HCP HOLDINGS LIMITED

STRATEGIC REPORT

FOR THE YEAR ENDED 31 DECEMBER 2018

The directors present the strategic report and financial statements of HCP Holdings Limited (the "company") and its subsidiaries (the "group") for the year ended 31 December 2018.

Fair review of the business

The principal activity of the group is to provide comprehensive and innovative asset management solutions to companies with concessions under the UK Government's Private Finance Initiative ("PFI") and direct to public and private sector clients.

Working closely with stakeholders including, public and private sector clients, construction contractors, facility service providers and senior debt and equity funding partners the group creates opportunity for growth through innovation, improving efficiency and minimising risk.

The core asset management services provided are documented in the Management Service Agreements ("MSA's). The terms of the MSA's are typically between three years and the full concession period of the projects and provide obligations on the group to provide specific services that are aligned with the client's contractual obligations and the strategic objectives of the group.

The group has set specific business objectives, which are monitored using a number of key performance indications ("KPI's"). The relevant KPI's for the group are:

Key performance indicators

	2018 £'000	2017 £'000
Turnover	34,915	33,434
Profit after taxation	1,236	2,015
Cash at bank and in hand	5,991	6,217
	Number	Number
Number of Management Service Agreements	121	122

At the end of the year the group had one hundred and twenty one MSA's. During the year the group was awarded two new MSA's in the health and renewable energy sectors. It was unsuccessful in renewing one MSA, lost one MSA due to a winding up of the project and lost one MSA due to a voluntary termination of the project by the public sector client. The combined portfolio provide services to companies within the infrastructure sector for health, education, renewable energy, housing, defence, emergency services, transport, roads, street lighting and waste sectors.

In January 2019, a further nine renewable energy MSAs were transferred to an alternate MSA provider.

During the coming year the group anticipates acquiring further management contracts and and securing technical and asset management support services.

Employees

The group's strengths relate to its experience and capability in delivering a professional and comprehensive service to its clients. It is important that the group maintains a highly qualified and well-motivated work force and every effort is made to achieve a common awareness of the financial and economic factors affecting the performance of the group and the wider business environment. Regular communication and consultation with employees is essential and achieved through formal and informal meetings, shared communication platforms, annual conferences and regional and functional development days.

Technology

The effective use of, and investment in information technology is critical to the success of the group. The group has as its strategic objective a commitment to invest in the development of new IT to facilitate the innovation of new service offerings and to add value to the provision of its existing services.

HCP HOLDINGS LIMITED

STRATEGIC REPORT (CONTINUED)

FOR THE YEAR ENDED 31 DECEMBER 2018

Principal risks and uncertainties

The group has sufficient available cash resources to meet its operational commitments and has no external debt obligations. Any risks and uncertainties arise from the commercial contracts, market environment, loss of key staff and the economic and financial environment.

Typically the MSA's are long term agreements for terms of between three years to full concession period. Risks associated with the MSA's include:

Renewal

MSA's with a term of less than the full concession length may be market tested on renewal. The group bids in a competitive environment for new agreements.

Scope of services

The MSA's include obligations to provide a wide scope of services, failure to deliver these obligations may result in financial loss for the client and contractual termination of the agreement.

The group manages these risks by investing in the development of its employees and services through the recruitment of professionally trained resource, the continued professional and commercial training of its employees, the development of new and innovative services, investment in IT, regular monitoring of its performance and by maintaining strong working relationships with all stakeholders.

Market environment

New opportunities to the market are competitively tendered. The group continues to develop its employees, its processes and service offering to meet the changing needs of its customers and the market in general to ensure that it is best placed to benefit from the opportunities presented.

Loss of key staff

A key contributor to the group's success reflects its strategy in recruiting experienced and professionally trained staff. The group seeks to ensure the retention of its key staff by offering a competitive remuneration package; career development opportunities, continuous professional development and the award of performance incentive payments.

Economic and Financial environment

Inflation is important to the group in so far that the fee income derived from the majority of its agreements is periodically adjusted against the index of inflation and can therefore impact on the profit margin obtained on each contract. The future uncertainties facing the group in relation to this measure and the wider economic environment are continually reviewed. Through effective management and efficient deployment of resource the group strives to minimise the impact of this risk and continue to provide a secure future for its employees whilst offering a value for money service to all its customers.

