## STRATEGIC REPORT

The directors present their report and financial statements for the year ended 31 March 2019.

### Review of the business

The company continues to trade and operate successfully in the growing UK and European healthy snacks markets. Through its broad range of product formats and technologies, innovative NPD and consistent focus on productivity, quality and customer service, the company had a strong year to 31 March 2019. Sales Revenue grew 6% to £27m (2018: £25.5m) through additional business with new and existing customers and Gross profit for the year increased to £6.6m (2018: £5.9m) and Gross profit % increased to 24.5% (2018: 23.2%).

The company manufactures a range of healthy natural snacks, both under its own brands (9bar and Brynmor) and also under those of its contract customers. The company is based at its main manufacturing site in Corwen, North Wales and has a second manufacturing and warehousing facility in Wrexham, North Wales. As of 31 March 2019 the Company had 177 (2018: 167) employees.

Our strategy of utilising our market and product expertise in the healthy snacks sector to continue to support the development and growth of our existing customers whilst actively evolving strong partnerships with new credible branded clients, built momentum through FY19. Alongside this, we have continued to strengthen our Operations, Technical and Supply Chain capabilities, achieving AA status in both BRC audits for the second year running whilst continuously improving performance across all measured productivity, service and inventory indicators.

We believe we are well placed to benefit from consumers' greater awareness of balanced nutrition and their growing desire for healthier snacks and we are confident that our ongoing investment in new technologies, new product development and continuous improvement will support business and value growth for all our stakeholders.

As part of the strategy to extend our Brand portfolio, on 07 June 2019, 9Brand Limited, one of the company's subsidiaries, acquired the trade and assets of Bounce Foods Limited. The trade and assets are being held in a new company Bounce Brands Limited a wholly owned subsidiary of the company. Further details of the acquisition will be disclosed in the financial statements for the year ended 31 March 2020.

### Principal risks and uncertainties

The company manufactures a range of healthy natural snack bars, both under its own brands (9bar and Wholebake) and also those of its contract customers.

The company sources a large proportion of its ingredients from numerous origins around the world, and costs prices can fluctuate markedly according to size and quality of harvests and also currency movements and therefore as at 31 March 2019, the company had formal contracts in place for circa 55% (2018: 48%) of the following year's ingredients requirements.

The Directors have considered the company's position in light of the referendum vote for the UK to leave the EU and consequential uncertainties in the political and economic environment. The Directors have assessed the main markets in which the company operates and the impact of leaving the EU on its supply chain. After consideration the Directors believe there is no significant immediate risk to the company.

**STRATEGIC REPORT (CONTINUED)**

**The position of the company at the year end**

When it comes to working capital, the company had current assets of £15,434,000 (2018: £13,649,000) compared to current liabilities of £14,053,000 (2018: £11,632,000) demonstrating good liquidity with third-party debt reducing following the purchase of the company by Healthfull Holdings Ltd in July 2014. For capital and reserves, the company is well capitalised with £4,433,000 (2018: £5,693,000) of shareholder funds, a reduction of 22.0% on 2018.

**Analysis based on key performance indicators**

The company's revenues increased to £27,004,000 in 2019, or 6% above the prior year revenues of £25,470,000 in 2018, the operating profit for the year was £336,000 (2018: £487,000) .

On behalf of the board:

.....  
S Faithfull – Director  
4<sup>th</sup> September 2019

## **DIRECTORS' REPORT**

The directors present their report and financial statements' for the year ended 31 March 2019.

### **Principal activities and nature of operations**

The principal activity of the company continued to be that of manufacture of natural and vegetarian foods, and the development and sale of health-related food products.

### **Results and dividends**

The results for the year are set out on page 9. The directors do not propose payment of a final dividend at the year-end (2018: No final dividend proposed).

### **Financial risk management objective and policies**

Risk management is a fundamental element of the company's business practice on all levels and is embedded into the business planning and controlling processes. Material risks, if there are any, are monitored and regularly discussed with the Board of Directors.

The company carries out an annual risk assessment, covering both financial and operational risks. A risk is defined as the possibility of an adverse event which has a negative impact on the achievement of the company's objectives.

### **Liquidity risk**

The objective of the company in managing risk is to ensure that it can meet its financial obligations as and when they fall due. The company expects to meet its financial obligations through operating cash flows. In the event that the operating cash flows would not cover all the financial obligations the company has third party credit facilities available and intercompany loan facility. Given the absence of long term loan in the individual company the company is in a position to meet its commitments and obligations as they come due.

### **Customer credit exposure**

The company may offer credit terms to its customers which allow payment of the debt after delivery of the goods. The company is at risk to the extent that a customer may be unable to pay the debt on the specified due date. This risk is mitigated by the strong on-going customer relationships and by credit insurance.

