NOTES TO THE BALANCE SHEET

1. ACCOUNTING POLICIES

Accounting convention

The financial statements are prepared under the historical cost convention

Royalties

Royalties receivable from sub-licensees are recognised in respect of each of their royalty accounting periods ending within the company's financial year

Advances

Non-returnable advances received from record companies, licensees and sub-licensees are taken to income when contractually due. Returnable advances received from licensees are carried forward until they are recouped or returned.

Foreign exchange

Transactions denominated in foreign currencies are translated into sterling at the rates ruling at the dates of the transactions. Amounts receivable and payable in foreign currencies at the balance sheet date are translated at the rates ruling at that date. All differences are taken to the profit and loss account.

Fixed asset investments

Investments held as fixed assets are stated at cost less provision for impairment.

Taxation

Current tax is provided at amounts expected to be paid (or recovered) using the tax rates and laws that have been enacted or substantively enacted by the balance sheet date.

Deferred taxation is provided in full on timing differences that result in an obligation at the balance sheet date to pay more tax, or a right to pay less tax, at a future date, at rates expected to apply when they crystallise based on current tax rates and law. Timing differences arise from the inclusion of items of income and expenditure in taxation computations in periods different from those in which they are included in financial statements.

Deferred tax assets are recognised to the extent that it is regarded as more likely than not that they will be recovered. Deferred tax assets and liabilities are not discounted.

Group accounts

The company is exempt from the requirement to prepare group accounts as it qualifies as the parent company of a small sized group under Section 248 of the Companies Act 1985. Accordingly, these financial statements represent information about the individual company and not about its group.

Cash flow statement

The company has taken advantage of the exemption afforded to small companies not to prepare a cash flow statement.