On 23 June 2016, the UK electorate voted to discontinue its membership of the EU. Until further clarity is known regarding terms on which the UK will exit, the directors are not able to fully assess the impact on the group. However, as the group is not significantly exposed to international trade or exchange rate fluctuations, nor does the group employ significant numbers of EU nationals, the operational and financial risks are unlikely to be significant. Any impacts should be limited to inflation risk and to the cost of implementing any wider regulatory and legal consequences of exiting the EU.

Ms D McCormack
Secretary

HCP HOLDINGS LIMITED

DIRECTORS' REPORT

FOR THE YEAR ENDED 31 DECEMBER 2018

The directors present their annual report and financial statements for the year ended 31 December 2018.

Directors

The directors who held office during the year and up to the date of signature of the financial statements were as follows:

Mr D Bourgeois

Mr N Crowther

(Resigned 31 May 2019)

Mr M Lennon

Ms D McCormack

Mr T Pearson

Mr M Webber

Mr M Woodhead

(Resigned 28 February 2019)

Mr S Yeatman

(Appointed 28 February 2019)

Mr C James

(Appointed 31 May 2019)

Results and dividends

The results for the year are set out on page 10.

Interim ordinary dividends were paid amounting to £2,313,000 during the year (2017: £2,177,000). No other dividends were declared or paid during the period or at the time of signing of these financial statements.

Going concern

At the time of approving the financial statements, the directors have a reasonable expectation that the group has adequate resources to continue in operational existence for the foreseeable future. The directors believe the group can service its debts as they fall due.

During the year the group made a profit after tax of £1,236,000 (2017: £2,015,000). Net current assets at the balance sheet date were £4,874,000 (2017: £5,271,000) and net assets were £6,121,000 (2017: £7,206,000). Thus the directors continue to adopt the going concern basis of accounting in preparing the financial statements.

Political Contributions

The group made no political donations or incurred any political expenditure during the year (2017: nil).

Statement of disclosure to the auditor

So far as each person who was a director at the date of approving this report is aware, there is no relevant audit information of which the group and parent company auditor are unaware. Additionally, the directors individually have taken all the necessary steps that they ought to have taken as directors in order to make themselves aware of all relevant audit information and to establish that the group and parent company auditor are aware of that information.

DIRECTORS' REPORT (CONTINUED)

FOR THE YEAR ENDED 31 DECEMBER 2018

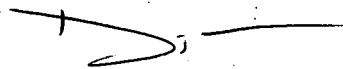

Auditor

Pursuant to Section 487 of the Companies Act 2006, the auditor will be deemed to be reappointed and KPMG LLP will therefore continue in office.

Registered office

The company's registered office is 8 White Oak Square, London Road, Swanley, Kent BR8 7AG.

By order of the board on 24 September 2019 and signed on its behalf by

Ms D McCormack
Secretary

HCP HOLDINGS LIMITED

DIRECTORS' RESPONSIBILITIES STATEMENT IN RESPECT OF THE ANNUAL REPORT AND FINANCIAL STATEMENTS

FOR THE YEAR ENDED 31 DECEMBER 2018

The directors are responsible for preparing the Strategic Report, the Directors' Report and the financial statements in accordance with applicable law and regulations.

Company law requires the directors to prepare financial statements for each financial year. Under that law they have elected to prepare the Group and parent company financial statements in accordance with UK accounting standards and applicable law (UK Generally Accepted Accounting Practice), including FRS 102 The Financial Reporting Standard applicable in the UK and Republic of Ireland.

Under company law the directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the Group and parent company and of their profit or loss for that period. In preparing each of the Group and parent company financial statements, the directors are required to:

- select suitable accounting policies and then apply them consistently;
- make judgements and estimates that are reasonable and prudent;
- state whether applicable UK accounting standards have been followed, subject to any material departures disclosed and explained in the financial statements;
- assess the Group and parent company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern; and
- use the going concern basis of accounting unless they either intend to liquidate the Group or the parent company or to cease operations, or have no realistic alternative but to do so.

The directors are responsible for keeping adequate accounting records that are sufficient to show and explain the parent company's transactions and disclose with reasonable accuracy at any time the financial position of the parent company and enable them to ensure that its financial statements comply with the Companies Act 2006. They are responsible for such internal control as they determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error, and have general responsibility for taking such steps as are reasonably open to them to safeguard the assets of the Group and to prevent and detect fraud and other irregularities.

INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF HCP HOLDINGS LIMITED

Opinion

We have audited the financial statements of HCP Holdings Limited (the 'company') for the year ended 31 December 2018 which comprise the Consolidated Profit and Loss Account, the Consolidated Statement of Comprehensive Income, the Consolidated Balance Sheet, the Company Balance Sheet, the Consolidated Statement of Changes in Equity, the Company Statement of Changes in Equity, the Consolidated Statement of Cash Flows and related notes, including the accounting policies in note 1.

In our opinion the financial statements:

- give a true and fair view of the state of the group's and the parent company's affairs as at 31 December 2018 and of the group's profit for the year then ended;
- have been properly prepared in accordance with UK accounting standards, including FRS 102 *The Financial Reporting Standard applicable in the UK and Republic of Ireland*; and
- have been prepared in accordance with the requirements of the Companies Act 2006.

Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (UK) ("ISAs (UK)") and applicable law. Our responsibilities are described below. We have fulfilled our ethical responsibilities under, and are independent of the group in accordance with, UK ethical requirements including the FRC Ethical Standard. We believe that the audit evidence we have obtained is a sufficient and appropriate basis for our opinion.

The impact of uncertainties due to the UK exiting the European Union on our audit

Uncertainties related to the effects of Brexit are relevant to understanding our audit of the financial statements. All audits assess and challenge the reasonableness of estimates made by the directors, such as recoverability of goodwill and other intangible assets, as well as their related disclosures and the appropriateness of the going concern basis of preparation of the financial statements. All of these depend on assessments of the future economic environment and the company's future prospects and performance.

Brexit is one of the most significant economic events for the UK, and at the date of this report its effects are subject to unprecedented levels of uncertainty of outcomes, with the full range of possible effects unknown. We applied a standardised firm-wide approach in response to that uncertainty when assessing the company's future prospects and performance. However, no audit should be expected to predict the unknowable factors or all possible future implications for a company and this is particularly the case in relation to Brexit.

Going concern

The directors have prepared the financial statements on the going concern basis as they do not intend to liquidate the group or the company or to cease their operations, and as they have concluded that the group and the company's financial position means that this is realistic. They have also concluded that there are no material uncertainties that could have cast significant doubt over their ability to continue as a going concern for at least a year from the date of approval of the financial statements ("the going concern period").

We are required to report to you if we have concluded that the use of the going concern basis of accounting is inappropriate or there is an undisclosed material uncertainty that may cast significant doubt over the use of that basis for a period of at least a year from the date of approval of the financial statements. In our evaluation of the directors' conclusions, we considered the inherent risks to the group's business model, including the impact of Brexit, and analysed how those risks might affect the group and company's financial resources or ability to continue operations over the going concern period. We have nothing to report in these respects.

However, as we cannot predict all future events or conditions and as subsequent events may result in outcomes that are inconsistent with judgements that were reasonable at the time they were made, the absence of reference to a material uncertainty in this auditor's report is not a guarantee that the group or the company will continue in operation.

INDEPENDENT AUDITOR'S REPORT (CONTINUED)

TO THE MEMBERS OF HCP HOLDINGS LIMITED

Strategic report and directors' report

The directors are responsible for the Strategic report and the Directors' report. Our opinion on the financial statements does not cover those reports and we do not express an audit opinion thereon.

Our responsibility is to read the Strategic report and Directors' report and, in doing so, consider whether, based on our financial statements audit work, the information therein is materially misstated or inconsistent with the financial statements or our audit knowledge. Based solely on that work:

- we have not identified material misstatements in the Strategic report and the Directors' report;
- in our opinion the information given in those reports for the financial year is consistent with the financial statements; and
- in our opinion those reports have been prepared in accordance with the Companies Act 2006.

Matters on which we are required to report by exception

Under the Companies Act 2006 we are required to report to you if, in our opinion:

- adequate accounting records have not been kept by the parent company, or returns adequate for our audit have not been received from branches not visited by us; or
- the parent company financial statements are not in agreement with the accounting records and returns; or
- certain disclosures of directors' remuneration specified by law are not made; or
- we have not received all the information and explanations we require for our audit.

We have nothing to report in these respects.

