KELLOGG MARKETING AND SALES COMPANY (UK) LIMITED FINANCIAL STATEMENTS 28 DECEMBER 2019

STRATEGIC REPORT

YEAR ENDED 28 DECEMBER 2019

The Directors present their strategic report of Kellogg Marketing and Sales Company (UK) Limited (the "Company") for the 2019 financial year from 30 December 2018 to 28 December 2019 (2018 financial year: from 31 December 2017 to 29 December 2018).

PRINCIPAL ACTIVITIES AND BUSINESS REVIEW

The principal activity of the Company during the year was the marketing and selling of ready to eat cereals and snacks in the United Kingdom, Africa and the Middle East.

The Company operates a couple of branches, Kellogg Marketing and Sales Company Limited (Mediterranean Branch), which is based in Greece and Kellogg Marketing and Sales Company Limited (Middle East Branch), which is based in Dubai.

During the year, the marketing and sales activities of the Kellogg Marketing and Sales Company Limited (Mediterranean Branch) has been transferred to another fellow group company.

The results for the Company for the year show a profit before taxation of £18,608,000 (2018: £22,841,000) and turnover of £735,648,000 (2018: £731,434,000).

The Company has entered into a 12 month Marketing, Distributorship and Supply Agreement with an Irish fellow group undertaking, Kellogg Europe Trading Limited, following the previous agreement which ran until 1 January 2020, to distribute products on its behalf.

At the year end the Company showed net assets of £62,669,000 (2018: £44,425,000).

Principal risks and uncertainties

A principal risk borne by the Company is ensuring it meets the needs of the retail trade with investment and participation commensurate with the level of its sales. In addition, the Company's ability to continue to market branded food products is dependent on distribution agreements it has with fellow group undertakings. The risk is mitigated by continual review of key performance indicators.

The Company is monitoring closely the risk posed by Coronavirus (COVID-19) and has implemented effective measures to safeguard employees and operations. The Company continues to monitor closely the situation and has a response team actively and continually reviewing and implementing appropriate safeguards across its facilities to effectively address the risks posed if the virus were to cause disruption to its operations in the UK. There is no impact from COVID-19 on the financial statements of 2019. The severity, magnitude and duration of the COVID-19 pandemic is uncertain and rapidly changing, however, there is no impact expected on the going concern of the Company.

SECTION 172 STATEMENT

The directors are fully aware of their duty under section 172 (1) of the Companies Act 2006 to act in the way which they consider, in good faith, would be most likely to promote the success of the Company for the benefit of its members as a whole. The directors consider that, during the year to 28 December 2019, they have had regard (amongst other matters) to:

- a. the likely consequences of any decision in the long term;
- b. the interest of the company's employees;
- c. the need to foster the company's business relationships with suppliers, customers and others;
- d. the impact of the company's operations on the community and the environment;
- e. the desirability of the company maintaining a reputation for high standards of business conduct; and
- f. the need to act fairly as between members of the company.

Further details in relation to each of these matters is set out below.

STRATEGIC REPORT (continued)

YEAR ENDED 28 DECEMBER 2019

Context

As a subsidiary of the Kellogg Group, the directors are assisted in these matters by the overarching group governance structures, procedures and policies, to which all group companies and employees must adhere. The directors also benefit from the expertise of certain group functions such as human resources, legal, procurement, internal audit and health and safety which operate with regard to various stakeholders and the success of all group companies.

The likely consequences of any decision in the long term - Taking a Long-Term approach

The directors are aware of the changing external landscape and the needs of its different stakeholder groups. Insights from these different stakeholder groups are considered by the directors and are taken into account in the Company's business planning process and are reflected in the Company's annual business plan.

Where conflicts arise between the short term and long-term consequences of a decision these consequences are weighed carefully. Whilst precedence is given to long term benefits, the directors will consider whether these are outweighed by short term impacts in reaching their conclusions.

Employee Engagement

There is senior HR representation on the board of the Company. The welfare and development of the Company's employees is of highest importance to the directors, guided by Kellogg Company's internal K Values which sets out how all Company employees should behave.

The directors are confident that the Company as part of the Kellogg group has extensive processes in place to ensure the voice of employees is heard and acted upon where necessary. These include an employee forum. There is significant investment in employee engagement and communication through the use of regular employee huddles and the use of Yammer, a social networking tool designed to openly connect and engage across the business.

Significant emphasis is placed on creating an environment where all employees feel they can belong. The Company offers access to several Employee Resource Groups to enable participation of specific groups including women, LGBT+ employees and colleagues from BAME communities.

The Company is a signatory to the United Nation's backed Unstereotype Alliance which seeks to eradicate harmful stereotyping in advertising and media content.

