NOTES TO THE ABBREVIATED ACCOUNTS

FOR THE YEAR ENDED 31ST AUGUST 2001

1 Accounting policies

Basis of accounting

The accounts have been prepared under the historical cost convention and in accordance with applicable accounting standards.

The company has taken advantage of the exemptions in Financial Reporting Standard No. 1 from the requirement to produce a cash flow statement on the grounds that it is a small company.

Tangible fixed assets and depreciation

Depreciation has been provided at the following rates in order to write down the cost or valuation, less estimated residual value, of all tangible fixed assets, with the exception of freehold land, by equal annual instalments over their expected useful lives:

Fixtures and fittings	15%
-----------------------	-----

Hire purchase and leased assets

Assets held under finance leases and hire purchase contracts are capitalised in the balance sheet at their fair value and depreciated over their expected useful lives. The interest element of leasing payments represents a constant proportion of the capital balance outstanding and is charged to the profit and loss account over the period of the lease.

All other leases are regarded as operating leases and the payments made under them are charged to the profit and loss account on a straight line basis over the lease term.