Directors' responsibilities

As explained more fully in their statement set out on page 5, the directors are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view; such internal control as they determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error; assessing the company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern; and using the going concern basis of accounting unless they either intend to liquidate the company or to cease operations, or have no realistic alternative but to do so.

Auditor's responsibilities

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

A fuller description of our responsibilities for the audit of the financial statements is located on the Financial Reporting Council's website at: <http://www.frc.org.uk/auditorsresponsibilities>.

INDEPENDENT AUDITOR'S REPORT (CONTINUED)
TO THE MEMBERS OF HCP HOLDINGS LIMITED

The purpose of our audit work and to whom we owe our responsibilities

This report is made solely to the company's members, as a body, in accordance with Chapter 3 of Part 16 of the Companies Act 2006. Our audit work has been undertaken so that we might state to the company's members those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the company and the company's members as a body, for our audit work, for this report, or for the opinions we have formed.

HCP HOLDINGS LIMITED

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2018

1 Accounting policies

Company information

HCP Holdings Limited ("the company") is a private limited company domiciled and incorporated in England in the United Kingdom. The registered office is 8 White Oak Square, London Road, Swanley, Kent, BR8 7AG.

The group consists of HCP Holdings Limited and all of its subsidiaries.

1.1 Accounting convention

These financial statements have been prepared in accordance with FRS 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland" ("FRS 102") and the requirements of the Companies Act 2006.

The financial statements are prepared in sterling, which is the functional currency of the company. Monetary amounts in these financial statements are rounded to the nearest £'000.

The financial statements have been prepared under the historical cost convention. The principal accounting policies adopted are set out below.

In these financial statements, the company is considered to be a qualifying entity (for the purposes of this FRS) and has applied the exemptions available under FRS 102 in respect of the following disclosures:

- Reconciliation of the number of shares outstanding from the beginning to end of the period;
- Cash Flow Statement and related notes; and
- Key Management Personnel compensation.

As the consolidated financial statements include the disclosures equivalent to those required by FRS 102, the company has also taken the exemptions available in respect of the following disclosures:

- Certain disclosures required by FRS 102.26 *Share Based Payments*; and,
- Certain disclosures required by FRS 102.11 *Basic Financial Instruments* and FRS 102.12 *Other Financial Instrument Issues* in respect of financial instruments not falling within the fair value accounting rules of Paragraph 36(4) of Schedule 1.

As permitted by s408 Companies Act 2006, the company has not presented its own profit and loss account and related notes. The company's profit for the year was £1,925,000 (2017: £2,220,000).

1.2 Basis of consolidation

The consolidated financial statements include the financial statements of the Company and its subsidiary undertakings are made up to 31 December 2019. A subsidiary is an entity that is controlled by the parent. The results of subsidiary undertakings are included in the consolidated profit and loss account from the date that control commences until the date that control ceases. Control is established when the Company has the power to govern the operating and financial policies of an entity so as to obtain benefits from its activities. In assessing control, the Group takes into consideration potential voting rights that are currently exercisable.

Under Section 408 of the Companies Act 2006 the Company is exempt from the requirement to present its own profit and loss account.

In the parent financial statements, investments in subsidiaries are carried at cost less impairment

HCP HOLDINGS LIMITED

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

FOR THE YEAR ENDED 31 DECEMBER 2018

(Continued)

1.3 Going concern

At the time of approving the financial statements, the directors have a reasonable expectation that the group has adequate resources to continue in operational existence for the foreseeable future. The directors believe the group can service its debts as they fall due.

During the year the group made a profit after tax of £1,236,000 (2017: £2,015,000). Net current assets at the balance sheet date were £4,874,000 (2017: £5,271,000) and net assets were £6,121,000 (2017: £7,206,000). Thus the directors continue to adopt the going concern basis of accounting in preparing the financial statements.

1.4 Turnover

Turnover is recognised at the fair value of the consideration received or receivable for goods and services provided in the normal course of business, and is shown net of VAT and other sales related taxes.

Turnover related to the provision of management services is recognised over the period to which the services relate. Management services performed, but not invoiced by the balance sheet date are recognised as turnover and are included in debtors as accrued income.