Kellogg Company Equal Opportunities, Anti-Harassment and Bullying Policies are set out in a Company Handbook and a report into inclusion and diversity work is published annually.

Stakeholder Engagement Business Relationships

The directors continually seek to maintain and develop strong and mutually beneficial relationships with the Company's suppliers and customers.

There are European wide processes and functions which assist the director in this regard. For example, the Company engages with its suppliers via European procurement teams as well as through other group functions such as legal, compliance and Health and Safety.

The Company builds partnerships with its suppliers ensuring they are responsible and capable of delivering our business needs.

STRATEGIC REPORT (continued)

YEAR ENDED 28 DECEMBER 2019

Business Relationships (continued)

Finance and Procurement teams review the financial stability and suitability of our suppliers in line with our policies and ethical standards. Regular supplier account management meetings take place to review performance.

The directors are committed to complying with all applicable local laws and regulations including in relation to modern slavery, human trafficking and anti-bribery and corruption. Contractual provisions are updated to ensure that external counterparties are obliged to adhere to all applicable laws and regulations.

All dealings with suppliers are governed by the Kellogg Company's Code of Ethics which seeks to set out the joint responsibilities of both the Company and those who supply it.

Community and Environment

As Kellogg is one of Britain's most long-standing food companies, the directors understand their responsibility to help people make healthier choices and play a role in supporting and nurturing communities.

The Company's main corporate social responsibility efforts are focussed on helping to tackle food insecurity, through its support of school breakfast clubs and food banks.

The directors also recognise the impact of what Kellogg produces on the lives of people. That is why the directors have assisted the Kellogg Group to pursue a policy of working to improve the nutritional composition of its food including a 40% sugar reduction in one of Kellogg's most famous children's food in the UK – Coco Pops.

The directors are also aware of their responsibility to the planet and ensure that the Company adheres to extensive policies set at Kellogg group level to reduce its environmental impact in the areas of carbon, water, energy, road miles and freight, food waste, plastics and sustainable sourcing.

Kellogg Company is the signatory to several global multi-stakeholder pledges to address the environmental impact of its operations, including a pledge to ensure all its packaging is either reusable, recyclable or compostable by 2025. Progress against these targets is published on an annual basis in a Global CSR report.

Guarding corporate reputation

The directors are aware of Kellogg's reputation in the market place and their responsibility to ensure its good health.

Annually the Company participates in two different externally validated surveys to understand its reputation with two major stakeholder groups: consumers and employees.

This analysis helps directors understand the needs and expectations of stakeholders and independently assess the reputational impact of the various actions and decisions that the Company takes.

The insights from these surveys are fed into Kellogg's European wide annual business planning cycle.

Alongside this, the Kellogg UK business has a full reputation management process in place to assist directors in the long-term protection and management of the Company's reputation.

STRATEGIC REPORT (continued)

YEAR ENDED 28 DECEMBER 2019

High standards of business conduct

The directors strive to operate the business to the highest level of conduct. All staff are required to adhere to the Kellogg Company's Diversity and Inclusion Policy and its Anti-Harassment and Bullying Policy. Kellogg Company has an Office of Ethics and Compliance which acts as a guardian of the Company's policies and conducts regular ethics training for employees.

The Company's employees have full and free access to a whistleblowing service operated by Kellogg Company.

The directors also benefit from the work of group's Internal Audit function which performs routine audits which will review the overall control framework and the Company's compliance with Kellogg policies and procedures.

The need to act fairly as between members of the company.

The directors treat all external stakeholders collaboratively and fairly, and duly expect a level of conduct from them which aligns to the Company's values.

Key performance indicators

The Company's key financial performance indicators are turnover and operating profit.

	Year ended 28 December 2019 £'000	Year ended 29 December 2018 £'000
Turnover Operating profit	735,648 18,063	731,434 23,253

In 2019 the Company's turnover increased compared to prior year due to a growth in sales within the UK market and overseas. Turnover and operating profit are in line with expectation based on the Kellogg Europe operating model.

Kellogg's U.K. consumption and market share closed the year up across both Cereal and Pringles, whilst we improved our consumption trajectory in wholesome snacks as the year progressed helping return the total business to organic net sales growth in 2019. This growth was enabled through leading innovation, effective brand-building, and new pack formats across our categories.

The Directors are confident that with the pipeline of commercial initiatives, product innovation and various growth and efficiency programmes, the business will be well positioned for the future.

THE DIRECTORS' REPORT

YEAR ENDED 28 DECEMBER 2019

The Directors have pleasure in presenting their report and the audited financial statements of the Company for the 2019 financial year from 30 December 2018 to 28 December 2019 (2018 financial year: from 31 December 2017 to 29 December 2018).

