The directors present their Strategic Report on the Company for the year ended 30 September 2015.

#### **BUSINESS REVIEW**

The company's financial position at the end of the year is shown in the attached financial statements. The directors note the profit for the year and will continue to seek new opportunities. The company's principal financial instruments comprise of bank balances and intercompany balances. The main purpose of these instruments is to raise funds for and to finance the group and company's operations.

In respect of bank balances, the liquidity risk is managed through intercompany funding. Prudent liquidity risk management requires that the group maintains sufficient costs to be able to pay creditors as and when they fall due. Trade debtors are managed in respect of credit and cash flow risk by reviewing the credit terms extended to customers and monitoring amounts outstanding for the time and credit limits.

Liquidity risk is managed by maintaining the required balance through inter-company funding.

#### FINANCIAL KEY PERFORMANCE INDICATORS

# DIRECTORS' RESPONSIBILITIES STATEMENT FOR THE YEAR ENDED 30 SEPTEMBER 2015

The directors are responsible for preparing the Strategic Report, the Directors' Report and the financial statements in accordance with applicable law and regulations.

Company law requires the directors to prepare financial statements for each financial year. Under that law the directors have elected to prepare the financial statements in accordance with United Kingdom Generally Accepted Accounting Practice (United Kingdom Accounting Standards and applicable law). Under company law the directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the company and the profit or loss of the company for that period. In preparing these financial statements, the directors are required to:

- select suitable accounting policies and then apply them consistently;
- make judgments and accounting estimates that are reasonable and prudent;
- state whether applicable UK Accounting Standards have been followed, subject to any material departures disclosed and explained in the financial statements;
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the company will continue in business.

The directors are responsible for keeping adequate accounting records that are sufficient to show and explain the company's transactions and disclose with reasonable accuracy at any time the financial position of the company and enable them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

Those standards require us to comply with the Auditing Practices Board's Ethical Standards for Auditors.

#### SCOPE OF THE AUDIT OF THE FINANCIAL STATEMENTS

An audit involves obtaining evidence about the amounts and disclosures in the financial statements sufficient to give reasonable assurance that the financial statements are free from material misstatement, whether caused by fraud or error. This includes an assessment of: whether the accounting policies are appropriate to the company's circumstances and have been consistently applied and adequately disclosed; the reasonableness of significant accounting estimates made by the directors; and the overall presentation of the financial statements. In addition, we read all the financial and non-financial information in the Strategic Report and the Directors' Report to identify material inconsistencies with the audited financial statements and to identify any information that is apparently materially incorrect based on, or materially inconsistent with, the knowledge acquired by us in the course of performing the audit. If we become aware of any apparent material misstatements or inconsistencies we consider the implications for our report.

#### **OPINION ON FINANCIAL STATEMENTS**

In our opinion the financial statements:

#### NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 SEPTEMBER 2015

#### 1.1 Basis of preparation of financial statements

The financial statements have been prepared under the historical cost convention and in accordance with applicable accounting standards.

#### 1.2 Consolidation

The company was, at the end of the year, a wholly owned subsidiary of Specialty Foods Group Limited and in accordance with Section 400 of the Companies Act 2006, is not required to produce, and has not published, group accounts.

#### 1.3 Cash flow statement

The directors have taken advantage of the exemption in the Financial Reporting Standard No 1 (Revised 1996) from including a cash flow statement in the financial statements on the grounds that the company is wholly owned and its parent publishes a consolidated statement of cash flows.

#### 1.4 Turnover

Turnover compromises revenue recognised by the company in respect of management charges receivable, exclusive of Value Added Tax.

#### 1.5 Tangible fixed assets and depreciation

Tangible fixed assets are stated at cost less depreciation. Depreciation is provided at rates calculated to write off the cost of fixed assets, less their estimated residual value, over their expected useful lives on the following bases:

Freehold property

25 years

Fixtures & fittings

- 4 years

Tangible fixed assets are reviewed for impairment when events or changes in circumstances indicate the carrying value may not be recoverable. Any impairment is recognised through the Profit and Loss account.

#### 1.6 Investments

Investments held as fixed assets are shown at cost less provision for impairment.

#### 1.7 Operating leases

Rentals under operating leases are charged to the Profit and Loss Account on a straight line basis over the lease term.

#### 1.8 Pension costs

The company operates a defined contribution scheme. The assets of the scheme are held separately from those of the company in an independently administered fund. The amount charged to the profit and loss account represents the contributions payable to the scheme in respect of the accounting period.

#### NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 SEPTEMBER 2015

#### ACCOUNTING POLICIES (continued)

#### 1.9 Deferred taxation

Full provision is made for deferred tax assets and liabilities arising from all timing differences between the recognition of gains and losses in the financial statements and recognition in the tax computation.

A net deferred tax asset is recognised only if it can be regarded as more likely than not that there will be suitable taxable profits from which the future reversal of the underlying timing differences can be deducted.

Deferred tax assets and liabilities are calculated at the tax rates expected to be effective at the time the timing differences are expected to reverse.

Deferred tax assets and liabilities are not discounted.

#### 1.10 Foreign currencies

Monetary assets and liabilities denominated in foreign currencies are translated into sterling at rates of exchange ruling at the balance sheet date.

Transactions in foreign currencies are translated into sterling at the rate ruling on the date of the transaction.

Exchange gains and losses are recognised in the Profit and Loss Account.

#### 1.11 Financial instruments

Financial instruments are classified and accounted for, according to the substance of the contractual arrangement, as either financial assets, financial liabilities or equity instruments. An equity instrument is any contract that evidences a residual interest in the assets of the company after deducting all of its liabilities.

#### 1.12 Continued financing

The company meets its day to day working capital requirements through overdraft facilities which are repayable on demand and through amounts owing to the parent undertaking. The group expects to operate within the bank facilities currently agreed and within those expected to be agreed upon renewal. These views are based on the group's plans, the successful outcome of discussions with the group's bankers and on the continued financial support of the group's parent undertaking. Entrepreneurial Food Group LLC, the group's parent undertaking, has indicated that it will continue to provide such financial support as may be necessary.

#### 2. TURNOVER

The whole of the turnover is attributable to the one principal activity of the company.

All turnover arose within the United Kingdom.

#### Factors affecting tax charge for the year

The tax assessed for the year is lower than (2014 - lower than) the standard rate of corporation tax in the UK of 20.5% (2014 - 22%). The differences are explained below:

#### Factors that may affect future tax charges

The company has unrelieved tax losses of approximately £146,000 (2014 - £1,207,000) for tax purposes available for offset against future profits generated. In the opinion of the directors, the future generation of sufficient taxable surpluses to utilise these losses in the immediate future is uncertain, and therefore no deferred tax asset has been recognised in these financial statements.
