Scapa UK Limited

Strategic report For the Year Ended 31 March 2021

Business review and principal activities

During the period, the entity was a subsidiary of Scapa Group Limited (formerly Scapa Group PLC). On the 15th April 2021 the Group was acquired by Schweitzer-Mauduit International Inc. (NYSE: SWM), a leading global materials company, with an acquisition of 100% of the share capital following a Board recommended Scheme of Arrangement. The Company is still managed at the Scapa Group Limited level.

The Company's principal activity is the manufacture of adhesive foams and specialist tape into the Industrial market. The Company is a subsidiary of Scapa Group Ltd and as such follows all Group policies.

Loss before tax in the year ending 31 March 2021 was £567,000 (2020 - £3,002,000). There was a tax benefit for the year ending 31 March 2021 of £401,000 (2020 – £395,000) comprising of corporation tax benefit of £539,000 (2020 – £155,000) and a deferred tax charge of £138,000 (2020 – benefit £241,000) – please see note 13 for further detail.

The loss declined compared to prior year largely in relation to continued cost savings from the site closures of Dunstable and Luton in financial year 2020. The Luton site was closed May 2019, Dunstable site initially ceased operation in June 2019, it was then reopened in January 2020 until the end of March 2020 to provide additional operational support. Costs associated with the closure of the Dunstable site, reported in exceptional costs totalled £730,000 (2020 - £955,000).

The Company saw revenue reduction as the COVID-19 pandemic took hold throughout the year with various restrictions placed on individuals and businesses. The Company remained operational throughout the financial year.

The directors are confident the future prospects of the Company are positive and believe that the Company is well placed to meet challenging external economic conditions. The management team continue to address the requirement to become ever more competitive and efficient whilst focussing on strong cash management.

The Company operates a post retirement defined contribution scheme for qualifying employees and it also carries post-retirement benefit liabilities relating to defined benefit schemes that are now closed for new members and future accrual. These pension schemes are disclosed in detail in note 27.

On behalf of the Company, the directors would like to thank all employees for their tremendous commitment, determination and dedication that enables the Company to maintain positive momentum.

Scapa Group Ltd has made a disclosure in accordance with the UK Modern Slavery Act 2015 which incorporates the requirements under the California Transparency in Supply Chains Act 2010. This can be found on the Scapa Group website at www.scapa.com/en Modern Slavery Act.

Scapa UK Limited

Strategic report (continued) For the Year Ended 31 March 2021

Principal risks and uncertainties

The Company is a wholly owned subsidiary of Scapa Group Limited. The directors of Scapa Group Limited manage the Group's risks at a Group level, rather than at an individual subsidiary level. The principal risks and uncertainties of Scapa Group Limited, which include those of the Company, are discussed in the business review in the Group's annual report pages 1 to 48 which does not form part of this report.

The key risks for the Company are:

Economic and political risk:

The Company's activities expose it to political and economic uncertainty, e.g. Covid and trade relations, which affects market and financial stability. This is managed by; regular risk assessments completed on macro-economic impact on key business areas, e.g. Supply Chain, Tax and People. Authorised Economic Operator status in place for key freight providers and the implementation of a regional alternative dual-sourcing strategy for key suppliers.

COVID-19 risk:

The COVID-19 pandemic has impacted all territories and market segments which the Company operate. The Company is operating under government control measures and has implemented the furlough scheme across the business. Despite this, operation has continued as Industrial businesses have been classified as essential business. The Company continues to monitor government advice and respond accordingly.

Foreign exchange risk:

The Company's activities expose it primarily to the financial risks of changes in foreign currency exchanges rates. The net exposure is reduced as some sales and purchasing transactions are in foreign currency where appropriate.

Credit risk:

The Company's principal financial assets are bank balances and trade and other receivables. The Company's credit risk is primarily attributable to its trade receivables. The amounts presented in the balance sheets are net of allowances for doubtful receivables. The Company has no significant concentration of credit risk with exposure spread over a number of counterparties and perform regular credit checks and monitoring on all significant customers.

Liquidity risk:

In order to maintain liquidity and to ensure that sufficient funds are available for ongoing operations and future developments, the Company uses a mixture of inter group borrowings and bank overdraft. As revenue deteriorated in FY21 Q1 measures were immediately put in place including focus on a reduction in Capital spend and working capital and utilising the UK Government furlough scheme to maximise the liquidity position. Scapa Group Ltd refinanced during the year, raising an additional £15m RCF and completed a share placement raising a further £32.6m which the Company had access to as part of its inter group funding.

In conjunction with the acquisition, Scapa received a capital injection of £61.2m from SWM International during April of 2021. The funds were used to settle all outstanding third-party bank debt, including the aforementioned facilities, and a £6 million obligation for transaction related advisor fees. These facilities were repaid in full following the acquisition by SWM Intl Inc.

Scapa UK Limited

Strategic report (continued) For the Year Ended 31 March 2021

Pension risk:

The Company operates a number of pension schemes which include defined benefit schemes. The pension funds' liabilities are partially matched with a portfolio of assets, which leaves potential risk around the amount of the liabilities as a result of changes in life expectancy, inflation, future salary increases, risks regarding the value of investments, the returns derived from such investments and the Pension Protection Fund levy. In addition, actions by the Pension Regulators or the Trustees and/or any material revisions to the existing pension legislation could require increased contributions by the Company to the pension funds.

The pension trustees, in consultation with the Company, regularly review the scheme's investments strategy to mitigate the volatility of liabilities and to diversify investment risk and the Company takes professional advice regarding options to manage potential volatility. The asset back arrangement entered into provides certainty over contribution levels for a twenty-five-year period.

To help strengthen the balance sheet position and aid in improving liquidity in March 2020 Scapa Group Ltd agreed a deferment of UK pension contribution payment with the scheme Trustee. Payments to the scheme resumed as normal from September 2020.

Loss of major customer:

The Company operates in a competitive market which is a continuing risk to the Company and could result in the loss of sales to its competitors. The Company manages this risk by providing a high standard of service to its customers, responding quickly to customers' requirements and maintaining strong relationships with them.