RESULTS AND DIVIDENDS

The trading results for the year and the Company's financial position at the end of the year are shown in the accompanying financial statements.

The Company operates a couple of branches, Kellogg Marketing and Sales Company Limited (Mediterranean Branch), which is based in Greece and Kellogg Marketing and Sales Company Limited (Middle East Branch), which is based in Dubai.

During the year, the marketing and sales activities of the Kellogg Marketing and Sales Company Limited (Mediterranean Branch) has been transferred to another fellow group company.

The Directors recommend the payment of £nil in dividends (2018: £107,000,000).

FUTURE OUTLOOK

The outlook for 2020 is expected to remain challenging given the tough economic climate, retail environment and the intense promotional pressure within our categories, however, with improvement from past years' performance. The plan will focus on increasing brand investment behind the core of the portfolio.

The Company's Marketing, Distributorship and Supply Agreements with Kellogg Europe Trading Limited run until 1 January 2020 and are due for renewal by this date. The Directors are confident that continued innovation and efficiencies will ensure renewal.

FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES

The Company's operations expose it to a variety of financial risks that include the direct and indirect effects of changes in debt, foreign exchange risk, credit risk, liquidity and interest rate risk. The Company has in place risk management programmes that seek to manage the financial exposures of the Company by monitoring levels of debt finance and the related finance costs.

Interest rate risk

In order to ensure the stability of cash outflows and hence manage interest rate risk, the Company keeps under constant review its levels of debt, the maturity and currency of the debt, and the interest expense being incurred, including the split between fixed and variable interest rates.

Credit risk

A fellow group company carries the risk of customer default for products sold by its distributors, including Kellogg Marketing and Sales Company (UK) Limited, provided the distributor carries out specified credit control checks. The Company's procedures ensure that such checks are performed on an ongoing basis.

Price risk

The Company has no direct exposure to equity securities price risk as it holds no listed investments.

Foreign exchange risk

The Company is exposed to transactional foreign exchange risks in the normal course of its business, principally on sales and purchases of goods and services in parts of continental Europe, Africa and the Middle East and with affiliated undertakings.

THE DIRECTORS' REPORT (continued)

YEAR ENDED 28 DECEMBER 2019

Liquidity risk

The Company maintains a suitable profile of long term and short term debt finance that is designed to ensure the Company should always have sufficient available liquid funds for its operations. A cash pooling arrangement and overdraft facility is in place, detailed in note 11.

RESEARCH AND DEVELOPMENT

A fellow group company carries out research and development to identify and exploit market opportunities for new food products. During the year there was no additional research and development expenditure incurred by the Company (2018: £nil).

DIRECTORS

The Directors who served the Company during the year and up to the date of signing the financial statements were as follows, except where noted:

O Morton (resigned 21 August 2019)

DIRECTORS' INDEMNITITES

The ultimate holding company maintains liability insurance for the Directors and officers of the group. This was in place during the financial year and also at the date of approval of the financial statements and is a qualifying third party indemnity provision for the purposes of the Companies Act 2006.

STATEMENT OF DIRECTORS' RESPONSIBILITIES IN RESPECT OF THE FINANCIAL STATEMENTS

The directors are responsible for preparing the Annual Report and the financial statements in accordance with applicable law and regulation.

Company law requires the directors to prepare financial statements for each financial year. Under that law the directors have prepared the financial statements in accordance with United Kingdom Generally Accepted Accounting Practice (United Kingdom Accounting Standards, comprising FRS 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland", and applicable law). Under company law the directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the company and of the profit or loss of the company for that period. In preparing the financial statements, the directors are required to:

- select suitable accounting policies and then apply them consistently;
- state whether applicable United Kingdom Accounting Standards, comprising FRS 102, have been followed, subject to any material departures disclosed and explained in the financial statements;
- · make judgements and accounting estimates that are reasonable and prudent; and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the company will continue in business.

THE DIRECTORS' REPORT (continued)

YEAR ENDED 28 DECEMBER 2019

STATEMENT OF DIRECTORS' RESPONSIBILITIES IN RESPECT OF THE FINANCIAL STATEMENTS (continued)

The directors are also responsible for safeguarding the assets of the company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

The directors are responsible for keeping adequate accounting records that are sufficient to show and explain the company's transactions and disclose with reasonable accuracy at any time the financial position of the company and enable them to ensure that the financial statements comply with the Companies Act 2006.

DIRECTORS' CONFIRMATIONS

In the case of each director in office at the date the Directors' Report is approved:

- so far as the director is aware, there is no relevant audit information of which the company's auditors are unaware; and
- they have taken all the steps that they ought to have taken as a director in order to make themselves aware of any relevant audit information and to establish that the company's auditors are aware of that information.

