**Directors' report and financial statements**

**Directors' report**

The directors present their annual report and the audited financial statements for the year ended 31 March 2003.

**Principal activity**

The principal activities of the company are and will continue to be the operation and maintenance of radio broadcast, the design and building of those facilities as well as the transmission and digitalisation services incorporated therein.

**Business review**

The profit and loss account for the year is set out on page 5.

The company changed its name from Merlin Communications International Limited on the 29 July 2002.

**Directors and directors' interests**

The directors of the company during the year were as follows:

CJ Cundy  
SE Tarrant

CJ Cundy and SE Tarrant are directors of VT Group plc and their interests in the shares of that company and their rights to subscribe for shares of that company are shown in its directors' report.

**Creditor payment policy**

It is the company's policy to make payment to its suppliers within their stated payment terms. Where invoices for properly incurred expenses are correctly submitted the company remains successful in meeting this aim for the vast majority of transactions processed in the year. The company takes 37 days on average to pay its trade creditors (2002: 13 days).

**Employment of disabled persons**

Full and fair consideration is given to employment applications from disabled persons having regard to their particular aptitude and abilities. If an appropriate vacancy is available then, where practicable, arrangements will be made to continue the employment of an employee who becomes disabled. Disabled employees are given fair consideration for training, career development and promotion.

**Employment policies**

The development of employee involvement in the company's business is kept under regular review and the directors are committed to encouraging greater involvement of all employees. Formal and informal briefing of employees takes place as appropriate.

The company takes all reasonable steps to ensure that all employment conditions are applied regardless of sex, race, colour, ethnic background, religion or disability.

**Statement of directors' responsibilities**

Company law requires the directors to prepare financial statements for each financial year which give a true and fair view of the state of affairs of the company and of the profit or loss for that period. In preparing those financial statements, the directors are required to:

- select suitable accounting policies and then apply them consistently;
- make judgements and estimates that are reasonable and prudent;
- state whether applicable accounting standards have been followed, subject to any material departures disclosed and explained in the financial statements; and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the Company will continue in business.

The directors are responsible for maintaining proper accounting records which disclose with reasonable accuracy at any time the financial position of the company and to enable them to ensure that the financial statements comply with the Companies Act 1985. They have general responsibility for taking such steps as are reasonably open to them to safeguard the assets of the company and to prevent fraud and other irregularities.

**Report of the independent auditors to the members of VT Merlin Communications Limited (formerly Merlin Communications International Limited)**

We have audited the financial statements on pages 5 to 18.

This report is made solely to the company's members, as a body, in accordance with section 235 of the Companies Act 1985. Our audit work has been undertaken so that we might state to the company's members those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the company and the company's members as a body, for our audit work, for this report, or for the opinions we have formed.

**Respective responsibilities of directors and auditors**

The directors are responsible for preparing the directors' report and, as described on page 3, the financial statements in accordance with applicable United Kingdom law and accounting standards. Our responsibilities, as independent auditors, are established in the United Kingdom by statute, the Auditing Practices Board and by our profession's ethical guidance.

We report to you our opinion as to whether the financial statements give a true and fair view and are properly prepared in accordance with the Companies Act 1985. We also report to you if, in our opinion, the directors' report is not consistent with the financial statements, if the company has not kept proper accounting records, if we have not received all the information and explanations we require for our audit, or if information specified by law regarding directors' remuneration and transactions with the company is not disclosed.

**Basis of audit opinion**

We conducted our audit in accordance with Auditing Standards issued by the Auditing Practices Board. An audit includes examination, on a test basis, of evidence relevant to the amounts and disclosures in the financial statements. It also includes an assessment of the significant estimates and judgements made by the directors in the preparation of the financial statements, and of whether the accounting policies are appropriate to the company's circumstances, consistently applied and adequately disclosed.

We planned and performed our audit so as to obtain all the information and explanations which we considered necessary in order to provide us with sufficient evidence to give reasonable assurance that the financial statements are free from material misstatement, whether caused by fraud or other irregularity or error. In forming our opinion we also evaluated the overall adequacy of the presentation of information in the financial statements.

**Opinion**

In our opinion the financial statements give a true and fair view of the state of the company's affairs as at 31 March 2003 and of its profit for the year then ended and have been properly prepared in accordance with the Companies Act 1985.

**Directors' report and financial statements**

**Notes**

*(forming part of the financial statements)*

**1 Accounting policies**

The following accounting policies have been applied consistently in dealing with items which are considered material in relation to the company's financial statements.

***Basis of preparation***

The financial statements have been prepared in accordance with applicable accounting standards under the historical cost convention. The company is exempt by virtue of S228 of the Companies Act 1985 from the requirement to prepare group accounts. These financial statements present information about the company as an individual undertaking and not about its group.

Under Financial Reporting Standard 1 (1996 Revised) the company is exempt from the requirement to prepare a cash flow statement on the grounds that it is a wholly owned subsidiary undertaking. In addition advantage has been taken of the exemption available under Financial Reporting Standard 8 not to disclose details of transactions with VT Group plc or other group undertakings as the consolidated financial statements of VT Group plc in which the company is included are publicly available.