Raw material pricing:

The risk of increasing raw material prices and commodity market rises are a continuing risk to the Company and could impact on gross margins in the future. The Company seeks to minimise the impact of increasing prices by utilising the Group's global supply chain function and using multi sourcing arrangements for its key materials.

Financial key performance indicators

Management uses a number of key performance indicators (KPI's) to monitor the performance of the business. The financial KPI's comprise of the following:

Revenue decrease of 18.7% (2020 – 17.1%), of which 1.7% (2020 – 0.6%) relates to exchange rate differences and 6.0% (2020 – 1.5%) is due to the decrease in sales to existing customers, mainly COVID-19 related, and 11% relates to closure of Dunstable site and associated revenue (2020 – 15%).

Loss before tax of £567,000 (2020 - £3,002,000), Improvement on the loss position follows the closure of the Dunstable site in 2020, this has led to a decrease in revenue as production ceased June 2019 offset by reductions in expenditure.

Capital expenditure 2021 was £141,000 (2020 – £199,000). Decrease in spend mainly relating to close controls on spending during COVID-19 pandemic.

No non-financial KPIs have been presented as there are none monitored at the Scapa UK Limited level. Non-financial KPIs are only monitored on a Group basis.

Scapa UK Limited

Strategic report (continued) For the Year Ended 31 March 2021

This report was approved by the board 28th October 2021.

A handwritten signature in black ink, appearing to read 'W Dickinson', with a stylized flourish at the end.

W Dickinson

Director

Scapa UK Limited

Directors' report For the Year Ended 31 March 2021

The directors present their report and the financial statements for the year ended 31 March 2021.

Directors' responsibilities statement

The directors are responsible for preparing the Strategic report, the Directors' report and the financial statements in accordance with applicable law and regulations.

Company law requires the directors to prepare financial statements for each financial year. Under that law the directors have elected to prepare the financial statements in accordance with applicable law and United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice), including Financial Reporting Standard 101 'Reduced Disclosure Framework'. Under Company law the directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the Company and of the profit or loss of the Company for that period. In preparing these financial statements, the directors are required to:

- select suitable accounting policies for the Company financial statements and then apply them consistently;
- make judgments and accounting estimates that are reasonable and prudent;
- state whether applicable UK Accounting Standards have been followed, subject to any material departures disclosed and explained in the financial statements; and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the Company will continue in business.

The directors are responsible for keeping adequate accounting records that are sufficient to show and explain the Company's transactions and disclose with reasonable accuracy at any time the financial position of the Company and enable them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the Company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

Matters included within the Strategic report

In accordance with s414(C) (11) of the Companies Act, included in the Strategic report is information relating to financial risk management (included within principal risks and uncertainties), principal activities, business review, key performance indicators and future developments which would otherwise be required by Schedule 7 of the 'large and medium sized companies and groups (accounts and reports) regulation 2008' to be contained in a Director's report.

Results and dividends

The loss for the year, after taxation, amounted to £166,000 (2020 - £2,607,000).

The directors do not recommend the payment of a dividend (2020 - nil).

Research and development costs incurred in the year amount to £125,000 (2020 - £150,000), these were all expensed in the year.

The Company's results for the financial year are analysed in the Strategic report on page 4.

Scapa UK Limited

Directors' report (continued) For the Year Ended 31 March 2021

Directors

The directors who served during the year and thereafter were:

W Dickinson

D Cullen (Appointed 15/04/2021)

D Surbey (Appointed 26/04/2021)

O Zahn (Resigned 15/04/2021)

Directors' indemnities

Qualifying third party indemnity provisions, as defined in section 234 of the Companies Act 2006, are in force for the benefit of Directors who held office during the year. The Company maintains directors' and officers' liability insurance for the Groups directors and officers.

Going concern

In presenting the annual and interim financial statements, the Directors aim to present a fair, balanced and understandable assessment of the Group's position and prospects.

Effective April 15th 2021, Scapa Group, the former parent of Scapa UK Ltd, became a wholly owned subsidiary of Schweitzer-Mauduit International Inc. (SWM Intl.).

SWM Intl. express in a letter of support that they are willing to provide all necessary financial support, and after considering the results of the Group's forecasting and risk assessment process, the uncertain economic environment in which the business operates and the factors affecting the current and future performance of the overall Group as set out in its annual report, the directors have a reasonable expectation that the company has adequate resources to continue in operational existence for at least 12 months from the date of approval of the financial statements. For this reason, they continue to adopt the going concern basis in preparing the financial statements – see Note 2.2.

Disclosure of information to auditor

Each of the persons who are directors at the time when this Directors' report is approved has confirmed that:

- so far as the director is aware, there is no relevant audit information of which the Company's auditor is unaware; and
- the director has taken all the steps that he/she ought to have taken as director in order to make himself/herself aware of any relevant audit information and to establish that the Company's auditor is aware of that information.

Post balance sheet events

On 15th of April 2021 Schweitzer-Mauduit International Inc. (SWM Intl.) acquired 100% of the share capital of the Scapa Group Limited and its subsidiaries. From this date the ultimate controlling party is SWM.

Scapa UK Limited

Directors' report (continued) **For the Year Ended 31 March 2021**

Auditor

The auditor, Deloitte LLP, will be proposed for reappointment in accordance with section 485 of the Companies Act 2006.

This report was approved by the board on 28th October 2021.

W Dickinson

Director

Scapa UK Limited

Independent auditor's report to the shareholders of Scapa UK Limited For the Year Ended 31 March 2021

Report on the audit of the financial statements

Opinion

In our opinion the financial statements of Scapa UK Limited (the 'company'):

- give a true and fair view of the state of the company's affairs as at 31 March 2021 and of its loss for the year then ended;
- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice, including Financial Reporting Standard 101 "Reduced Disclosure Framework" and
- have been prepared in accordance with the requirements of the Companies Act 2006.

We have audited the financial statements which comprise:

- the profit and loss account;
- the statement of comprehensive income;
- the balance sheet;
- the statement of changes in equity;
- the cash flow statement;
- the related notes 1 to 30.

The financial reporting framework that has been applied in their preparation is applicable law and United Kingdom Accounting Standards, including Financial Reporting Standard 101 "Reduced Disclosure Framework" (United Kingdom Generally Accepted Accounting Practice).

Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (UK) (ISAs (UK)) and applicable law. Our responsibilities under those standards are further described in the auditor's responsibilities for the audit of the financial statements section of our report.

We are independent of the company in accordance with the ethical requirements that are relevant to our audit of the financial statements in the UK, including the Financial Reporting Council's (the 'FRC's') Ethical Standard, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Conclusions relating to going concern

In auditing the financial statements, we have concluded that the directors' use of the going concern basis of accounting in the preparation of the financial statements is appropriate.

Based on the work we have performed, we have not identified any material uncertainties relating to events or conditions that, individually or collectively, may cast significant doubt on the company's ability to continue as a going concern for a period of at least twelve months from when the financial statements are authorised for issue.

Our responsibilities and the responsibilities of the directors with respect to going concern are described in the relevant sections of this report.

Other information

The other information comprises the information included in the annual report, other than the financial statements and our auditor's report thereon. The directors are responsible for the other information contained within the annual report. Our opinion on the financial statements does not cover the other information and, except to the extent otherwise explicitly stated in our report, we do not express any form of assurance conclusion thereon.

Our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the course of the audit, or otherwise appears to be materially misstated. If we identify such material inconsistencies or apparent

Scapa UK Limited

Independent auditor's report to the shareholders of Scapa UK Limited For the Year Ended 31 March 2021

Other information (continued)

material misstatements, we are required to determine whether this gives rise to a material misstatement in the financial statements themselves. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact.

We have nothing to report in this regard.

Responsibilities of directors

As explained more fully in the directors' responsibilities statement, the directors are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view, and for such internal control as the directors determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the directors are responsible for assessing the company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the company or to cease operations, or have no realistic alternative but to do so.

Auditor's responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

A further description of our responsibilities for the audit of the financial statements is located on the FRC's website at: www.frc.org.uk/auditorsresponsibilities. This description forms part of our auditor's report.

Extent to which the audit was considered capable of detecting irregularities, including fraud

Irregularities, including fraud, are instances of non-compliance with laws and regulations. We design procedures in line with our responsibilities, outlined above, to detect material misstatements in respect of irregularities, including fraud. The extent to which our procedures are capable of detecting irregularities, including fraud is detailed below.

We considered the nature of the company's industry and its control environment, and reviewed the company's documentation of their policies and procedures relating to fraud and compliance with laws and regulations. We also enquired of management about their own identification and assessment of the risks of irregularities.

We obtained an understanding of the legal and regulatory framework that the group operates in, and identified the key laws and regulations that:

- had a direct effect on the determination of material amounts and disclosures in the financial statements. These included: UK Companies Act, pensions legislation, tax legislation; and
- do not have a direct effect on the financial statements but compliance with which may be fundamental to the group's ability to operate or to avoid a material penalty. These included the group's operating licence and environmental regulations.

We discussed among the audit engagement team and relevant internal specialists such as tax, pensions and IT regarding the opportunities and incentives that may exist within the organisation for fraud and how and where fraud might occur in the financial statements.

Scapa UK Limited

Independent auditor's report to the shareholders of Scapa UK Limited For the Year Ended 31 March 2021

Extent to which the audit was considered capable of detecting irregularities, including fraud (continued)

As a result of performing the above, we identified the greatest potential for fraud or non-compliance with laws and regulations in the following area, and our specific procedures performed to address it are described below:

- We presume a risk of fraud related to revenue recognition. In order to address this, we have identified which assertion in respect of revenue is subject to this risk, performed work on the controls surrounding revenue, and have carried out substantive procedures in order to gain comfort over the potential risk which includes agreement of the revenue to supporting documentation and assessment of whether revenue has been recognised in the correct period and in accordance with the groups accounting policy in respect of revenue recognition.

In common with all audits under ISAs (UK), we are also required to perform specific procedures to respond to the risk of management override. In addressing the risk of fraud through management override of controls, we tested the appropriateness of journal entries and other adjustments; assessed whether the judgements made in making accounting estimates are indicative of a potential bias; and evaluated the business rationale of any significant transactions that are unusual or outside the normal course of business.

In addition to the above, our procedures to respond to the risks identified included the following:

- reviewing financial statement disclosures by testing to supporting documentation to assess compliance with provisions of relevant laws and regulations described as having a direct effect on the financial statements;
- performing analytical procedures to identify any unusual or unexpected relationships that may indicate risks of material misstatement due to fraud;

Report on other legal and regulatory requirements

Opinions on other matters prescribed by the Companies Act 2006

In our opinion, based on the work undertaken in the course of the audit:

- the information given in the strategic report and the directors' report for the financial year for which the financial statements are prepared is consistent with the financial statements; and
- the strategic report and the directors' report have been prepared in accordance with applicable legal requirements.

In the light of the knowledge and understanding of the company and its environment obtained in the course of the audit, we have not identified any material misstatements in the strategic report or the directors' report.

Matters on which we are required to report by exception

Under the Companies Act 2006 we are required to report in respect of the following matters if, in our opinion:

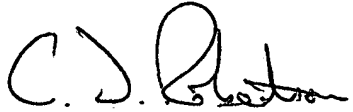

- adequate accounting records have not been kept, or returns adequate for our audit have not been received from branches not visited by us; or
- the financial statements are not in agreement with the accounting records and returns; or
- certain disclosures of directors' remuneration specified by law are not made; or
- we have not received all the information and explanations we require for our audit.

We have nothing to report in respect of these matters.

Scapa UK Limited

Use of our report

This report is made solely to the company's members, as a body, in accordance with Chapter 3 of Part 16 of the Companies Act 2006. Our audit work has been undertaken so that we might state to the company's members those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the company and the company's members as a body, for our audit work, for this report, or for the opinions we have formed.

Scapa UK Limited

Notes to the financial statements For the Year Ended 31 March 2021

1 General information

Scapa UK Limited ('the Company') is a private company limited by shares, incorporated in England, United Kingdom under the Companies Act. The address of the registered office is given within the Company information section of this report. The nature of the Company's operations and its principal activities are set out in the strategic report on page 4.

