## NOTES TO THE ABBREVATED ACCOUNTS FOR THE YEAR ENDED 31 DECEMBER 2000

#### 1 Accounting policies

#### 1.1 Accounting convention

The financial statements are prepared under the historical cost convention.

The company has taken advantage of the exemption in Financial Reporting Standard No 1 from the requirement to produce a cashflow statement on the grounds that it is a small company.

#### 1.2 Turnover

Income represents amounts receivable for membership, use of gliders, and course fees.

#### 1.3 Goodwill

Acquired goodwill is written off in equal annual instalments over five years.

#### 1.4 Tangible fixed assets and depreciation

Tangible fixed assets are stated at cost less depreciation. Depreciation is provided at rates calculated to write off the cost less estimated residual value of each asset over its expected useful life, as follows.

The depreciation policy in respect of gliders and flying equipment, formerly subject to annual revaluation, has changed in the year to that detailed below.

Gliders & flying equipment at 10% and 20% per annum on cost, gliders and flying

equipment respectively

Ground equipment at 10% per annum on cost
Aircraft at 20% per annum on cost

## 1.5 Leasing

Rentals payable under operating leases are charged against income on a straight line basis over the lease term.

#### 1.6 Investments

Fixed asset investments are stated at cost less provision for diminution in value.

#### 1.7 Stock

Stock is valued at the lower of cost and net realisable value.

#### 1.8 Group accounts

The financial statements present information about the company as an individual undertaking and not about its group. The company and its subsidiary undertaking comprise a small-sized group. The company has therefore taken advantage of the exemptions provided by section 248 of the Companies Act 1985 not to prepare group accounts.

#### 1.9 Aircraft Maintenance - Provision for Liabilities

Costs of £3,000 per annum are charged to aircraft maintenance in anticipation of expected remedial works that will arise from the next triennial CAA inspection of the Tug Aircraft.