***Intangible fixed assets - goodwill***

Goodwill arising on the acquisition of a business represents the excess of the fair value of the consideration given over the fair value of the identifiable net assets acquired. Goodwill arising on acquisitions is capitalised and then eliminated by amortisation through the profit and loss account over its estimated useful economic life of, generally, 20 years.

***Fixed assets and depreciation***

Depreciation is provided to write off the cost or valuation less the estimated residual value of tangible fixed assets by equal instalments over their estimated useful economic lives as follows:

Freehold buildings	-	4% per annum
Freehold land	-	nil
Plant and equipment	-	4% to 8%
Motor vehicles	-	25%
Office fixtures and fittings	-	10%
Computer equipment	-	20%
Leasehold property	-	Over the term of the lease

***Foreign currencies***

Transactions in foreign currencies are recorded using the rate of exchange ruling at the date of the transaction or, if hedged forward, at the rate of exchange under the related forward currency contract. Monetary assets and liabilities denominated in foreign currencies are translated using the rate of exchange ruling at the balance sheet date and the gains or losses on translation are included in the profit and loss account.

***Government grants***

Capital based government grants are included within accruals and deferred income in the balance sheet and credited to the profit and loss account over the estimated useful economic lives of the assets to which they relate.

**VT Merlin Communications Limited**  
**(formerly Merlin Communications International Limited)**  
**Directors' report and financial statements**

**Notes** *(continued)*

**1 Accounting policies** *(continued)*

**Leases**

Assets acquired under finance leases are capitalised and the outstanding future lease obligations are shown in creditors. Operating lease rentals are charged to the profit and loss account on a straight line basis over the period of the lease.

**Pension costs and other post-retirement benefits**

The company operates a defined benefit pension scheme, which is contracted out of the state scheme. The funds are valued by a professionally qualified independent actuary, the rates of contribution payable being determined by the actuary. It is the intention of the company to perform a similar review every three years. In the intervening years the actuary will review the continuing appropriateness of the rates. Pension costs are accounted for on the basis of charging the expected cost of providing pensions over the period during which the company benefits from the employees' services. The effects of variations from regular cost are spread over the expected average remaining service lives of members of the scheme.

**Long term contracts**

The amount of profit attributable to the stage of completion of a long term contract is recognised when the outcome of the contract can be foreseen with reasonable certainty. Turnover for such contracts is stated at the cost appropriate to their stage of completion plus attributable profits, less amounts recognised in previous years. Provision is made for any losses as soon as they are foreseen.

Contract work in progress is stated at costs incurred, less those transferred to the profit and loss account, after deducting foreseeable losses and payments on account not matched with turnover.

Amounts recoverable on contracts are included in debtors and represent turnover recognised in excess of payments on account.

Costs incurred in preparing bids are expensed to the profit and loss account in accordance with UITF 34.

**Deferred taxation**

Deferred tax is recognised without discounting, in respect of all timing differences between the treatment of certain tax items for taxation and accounting purposes which have arisen but not reversed by the balance sheet date, except as otherwise required by FRS 19.

**Turnover**

Turnover represents the amounts (excluding value added tax) derived from the provision of goods and services to customers.

**Stock**

Stock is made up of Work In Progress, Raw Materials and Consumables. Work In Progress is valued in accordance with long term contracts detailed above. Raw Materials and Consumables are stated at the lower of cost and net realisable value.

The company has a bank guarantee of £114,713 for Sembcorp Power PTE Limited Singapore from 25 September 2001 to 24 September 2003.

**21 Pension arrangements**

The group operates a defined benefit pension scheme. The scheme is subject to triennial valuation by professionally qualified and independent actuaries. The last formal valuation was carried out at 31 July 2000, using the projected unit credit method in which the actuarial liability makes allowance for projected earnings. The principle assumption in this valuation was that investment returns would be 2% higher than the rate of annual pay increases. The market value of the scheme's assets was £6,700,000, and the actuarial value of those assets represented 97% of the liability for benefits after allowing for expected future increases in earnings. Company contributions were increased with effect from 1 August 2001 to remove this deficit.

The latest scheme valuations have been updated by the actuaries on an FRS17 basis as at 31 March 2003. The major assumptions used in these valuations were:

	<b>2003</b>	<b>2002</b>
Rate of increase in salaries	<b>4.0%</b>	4.25%
Rate of increase in pension payments	<b>2.5%</b>	2.75% or 3.0%
Discount Rate	<b>5.5%</b>	6.25%
Inflation assumption	<b>2.5%</b>	2.75%
Long term return on equities	<b>8.5%</b>	8.0%
Long term return on fixed interest gilts	<b>4.5%</b>	5.0%

**VT Merlin Communications Limited**  
**(formerly Merlin Communications International Limited)**  
**Directors' report and financial statements**

**Notes** *(continued)*

**21 Pension arrangements** *(continued)*

The assumptions used by the actuaries are the best estimates chosen from a range of possible actuarial assumptions which, due to the timescale covered, may not necessarily be borne out in practice.

The fair value of the scheme assets, which are not intended to be realised in the short term and may be subject to significant changes before they are realised, and the present value of the scheme liabilities, which are derived from cash flow projections over long periods and thus inherently uncertain were:

	<b>2003</b>	2002
	<b>£000</b>	£000