2 Accounting policies

2.1 Basis of preparation of financial statements

The financial statements have been prepared under the historical cost convention and in accordance with Financial Reporting Standard 101, "Reduced Disclosure Framework" and the Companies Act 2006.

The functional currency of the Company is considered to be pounds sterling. Items included in these financial statements are measured using the currency of the primary economic environment in which the company operates ("the functional currency"). Foreign currency transactions are translated into the functional currency using the exchange rates prevailing at the date of the transactions. Foreign exchange gains and losses resulting from settlement of such transactions and from the translation at year-end exchange rates of monetary assets and liabilities denominated in foreign currencies are recognised in the profit and loss account unless forward contract hedging's are in place.

The preparation of financial statements in compliance with FRS 101 requires the use of certain critical accounting estimates. It also requires management to exercise judgment in applying the Company's accounting policies (see note 3).

As permitted by FRS 101, the Company has taken advantage of the disclosure exemptions available under that standard in relation to standards not yet effective, certain revenue requirements, certain lease requirements of IFRS16, presentation of a cash-flow statement, presentation of comparative information in respect of certain assets, financial instruments, key management personnel, pension scheme deficit sensitivities and related party transactions.

The Company is exempt under section 400 of the Companies Act 2006 from the requirement to prepare consolidated financial statements as it and its subsidiary undertakings are included by full consolidation in the financial statements of its ultimate parent. The group accounts of Scapa PLC are available to the public and can be obtained as set out in note 28.

Scapa UK Limited

Notes to the financial statements (continued) For the Year Ended 31 March 2021

2 Accounting policies (continued)

Former finance leases

For leases that were classified as finance leases applying IAS 17, the carrying amount of the leased asset and obligation under finance leases measured applying IAS 17 immediately before the date of initial application is reclassified to right-of-use assets and lease liabilities respectively without any adjustments.

2.2 Going concern

The directors have, at the time of approving the financial statements, a reasonable expectation that the Company has adequate resources to continue in operational existence for at least 12 months from the date of the accounts. Thus they continue to adopt the going concern basis of accounting in preparing the financial statements. Further detail is contained in the Directors' Report on page 8, including the assessment of the impact of the COVID-19 pandemic on the Company.

2.3 Revenue

Revenue is recognised to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured. Revenue is measured as the fair value of the consideration received or receivable, excluding discounts, rebates, value added tax and other sales taxes. The following criteria must also be met before revenue is recognised.

Sale of goods

Revenue from the sale of goods is recognised when a performance obligation is satisfied by transferring a promised good or service to a customer, this is when the customer obtains control of that good or service. A performance obligation may be satisfied at a point in time or over time (typically for promises to transfer goods to a customer). For a performance obligation satisfied over time, an appropriate measure of progress would be selected to determine how much revenue should be recognised as the performance obligation is satisfied.

2.4 Tangible fixed assets

Tangible fixed assets under the cost model are stated at historical cost less accumulated depreciation and any accumulated impairment losses. Historical cost includes expenditure that is directly attributable to bringing the asset to the location and condition necessary for it to be capable of operating in the manner intended by management.

The Company adds to the carrying amount of an item of fixed assets the cost of replacing part of such an item when that cost is incurred, if the replacement part is expected to provide incremental future benefits to the Company the carrying amount of the replaced part is derecognised. Repairs and maintenance are charged to profit or loss during the period in which they are incurred.

Depreciation is charged so as to allocate the cost of assets less their residual value over their estimated useful lives, using the straight-line method.

Depreciation is provided on the following basis:

Short term leasehold land and buildings	- over primary period of lease
Plant and fixtures	- between 5 and 20 years
Computer systems and software	- between 3 and 8 years

Scapa UK Limited

Notes to the financial statements (continued) For the Year Ended 31 March 2021

2 Accounting policies (continued)

The assets' residual values and useful lives are reviewed, and adjusted prospectively, if appropriate. An assets carrying amount is written down to its recoverable amount if it is greater than its estimated recoverable amount. Gains and losses on disposals are determined by comparing the proceeds with the carrying amount, and they are recognised within 'Other expenses' in the income statement.

2.5 Leases

On transition to IFRS 16, Scapa UK recognised a right-of-use assets and a lease liability.

The asset is initially measured at cost, which comprises the initial amount of the lease liability. The right-of-use asset is subsequently depreciated using the straight-line method over the term of the lease.

The lease liability is initially measured at the present value of lease payments due as at the commencement date. This is discounted by an externally assessed incremental borrowing rate that reflects the individual lease characteristics, the currency and jurisdiction in which the lease is made and the term of the arrangement.

The Company has elected not to recognise right-of-use assets and lease liabilities for short-term leases of machinery that have a lease term of twelve months or less and leases of low-value assets, including IT equipment. The Company recognises the lease payments associated with these leases as an expense on a straight-line basis over the lease term.

Further detail on the accounting for leases can be found in adoption of new and revised standards and note 16.

2.6 Research & development costs

Expenditure incurred on the development of new products and the cost of normal research work is charged against the profits of the year in which such expenditure or cost is incurred. Plant and equipment acquired for this purpose is included within fixed assets and written off over its expected useful life.

2.7 Valuation of investments

Investments in subsidiaries are measured at cost less accumulated impairment. Where circumstances indicate that there may have been impairment in the carrying value an impairment review is carried out using cash flows from approved forecasts and projections discounted at the weighted average cost of capital.

2.8 Stocks

Stocks are stated at the lower of cost and net realisable value, being the estimated selling price less costs to complete and sell. Cost is based on the cost of purchase on a weighted average basis. Work in progress and finished goods include labour and attributable overhead.

At each balance sheet date, stocks are assessed for impairment. If stock is impaired, the carrying amount is reduced to its selling price less costs to complete and sell. The impairment loss is recognised immediately in profit or loss.

Scapa UK Limited

Notes to the financial statements (continued) For the Year Ended 31 March 2021

2 Accounting policies (continued)

2.9 Debtors

Debtors are measured at transaction price, less any impairment. A provision for impairment is established when there is objective evidence that Scapa UK will not be able to collect all amounts due according to the original terms of the debt. The provision is recognised in the Income Statement as an operating charge. Loans receivable are measured initially at fair value, net of transaction costs, and are measured subsequently at amortised cost using the effective interest method, less any impairment.

