DIRECTORS' RESPONSIBILITIES

The directors are responsible for preparing the Annual Report and the financial statements in accordance with applicable law and United Kingdom Generally Accepted Accounting Practice.

Company law requires the directors to prepare financial statements for each financial year which give a true and fair view of the state of affairs of the company as at the end of the financial year and of the profit or loss of the company for that period. In preparing those financial statements, the directors are required to

- select suitable accounting policies and then apply them consistently;
- make judgements and estimates that are reasonable and prudent;
- state whether applicable accounting standards have been followed, subject to any material departures disclosed and explained in the financial statements; and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the company will continue in business.

The directors are responsible for maintaining proper accounting records which disclose with reasonable accuracy at any time the financial position of the company and to enable them to ensure that the financial statements comply with the Companies Act 1985. They are also responsible for safeguarding the assets of the company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

AUDITORS

On 21 January 1998, the company passed an elective resolution in accordance with section 379A(1)(b)(c) and (e) of the Companies Act 1985, dispensing with the need to lay financial statements and reports before a general meeting and reappoint auditors annually.

We read the other information contained in the Annual Report and consider whether it is consistent with the audited financial statements. Our responsibilities do not extend to any other information.

NOTES TO THE FINANCIAL STATEMENTS For the year ended 31 December 2005

1. PRINCIPAL ACCOUNTING POLICIES

These financial statements have been prepared in accordance with applicable accounting standards and on the historical cost basis of accounting. The directors have considered the company's trading and cashflow projections and consider it is appropriate to prepare the company's financial statements on the going concern basis; the subordinated loan from the parent company will not be repaid whilst there are other creditors outstanding. The following are the major accounting policies of the company.

(a) Turnover

Turnover comprises agency salaries, winding up fees, profit commission, advisory fees and other related income, exclusive of value added tax.

Agency salaries are recognised in the year to which the fees relate. Winding up fees are accounted for when receivable. Profit commission is due when the underwriting year of account to which it relates is closed, normally at the end of three calendar years, and is accounted for when receivable.

(b) Taxation

Deferred taxation is provided in respect of the tax effect of all timing differences, at the rates of tax expected to apply when the timing differences reverse.

(c) Interest

Interest is accounted for on a receivable basis.

(d) Cash flow statement

The company has taken advantage of the exemption from preparing a cash flow statement conferred by Financial Reporting Standard No.1 (Revised 1996) on the grounds that it is entitled to as a wholly owned subsidiary of a parent undertaking which publishes a consolidated cash flow statement.

2. SEGMENTAL INFORMATION

The turnover, loss before taxation and net liabilities are attributable to the principal activity of the company. The company operates in the UK and the whole of its turnover is with the UK market.

14. RELATED PARTY TRANSACTIONS

Under the provision of the Financial Reporting Standard No. 8, the company is exempt from disclosing transactions with group related parties, as it is a wholly owned subsidiary.

15. FLOATING CHARGE

On 31 December 1998, Greenwich Lloyd's Underwriting Limited gave European International Reinsurance Company Limited a floating charge over all the assets of the company. However, the charge does not apply to any assets required by the company's capital and solvency requirements pursuant to the Underwriting Agents Byelaw (No. 2 of 2003). The annual financial return to Lloyd's as at 31 December 2005 showed a shortfall of net assets of £348,810 (2004: £249,609).

The secured amounts currently exceed the company's assets and the former fellow subsidiaries are unable to pay the sums owed. EIR has agreed, however, not to enforce its security provided Greenwich Insurance Holdings PLC makes and continues to make all reasonable efforts to maximise the realisable value of the security given by it and its subsidiaries.

NOTES TO THE FINANCIAL STATEMENTS For the year ended 31 December 2005 (continued)

16. CONTINGENT LIABILITIES

One former Name has commenced arbitration proceedings against the company to recover a loss resulting from his underwriting through the company's agency. This former Name has made an unsubstantiated claim for £293,000 which the directors believe to be groundless and will contest vigorously. No payment is expected to be required in respect of this claim and no provision has been made.

A small number of shareholders in Greenwich Insurance Holdings plc, the company's ultimate parent, have made claims against Greenwich Insurance Holdings plc and related parties, including Greenwich Lloyd's Underwriting Limited, to recover alleged losses of £723,288 arising from their participation in the Grenville II conversion scheme. The directors do not believe that these claims have any validity and the company will again contest liability vigorously. No payment is expected to be required by the company in respect of these claims and no provision has been made.