DISCLOSURE OF INFORMATION TO AUDITORS

In so far as the Directors are aware:

- there is no relevant audit information of which the Company's auditors are unaware; and
- the Directors have taken all steps that they ought to have taken as Directors to make themselves aware of any relevant audit information and to establish that the Company's auditors are aware of that information.

CHARITABLE DONATIONS

The Company is committed to supporting the communities in which it operates. The Company's ultimate holding company, Kellogg Company, made donations of £68,508 in 2019 to charitable projects in the UK through the Kellogg Company Fund which is based in the United States of America. In addition to this, the European business, KEU, made donations of £674,878.

During the year, these cash donations enabled Kellogg's to provide funding to 600 UK school breakfast clubs that provide breakfast for disadvantaged children. In addition to this, we made donations to food redistribution charities FareShare and The Bread and Butter thing who help feed people in need in the UK. We continue to encourage employees to get involved in our charity programme and 175 people volunteered in 2019 to support a range of projects which provide food for the people of Manchester.

THE DIRECTORS' REPORT (continued)

YEAR ENDED 28 DECEMBER 2019

EMPLOYEES

Established consultative structures continued to provide a framework for employee involvement and for discussion of an extensive range of issues of mutual interest. The Company's programme of employee communication was continued with the staging of employee conferences at which Directors and senior management presented a financial and business review and highlighted plans for the future.

Recruitment is based on achieving and maintaining a workforce including disabled persons who can reasonably be expected to become effective employees. Selection is according to ability, acceptability to training, character dependability and potential for future advancement within the Company.

All employment is without discrimination on grounds of sex, marital status, sexual orientation, racial group, religious belief, age or disability. Whilst in employment, the Company ensures that all employees, including disabled persons, are given the opportunity to apply for and are considered for vacancies based on their abilities to fulfil the job requirements. Special guidance ensures that disabled employees receive full and fair training opportunities for career development with the Company. Newly disabled persons will, wherever possible, be retained within the workforce and in their original activity, subject to medical approval.

Employees are encouraged to participate in the success of the business through performance related pay and employee share purchase schemes.

INDEPENDENT AUDITORS' REPORT TO THE MEMBERS OF KELLOGG MARKETING AND SALES COMPANY (UK) LIMITED

YEAR ENDED 28 DECEMBER 2019

Report on the audit of the financial statements

Opinion

In our opinion, Kellogg Marketing And Sales Company (UK) Limited's financial statements:

- give a true and fair view of the state of the company's affairs as at 28 December 2019 and of its profit for the year then ended;
- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice (United Kingdom Accounting Standards, comprising FRS 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland", and applicable law); and
- have been prepared in accordance with the requirements of the Companies Act 2006.

We have audited the financial statements, included within the Financial Statements (the "Annual Report"), which comprise: the balance sheet as at 28 December 2019; the profit and loss account, the statement of comprehensive income, the statement of changes in equity for the year then ended; the Statement of accounting policies; and the notes to the financial statements.

Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (UK) ("ISAs (UK)") and applicable law. Our responsibilities under ISAs (UK) are further described in the Auditors' responsibilities for the audit of the financial statements section of our report. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Independence

We remained independent of the company in accordance with the ethical requirements that are relevant to our audit of the financial statements in the UK, which includes the FRC's Ethical Standard, and we have fulfilled our other ethical responsibilities in accordance with these requirements.

Conclusions relating to going concern

We have nothing to report in respect of the following matters in relation to which ISAs (UK) require us to report to you where:

- the directors' use of the going concern basis of accounting in the preparation of the financial statements is not appropriate; or
- the directors have not disclosed in the financial statements any identified material uncertainties that may
 cast significant doubt about the company's ability to continue to adopt the going concern basis of
 accounting for a period of at least twelve months from the date when the financial statements are
 authorised for issue.

However, because not all future events or conditions can be predicted, this statement is not a guarantee as to the company's ability to continue as a going concern.

Reporting on other information

The other information comprises all of the information in the Annual Report other than the financial statements and our auditors' report thereon. The directors are responsible for the other information. Our opinion on the financial statements does not cover the other information and, accordingly, we do not express an audit opinion or, except to the extent otherwise explicitly stated in this report, any form of assurance thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated. If we identify an apparent material inconsistency or material misstatement, we are required to perform procedures to conclude whether there is a material misstatement of the financial statements or a material misstatement of the other information. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report based on these responsibilities.

INDEPENDENT AUDITORS' REPORT TO THE MEMBERS OF KELLOGG MARKETING AND SALES COMPANY (UK) LIMITED (continued)

YEAR ENDED 28 DECEMBER 2019

With respect to the Strategic Report and Directors' Report, we also considered whether the disclosures required by the UK Companies Act 2006 have been included.

