1 Accounting policies

Basis of preparation

The Financial Statements are prepared under the historical cost convention.

Cash Flow Statement

Related Party Transactions

The directors regard AEA Technology plc as the ultimate controlling party.

The company is exempt from disclosing material balances and transactions with other group undertakings in accordance with FRS8 "Related party disclosure".

The company has not traded during the year and has made neither a profit nor a loss. No profit and loss account has therefore been prepared.

Basis of consolidation

The Company is exempt under section 228 of the Companies Act 1985 from the preparation of consolidated accounts since it is included in the consolidated accounts of the ultimate holding company AEA Technology plc, a company registered in England and Wales. Accordingly the Financial Statements present information about the Company as an individual entity and not about its Group.

Investments

Investments in the Company's subsidiary undertakings are stated at cost less any provision for impairment.

Pensions

The expected cost of providing pensions, as calculated periodically by professionally qualified actuaries, is charged to the profit and loss account so as to spread the cost over the service lives of employees in the scheme in such a way that the pension cost is a substantially level percentage of current and expected future pensionable payroll. The costs of providing pensions to members of the defined contribution scheme are charged to the profit and loss account as they are incurred.
