Directors' Report

Directors' Responsibilities

The directors are responsible for preparing the annual report and the financial statements in accordance with applicable law and regulations

Company law requires the directors to prepare financial statements for each financial year. Under that law the directors have elected to prepare the financial statements in accordance with United Kingdom Generally Accepted Accounting Practice (United Kingdom Accounting Standards and applicable law). Under company law the directors must not approve financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the company and of the profit and loss of the company for that period.

In preparing those financial statements, the directors are required to

- select suitable accounting policies and then apply them consistently,
- make judgements and estimates that are reasonable and prudent,
- state whether applicable United Kingdom accounting standards have been followed, and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the company will continue in business.

The directors are responsible for keeping adequate accounting records that are sufficient to show and explain the Company's transactions and disclose with reasonable accuracy at any time the financial position of the company and to enable them to ensure that the financial statements comply with the Companies Act 2006. The directors are also responsible for safeguarding the assets of the company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

Each of the persons who is a director at the date of approval of this report confirms that

- so far as the director is aware, there is no relevant audit information of which the company's auditor is unaware, and
- the director has taken all reasonable steps that he ought to have taken to make himself aware of any relevant audit information and to establish that the auditor is aware of that information.

This information is given in accordance with S 418 of the Companies Act 2006.

Our responsibility is to audit and express an opinion on the financial statements in accordance with applicable law and International Standards on Auditing (UK and Ireland). Those standards require us to comply with the Auditing Practice's Boards Ethical Standards for Auditors.

Scope of the Audit of the Financial Statements

An audit involves obtaining evidence about the amounts and disclosures in the financial statements sufficient to give reasonable assurance that the financial statements are free from material misstatement, whether caused by fraud or error. This includes an assessment of whether the accounting policies are appropriate to the company's circumstances and have been consistently applied and adequately disclosed, the reasonableness of significant accounting estimates made by the directors, and the overall presentation of the financial statements. In addition, we read all the financial and non-financial information in the annual report to identify material inconsistencies with the audited financial statements. If we become aware of any apparent material misstatements or inconsistencies we consider the implications for our report.

Opinion on Financial Statements

In our opinion the financial statements

- give a true and fair view of the state of the company's affairs as at 31 December 2012 and of its loss for the year then ended,

Notes to the Financial Statements

1 Accounting Policies

Basis of accounting

The financial statements have been prepared under the historical cost convention, modified to include the revaluation of certain fixed assets and in accordance with applicable United Kingdom law and accounting standards. The accounting policies have been applied consistently throughout the current and preceding year.

The company is a wholly owned subsidiary of Grosvenor Group Limited, its ultimate parent undertaking, which is incorporated in Great Britain and registered in England and Wales and prepares consolidated financial statements. Consequently the company is not required to prepare consolidated financial statements.

The directors' report describes the going concern basis of preparation of the financial statements.

Cash flow statement

The directors have taken advantage of the exemption in FRS1 'Cash flow statements' from including a cash flow statement in the financial statements on the grounds that the company is wholly owned and is a member of a group that publishes a consolidated cash flow statement.

Investments

Investments held as fixed assets are included in the balance sheet at net asset value and unrealised gains and losses are dealt with in the revaluation reserve, except that if a permanent impairment in value below original cost arises it is taken to the profit and loss account.

Taxation

All current and deferred tax charges or credits (after the application of group relief, to the extent relevant) are recognised in the company's profit and loss account.

Current UK corporation tax is recognised at amounts expected to be paid (or recovered) using the tax rates and laws that have been enacted or substantively enacted by the balance sheet date.

The company's taxation obligations are settled on its behalf by the intermediate holding company Grosvenor Fund Management Limited. The benefit of this arrangement is recognised as a capital contribution from Grosvenor Fund Management Limited to the company (or, to the extent that there are distributable reserves available, distribution from the company to Grosvenor Fund Management Limited where a tax credit arises) with all current and deferred tax assets and liabilities recorded in the balance sheet of Grosvenor Fund Management Limited.

Deferred taxation is provided in full in respect of timing differences between the recognition of income and expenditure for accounting and taxation purposes. Deferred taxation is not provided in respect of unrealised revaluation surpluses where there is no commitment to sell the asset. Deferred tax credits are recognised to the extent that it is regarded as more likely than not that the related assets will be recovered. Deferred tax assets and liabilities are not discounted. As described above, whilst the deferred tax charge or credit is recognised in the profit and loss account of the company, the related deferred tax assets and liabilities are recorded in the balance sheet of Grosvenor Fund Management Limited.
