NOTES TO THE ABBREVIATED ACCOUNTS YEAR ENDED 31 MARCH 2008

1 Accounting policies

The financial statements have been prepared under the historical cost convention and in accordance with the Financial Reporting Standard for Smaller Entities (effective January 2007). The following principal accounting policies have been applied:

a) Turnover

Turnover represents sales to outside customers at invoiced amounts less value added tax.

b) Depreciation

Depreciation is provided to write off the cost, less estimated residual values, of all fixed assets, over their expected useful lives. It is calculated at the following rates:

Plant and machinery	-	20% reducing balance
---------------------	---	----------------------

c) Stocks and work in progress

Stocks and work in progress are valued at the lower of cost and net realisable value. Cost is based on the cost of purchase on a first in, first out basis. Net realisable value is based on estimated selling price less additional costs to completion and disposal.
