The Directors' Report

Year ended 31 December 2006

The directors present their annual report together with the unaudited financial statements of the company for the year ended 31 December 2006. The company is dormant and has not traded during the year.

Directors

The directors who served the company during the year and thereafter were as follows:

Virgin Media Directors Limited
Virgin Media Secretaries Limited

On 8 February 2007, the names of ntl Directors Limited and ntl Secretaries Limited were changed to Virgin Media Directors Limited and Virgin Media Secretaries Limited respectively.

The company is a wholly owned subsidiary undertaking of Virgin Media Inc (which changed its name from NTL Incorporated on 6 February 2007), a company registered in the state of Delaware, United States of America, and the ultimate parent undertaking of the company.

The directors had no interest in the share capital of the company requiring disclosure under the Companies Act 1985. The company seeks exemption under The Companies (Disclosure of Directors' Interests) (Exceptions) Regulations 1985, not to disclose the directors' interests in the common stock of Virgin Media Inc.

Virgin Media Inc has indemnified the directors of the company against liability in respect of proceedings brought by third parties, subject to the conditions set out in the Companies Act 1985. Such qualifying third party indemnity provision is in force as at the date of approving the directors' report.

The Virgin Media group is an innovative and pioneering UK entertainment and communications business and is the first company in the United Kingdom to offer a quad-play package of TV, broadband, phone and mobile. The group is one of the UK's most popular residential broadband and pay as you go mobile providers and the second largest provider in the UK of pay television and fixed line telephone services.

Financial risk management

The Virgin Media group manages its financial risk via secure, long-dated and cost-effective funding for the group's operations in order to minimise the adverse effects of fluctuations in the financial markets on the value of its financial assets and liabilities, profitability and cash flows.

The Virgin Media group's external debt is used to satisfy the funding requirements of group undertakings via inter-company loans on terms which generally match those of the external debt. In addition, working capital is managed centrally within the Virgin Media group creating further inter-company trading balances, on terms which are generally interest free.

The company is subject to financial risks where interest rates are not fixed or where the debt is denominated in a foreign currency. The group's policy is to manage its interest cost using a mix of fixed and variable rate financial instruments denominated in sterling and foreign currencies, and to hedge all or part of the exposure to interest rate or foreign currency risk. However the group's policy is not to hedge interest rate or foreign currency risk in respect of inter-company debt.

The company's financial instruments solely comprise interest free inter-company debt. The company had no foreign currency denominated financial instruments during the reporting period or prior year.