2.10 Cash and cash equivalents

Cash is represented by cash in hand and deposits with financial institutions repayable without penalty on notice of not more than 24 hours. Cash equivalents are highly liquid investments that mature in no more than three months from the date of acquisition and that are readily convertible to known amounts of cash with insignificant risk of change in value.

2.11 Financial instruments

Loans, receivables and payables are non-derivative financial assets and liabilities with fixed or determinable payments that are not quoted in an active market. They arise when money, goods or services are provided directly to a debtor or creditor with no intention of trading the receivable or payable. They are included in current assets or liabilities, except for maturities greater than twelve months after the balance sheet date. These are classified as non-current assets or liabilities. Loans and receivables are included in trade and other receivables or trade and other payables in the balance sheet. Loans, receivables and payables are measured at invoice or historical cost less any impairment, calculated on an expected loss basis.

2.12 Creditors

Creditors are measured at the transaction price. Other financial liabilities, including bank loans, are measured initially at fair value, net of transaction costs, and are measured subsequently at amortised cost using the effective interest method.

Short term creditors are measured at the transaction price. Other financial liabilities, including bank loans, are measured initially at fair value, net of transaction costs, and are measured subsequently at amortised cost using the effective interest method.

2.13 Finance costs

Finance costs are charged to the Profit and loss account over the term of the debt using the effective interest method so that the amount charged is at a constant rate on the carrying amount. Issue costs are initially recognised as a reduction in the proceeds of the associated capital instrument.

Scapa UK Limited

Notes to the financial statements (continued) For the Year Ended 31 March 2021

2 Accounting policies (continued)

2.14 Pensions

For defined benefit schemes the amounts charged to operating profit are the current service costs and gains and losses on settlements and curtailments. They are included as part of staff costs. Past service costs are recognised immediately in the profit and loss account if the benefits have vested. If the benefits have not vested immediately, the costs are recognised over the period until vesting occurs. Actuarial gains and losses are recognised immediately in the Statement of Comprehensive Income.

For defined benefit schemes, the Company recognises plan assets where they are reparable, solely for payment to the fund or to fund employee benefits, not available to the Company's creditors in bankruptcy and where the assets cannot be returned to the Company unless all employee benefit obligations are met.

Defined benefit schemes are funded, with the assets of the scheme held separately from those of the Group, in separate trustee-administered funds. Pension scheme assets are measured at fair value and liabilities are measured on an actuarial basis using the projected unit method and discounted at a rate equivalent to the current rate of return on a high quality corporate bond of equivalent currency and term to the scheme liabilities. The actuarial valuations are obtained annually and are updated at each balance sheet date. The resulting defined benefit asset or liability, net of the related deferred tax, is presented separately after other net assets on the face of the balance sheet.

Where a defined pension scheme is in surplus this is recognised on the balance sheet only to the extent the Group can demonstrate that it has an unconditional right to refund in relation to the surplus. Where an unconditional right to a refund cannot be demonstrated the asset is restricted to nil.

For defined contribution schemes the amount charged to the profit and loss account in respect of pension costs and other post-retirement benefits is the contributions payable in the year. Differences between contributions payable in the year and contributions actually paid are shown as either accruals or prepayments in the balance sheet.

Defined contribution pension plan

The Company operates a defined contribution plan for its employees. A defined contribution plan is a pension plan under which the Company paid fixed contributions into a separate entity. The Company has no legal or constructive obligations to pay further contributions if the fund does not hold sufficient assets to pay all employees the benefits relating to employee service in the current and prior periods.

The contributions are recognised as an expense in the profit and loss account when they fall due. Amounts not paid are shown in accruals as a liability in the balance sheet. The assets of the plan are held separately from the Company in independently administered funds.

2.15 Interest income

Interest income is recognised in the profit and loss account using the effective interest method.

Scapa UK Limited

Notes to the financial statements (continued) For the Year Ended 31 March 2021

2 Accounting policies (continued)

2.16 Provisions for liabilities

Provisions are made where an event has taken place that gives the Company a legal or constructive obligation that probably requires settlement by a transfer of economic benefit, and a reliable estimate can be made of the amount of the obligation.

Provisions are charged as an expense to the profit and loss account in the year that the Company becomes aware of the obligation, and are measured at the best estimate at the balance sheet date of the expenditure required to settle the obligation, taking into account relevant risks and uncertainties. When payments are eventually made, they are charged to the provision carried in the balance sheet.

2.17 Current and deferred taxation

The tax expense for the year comprises current and deferred tax. Tax is recognised in the Profit and Loss Account, except that a change attributable to an item of income and expense recognised as other comprehensive income or to an item recognised directly in equity is also recognised in other comprehensive income or directly in equity respectively.

The current income tax charge is calculated on the basis of tax rates and laws that have been enacted or substantively enacted by the balance sheet date in the countries where the Company operates and generates income.

Deferred tax balances are recognised in respect of all timing differences that have originated but not reversed by the balance sheet date, except that:

- The recognition of deferred tax assets is limited to the extent that it is probable that they will be recovered against the reversal of deferred tax liabilities or other future taxable profits; and
- Any deferred tax balances are reversed if and when all conditions for retaining associated tax allowances have been met.

Deferred tax balances are not recognised in respect of permanent differences except in respect of business combinations, where deferred tax is recognised on the differences between the fair values of assets acquired and the future tax deductions available for them and the difference between the fair values of liabilities acquired and the amount that will be assessed for tax. Deferred tax is determined using tax rates and laws that have been enacted or substantively enacted by the balance sheet date.

2.18 Exceptional items

Exceptional costs are charged against the profits of the year in which such expenditure or cost is incurred. These material items are disclosed separately from other costs on the profit and loss account based on their nature and size.

2.19 Government grants

Government grants are not recognised until there is reasonable assurance that the group will comply with the conditions attaching to them and that the grants will be received. Government grants are recognised as other income in the income statement on a systematic basis over the periods in which the related costs for which the grants are intended to compensate are recognised.

