Strategic Report For the year ended 31 December 2019

The directors present their strategic report for Berrington UK (the 'company') for the year ended 31 December 2019. The directors, in preparing this strategic report, have complied with s414C of the Companies Act 2006.

Results

The profit for the year after tax was £351,027,000 (2018: £821,995,000).

Business review and principal activities

The principal activity of the company is that of a non-trading holding company. Its subsidiaries are listed in note 8.

The results of the business reflect its status as a holding company.

At the date of this report, the directors are not aware of any likely major changes in the company's activities in the coming year.

Principal risks and uncertainties

The main risk that the company is exposed to is the impairment of investments. The company annually reviews its investments for any indicators of impairment and makes provisions as necessary.

Key performance indicators (KPIs)

The directors do not measure the performance of the company through KPIs as the company is non-trading and holds investments.

Approved for issue by the Board of Directors

Giles Hudson Director

22 July 2020

Directors' Report For the year ended 31 December 2019

The directors present their annual report on the affairs of the company, together with the audited financial statements and independent auditor's report, for the year ended 31 December 2019.

Principal activities

The principal activity of the company is that of a non-trading holding company. Details of future developments, financial risk management have been discussed on page 1 in the Strategic Report.

Financial risk management policies

The company's principal financial assets are amounts owed by group undertakings and investments. Consequently, the company has no external credit price, or liquidity risks.

Going concern

Although the company has substantial net assets, it also has net current liabilities as set out in the balance sheet on page 9. The company also has an obligation to repay a loan on being given 30 days notice, as set out in Note 10. However, as the company has access to a group banking facility, it consequently has sufficient cash resources to meet any reasonably foreseeable obligation. This facility is due for renewal for a further 12 months in January 2021 and the directors have no reason to believe that this will not be forthcoming. The directors have a reasonable expectation that the company has adequate resources to continue in operational existence for a period of at least 12 months from the signing of the financial statements, despite the current economic outlook. Thus, the directors continue to adopt the going concern basis in preparing the annual report and financial statements.

As a result of the global Covid-19 pandemic the directors have also considered that this has no impact on the going concern assumption on the basis that:

- Per the Q1 trading announcement of Illinois Tool Works Inc, the group has \$1.4 billion of cash on hand, essentially no short-term debt, and a revolving credit facility in place that could provide additional liquidity of \$2.5 billion.
- The company settles its liabilities when due, is non-trading and has no employees.

Dividends

Dividends of £356,881,000 have been paid during the year (2018: £923,417,000). The directors do not recommend the payment of a final dividend.

Since year-end, dividends of £43,829,000 were proposed and paid and funded from dividends received.

Directors

The directors who served during the year and up to the date of signing were:

Giles Hudson Stephen Rowell

Post balance sheet event

After 31 December 2019, the World Health Organisation declared that the Covid-19 virus be considered a pandemic. As the company is non trading and has no employees the primary asset is the value of investments. However, despite Covid-19, the Directors do not consider it will have a long-term detrimental impact on the value of the company's investments and believe the going concern assumption remains appropriate as set out in note 1.

Directors' Report (continued) For the year ended 31 December 2019

Auditor

Each of the persons who is a director at the date of approval of this report has confirmed that:

- so far as the director is aware, there is no relevant audit information of which the company's auditor is unaware, and
- the director has taken all the steps that he ought to have been taken as a director to make himself aware of any relevant audit information and to establish that the company's auditor is aware of that information.

This confirmation is given and should be interpreted in accordance with the provisions of s418 of the Companies Act 2006.

The directors propose to reappoint Deloitte LLP as the auditor for the ensuing year.

Deloitte LLP have expressed their willingness to continue in office as the auditor and appropriate arrangements have been put in place for them to be deemed reappointed as auditor in the absence of an Annual General Meeting.

Approved for issue by the Board of Directors

Giles Hudson Director

22 July 2020

Directors' Responsibilities Statement

The directors are responsible for preparing the Annual Report and the financial statements in accordance with applicable law and regulations.

Company law requires the directors to prepare financial statements for each financial year. Under that law the directors have elected to prepare the financial statements in accordance with United Kingdom Generally Accepted Accounting Practice (United Kingdom Accounting Standards and applicable law), including FRS 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland". Under company law the directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the company and of the profit or loss of the company for that period.

In preparing these financial statements, the directors are required to:

- select suitable accounting policies and then apply them consistently;
- make judgements and accounting estimates that are reasonable and prudent; and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the company will continue in business.