### **Directors**

The following directors have held office since 1 April 2018:

R P Shaw  
M L Gould  
E Juhasz  
S N Faithfull (Appointed 31<sup>st</sup> May 19)

### **Director's indemnities**

The Company has made qualifying third party indemnity provisions for the benefit of its directors which were made during the year and remain in force at the date of this report.

### **Charitable and political contributions**

There were charitable donations made during the year of £12,000 (2018: £Nil).

## **DIRECTOR'S REPORT (CONTINUED)**

### **Auditors**

Grant Thornton UK LLP were appointed as auditors on 25 February 2015 and have indicated their willingness to be reappointed for another term and appropriate arrangements have been put in place for them to be deemed reappointed as auditors.

### **Statement of Director's responsibilities**

The directors are responsible for preparing the Strategic Report and Directors' Report and the financial statements in accordance with applicable law and regulations.

Company law requires the directors to prepare financial statements for each financial year. Under that law the directors have elected to prepare the financial statements in accordance with FRS 102 "The Financial Reporting Standard applicable in the United Kingdom and Republic of Ireland". Under company law the directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the company and of the profit or loss of the company for that period. In preparing these financial statements, the directors are required to:

- Select suitable accounting policies and then apply them consistently;
- Make judgements and accounting estimates that are reasonable and prudent;
- Prepare the financial statements on the going concern basis unless it is inappropriate to presume that the company will continue in business.

The directors are responsible for keeping adequate accounting records that are sufficient to show and explain the company's transactions and disclose with reasonable accuracy at any time the financial position of the company and enable them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

### **Disclosure of information to auditor**

The directors confirm that:

- as far as each director is aware, there is no relevant audit information of which the company's auditor is unaware; and
- the directors have taken all the steps that they ought to have taken as directors in order to make themselves aware of any relevant audit information and to establish that the company's auditor is aware of that information.

The directors are responsible for preparing the annual report in accordance with applicable law and regulations. The directors consider the annual report and the financial statements, taken as a whole, provides the information necessary to assess the company's performance, business model and strategy and is fair, balanced and understandable.

S Faithfull - Director

4<sup>th</sup> September 2019.

## **Independent auditor's report to the members of Wholebake Limited**

### **Opinion**

We have audited the financial statements of Wholebake Limited (the 'company') for the year ended 31 March 2019 which comprise the statement of financial position, statement of comprehensive income, statement of changes in equity and notes to the financial statements, including a summary of significant accounting policies. The financial reporting framework that has been applied in their preparation is applicable law and United Kingdom Accounting Standards, including Financial Reporting Standard 102 'The Financial Reporting Standard applicable in the UK and Republic of Ireland' (United Kingdom Generally Accepted Accounting Practice).

In our opinion, the financial statements:

- give a true and fair view of the state of the company's affairs as at 31 March 2019 and of its profit for the year then ended;
- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice; and
- have been prepared in accordance with the requirements of the Companies Act 2006.

### **Basis for opinion**

We conducted our audit in accordance with International Standards on Auditing (UK) (ISAs (UK)) and applicable law. Our responsibilities under those standards are further described in the Auditor's responsibilities for the audit of the financial statements section of our report. We are independent of the company in accordance with the ethical requirements that are relevant to our audit of the financial statements in the UK, including the FRC's Ethical Standard, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

### **Conclusions relating to going concern**

We have nothing to report in respect of the following matters in relation to which the ISAs (UK) require us to report to you where:

- the directors' use of the going concern basis of accounting in the preparation of the financial statements is not appropriate; or
- the directors have not disclosed in the financial statements any identified material uncertainties that may cast significant doubt about the company's ability to continue to adopt the going concern basis of accounting for a period of at least twelve months from the date when the financial statements are authorised for issue.

## **Independent auditor's report to the members of Wholebake Limited (Continued)**

### **Other information**

The directors are responsible for the other information. The other information comprises the information included in the annual report, other than the financial statements and our auditor's report thereon. Our opinion on the financial statements does not cover the other information and, except to the extent otherwise explicitly stated in our report, we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If we identify such material inconsistencies or apparent material misstatements, we are required to determine whether there is a material misstatement in the financial statements or a material misstatement of the other information. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact.

We have nothing to report in this regard.

### **Opinions on other matters prescribed by the Companies Act 2006**

In our opinion, based on the work undertaken in the course of the audit:

- the information given in the strategic report and the directors' report for the financial year for which the financial statements are prepared is consistent with the financial statements; and
- the strategic report and the directors' report has been prepared in accordance with applicable legal requirements.

### **Matter on which we are required to report under the Companies Act 2006**

In the light of the knowledge and understanding of the company and its environment obtained in the course of the audit, we have not identified material misstatements in the strategic report or the directors' report.