Turnover from consultancy services is recognised by reference to the stage of completion of the contract determined by the value of the services provided at the balance sheet date as a proportion of the total value of the engagement. Where the amount of turnover is contingent on future events, this is only recognised where the amount of turnover can be measured reliably and it is probable that the economic benefits will be received. When this cannot be estimated reliably, turnover is only recognised to the value of the expenses that it is considered probable will be recovered, with a "catch-up" element of turnover recognised based on stage of completion once a reliable estimate can be made. Consultancy services provided to the client which at the balance sheet date have not been billed have been recognised as turnover and are included in debtors as accrued income.

1.5 Intangible fixed assets - goodwill

Goodwill represents the excess of the cost of acquisition of unincorporated businesses over the fair value of net assets acquired. It is initially recognised as an asset at cost and is subsequently measured at cost less accumulated amortisation and accumulated impairment losses. Goodwill is considered to have a finite useful life and is amortised on a systematic basis over its expected life, which is either the MSA contract term or ten years.

For the purposes of impairment testing, goodwill is allocated to the cash-generating units expected to benefit from the acquisition. Cash-generating units to which goodwill has been allocated are tested for impairment at least annually, or more frequently when there is an indication that the unit may be impaired. If the recoverable amount of the cash-generating unit is less than the carrying amount of the unit, the impairment loss is allocated first to reduce the carrying amount of any goodwill allocated to the unit and then to the other assets of the unit pro-rata on the basis of the carrying amount of each asset in the unit.

HCP HOLDINGS LIMITED

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

FOR THE YEAR ENDED 31 DECEMBER 2018

1 Accounting policies

(Continued)

1.6 Intangible fixed assets other than goodwill

Intangible assets acquired separately from a business are recognised at cost and are subsequently measured at cost less accumulated amortisation and accumulated impairment losses.

Intangible assets acquired on business combinations are recognised separately from goodwill at the acquisition date where it is probable that the expected future economic benefits that are attributable to the asset will flow to the entity and the fair value of the asset can be measured reliably.

Amortisation is recognised so as to write off the cost or valuation of assets less their residual values over their useful lives on the following bases:

Customer relationships	Over 10 years
Customer contracts	Over the MSA contract term (ranging 2 to 27 years)

1.7 Tangible fixed assets

Tangible fixed assets are initially measured at cost and subsequently measured at cost or valuation, net of depreciation and any impairment losses.

Depreciation is recognised so as to write off the cost or valuation of assets less their residual values over their useful lives on the following bases:

Leasehold land and buildings	10% straight line
Fixtures and fittings	20% to 25% straight line
Computers	33% straight line
Motor vehicles	20% straight line

The gain or loss arising on the disposal of an asset is determined as the difference between the sale proceeds and the carrying value of the asset, and is recognised in the profit and loss account.

1.8 Fixed asset investments

Interests in subsidiaries, associates and jointly controlled entities are initially measured at cost and subsequently measured at cost less any accumulated impairment losses. The investments are assessed for impairment at each reporting date and any impairment losses or reversals of impairment losses are recognised immediately in profit or loss.

A subsidiary is an entity controlled by the company. Control is the power to govern the financial and operating policies of the entity so as to obtain benefits from its activities.

1.9 Impairment of fixed assets

At each reporting period end date, the group reviews the carrying amounts of its tangible and intangible assets to determine whether there is any indication that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of the impairment loss (if any). Where it is not possible to estimate the recoverable amount of an individual asset, the company estimates the recoverable amount of the cash-generating unit to which the asset belongs.

The carrying amount of the investments accounted for using the equity method is tested for impairment as a single asset. Any goodwill included in the carrying amount of the investment is not tested separately for impairment.

Intangible assets with indefinite useful lives and intangible assets not yet available for use are tested for impairment annually, and whenever there is an indication that the asset may be impaired.

HCP HOLDINGS LIMITED

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

FOR THE YEAR ENDED 31 DECEMBER 2018

1 Accounting policies

(Continued)

Recoverable amount is the higher of fair value less costs to sell and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset for which the estimates of future cash flows have not been adjusted.

If the recoverable amount of an asset (or cash-generating unit) is estimated to be less than its carrying amount, the carrying amount of the asset (or cash-generating unit) is reduced to its recoverable amount. An impairment loss is recognised immediately in profit or loss, unless the relevant asset is carried at a revalued amount, in which case the impairment loss is treated as a revaluation decrease.

1.10 Cash and cash equivalents

Cash at bank and in hand are basic financial assets and include cash in hand, deposits held at call with banks, other short-term liquid investments with original maturities of three months or less, and bank overdrafts. Bank overdrafts are shown within borrowings in current liabilities.