Based on the responsibilities described above and our work undertaken in the course of the audit, ISAs (UK) require us also to report certain opinions and matters as described below.

Strategic Report and Directors' Report

In our opinion, based on the work undertaken in the course of the audit, the information given in the Strategic Report and Directors' Report for the year ended 28 December 2019 is consistent with the financial statements and has been prepared in accordance with applicable legal requirements.

In light of the knowledge and understanding of the company and its environment obtained in the course of the audit, we did not identify any material misstatements in the Strategic Report and Directors' Report.

Responsibilities for the financial statements and the audit

Responsibilities of the directors for the financial statements

As explained more fully in the Statement of Directors' Responsibilities in Respect of the Financial Statements, the directors are responsible for the preparation of the financial statements in accordance with the applicable framework and for being satisfied that they give a true and fair view. The directors are also responsible for such internal control as they determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the directors are responsible for assessing the company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the company or to cease operations, or have no realistic alternative but to do so.

Auditors' responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

A further description of our responsibilities for the audit of the financial statements is located on the FRC's website at: www.frc.org.uk/auditorsresponsibilities. This description forms part of our auditors' report.

Use of this report

This report, including the opinions, has been prepared for and only for the company's members as a body in accordance with Chapter 3 of Part 16 of the Companies Act 2006 and for no other purpose. We do not, in giving these opinions, accept or assume responsibility for any other purpose or to any other person to whom this report is shown or into whose hands it may come save where expressly agreed by our prior consent in writing.

INDEPENDENT AUDITORS' REPORT TO THE MEMBERS OF KELLOGG MARKETING AND SALES COMPANY (UK) LIMITED (continued)

YEAR ENDED 28 DECEMBER 2019

Other required reporting

Companies Act 2006 exception reporting

Under the Companies Act 2006 we are required to report to you if, in our opinion:

- we have not received all the information and explanations we require for our audit; or
- adequate accounting records have not been kept by the company, or returns adequate for our audit have not been received from branches not visited by us; or
- certain disclosures of directors' remuneration specified by law are not made; or
- the financial statements are not in agreement with the accounting records and returns.

We have no exceptions to report arising from this responsibility.

STATEMENT OF ACCOUNTING POLICIES

YEAR ENDED 28 DECEMBER 2019

General information

Kellogg Marketing and Sales Company (UK) Limited (the "Company") is a company incorporated in the United Kingdom. The Company is registered and domiciled in England and Wales, with the registration number 03237431.

The Company is a private company limited by shares and the registered office is: Orange Tower Media City UK, Salford, Greater Manchester, United Kingdom, M50 2HF.

Statements of compliance

The individual financial statements of the Company have been prepared in compliance with United Kingdom Accounting Standards, including Financial Reporting Standard 102, The Financial Reporting Standards application in the United Kingdom and the Republic of Ireland ("FRS102"), and the Companies Act 2006.

Basis of preparation

The financial statements have been prepared on a going concern basis, under the historical cost convention other than share-based payments recognised at fair value.

The preparation of financial statements in conformity with FRS102 required the use of certain critical accounting estimates. It also required management to exercise its judgement in the process of applying the Company's accounting policies. The areas involving a higher degree of judgement or complexity, or areas where assumptions and estimates are significant to the financial statements are disclosed below in critical accounting judgments and estimation.

Summary of significant accounting policies

The principal accounting policies applied in the preparation of these financial statements are set out below. These policies have been consistently applied to all the financial years presented, unless otherwise stated.

Exemptions for qualifying entities under FRS102

FRS102 allows the Company certain disclosure exemptions as a wholly owned subsidiary undertaking of Kellogg Company, which prepares consolidated financial statements that are publicly available and can be obtained from the address detailed in note 17. As a result the Company has taken advantage of the following exemptions:

- Certain disclosures surrounding financial instruments;
- The requirement to prepare a statement of cash flows;
- Disclosure of key management personnel compensation in total; and
- Certain disclosures surrounding share-based payments.

Cash flow statement

The Company has taken advantage of the exemption, under FRS102 paragraph 1.12(b), from preparing a statement of cash flows, on the basis that it is a qualifying entity and its ultimate parent company, Kellogg Company, includes the Company's cash flows in its own consolidated financial statements.

STATEMENT OF ACCOUNTING POLICIES (continued)

YEAR ENDED 28 DECEMBER 2019

Going concern

The financial statements have been prepared on the going concern basis, which assumes that the Company will continue in operational existence for the foreseeable future. After reviewing the Company's forecasts and projections, the Directors have a reasonable expectation that the Company has adequate resources to continue in operational existence for the foreseeable future.