The directors are responsible for keeping adequate accounting records that are sufficient to show and explain the company's transactions and disclose with reasonable accuracy at any time the financial position of the company and enable them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

Independent Auditor's Report to the members of Berrington UK

Report on the audit of the financial statements

Opinion

In our opinion the financial statements of Berrington UK (the 'company'):

- give a true and fair view of the state of the company's affairs as at 31 December 2019 and of its profit for the year then ended;
- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice, including Financial Reporting Standard 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland"; and
- have been prepared in accordance with the requirements of the Companies Act 2006.

We have audited the financial statements which comprise:

- the statement of comprehensive income;
- the balance sheet;
- the statement of changes in equity; and
- the related notes 1 to 13.

The financial reporting framework that has been applied in their preparation is applicable law and United Kingdom Accounting Standards, including Financial Reporting Standard 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland" (United Kingdom Generally Accepted Accounting Practice).

Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (UK) (ISAs (UK)) and applicable law. Our responsibilities under those standards are further described in the auditor's responsibilities for the audit of the financial statements section of our report.

We are independent of the company in accordance with the ethical requirements that are relevant to our audit of the financial statements in the UK, including the Financial Reporting Council's (the 'FRC's') Ethical Standard, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Conclusions relating to going concern

We are required by ISAs (UK) to report in respect of the following matters where:

- the directors' use of the going concern basis of accounting in preparation of the financial statements is not appropriate; or
- the directors have not disclosed in the financial statements any identified material uncertainties that may
 cast significant doubt about the company's ability to continue to adopt the going concern basis of
 accounting for a period of at least twelve months from the date when the financial statements are
 authorised for issue.

We have nothing to report in respect of these matters.

Independent Auditor's Report to the members of Berrington UK (continued)

Other information

The directors are responsible for the other information. The other information comprises the information included in the annual report, other than the financial statements and our auditor's report thereon. Our opinion on the financial statements does not cover the other information and, except to the extent otherwise explicitly stated in our report, we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If we identify such material inconsistencies or apparent material misstatements, we are required to determine whether there is a material misstatement in the financial statements or a material misstatement of the other information. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact.

We have nothing to report in respect of these matters.

Responsibilities of directors

As explained more fully in the directors' responsibilities statement, the directors are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view, and for such internal control as the directors determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the directors are responsible for assessing the company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the company or to cease operations, or have no realistic alternative to do so.

Auditor's responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

A further description of our responsibilities for the audit of the financial statements is located on the FRC's website at: www.frc.org.uk/auditorsresponsibilities. This description forms part of our auditor's report.

Independent Auditor's Report to the members of Berrington UK (continued)

Report on other legal and regulatory requirements

Opinions on other matters prescribed by the Companies Act 2006

In our opinion, based on the work undertaken in the course of the audit:

- the information given in the strategic report and the directors' report for the financial year for which the financial statements are prepared is consistent with the financial statements; and
- the strategic report and the directors' report have been prepared in accordance with applicable legal requirements.

In the light of the knowledge and understanding of the company and its environment obtained in the course of the audit, we have not identified any material misstatements in the strategic report or the directors' report.

Matters on which we are required to report by exception

Under the Companies Act 2006 we are required to report in respect of the following matters if, in our opinion:

- adequate accounting records have not been kept, or returns adequate for our audit have not been received from branches not visited by us; or
- the financial statements are not in agreement with the accounting records and returns; or
- certain disclosures of directors' remuneration specified by law are not made; or
- we have not received all the information and explanations we require for our audit.

We have nothing to report in respect of these matters.

Use of our report

andrew Hornby

This report is made solely to the company's members, as a body, in accordance with Chapter 3 of Part 16 of the Companies Act 2006. Our audit work has been undertaken so that we might state to the company's members those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the company and the company's members as a body, for our audit work, for this report, or for the opinions we have formed.

The notes on pages 11 to 24 form part of these financial statements.

Notes to the Financial Statements For the year ended 31 December 2019

1. Statement of accounting policies

The principal accounting policies are summarised below. They have all been applied consistently throughout the current year and the preceding year.

1.1 General information and basis of accounting

Berrington UK is a private unlimited company incorporated, registered and domiciled in England and Wales under the Companies Act 2006. The address of the registered office is given on the company information page. The nature of the company's operations and its principal activities are set out in the directors' report on page 2.