1.11 Financial instruments

The group has elected to apply the provisions of Section 11 'Basic Financial Instruments' and Section 12 'Other Financial Instruments Issues' of FRS 102 to all of its financial instruments.

Financial instruments are recognised in the group's balance sheet when the group becomes party to the contractual provisions of the instrument.

Financial assets and liabilities are offset and the net amounts presented in the financial statements when there is a legally enforceable right to set off the recognised amounts and there is an intention to settle on a net basis or to realise the asset and settle the liability simultaneously.

Basic financial assets

Basic financial assets, which include debtors and cash and bank balances, are initially measured at transaction price including transaction costs and are subsequently carried at amortised cost using the effective interest method unless the arrangement constitutes a financing transaction, where the transaction is measured at the present value of the future receipts discounted at a market rate of interest. Financial assets classified as receivable within one year are not amortised.

Other financial assets

Other financial assets, including investments in equity instruments which are not subsidiaries, associates or joint ventures, are initially measured at fair value, which is normally the transaction price. Such assets are subsequently carried at fair value and the changes in fair value are recognised in profit or loss, except that investments in equity instruments that are not publicly traded and whose fair values cannot be measured reliably are measured at cost less impairment.

HCP HOLDINGS LIMITED

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED) FOR THE YEAR ENDED 31 DECEMBER 2018

1 Accounting policies

(Continued)

Impairment of financial assets

Financial assets, other than those held at fair value through profit and loss, are assessed for indicators of impairment at each reporting end date.

Financial assets are impaired where there is objective evidence that, as a result of one or more events that occurred after the initial recognition of the financial asset, the estimated future cash flows have been affected. If an asset is impaired, the impairment loss is the difference between the carrying amount and the present value of the estimated cash flows discounted at the asset's original effective interest rate. The impairment loss is recognised in profit or loss.

If there is a decrease in the impairment loss arising from an event occurring after the impairment was recognised, the impairment is reversed. The reversal is such that the current carrying amount does not exceed what the carrying amount would have been, had the impairment not previously been recognised. The impairment reversal is recognised in profit or loss.

Derecognition of financial assets

Financial assets are derecognised only when the contractual rights to the cash flows from the asset expire or are settled, or when the group transfers the financial asset and substantially all the risks and rewards of ownership to another entity, or if some significant risks and rewards of ownership are retained but control of the asset has transferred to another party that is able to sell the asset in its entirety to an unrelated third party.

Classification of financial liabilities

Financial liabilities and equity instruments are classified according to the substance of the contractual arrangements entered into. An equity instrument is any contract that evidences a residual interest in the assets of the group after deducting all of its liabilities.

Basic financial liabilities, including creditors, bank loans, loans from fellow group companies and preference shares that are classified as debt, are initially recognised at transaction price unless the arrangement constitutes a financing transaction, where the debt instrument is measured at the present value of the future payments discounted at a market rate of interest. Financial liabilities classified as payable within one year are not amortised.

Debt instruments are subsequently carried at amortised cost, using the effective interest rate method.

Trade creditors are obligations to pay for goods or services that have been acquired in the ordinary course of business from suppliers. Amounts payable are classified as current liabilities if payment is due within one year or less. If not, they are presented as non-current liabilities. Trade creditors are recognised initially at transaction price and subsequently measured at amortised cost using the effective interest method.

Other financial liabilities

Derivatives, including interest rate swaps and forward foreign exchange contracts, are not basic financial instruments. Derivatives are initially recognised at fair value on the date a derivative contract is entered into and are subsequently re-measured at their fair value. Changes in the fair value of derivatives are recognised in profit or loss in finance costs or finance income as appropriate, unless hedge accounting is applied and the hedge is a cash flow hedge.

Debt instruments that do not meet the conditions in FRS 102 paragraph 11.9 are subsequently measured at fair value through profit or loss. Debt instruments may be designated as being measured at fair value through profit or loss to eliminate or reduce an accounting mismatch or if the instruments are measured and their performance evaluated on a fair value basis in accordance with a documented risk management or investment strategy.

HCP HOLDINGS LIMITED

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

FOR THE YEAR ENDED 31 DECEMBER 2018

1 Accounting policies

(Continued)

Derecognition of financial liabilities

Financial liabilities are derecognised when the group's contractual obligations expire or are discharged or cancelled.

