For the year ending 31 October 2011

1 **Accounting policies**

**Basis of accounting**

The financial statements have been prepared under the historical cost convention, and in accordance with the Financial Reporting Standard for Smaller Entities (effective April 2008).

**Turnover**

The turnover shown in the profit and loss account represents amounts invoiced during the year, exclusive of Value Added Tax.

**Pension costs**

The company operates a defined benefit pension scheme for employees. The assets of the scheme are held separately from those of the company. The contributions to the scheme are charged to the profit and loss account so as to spread the cost of pensions over the service lives of employees. Variations from the regular costs are spread over the average expected remaining working lives of current members in the scheme.

**Fixed Assets**

All fixed assets are initially recorded at cost.

**Financial Instruments**

Financial instruments are classified and accounted for, according to the substance of the contractual arrangement, as either financial assets, financial liabilities or equity instruments. An equity instrument is any contract that evidences a residual interest in the assets of the company after deducting all of its liabilities.
