## Notes to the financial statements for the 12 month period ended 30 June 2016

### 1 Accounting policies

#### Basis of preparation

These financial statements have been prepared on the going concern basis in accordance with International Financial Reporting Standards and IFRS IC interpretations endorsed by the EU and with those parts of the Companies Act 2006 applicable to companies reporting under IFRS. The financial statements have been prepared under the historical cost convention.

No income statement or cash flow statement has been prepared for the period as the Company has neither traded nor had any movement of cash in either of the periods ended 30 June 2016 or 30 June 2015.

#### Accounting reference date change

The Group changed its accounting reference date from 31 December to 30 June on 18 November 2014 to align the external reporting period with the seasonality of the US cough cold market which will become a major component of the Group's future commercial business. The Company changed its accounting reference date from 31 December to 30 June on 18 November 2014 to align with the Group. The financial information in the annual report therefore covers the 12 month period ended 30 June 2016 and the comparative 18 month period ended 30 June 2015.

#### Loans and receivables

Loans and receivables are non-derivative financial assets or liabilities with fixed or determinable payments that are not quoted in an active market. Assets in this category are recognised at amortised cost and included in trade and other receivables, and loans in the balance sheet.

Trade receivables are recognised initially at fair value and subsequently measured at amortised cost using the effective interest method, less provision for impairment. A provision for impairment of trade receivables is established when there is objective evidence that the Company will not be able to collect all amounts due according to the original terms of the receivables.

### 2 Non-current trade and other receivables

	30 June 2016 £	30 June 2015 £
Amount due from group undertakings	6,995,249	6,995,249

Amounts due from group undertakings are unsecured, interest free and have no stated repayment date. Although technically repayable on demand, they have been classified as non-current receivables because the Company has indicated that it will not seek repayment within twelve months of the date of the financial statements. All amounts due from group undertakings are payable by Vernalis plc.