1.12 Equity instruments

Equity instruments issued by the group are recorded at the proceeds received, net of transaction costs. Dividends payable on equity instruments are recognised as liabilities once they are no longer at the discretion of the group.

1.13 Taxation

The tax expense represents the sum of the tax currently payable and deferred tax.

Current tax

The tax currently payable is based on taxable profit for the year. Taxable profit differs from net profit as reported in the profit and loss account because it excludes items of income or expense that are taxable or deductible in other years and it further excludes items that are never taxable or deductible. The group's liability for current tax is calculated using tax rates that have been enacted or substantively enacted by the reporting end date.

Deferred tax

Deferred tax liabilities are generally recognised for all timing differences and deferred tax assets are recognised to the extent that it is probable that they will be recovered against the reversal of deferred tax liabilities or other future taxable profits. Such assets and liabilities are not recognised if the timing difference arises from goodwill or from the initial recognition of other assets and liabilities in a transaction that affects neither the tax profit nor the accounting profit.

The carrying amount of deferred tax assets is reviewed at each reporting end date and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered. Deferred tax is calculated at the tax rates that are expected to apply in the period when the liability is settled or the asset is realised. Deferred tax is charged or credited in the profit and loss account, except when it relates to items charged or credited directly to equity, in which case the deferred tax is also dealt with in equity. Deferred tax assets and liabilities are offset if, and only if, there is a legally enforceable right to offset current tax assets and liabilities and the deferred tax assets and liabilities relate to taxes levied by the same tax authority.

1.14 Employee benefits

The costs of short-term employee benefits are recognised as a liability and an expense, unless those costs are required to be recognised as part of the cost of stock or fixed assets.

The cost of any unused holiday entitlement is recognised in the period in which the employee's services are received.

Termination benefits are recognised immediately as an expense when the company is demonstrably committed to terminate the employment of an employee or to provide termination benefits.

1.15 Leases

Rentals payable under operating leases, including any lease incentives received, are charged to income on a straight line basis over the term of the relevant lease except where another more systematic basis is more representative of the time pattern in which economic benefits from the lease asset are consumed.

HCP HOLDINGS LIMITED

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

FOR THE YEAR ENDED 31 DECEMBER 2018

1 Accounting policies

(Continued)

1.16 Foreign exchange

Transactions in currencies other than pounds sterling are recorded at the rates of exchange prevailing at the dates of the transactions. At each reporting end date, monetary assets and liabilities that are denominated in foreign currencies are retranslated at the rates prevailing on the reporting end date. Gains and losses arising on translation are included in the profit and loss account for the period.

2 Judgements and key sources of estimation uncertainty

In the application of the group's accounting policies, the directors are required to make judgements, estimates and assumptions about the carrying amount of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised where the revision affects only that period, or in the period of the revision and future periods where the revision affects both current and future periods.

Critical judgements

The following judgements (apart from those involving estimates) have had the most significant effect on amounts recognised in the financial statements.

Impairment of intangible fixed assets

As described in the accounting policy regarding the impairment of fixed assets, the company is required to estimate the recoverable amount of each class of intangible fixed asset that is subject to impairment review. In making these estimates, the company must estimate the likely future cashflows generated by each and make a judgement regarding an appropriate pre-tax discount rate. In estimating future cashflows, the contractual arrangements and expected renewal assumptions in place are considered, alongside economic factors that may have an impact on them.

Recoverability of trade debtors

When assessing the carrying value of trade debtors, the directors make judgements regarding the likelihood of recovery of those debts. In performing this assessment the directors will use publically available financial information to determine, if in their opinion, the outstanding amounts are likely to be recovered. Any amounts determined to be not recoverable are provided for in the financial statements.

Recognition of revenue

Revenue from consultancy services is recognised as work is performed. In determining the stage of completion of a consultancy project and therefore the revenue to be recognised the directors will use key information such as milestones reached and the level of consultant time incurred.

	Total tax charge	384	499
		<u>384</u>	<u>499</u>

For the year ended 31 December 2018, the UK rate of 19% is applied (2017: 19.25%).