Scapa UK Limited

Notes to the financial statements (continued) For the Year Ended 31 March 2021

3 Critical accounting estimates and judgements

The Company's accounting policies have been set by management and approved by the Audit and Risk Committee. The application of these accounting policies to specific scenarios requires reasonable estimates and assumptions to be made concerning the future. These are continually evaluated based on historical experience and expectations of future events. The resulting accounting estimates will, by definition, seldom equal the related actual results.

Critical judgements in applying the Company's accounting policies

In the process of applying the Company's accounting policies, which are described above, the directors have made the following judgement that has the most significant effect on the amounts recognised in the financial statements (apart from those involving estimations, which are dealt with below) and has been particularly complex or involving subjective assessments:

The Pension scheme, when measured under IAS 19, resulted in a surplus of £1.4m and the recognition of this surplus was assessed in-line with requirements of paragraph 11(b) of IFRIC14. This states that the pension surplus can be recognised in the accounts if the Company can demonstrate an unconditional right to a refund in all of the three circumstances specified in IFRIC14 – these three scenarios are:

- a) During the life of the plan, without assuming that the plan liabilities must be settled in order to obtain the refund (e.g. in some jurisdictions, the entity may have a right to a refund during the life of the plan, irrespective of whether the plan liabilities are settled);
- b) Assuming the gradual settlement of the plan liabilities over time until all members have left the plan; or
- c) Assuming the full settlement of the plan liabilities in a single event (i.e. as a planned wind-up).

The Company cannot demonstrate an unconditional right to a refund in either Scenario A or C, but can demonstrate this right in Scenario B, i.e. the gradual settlement of the scheme liabilities over time until all members have left the scheme.

As the Company cannot demonstrate an unconditional right to a refund of surplus in all the scenarios, no surplus has been recognised for the defined benefit scheme in the Company accounts.

Key sources of estimation uncertainty

The Key assumptions concerning the future, and other key sources of estimation uncertainty at the balance sheet date, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are discussed below:

- Accounting for retirement benefit schemes under IAS 19 (revised) requires an assessment of the future benefits payable in accordance with actuarial assumptions. The future assumptions in relation to the discount rate applied in the calculation of scheme liabilities which are set out in note 27, represent a key source of estimation uncertainty for the Company. The Company also applies sensitivities to these assumptions to assess the financial impact; these sensitivities are set out in note 27.

Scapa UK Limited

Notes to the financial statements (continued) For the Year Ended 31 March 2021

4 Analysis of turnover

	2021 £000	2020 £000
External	15,969	18,718
Intercompany	10,792	14,202
	26,761	32,920

Analysis of turnover by country of destination:

	2021 £000	2020 £000
United Kingdom	6,170	7,963
Rest of Europe	18,197	19,826
Rest of World	2,393	5,131
	26,761	32,920

The Company operates as one class of business therefore only an analysis by country of destination is included.

5 Exceptional costs/(income)

	2021 £000	2020 £000
Dunstable Site closure and reorganisation costs	742	955
Potential HSE penalty	(165)	300
Ramsbury Site closure and reorganisation costs	21	-
Share options true up	48	-
	646	1,255

The Dunstable and Luton manufacturing facility in the UK entered a formal closure consultation process following the initial closure announcement in September 2018 and the closure was confirmed in October 2018 following the consultation period. During FY19 the operational excellence team carried out a full cost assessment for the closures of the sites and transfer of the appropriate assets totalling £8.7m. During FY21 an additional £742k (FY20: £955k) of costs relating to the closure of Dunstable site were expensed.

The Company was charged under Section 2(1) of the Health and Safety at Work Act 1974. A guilty plea was entered at Luton Magistrates' Court in respect of this offence and the financial penalty of £135k in relation to this offence was determined in August 2020; the Company previously overprovided for this cost at £300k.

The Ramsbury manufacturing facility, a Healthcare site in the UK, entered a formal closure consultation process following the initial closure announcement in November 2019 and the closure was confirmed in February 2020 following the consultation period. During FY21 there were staff costs of £21k to Scapa UK Limited relating to this site closure.

Scapa UK Limited

Notes to the financial statements (continued) For the Year Ended 31 March 2021

6 Loss for the financial year

The loss for the financial year has been arrived at after charging/(crediting):

	2021 £000	2020 £000
Research and development charged as an expense	125	150
Depreciation of tangible fixed assets	351	545
Depreciation of right of use assets	679	656
Exchange differences	116	(55)
Inventories expensed in the year	23,266	28,509
Movement on bad debt provision	(6)	22
Lease rentals and associated costs	15	56
Staff costs (see note 8)	4,783	5,181
Social security costs (see note 8)	440	481
Defined contribution pension cost (see note 8)	254	290

7 Auditor's remuneration

The Company paid the following amounts to its auditor in respect of the audit of the financial statements and for other services provided to the Company:

	2021 £000	2020 £000
Fees payable to the Company's auditor and its associates for the audit of the annual accounts	71	53

The Company has taken advantage of the exemption not to disclose amounts paid for non-audit services as these are disclosed in the Group accounts of the parent company.

8 Employees

Staff costs, including directors' remuneration, were as follows:

	2021 £000	2020 £000
Wages and salaries	4,783	5,181
Social security costs	440	481
Cost of defined contribution scheme	254	290
	<u>5,477</u>	<u>5,952</u>

Scapa UK Limited

Notes to the financial statements (continued) For the Year Ended 31 March 2021

8 Employees (continued)

The average monthly number of employees during the year was as follows:

	2021 No	2020 No
Office and Management	38	42
Research and Development	2	3
Operations	100	125
	<u>140</u>	<u>170</u>

9 Directors' remuneration

In the current year all directors were remunerated through another Group company and their costs were not recharged as no practical allocation could be made. Details of Group directors' remuneration is disclosed in the accounts of Scapa Group Limited.

