from the asset expire or are settled, or when the company transfers the financial asset and substantially all the risks and rewards of ownership to another entity, or if some significant risks and rewards of ownership are retained but control of the asset has transferred to another party that is able to sell the asset in its entirety to an unrelated third party.

CENTRE ISLAND HOTELS SERVICES LIMITED

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED) FOR THE YEAR ENDED 31 DECEMBER 2016

1 Accounting policies (Continued)

Financial liabilities and equity instruments are classified according to the substance of the contractual arrangements entered into. Basic financial liabilities, including trade and other payables, bank loans, loans from fellow group companies and preference shares that are classified as debt are initially recognised at transaction price unless the arrangement constitutes a financing transaction, where the debt instrument is measured at the present value of the future receipts discounted at a market rate of interest. Financial liabilities are derecognised when, and only when, the company's contractual obligations are discharged, cancelled, or they expire.

An equity instrument is any contract that evidences a residual interest in the assets of the entity after deducting all of its financial liabilities. Equity instruments issued by the company are recorded at the proceeds received, net of direct issue costs. Dividends payable on equity instruments are recognised as liabilities once they are no longer at the discretion of the company.

2 Judgements and key sources of estimation uncertainty

In the application of the company's accounting policies, the directors are required to make judgements, estimates and assumptions about the carrying amount of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised, if the revision affects only that period, or in the period of the revision and future periods if the revision affects both current and future periods.

At the end of the year, there were no estimates and assumptions which have a significant risk of causing a material adjustment to the carrying amount of assets and liabilities.

3 Debtors

	2016	2015
	£	£
Amounts falling due within one year:		
Other debtors	300	300
