STATEMENT OF DIRECTORS' RESPONSIBILITIES
in respect of the financial statements

Company law requires the directors to prepare financial statements for each financial year which give a true and fair view of the state of affairs of the Company and of the profit or loss of the Company for that year. In preparing those financial statements, the directors are required to:

- select suitable accounting policies and then apply them consistently;
- make judgements and estimates that are reasonable and prudent;
- state whether applicable accounting standards have been followed, subject to any material departures disclosed and explained in the financial statements;
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the Company will continue in business.

The directors are responsible for keeping proper accounting records which disclose with reasonable accuracy at any time the financial position of the Company and to enable them to ensure that the financial statements comply with the Companies Act. They are also responsible for safeguarding the assets of the Company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

REPORT OF THE AUDITORS
to the members of Tapeorder Limited

We have audited the financial statements on pages 6 to 11.

Respective responsibilities of directors and auditors

As described on page 4 the Company's directors are responsible for the preparation of financial statements. It is our responsibility to form an independent opinion, based on our audit, on those financial statements and to report our opinion to you.

Basis of opinion

We conducted our audit in accordance with Auditing Standards issued by the Auditing Practices Board. An audit includes examination, on a test basis, of evidence relevant to the amounts and disclosures in the financial statements. It also includes an assessment of the significant estimates and judgements made by the directors in the preparation of the financial statements, and of whether the accounting policies are appropriate to the Company's circumstances, consistently applied and adequately disclosed.

We planned and performed our audit so as to obtain all the information and explanations which we considered necessary in order to provide us with sufficient evidence to give reasonable assurance that the financial statements are free from material misstatement, whether caused by fraud or other irregularity or error. In forming our opinion we also evaluated the overall adequacy of the presentation of information in the financial statements.

Opinion

In our opinion the financial statements give a true and fair view of the state of the Company's affairs as at December 31, 1998 and of the loss for the year then ended and have been properly prepared in accordance with the Companies Act 1985.

NOTES TO THE FINANCIAL STATEMENTS
at December 31, 1998

1 Accounting policies

Basis of preparation

These financial statements have been prepared under the historical cost convention and in accordance with applicable accounting standards.

Valuation of fixed asset investments

The investment is recorded in the balance sheet at cost less amounts provided for any permanent diminution in value. The investment has been restated at the exchange rate ruling at the year end and the exchange loss arising taken to reserves.

Format of accounts

The Company does not produce a cash flow statement by virtue of an exemption contained in FRS 1 (Revised 1996). The Company's ultimate parent company, Bankers Trust Corporation ("BTCorp"), presents a cash flow statement in its Annual Report.

The Company has taken advantage of the exemption in FRS 8 from disclosing transactions with related parties which are part of the BTCorp worldwide group.

Both of the exemptions above also rely on BTCorp's consolidated financial statements being publicly available (see Note 11).

Income recognition

Interest income receivable and payable is recognised as it is earned or accrued.

Foreign currencies

As foreign currency borrowings have been used to finance the Company's foreign equity investments, exchange gains or losses arising on the borrowings are offset as reserve movements against exchange differences arising on the retranslation of the net investments as permitted by Statement of Standard Accounting Practice No. 20.

Deferred taxation

Deferred taxation is provided on all timing differences using the liability method except where such timing differences are not expected to crystallise in the foreseeable future. The provision is calculated at the rate at which it is estimated that the tax will be payable.

2 Directors' emoluments

No directors' emoluments were paid during the year.

3 Auditors' remuneration

The remuneration of the auditors is borne by a group undertaking.

4 Income from investments

Income from investments represents income received during the year from the investment in Value Retail S.L., a Spanish investment company.

5 Taxation