10 Government grants receivable

	2021 £000	2020 £000
Coronavirus Job Retention Scheme	175	-
	<u>175</u>	<u>-</u>

11 Interest receivable

	2021 £000	2020 £000
Interest receivable from group companies	480	605
Bank interest receivable	-	3
	<u>480</u>	<u>608</u>

12 Interest payable and similar charges

	2021 £000	2020 £000
On loans from group undertakings	2,118	2,016
Other interest payable (Inc. IFRS 16)	49	87
	<u>2,167</u>	<u>2,103</u>

Scapa UK Limited

Notes to the financial statements (continued) For the Year Ended 31 March 2021

13 Taxation

	2021 £000	2020 £000
Corporation tax		
Current tax on profits for the year	-	1
Adjustments in respect of previous periods	(539)	(155)
Total current tax	(539)	(154)
Deferred tax		
Movement in deferred tax recognised	138	(241)
Total deferred tax	138	(241)
Taxation on profit	(401)	(395)

Factors affecting tax charge for the year

The tax assessed for the year is higher than (2020 – higher than) the standard rate of corporation tax in the UK of 19% (2020 – 19%). The differences are explained below:

	2021 £000	2020 £000
Loss before tax	(567)	(3,002)
Loss multiplied by standard rate of corporation tax in the UK of 19% (2020 – 19%)	(108)	(571)
Effects of:		
Expenses not deductible for tax purposes, other than goodwill amortisation and impairment	27	86
Changes in rate	-	(79)
Adjustments to tax charge in respect of prior years	(238)	(384)
Deferred tax previously unrecognised	(82)	553
Total tax charge for the year	(401)	(395)

A deferred tax rate of 19% has been applied to opening balances and movements in deferred tax in the year ended 31 March 2021. There is no expiry date on timing difference, unused tax losses or tax credits. The Finance Bill 2021 contains a provision to increase the main UK rate of corporation tax from 19% to 25%, with effect from 1 April 2023. However, as the Finance Bill 2021 was not substantively enacted at the balance sheet date, the rate of 19% has been applied to UK deferred balances.

Scapa UK Limited

Notes to the financial statements (continued) For the Year Ended 31 March 2021

14 Tangible fixed assets

	Short Term Leasehold Property £000	Plant, Fixtures, Computer systems and software £000	Assets under construction £000	Total £000
Cost or valuation				
At 1 April 2020	2,325	16,650	49	19,024
Additions	-	68	73	141
Disposals	(782)	(3,706)	-	(4,488)

At 1 April 2020	2,325	14,917	-	17,242
Charge for the year	-	351	-	351
Disposals	(782)	(3,681)	-	(4,463)
At 31 March 2021	1,543	11,587	-	13,130
Net book value				
At 31 March 2021	-	1,452	95	1,547
At 31 March 2020	-	1,733	49	1,782

The amount contracted but not provided for in the accounts at 31 March 2021 was £50,130 (2020 - £50,100).

15 Fixed asset investments

	Investments in subsidiaries £000
Cost and net book value	
At 31 March 2021 and 31 March 2020	20,001

Scapa UK Limited invested in a Scottish Limited Partnership (SLP) called Scapa Limited Partnership, Registered address 13 Queen's Road, Aberdeen, AB15 4YL. This investment made Scapa UK Limited the limited partner in the SLP and additionally gives Scapa UK Limited the capital rights to all partnership assets after a set order of income distributions. The investment in the SLP is held as a fixed asset investment and is carried at cost less impairment.

Scapa UK Limited

Notes to the financial statements (continued) For the Year Ended 31 March 2021

16 Right of use assets

The Company leases land, buildings, vehicles and equipment under non-cancellable lease arrangements. The leases have varying terms, including escalation clauses, renewal rights and purchase options. None of these terms represent unusual arrangements or create material onerous or beneficial rights of obligations. Information about leases for which the Company is a lessee is presented below.

	Short Term Leasehold Property £000	Plant and Machinery £000	IT Systems £000	Vehicles £000	Total £000

23 Provisions

	Reorganisation and Leasehold commitments £000
At 1 April 2020	4,620
Provision utilised	(3,406)
At 31 March 2021	<u>1,213</u>

The £1.2m (2020: £4.6m) reorganisation and leasehold commitments provision relates to dilapidations for leasehold property of £1.1m (2020: £1.1m), £96k (2020: £3.5m) relates to the closure of the Dunstable site.

Dilapidations

The Company leases a site in Ashton where it is required to complete dilapidation and reinstatement work before the end of the tenancy. The amount shown above represents the Company's best estimate of the expectation arising from the reinstatement of Ashton property, this expectation is based. The expected utilisation of the provision ranges between one and five years.

Scapa UK Limited

	Deferred tax £000
At 1 April 2018	1,322
Movement in the year	361
At 31 March 2019	<u>1,683</u>

The deferred tax asset is made up as follows:

	2021 £000	2020 £000
Retirement benefit liabilities	-	(308)
Tax losses	<u>1,546</u>	<u>1,683</u>

Deferred tax is only recognised to the extent that it will be recoverable in future periods; unrecognised deferred tax is made up as follows:

	2021 £000	2020 £000
Accelerated capital allowances	2,746	2,850
Short term timing differences	86	64
Tax losses	<u>91</u>	<u>91</u>
	<u>2,923</u>	<u>3,005</u>

At the balance sheet date, Scapa UK Limited has unused tax losses of £1,637k (2020: £1,775k) available for offset against future profits. A deferred tax asset has been recognised in respect of £8m (2020: £9m) of such losses given uncertainty over the timing of utilisation relating to future profitability. The losses may be carried forward indefinitely.

25 Share capital

	2021 £	2020 £
Authorised, allotted, called up and fully paid 4 (2020:4) Ordinary shares of £1 each	<u>4</u>	<u>4</u>

The Company has one class of ordinary shares which carry no right to fixed income.

Scapa UK Limited

Notes to the financial statements (continued) For the Year Ended 31 March 2021

26 Reserves

Profit & loss account

The profit and loss reserve represents cumulative profits and losses, net of dividends.

27 Pension commitments

(a) Defined contribution scheme

The Company operates a defined contribution scheme in the UK. Employer's contributions are charged to the profit and loss account as incurred. The total pension cost for the Company in respect of this scheme for the year ended 31 March 2021 was £0.3m (2020: £0.3m). There are no outstanding contributions as at 31st March 2021.

(b) Defined benefit schemes

The Company is a sponsoring employer to the Scapa Group Limited Pension Scheme, which has the assets and liabilities of former UK employees. The scheme has been closed to new members and future accrual since 2007/08 and is wholly funded by the sponsoring employers, Scapa Group Limited and Scapa UK Ltd. The assets of the scheme are held separately from the Company under Trust and both the assets and liabilities are held on a non-sectionalised basis. The scheme is managed by a professional trustee.

