Statement of directors' responsibilities in respect of the Directors' Report and the financial statements

The directors are responsible for preparing the Directors' Report and the financial statements in accordance with applicable law and regulations

Company law requires the directors to prepare financial statements for each financial year. Under that law they have elected to prepare the financial statements in accordance with UK Accounting Standards and applicable law (UK Generally Accepted Accounting Practice)

Under company law the directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the company and of the profit or loss of the company for that period

In preparing these financial statements, the directors are required to

- select suitable accounting policies and then apply them consistently,
- make judgments and estimates that are reasonable and prudent,
- state whether applicable UK Accounting Standards have been followed, subject to any material departures disclosed and explained in the financial statements, and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the company will continue in business

The directors are responsible for keeping adequate accounting records that are sufficient to show and explain the company's transactions and disclose with reasonable accuracy at any time the financial position of the company and enable them to ensure that the financial statements comply with the Companies Act 2006. They have general responsibility for taking such steps as are reasonably open to them to safeguard the assets of the company and to prevent and detect fraud and other irregularities

Notes to the financial statements

1. Accounting Policy

The financial statements have been prepared under the historical cost convention and in accordance with applicable accounting standards. The accounts have been prepared as at 27 March 2010, being the last Saturday in March. The comparatives for the 2009 financial year are for the year ended 28 March 2009.

The financial statements have been prepared on the going concern basis notwithstanding net liabilities of £2,581,000, which the directors believe to be appropriate for the following reasons. The company's intermediate parent company, De La Rue International Limited, has indicated that for at least 12 months from the date of approval of these financial statements, it will continue to make available such funds as are needed by the Company and in particular will not seek repayment of any amounts owed to it. The directors consider that this should enable the Company to continue in existence for the foreseeable future by meeting its liabilities as they fall due for payment. As with any company placing reliance on other group entities for financial support, the directors acknowledge that there can be no certainty that this support will continue although, at the date of approval of these financial statements, they have no reason to believe that it will not do so.

Based on this undertaking the directors believe that it remains appropriate to prepare the financial statements on a going concern basis. However, the uncertainty may cast significant doubt on the Company's ability to continue as a going concern and, therefore, to continue realising its assets and discharging its liabilities in the normal course of business. The financial statements do not include any adjustments that would result from the basis of preparation being inappropriate.

2. Profit and Loss Account

The Company has not traded on its own account, has not incurred any liabilities and consequently, has made neither profit nor loss. None of the directors received any emoluments in respect of their services to the Company.

3. Called Up Share Capital

	Authorised		Allotted, Called up and Fully Paid	
	2010 £'000	2009 £'000	2010 £'000	2009 £'000
Ordinary shares of £1 each	50	50	1	1

4. Statement of Total Recognised Gains and Losses and Reconciliation of Movement in Shareholders' Funds

As the Company did not trade during the period and as there were no movements in shareholders' funds, a Statement of Total Recognised Gains and Losses and a Reconciliation of Movement in Shareholders' Funds have not been prepared.

5. Immediate and Ultimate Parent Undertaking

The immediate parent undertaking of the Company is Currency Systems International UK Holding Company Limited and the ultimate parent undertaking is De La Rue plc. Both companies are registered in England and Wales. Copies of the group accounts of De La Rue plc can be obtained from the Company Secretary of De La Rue plc, De La Rue House, Jays Close, Viables, Basingstoke, Hampshire, RG22 4BS.