The financial statements are prepared under the historical cost convention and in accordance with Financial Reporting Standard 102 (FRS 102) issued by the Financial Reporting Council, "The Financial Reporting Standard applicable in the United Kingdom and Republic of Ireland".

The functional currency of Berrington UK is considered to be pound sterling because that is the currency of the primary economic environment in which the company operates. Foreign operations are included in accordance with the policies set out below.

1.2 Group financial statements

The company is exempt from the requirement to prepare consolidated financial statements per s401 of the Companies Act as the company is included within the consolidated financial statements of Illinois Tool Works Inc., which are available as indicated in note 13.

1.3 Qualifying entity disclosure exemptions

In preparing the financial statements of the company, advantage has been taken of the disclosure exemption for qualifying entities. Berrington UK is a qualifying entity as it is a member of a group whose parent prepares publicly available consolidated financial statements which includes the results of the company (further details in note 13). Therefore, Berrington UK has claimed the available exemption not to present a cash flow statement, disclose key management personnel total compensation, disclose related party transactions or the requirement related to financial instrument disclosures.

1.4 Going concern

Although the company has substantial net assets, it also has net current liabilities as set out in the balance sheet on page 9. The company also has an obligation to repay a loan on being given 30 days notice, as set out in Note 10. However, as the company has access to a group banking facility, it has sufficient cash resources to meet this potential obligation. This facility is due for renewal for a further 12 months in January 2021 and the company has no reason to believe that this will not be forthcoming. After making enquiries, the directors have a reasonable expectation that the company has adequate resources to continue in operational existence for a period of at least 12 months from the signing of the financial statements, despite the current economic outlook. Accordingly, the directors continue to adopt the going concern basis in preparing the annual report and financial statements.

As a result of the global Covid-19 pandemic the directors have also considered that this has no impact on the going concern assumption on the basis that:

- Per the Q1 trading announcement of Illinois Tool Works Inc, the group has \$1.4 billion of cash on hand, essentially no short-term debt, and a revolving credit facility in place that could provide additional liquidity of \$2.5 billion.
- The company settles its liabilities when due, is non-trading and has no employees.

Notes to the Financial Statements For the year ended 31 December 2019

1. Statement of accounting policies (continued)

1.5 Finance costs

Finance costs are recognised in the statement of other comprehensive income, incorporating the profit and loss account over the term of the debt at a constant rate on the carrying amount.

1.6 Dividend income

Dividend income is recognised when the right to receive payment is established.

1.7 Foreign currency

Transactions in foreign currencies are recorded at the rate of exchange at the date of the transaction. Monetary assets and liabilities denominated in foreign currencies at the balance sheet date are reported at the rates of exchange prevailing at that date.

1.8 Investments

Fixed asset investments are shown at cost less provision for impairment.

1.9 Impairment of assets

Assets are assessed for indicators of impairment at each balance sheet date. If there is objective evidence of impairment, an impairment loss is recognised in profit or loss as described below.

Non-financial assets

An asset is impaired where there is objective evidence that, as a result of one or more events that occurred after initial recognition, the estimated recoverable value of the asset has been reduced. The recoverable amount of an asset is the higher of its fair value less costs to sell and its value in use.

Where indicators exist for a decrease in impairment loss, the prior impairment loss is tested to determine reversal. An impairment loss is reversed on an individual impaired asset to the extent that the revised recoverable value does not lead to a revised carrying amount higher than the carrying value had no impairment been recognised.

Financial assets

For financial assets carried at amortised cost, the amount of an impairment is the difference between the asset's carrying amount and the present value of estimated future cash flows, discounted at the financial asset's original effective interest rate.

For financial assets carried at cost less impairment, the impairment loss is the difference between the asset's carrying amount and the best estimate of the amount that would be received for the asset if it were to be sold at the reporting date.

Where indicators exist for a decrease in impairment loss, and the decrease can be related objectively to an event occurring after the impairment was recognised, the prior impairment loss is tested to determine reversal. An impairment loss is reversed on an individual impaired financial asset to the extent that the revised recoverable value does not lead to a revised carrying amount higher than the carrying value had no impairment been recognised.

Notes to the Financial Statements For the year ended 31 December 2019

1. Statement of accounting policies (continued)

1.10 Financial instruments

Financial assets and financial liabilities are recognised when the company becomes party to the contractual provisions of the instrument.

Financial liabilities and equity instruments are classified according to the substance of the contractual arrangements entered into. An equity instrument is any contract that evidences a residual interest in the assets of the company after deducting all of its liabilities.