The IAS 19 Retirement valuations have been updated from the prior year using the formal triennial actuarial valuation calculations carried out as at 1 April 2020 (completed in January 2021), in order to assess the liabilities of the schemes at 31 March 2021. Scheme assets are stated at their market value at 31 March 2021. The next formal triennial valuation is due on 1 April 2023 and will be completed no later than 30 September 2024.

The expected investment returns have been calculated using the weighted average of the expected investment returns for the different asset classes. The expected return on investments for the UK scheme is set out in the table in this note.

The assumptions relating to UK longevity underlying the pension liabilities at the balance sheet date are based on standard actuarial mortality tables, with adjustments to reflect actual experience. For the year to 31 March 2021, the IAS 19 calculations have been performed using standard actuarial tables known as S2PA. Future improvements in mortality have been allowed for using the core CMI 2020 model, with a long-term rate of improvement of 1.25% per annum. In the current year these tables have then been adjusted with a loading to reflect the geographic membership profile of the scheme. During the year to March 2016 a postcode mortality exercise was conducted on the scheme's membership. The results of this exercise showed that a best estimate adjustment to the base table used by the formal triennial actuarial valuation was 115% for all members. This assumption, reducing the expected longevity of members, has been used in the March 2020 disclosures.

Scapa UK Limited

Actuarial assumption sensitivities

The calculation of the schemes' deficits is sensitive to changes in the underlying assumptions listed above. The follow tables show the approximate effect to Scapa UK from changes in the key assumptions on the UK scheme's liabilities (and deficit) at the year end. These are approximate and only show the likely effect of an assumption being adjusted whilst all other assumptions remain the same.

	2021 £000
Rate of inflation	
Change in the year end liabilities from a 0.5% increase in the assumed rate of inflation	1,565
Change in the year end liabilities from a 0.5% decrease in the assumed rate of inflation	(1,531)
Discount Rate	
Change in the year end liabilities from a 0.5% increase in the assumed rate of discount	(3,064)
Change in the year end liabilities from a 0.5% decrease in the assumed rate of discount	3,397
Mortality	
Life expectancy of members increases by 1 year	2,597
Life expectancy of members decreases by 1 year	<u>(2,564)</u>
Current pensioners (years):	
Male life expectancy at age 65	85.5
Female life expectancy at age 65	87.5
Future pensioners (years):	
Male life expectancy at age 65 (currently aged 45)	86.7
Female life expectancy at age 65 (currently aged 45)	<u>89.0</u>

Amounts recognised in the balance sheet are determined as follows:

	2021 £000	2020 £000
Scapa UK scheme		
UK equities	99	-
Overseas equities	3,438	6,095
Corporate bonds	28,062	25,026
Fixed interest government bonds	7,451	6,553
Index-linked government bonds	7,915	4,392
Property	862	633
Hedge funds	1,603	1,325
Cash and cash equivalents	876	2,361
Total market value of assets*	<u>50,305</u>	<u>46,385</u>
Present value of scheme liabilities	(48,301)	(45,000)
Surplus restriction	(618)	(1,385)
Net deficit in the schemes	<u>1,386</u>	<u>-</u>

*No quoted market price in active market for the UK Scheme investments for 2020 (2019:nil)

The amounts recognised in the profit and loss account are as follows:

	2021 £000	2020 £000
Interest on scheme	27	(11)
Total	27	(11)
Net Interest Income on scheme assets	3,708	105
Contributions paid	2,094	722
Changes in assumptions underlying the present value of the scheme liabilities:		
- Financial assumptions	(5,212)	1,294
	590	2,121

	2021 £000	2020 £000
Actuarial gains	590	2,121

	2021 £000	2020 £000
Opening fair value of scheme	-	(725)
Expenses in the P&L	27	(11)
Actual return on scheme assets	3,708	105
Contributions paid	2,094	722
Change in assumptions	(5,212)	1,294
Change in surplus restriction	(618)	(1,385)
	-	-

Key financial assumptions used to calculate scheme liabilities under IAS 19:

	2021 %	2020 %
Discount rate	1.95	2.25
Price Inflation (RPI)	3.25	1.55
Price Inflation (CPI)	2.55	2.50
Future pension increase - RPI max 5%	3.17	2.50
Future pension increase - RPI max 3%	2.56	2.16
Amount of pension commuted for cash	25.00	25.00

Scapa UK Limited

Notes to the financial statements (continued) For the Year Ended 31 March 2021

27 Pension commitments (continued)

Amounts for the current and previous four years are as follows:

Defined benefit pension schemes

	2021 £000	2020 £000	2019 £000	2018 £000	2017 £000
Defined benefit obligation	(48,301)	(45,000)	(48,439)	(51,020)	(55,701)
Fair value of plan assets	50,304	46,385	47,714	46,347	47,735
Loss due to change in asset restriction	(618)	(1,385)	-	-	-
Net liability	(1,385)	-	(725)	(4,673)	(7,966)
Experience adjustments on scheme liabilities	(5,212)	1,298	1,433	1,994	(8,066)
Experience adjustments on scheme assets	3,708	1,088	1,139	1,134	6,954

28 Related party transactions

The pension scheme is a related party to the Company; there were no contributions outstanding at the year end. The Company is exempt under the terms of FRS 101 paragraph 8(j) from disclosing related party transactions entered into between two or more members of a group provided that any subsidiary which is party to a transaction is wholly owned by a member. There are no other related party transactions.

29 Controlling party

The Company's immediate parent Company is Porritts & Spencer Limited, a company incorporated in England. The ultimate parent undertaking and controlling party is SWM Intl., which is the parent undertaking of the smallest and largest group to consolidate these financial statements. Copies of the consolidated financial statements of SWM Intl. may be obtained from its registered office, from the Company Secretary, Schweitzer-Mauduit International Inc., 100 North Point, Center East, Suite 600 Alpharetta, Georgia, 30022-8246, USA.

30 Events after the reporting date

On 15th of April 2021 Scapa Group Limited was purchased by SWM International Inc.