The directors believe that it is appropriate for the financial statements to be prepared on the going concern basis having considered cash flow projections and having received a letter of support from the ultimate parent undertaking, Kellogg Company, which indicates that it will continue to provide sufficient funds to enable the Company to meet all of its financial obligations as they fall due for the foreseeable future, a period of at least 12 months from the date of signing the financial statements.

Employee benefits

Short-term benefits, including holiday pay and other similar non-mandatory benefits are recognised as an expense in the financial year in which the service is received.

Related parties transactions

The Company discloses transactions with related parties which are not wholly owned with the same group. It does not disclose transactions with members of the same group that are wholly owned. Consolidated financial statements of Kellogg Company, which incorporate the financial statements of the Company, are publicly available (note 17). The Company was not involved in any other related party transactions during the financial year.

Turnover

Turnover comprises the invoiced value for the sale of goods net of sales rebates, discounts, value added tax and other taxes directly attributable to revenue. Revenue is recognised when the outcome of a transaction can be measured reliably and when it is probable that the economic benefits associated with the transaction will flow to the Company. Revenue is recognised on the following basis:

i) Sale of goods

Sales of goods are recognised as revenue on transfer of the risks and rewards of ownership, which typically coincides with the time when the merchandise is delivered to customers and title passes.

ii) Sales rebates and discounts

Sales related discounts comprise:

- Long-term discounts and rebates, which are sales incentives to customers to encourage them to purchase increased volumes and are related to total volumes purchased and sales growth.
- Short-term promotional discounts, which are directly related to promotions run by customers.

Sales rebates and discount accruals are established at the time of sale based on management's best estimate of the amounts necessary to meet claims by the Company's customers in respect of these rebates and discounts. Accruals are made on an individual basis based on the type and length of promotion and the nature of the customer agreement. At the time an accrual is made the nature and timing of the promotion is typically known.

STATEMENT OF ACCOUNTING POLICIES (continued)

YEAR ENDED 28 DECEMBER 2019

Fixed asset investments

Investments in shares in group undertakings are recorded at cost less any provision for subsequent diminution in value, by reference to the higher of net realisable value and value in use. Impairment reviews are performed by the Directors when there has been an indication of potential permanent impairment in the carrying value of the investment. Any impairment is written off in the financial year in which it arises.

Operating leases

Rentals due under operating lease agreements, where substantially all the benefits and risks of ownership remain with the lessor, are expensed on a straight line basis over the lease term.

Pension costs and other post-retirement benefits

Defined contribution pension scheme

Employees whose employment commenced after 1 April 2004 can apply for membership of the Kellogg Group's UK defined contribution pension scheme to which both employees and employer contribute.

The assets of the scheme are independently administered and are held separately from those of the Company. The pension expense arising in these financial statements equates to the contributions paid by the employer.

Following a company review of pension arrangements in the United Kingdom, and subsequent employee consultation, existing employees who were in the Defined Benefit pension scheme moved to the Defined Contribution pension scheme as and from 1 January 2019.

Defined benefit pension scheme

Employees whose employment commenced before 1 April 2004 were eligible to apply for membership of a defined benefit pension scheme. The assets of the scheme are held separately from those of the Company.

The Company operates a defined benefit plan for certain employees. A defined benefit plan defines the pension benefit that the employee will receive on retirement, usually dependent upon several factors including age, length of service and remuneration. A defined benefit plan is a pension plan that is not a defined contribution plan.

The asset recognised in the balance sheet in respect of the defined benefit plan is the fair value of the plan assets at the financial year end less the present value of the defined benefit obligation at the financial year end

The defined benefit obligation is calculated using the projected unit credit method. Annually the Company engages independent actuaries to calculate the obligation. The present value is determined by discounting the estimated future payments using market yields on high quality corporate bonds that are denominated in sterling and that have terms approximately the estimated period of the future payments ('discount rate').

The fair value of plan assets is measured in accordance with the FRS102 fair value hierarchy and in accordance with the Company's policy for similarly held assets. This includes the use of appropriate valuation techniques.

STATEMENT OF ACCOUNTING POLICIES (continued)

YEAR ENDED 28 DECEMBER 2019

Pension costs and other post-retirement benefits (continued)

Defined benefit pension scheme (continued)

Actuarial gains and losses arising from experience adjustments and changes in actuarial assumptions are charged or credited to other comprehensive income. These amounts together with the return on plan assets, less amounts included in net interest, are disclosed as 're-measurement of net defined benefit asset'.

The cost of the defined benefit plan, recognised in profit or loss as employee costs, except where included in the cost of an asset, comprises:

- a. The increase in pension benefit liability arising from employee service during the financial year; and
- b. The cost of plan introductions, benefit changes, curtailments and settlements.

