#### Statement of director's responsibilities

The director is responsible for preparing the Director's Report and the financial statements in accordance with applicable law and regulations

Company law requires the director to prepare financial statements for each financial year. Under that law the director has elected to prepare the financial statements in accordance with United Kingdom Generally Accepted Accounting Practice (United Kingdom Accounting Standards and applicable law). Under company law the director must not approve the financial statements unless he is satisfied that they give a true and fair view of the state of affairs of the company and of the profit or loss of the company for that period. In preparing these financial statements, the director is required to

- select suitable accounting policies and then apply them consistently,
- make judgements and accounting estimates that are reasonable and prudent,
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the company will continue in business

The director is responsible for keeping adequate accounting records that are sufficient to show and explain the company's transactions and disclose with reasonable accuracy at any time the financial position of the company and enable him to ensure that the financial statements comply with the Companies Act 2006. He is also responsible for safeguarding the assets of the company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

This report has been prepared in accordance with the special provisions relating to small companies within Part 15 of the Companies Act 2006

On behalf of the board

#### NOTES TO THE FINANCIAL STATEMENTS

#### FOR THE YEAR ENDED 31 MAY 2013

#### 1 Accounting policies

#### 1 1 Accounting convention

The financial statements are prepared under the historical cost convention and in accordance with the Financial Reporting Standard for Smaller Entities (effective April 2008)

#### Going concern

The company's business activities are set out in the director's report on page 1, and the financial position is presented in these accounts

The company is expected to generate positive operating cash flows for the foreseeable future from its activities and the director believes the company is well placed to manage its business risks successfully, thus he continues to adopt the going concern basis of accounting when preparing the annual financial statements

#### 1.2 Compliance with accounting standards

The financial statements are prepared in accordance with applicable United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice), which have been applied consistently (except as otherwise stated)

#### 13 Turnover

Turnover represents the total amount receivable by the company in respect of fees to clients, excluding VAT

#### 1 4 Tangible fixed assets and depreciation

Tangible fixed assets, other than Leasehold property included as an investment property, are stated at cost less depreciation. Depreciation is provided at rates calculated to write off the cost less estimated residual value of each asset over its expected useful life, as follows.

Land and buildings Leasehold

Nil (see below)

Fixtures, fittings & equipment

15% per annum reducing balance basis

Motor vehicles

25% per annum reducing balance basis

Investment property is included in the balance sheet at an open market value. Depreciation is provided only on those investment properties which are leasehold and where the unexpired lease term is less than 20 years.

Although this accounting policy is in accordance with the Financial Reporting Standard for smaller Entities (effective April 2008), it is a departure from the general requirement of the Companies Act 2006 for all tangible assets to be depreciated. In the opinion of the director compliance with the standard is necessary for the financial statements to give a true and fair view. Depreciation or amortisation is only one of the many factors reflected in the annual valuation and the amount of this which might otherwise have been charged cannot be separately identified or quantified.

#### 1 5 Stock and work in progress

Work in progress has been valued at the cost to the company of direct expenses incurred in that work in progress less a provision for any foreseeable losses where appropriate. No element of profit is included in the valuation of work in progress.