A reduction in the UK corporation tax rate from 21% to 20% (effective from 1 April 2015) was substantively enacted on 2 July 2013. Further reductions to 19% (effective from 1 April 2017) and to 18% (effective 1 April 2020) were substantively enacted on 26 October 2015, and an additional reduction to 17% (effective 1 April 2020) was substantively enacted on 6 September 2016. This will reduce the group's future current tax charge accordingly. The deferred tax liability at 31 December 2018 has been calculated based on these rates.

HCP HOLDINGS LIMITED

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED) FOR THE YEAR ENDED 31 DECEMBER 2018

9 Taxation

(Continued)

The actual charge for the year can be reconciled to the expected charge based on the profit or loss and the standard rate of tax as follows:

	2018 £'000	2017 £'000
Profit before taxation	1,620	2,514
Expected tax charge based on a corporation tax rate of 19.00% (2017 19.25%)	308	484
Tax effect of expenses that are not deductible in determining taxable profit	37	-
Unutilised tax losses carried forward	(37)	(43)
Adjustments in respect of prior years	2	(6)
Effect of change in corporation tax rate	2	(1)
Depreciation on assets not qualifying for tax allowances	1	-
Amortisation on assets not qualifying for tax allowances	280	142
Amortisation of deferred tax liability arising on business combinations	(209)	(77)
Tax expense for the year	384	499

The total tax charge as stated above has been recorded in the profit and loss account.

10 Dividends

	2018 £'000	2017 £'000
Interim paid	2,313	2,177

HCP HOLDINGS LIMITED

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED) FOR THE YEAR ENDED 31 DECEMBER 2018

11 Intangible fixed assets

Group	Goodwill £'000	Customer relationships £'000	Customer contracts £'000	Total £'000
Cost				
At 1 January 2018 and 31 December 2018	2,926	1,281	2,726	6,933
Amortisation and impairment				
At 1 January 2018	1,689	115	411	2,215
Amortisation charged for the year	255	220	968	1,443
Impairment losses	-	-	119	119
At 31 December 2018	1,944	335	1,498	3,777
Carrying amount				
At 31 December 2018	982	946	1,228	3,156
At 31 December 2017	1,237	1,166	2,315	4,718

The impairment arising in the year is the result of changes to the forecast cash flow assumptions to those set at acquisition.

The directors consider each acquisition separately for the purpose of determining the amortisation period of any goodwill that arises. The following sets out the periods over which goodwill is amortised and the reasons for the periods chosen:

- Goodwill arising on the acquisition of HCP Management Services Limited in 2009 of £1,860,000 (2017: £1,860,000) is amortised over a period of ten years, reflecting the average remaining period to expiry of the management contracts acquired on the acquisition of HCP Management Services Limited.
- Goodwill arising on the acquisition of the John Laing Investment Management Services MSA's and the acquisition of the equity of UK Highways Limited of £1,066,000 (2017: £1,066,000) is amortised over 10 years, the estimate average period over which the cash flows in respect of which these items relate are expected to arise.
- Customer relationships of £1,281,000 (2017: £1,281,000) are amortised over a period of ten years, the estimated average renewal term expected following expiry of the acquired contracts.
- Customer contracts acquired in 2016 through the acquisition of the John Laing Investment Management Services Limited MSA's and the acquisition of UK Highways Limited of £2,726,000 (2017: £2,726,000) are amortised over the remaining period to expiry of these contracts.

20 Share capital

	Group and company	
	2018	2017
	£'000	£'000
Ordinary share capital		
Issued and fully paid		
3,010,419 (2017: 3,010,419) Ordinary A shares of 20p each	602	602
1 (2017: 1) Ordinary B shares of £1 each	-	-
	<u>602</u>	<u>602</u>

Ordinary A shareholders are entitled to receive notice of, and attend, speak and vote at all general meetings of the company. Each share ranks pari passu to dividend payments, distributions and on returns of capital.

Ordinary B shares confer the following rights:

- The holder is entitled to a cash dividend equal to the sum of any distribution made to the company by HCP Social Infrastructure (Canada) Limited. Should the company have insufficient reserves to permit the full amount to be distributed; no profits shall be distributed to any other holders of shares until the full amount of the ordinary B dividend has been declared.
- On return of assets on liquidation, reduction of capital or otherwise, the holder is entitled to an amount equal to the subscription price paid for the ordinary B share and any accrued dividends from any remaining surplus assets.
- The holder is entitled to receive notice of, and attend, speak and vote at all general meetings of the company.