The net interest income/(expense) is calculated by applying the discount rate to the net balance of the defined benefit obligation and the fair value of plan assets. This amount is recognised in profit or loss as 'net interest income/(expense)'.

Taxation

Taxation expense for the financial year comprises current and deferred tax. Tax is recognised in the profit and loss account, except to the extent that it relates to items recognised in other comprehensive income or directly in equity. In this case tax is also recognised in other comprehensive income or directly in equity respectively.

Current or deferred tax assets and liabilities are not discounted.

Current taxation

Current tax is the amount of income tax payable in respect of the taxable profit for the financial year. Tax is calculated on the basis of tax rates and laws that have been enacted or substantively enacted by the financial year end.

Management periodically evaluates positions taken in tax returns with respect to situations in which applicable tax regulations are subject to interpretation. Provisions are established where appropriate on the basis of amounts expected to be paid to the tax authorities.

Deferred taxation

Deferred tax arises from timing differences between taxable profits and total comprehensive income as stated in the financial statements. These timing differences arise from the inclusion of income and expense in tax assessments in periods different from those in which they are recognised in financial statements.

Deferred tax is recognised on all timing differences at the financial year end except for certain exceptions. Unrelieved tax losses and deferred tax assets are only recognised when it is probable that they will be recovered against the reversal of deferred tax liabilities or other future taxable profits.

Deferred tax is measured using tax rates and laws that have been enacted or substantively enacted by the period end and that are expected to apply to the reversal of timing differences.

STATEMENT OF ACCOUNTING POLICIES (continued)

YEAR ENDED 28 DECEMBER 2019

Foreign currencies

The Company's functional and presentation currency is the pound sterling.

Foreign exchange gains and losses resulting from the settlement of transactions and from the translation at financial year end exchange rates of monetary assets and liabilities denominated in foreign currencies are recognised in the profit and loss account.

Share-based payments

The Company's ultimate parent undertaking issues equity-settled share-based payments to certain employees (including Directors). Equity-settled share-based payments are measured at fair value at the date of grant. The fair value determined at the grant date of the equity-settled share-based payments is expensed on a straight-line basis over the vesting period, together with a corresponding increase in equity, based upon the Company's estimate of the shares that will eventually vest. Once exercised the options are settled in equity by the ultimate parent company, which then recharges the Company.

Fair value is measured using the Black-Scholes model. The expected life used in the model has been adjusted, based on management's best estimate, for the effects of non-transferability, exercise restrictions and behavioural considerations.

Where an equity-settled transaction is cancelled, it is treated as if it had vested on the date of the cancellation, and any expense not yet recognised for the transaction is recognised immediately.

The Company has taken advantage of the exemption from disclosures under FRS102, paragraphs 26.18b to 26.21 and 26.23, relating to share-based payments.

Dividends

Dividends payable are recognised in the financial year in which they are paid or approved by the Company shareholders. These amounts are recognised in the statement of changes in equity.

Dividend income is recognised in the financial year in which the right to receive payment is established.

Financial instruments

Financial assets

Basic financial assets, including trade and other receivables and cash and bank balances, are initially recognised at transaction price, unless the arrangement constitutes a financing transaction, where the transaction is measured at the present value of the future receipts discounted at the market rate of interest, under FRS 102. Such assets are subsequently carried at amortised cost using the effective interest method.

Financial liabilities

Basic financial liabilities, including trade and other payables and loans from fellow group companies, are initially recognised at transaction price, unless the arrangement constitutes a financing transaction, where the debt instrument is measured at the present value of the future payments discounted at a market rate of interest, under FRS 102. Debt instruments are subsequently carried at amortised cost, using the effective interest rate method.

STATEMENT OF ACCOUNTING POLICIES (continued)

YEAR ENDED 28 DECEMBER 2019

Cash and cash equivalents

Cash and cash equivalents includes cash in hand, deposits held at call with banks, other short-term highly liquid investments with original maturities of three months or less and bank overdrafts. Bank overdrafts are shown within 'creditors: amounts falling due within one year' in current liabilities.

Interest receivable and payable

Interest is recognised in the accounting period to which it relates.

Critical accounting judgements and estimation

Defined benefit pension scheme

The Company has an obligation to pay pension benefits to certain employees. The cost of these benefits and the present value of the obligation depends on a number of factors, including; life expectancy, salary increases, asset valuations and the discount rate on corporate bonds. Management estimate these factors in determining the net pension asset/(obligation) in the balance sheet. The assumptions reflect historical experience and current trends. See note 13 for the disclosures relating to the defined benefit pension scheme.

Estimates and judgements are continually evaluated and are based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances.

