NOTES TO THE ABBREVIATED ACCOUNTS FOR THE YEAR ENDED 31 MARCH 2008

1 Accounting policies

1.1 Accounting convention

The financial statements are prepared under the historical cost convention and in accordance with the Financial Reporting Standard for Smaller Entities (effective January 2007)

The company has net current liabilities of £29,034 (2007 - £33,033) The company has received confirmation of continued financial support for the next twelve months from one of its directors and therefore the directors consider it appropriate to prepare the financial statements on the going concern basis

Statement of Standard Accounting practice No 19, requires that investment properties should be included in the balance sheet at open market value However in the opinion of the directors, the cost of obtaining a current market valuation cannot be justified at this time and the company's properties have been shown at cost

In accordance with the Statement of Standard Accounting practice No 19, no depreciation has been provided on the investment properties The directors consider this policy, which is a departure from the requirements of the Companies Act 1985, as more appropriate It is not possible to quantify the depreciation which would otherwise have been charged

1.2 Turnover

Turnover represents amounts receivable for rents and services net of VAT and trade discounts

1.3 Tangible fixed assets and depreciation

Tangible fixed assets are stated at cost less depreciation Depreciation is provided at rates calculated to write off the cost less estimated residual value of each asset over its expected useful life, as follows

Fixtures, fittings & equipment	15% Reducing balance
Motor vehicles	25% Reducing balance