Financial assets and liabilities

All financial assets and liabilities are initially measured at transaction price (including transaction costs).

Financial assets are derecognised when and only when a) the contractual rights to the cash flows from the financial asset expire or are settled, b) the company transfers to another party substantially all of the risks and rewards of ownership of the financial asset, or c) the company, despite having retained some significant risks and rewards of ownership, has transferred control of the asset to another party and the other party has the practical ability to sell the asset in its entirety to an unrelated third party and is able to exercise that ability unilaterally and without needing to impose additional restrictions on the transfer.

Financial liabilities are derecognised only when the obligation specified in the contract is discharged, cancelled or expires.

1.11 Taxation

Current tax, including UK corporation tax and foreign tax is provided at amounts expected to be paid (or recovered) using the tax rates and laws that have been enacted or substantively enacted by the balance sheet date.

Deferred tax is recognised in respect of all timing differences that have originated but not reversed at the balance sheet date where transactions or events that result in an obligation to pay more tax in the future or a right to pay less tax in the future have occurred at the balance sheet date. Timing differences are differences between the company's taxable profits and its result as stated in the financial statements that arise from the inclusion of gains and losses in tax assessments in periods different from those in which they are recognised in the financial statements.

Unrelieved tax losses and other deferred tax assets are recognised only to the extent that, on the basis of all available evidence, it can be regarded as more likely than not that there will be suitable taxable profits from which the future reversal of the underlying timing differences can be deducted.

Deferred tax liabilities are recognised for timing differences arising from investments in subsidiaries, except where the group is able to control the reversal of the timing difference and it is probable that it will not reverse in the foreseeable future.

Deferred tax is measured using the tax rates and laws that have been enacted or substantively enacted by the balance sheet date that are expected to apply to the reversal of the timing difference.

The tax expense or income is presented in the same component of comprehensive income or equity as the transaction or other event that resulted in the tax expense or income.

Notes to the Financial Statements For the year ended 31 December 2019

1. Statement of accounting policies (continued)

1.12 Foreign currency

Transactions in foreign currencies are recorded at the rate of exchange at the date of the transaction. Monetary assets and liabilities denominated in foreign currencies at the balance sheet date are reported at the rates of exchange prevailing at that date.

1.13 Dividends

Equity dividends are recognised when they become legally payable. Interim equity dividends are recognised when paid. Final equity dividends are recognised when approved by the shareholders at an annual general meeting.

2. Critical accounting judgements and key sources of estimation uncertainty

In the application of the company's accounting policies, the directors are required to make judgements, estimates and assumptions about the carrying amounts of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the year in which the estimate is revised if the revision affects only that year, or in the year of the revision and future years if the revision affects both current and future years.

Key sources of estimation uncertainty

The key assumptions concerning the future, and other key sources of estimation uncertainty at the balance sheet date, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are discussed below.

In preparing the financial statements the directors have made the following estimate:

Determining whether there are indicators of impairment of the company's fixed asset investments.
 Factors taken into consideration in reaching a decision include the economic viability and expected future financial performance of the investments as well as any significant changes to the technological, market, economic or legal environments in which the investments operate.

Notes to the Financial Statements For the year ended 31 December 2019

3. Profit before taxation

Profit is stated after crediting:

	2019 £000	2018 £000
Share of profits received from unlisted investments	356,881	827,002

Fees for the audit of the financial statements are borne by another group company. The audit fee for the year, if allocated to the company, would be £4,000 (2018: £4,000).

4. Staff costs and directors' emoluments

There were no employees of the company during either year.

Two directors (2018: two) are also directors of ITW Limited, a fellow group company. ITW Limited paid the directors £452,349 (2018: £458,108) of emoluments and the directors accrued benefits under a defined benefit scheme. The directors do not receive any emoluments in respect of services to this company. The emoluments of the highest paid director were £246,089 (2018: £247,010) and the accrued pension entitlement under the company's defined benefit schemes of the highest paid director at 31 December 2019 was £63,382 (2018: £57,033).

5. Interest payable and similar expenses

	2019 £000	2018 £000
Interest payable to group companies	7,227 	6,162

Notes to the Financial Statements For the year ended 31 December 2019

6.	Tax on profit		
		2019 £000	2018 £000
	Current tax on profit		
	UK corporation tax	(1,373)	(1,115)
	Total current tax	(1,373)	(1,115)

The standard rate of tax applied to reported profit on ordinary activities is 19% (2018: 19%).

