### ACCOUNTING POLICIES

#### BASIS OF ACCOUNTING

The financial statements have been prepared under the historical cost convention in accordance with applicable accounting standards.

#### GOODWILL

Goodwill representing the excess of the purchase price compared with the fair value of assets acquired is capitalised and written off over 2 years as in the opinion of the directors this represents the period over which the goodwill is effective.

#### TANGIBLE FIXED ASSETS

Goodwill representing the excess of the purchase price compared with the fair value of assets acquired is capitalised and written off over 2 years as in the opinion of the directors this represents the period over which the goodwill is effective.

Land and buildings Leasehold

Plant and machinery 10% on reducing balance

Fixtures, fittings & equipment 20% on reducing balance

#### STOCK AND WORK IN PROGRESS

Work in progress is valued at the lower of cost and net realisable value. Cost of finished goods and work in progress includes overheads appropriate to the stage of manufacture. Net realisable value is based upon estimated selling price less further costs expected to be incurred to completion and disposal. Provision is made for obsolete and slow-moving items.

#### DEFERRED TAXATION

Provision is made for taxation deferred or accelerated by the effect of timing differences, to the extent that it is probable that a liability will crystallise, at the rate expected to be ruling at that date.

#### LEASED ASSETS AND OBLIGATIONS

Where assets are financed by leasing agreements that give rights approximating to ownership ('finance leases'), the assets are treated as if they had been purchased outright. The amount capitalised is the present value of the minimum lease payments payable during the lease term. The corresponding leasing commitments are shown as obligations to the lessor.

Lease payments are treated as consisting of capital and interest elements, and the interest is charged to the profit and loss account in proportion to the remaining balance outstanding.

All other leases are 'operating leases' and the annual rentals are charged to the profit and loss account on a straight line basis over the lease term.

#### TURNOVER

Turnover represents the invoiced value, net of Value Added Tax, of goods sold and services provided to customers.