Sales rebates and discounts

Sales rebates and discounts are accrued on each relevant promotion or customer agreement and are charged to the profit or loss account at the time of the relevant promotion as a deduction from revenue. Accruals for each individual promotion or rebate agreement are based on the type and length of promotion and nature of customer agreement. At the time an accrual is made the nature and timing of the promotion is typically known. Areas of estimation are sales volume, sales activity and the amount of product sold on promotion.

For longer-term discounts and rebates the Company uses actual and forecast sales to estimate the level of rebate. These accruals are updated monthly based on latest actual and forecast sales.

NOTES TO THE FINANCIAL STATEMENTS

YEAR ENDED 28 DECEMBER 2019

1. FINANCIAL YEAR

The financial statements cover the 2019 financial year from 30 December 2018 to 28 December 2019 (2018 financial year: from 31 December 2017 to 29 December 2018).

2. TURNOVER

All of the Company's business and profit before taxation arose from its principal activity. A geographical analysis of turnover by destination is as follows:

8. TAX ON PROFIT (continued)

(c) Reconciliation of total tax (credit)/charge

The tax assessed on the profit before taxation is lower than the standard rate of corporation tax in the UK of 19.00% (2018: prior year lower than the standard rate of corporation tax in the UK of 19.00%) for the following reasons:

	Year ended	Year ended
	28 December	29 December
	2019	2018
	£'000	£'000
Profit before taxation	18,608	22,841

Effect of deferred tax provided at different rates	(1)	(38)
Total tax (credit)/charge	(524)	1,248

(d) Factors that may affect future tax charges

The standard rate of corporation tax in the UK has been 19% with effect from 1 April 2017. Accordingly, the company's results for this accounting period are taxed at 19%.

A change to the UK corporation tax rate was announced in the Chancellor's Budget on 16 March 2016. The change announced was to reduce the main rate to 17% from 1 April 2020 and this was substantively enacted in September 2016. As this change had been substantively enacted at the balance sheet date, its effect is included in these financial statements.

In the Chancellor's Budget on 11 March 2020 it was confirmed that the rate of corporation tax will remain at 19% from 1 April 2020.

This measure (cancelling the enacted cut to 17%) will be made under a Budget resolution which has statutory effect under the provisions of the Provisional Collection of Taxes Act 1968. As such, it is substantively enacted on the passing of the resolution. The rate will also stay at 19% for the following year. As this change was not substantively enacted at the balance sheet date, its effect is not included in these financial statements. However, if it was included the impact would be to increase the recognised deferred tax liability by £99,991.

12. PROVISIONS FOR LIABILITIES

Included in provisions

The deferred tax included in the balance sheet is as follows:

28 December	29 December
2019	2018
£'000	£'000
(967)	(1,139)

The movement in the deferred tax provision during the financial year was:

Balance carried forward	(967)	(1,139)

The deferred tax provision relates to post-employment benefits. The deferred tax liability relates to timing differences arising on the company's defined benefit pension scheme. These timing differences arise as tax deductions are received based on the actual contributions paid to the pension scheme. The amount of the tax deduction will therefore differ to the pension expense recognised in the profit and loss account or the actuarial gains/losses amount or other remeasurement effects recognised in the statement of other comprehensive income. The deferred tax liability in respect of the defined benefit scheme will reverse in line with the realisation of the defined benefit pension asset that is recognised on the company's balance sheet.

13. POST-EMPLOYMENT BENEFITS

The Company operates a number of pension schemes for its employees. The amount recognised in the balance sheet is as follows:

(a) Defined benefit scheme

The Company is a participating employer in the Kellogg's (Great Britain) Pension Fund ("the Fund"). The cost of accrual is based on the Company's share of the combined salary roll of all participating employers and the contributions over the cost of accrual are based on the Company's split of the Fund's overall liability.

A comprehensive actuarial valuation of the Fund, using the projected unit credit method, was carried out at 6 April 2017 by Willis Towers Watson, independent consulting actuaries. The cost will change in the future should the age/salary/sex profile of the membership change. As the Fund is closed to new entrants, the cost of the future accrual as a proportion of the salary roll can be expected to increase as the average age of the membership increases, on a given basis. Adjustments to the valuation at the year-end have been made based on the following assumptions:

	28	29

The Company is one of a number of participating employers in the Fund. The nature of the Fund is such that the assets and liabilities are not segregated and so are allocated to each of the employers in a reasonable and consistent manner. The allocation of assets and liabilities to each of the employers will be revisited following each formal valuation of the Fund, which will occur at least every three years. The actuarial valuation as at 6 April 2017 is complete. The next formal valuation date for the Fund is 6 April 2020. The allocation may also be revisited following events such as any change to the number of employers participating in the Fund.

There are no amounts included in the fair value of scheme assets relating to the Company's own financial instruments or property occupied by, or other assets used by the entity.