Factors affecting future tax charges

7.

In the 2020 Spring Budget the Government announced that from 1 April 2020 the corporation tax rate would remain at 19%. This new law was substantively enacted on 17 March 2020.

The differences between the total tax charge shown above and the amount calculated by applying the standard rate of UK corporation tax to profit before tax is as follows:

	2019 £000	2018 £000
Profit before taxation	349,654	820,840
Profit multiplied by standard rate of corporation tax in the UK of 19% (2018: 19%)	66,434	155,959
Effects of:		
Non taxable income	(67,807)	(157,130)
Losses surrendered to other group companies not being paid for	. •	56
Total tax credit for the year	(1,373)	(1,115)
Dividends		
	2019 £000	2018 £000
Dividends paid of £713.76 (2018: £1,846.83) per share	356,881	923,417

Notes to the Financial Statements For the year ended 31 December 2019

8. Investments

	Investments in subsidiary companies £000
Cost or valuation	
At 1 January 2019	2,379,187
At 31 December 2019	2,379,187
Impairment	
At 1 January 2019	100,700
At 31 December 2019	100,700
Net book value	
At 31 December 2019	2,278,487
At 31 December 2018	2,278,487

Principal subsidiary

The company owns 100% of the issued ordinary share capital of ITW Limited, which is registered in England and Wales. ITW Limited designs and manufactures an array of highly engineered fasteners and components, equipment and consumable systems and a variety of speciality products and equipment for customers around the world.

Notes to the Financial Statements For the year ended 31 December 2019

8. Investments (continued)

Subsidiary undertakings

In the opinion of the directors the aggregate value of the company's investment consisting of shares in or amounts owed by its subsidiaries and associates is not less than the aggregate amounts at which they are stated in the balance sheet.

The following were subsidiary undertakings of the company:

Name	Class of shares	Holding	Principal activity
Advanced Molding Company, Inc(1)	Percentage Ownership	100%	Manufacturing company
Beijing Miller Electric Manufacturing Co. Ltd ⁽²⁾	Percentage Ownership	100%	Manufacturing company

Notes to the Financial Statements For the year ended 31 December 2019

9.	Debtors: Amounts falling due within one year		
		2019 £000	2018 £000
	Tax recoverable	1,373	1,115
10.	Creditors: Amounts falling due within one year	2019 £000	2018 £000
	Amounts owed to group undertakings	338,291	332,179
	Amounts owed to group undertakings - non interest bearing unsecured loan notes . Amounts owed to group undertakings - 8% unsecured promissory note	100,000 59,000	100,000 59,000
		497,291	491,179

The amounts owed to group undertakings are unsecured, bear interest at the Bank of England base rate and are repayable upon demand.

The non interest bearing unsecured loan note and 8% promissory note are repayable to ITW UK at any time after 30 days notice. However they have confirmed they will not seek to recall this amount in the foreseeable future.

Notes to the Financial Statements For the year ended 31 December 2019

11. Called-up shares and reserves 2019 2018 £000 £000 Authorised 100,000,000 (2018: 100,000,000) Ordinary shares of £1.00 each 100,000 4000 100,000 100,000

The company's other reserves are as follows:

500,002 (2018: 500,002) Ordinary shares of £1.00 each

Called-up, allotted and fully paid

The share premium account represents the amount subscribed for share capital in excess of nominal value.

500

500

The capital contribution account represents cash and assets given to the company.

The profit and loss reserve represents cumulative profits, losses and other comprehensive income made by the company as well as distributions and other adjustments.

12. Post balance sheet events

After 31 December 2019, the World Health Organisation declared that the Covid-19 virus be considered a pandemic. As the company is non trading and has no employees the primary asset is the value of investments. However, despite Covid-19, the Directors do not consider it will have a long-term detrimental impact on the value of the company's investments and believe the going concern assumption remains appropriate as set out in note 1.

13. Ultimate parent undertaking

The immediate parent undertaking of the company is ITW UK Finance Gamma Limited, a company incorporated in the United Kingdom.

The ultimate parent company and ultimate controlling party is Illinois Tool Works Inc., which is incorporated in the State of Delaware, United States of America.

The smallest and largest company in which the results of Berrington UK are consolidated is that headed by Illinois Tool Works Inc. Copies of these financial statements are available from Illinois Tool Works Inc., registered office 155 Harlem Avenue, Glenview, Illinois 60025, United States of America.