### **Matters on which we are required to report by exception**

We have nothing to report in respect of the following matters in relation to which the Companies Act 2006 requires us to report to you if, in our opinion:

- adequate accounting records have not been kept, or returns adequate for our audit have not been received from branches not visited by us; or
- the financial statements are not in agreement with the accounting records and returns; or
- certain disclosures of directors' remuneration specified by law are not made; or
- we have not received all the information and explanations we require for our audit.

### **Responsibilities of directors for the financial statements**

As explained more fully in the directors' responsibilities statement set out on page 4, the directors are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view, and for such internal control as the directors determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the directors are responsible for assessing the company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the company or to cease operations, or have no realistic alternative but to do so.

**Independent auditor's report to the members of Wholebake Limited (Continued)**

**Auditor's responsibilities for the audit of the financial statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

A further description of our responsibilities for the audit of the financial statements is located on the Financial Reporting Council's website at: [www.frc.org.uk/auditorsresponsibilities](http://www.frc.org.uk/auditorsresponsibilities). This description forms part of our auditor's report.

**Use of our report**

This report is made solely to the company's members, as a body, in accordance with Chapter 3 of Part 16 of the Companies Act 2006. Our audit work has been undertaken so that we might state to the company's members those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the company and the company's members as a body, for our audit work, for this report, or for the opinions we have formed.

WHOLEBAKE LIMITED  
NOTES TO THE FINANCIAL STATEMENTS  
For the year ended 31 March 2019

---

**1 ACCOUNTING POLICIES**

**1.1 Company information**

Wholebake Limited incorporated in the UK on 1996, is a limited company and its registered office is; Tyn'Y'Llidiart Industrial Estate, Corwen, Denbigshire, Wales, LL21 9RR. The principal activity of the company continued to be that of manufacture of natural and vegetarian foods, and the development and sale of health related food products.

**1.2 Basis of preparation**

These financial statements have been prepared in accordance with applicable United Kingdom accounting standards, including Financial Reporting Standard 102 – 'The Financial Reporting Standard applicable in the United Kingdom and Republic of Ireland' ('FRS 102'), and with the Companies Act 2006. The financial statements have been prepared on the historical cost basis.

The financial statements are presented in sterling (£). The individual accounts of Wholebake Limited have adopted the following disclosure exemptions:

- the requirement to present a statement of cash flows and related notes
- financial instrument disclosures, including:
  - o categories of financial instruments,
  - o items of income, expenses, gains or losses relating to financial instruments, and
  - o exposure to and management of financial risks.

The company itself is a subsidiary company and is exempt from the requirement to prepare group financial statements by virtue of section 400 of the Companies Act 2006 as the results of the Company are consolidated within the ultimate parent company, Healthfull Holdings Group Limited. These accounts therefore present information about the company as an individual and not about its group.

**1.3 Going concern**

After reviewing the company's forecasts and projections, the directors have a reasonable expectation that the company has adequate resources to continue in operational existence for the foreseeable future. The company therefore continues to adopt the going concern basis in preparing its consolidated financial statements.

WHOLEBAKE LIMITED  
NOTES TO THE FINANCIAL STATEMENTS  
For the year ended 31 March 2019

---

**1 ACCOUNTING POLICIES (CONTINUED)**

**1.4 Significant judgements and estimates**

In the process of applying the company's accounting policies, the company is required to make certain judgements, estimates and assumptions that it believes are reasonable based on the information available. The significant judgements and estimates relate to the following:

- Two years ago the company entered into a finance lease arrangement with one of its customers who are reimbursing an initial outlay of capital equipment. After careful consideration of the contract terms and rewards associated with the equipment, the directors deem this to be a finance lease arrangement with Wholebake Limited as lessor. Refer to note 13.
- The Company has committed to purchase land adjacent to its existing facility in Corwen, it has subsequently been valued by an independent valuer at less than the purchase price, this is the value used in the statement of financial position.
- The stock provision is calculated using management judgement to review the nature and condition of the inventory, providing for stock that cannot be sold or used as at the balance sheet date.
- The useful lives and residual values of tangible fixed assets are estimated based on economic utilisation and physical condition of the assets and are amended when necessary resulting in changes to the annual depreciation charge. The directors consider that the useful economic lives and residual value are appropriate

**1.5 Tangible assets**

Tangible fixed assets are measured at cost less accumulated depreciation and any accumulated impairment losses.

Depreciation is calculated to write down the cost less estimated residual value of all tangible fixed asset, other than freehold land, over their expected useful lives, using the straight line method. The rates applicable are:

- Land and buildings leasehold	Over the remaining term of the lease
- Plant and machinery	10% straight line
- Fixtures, fittings and equipment	15% straight line

**1 ACCOUNTING POLICIES (CONTINUED)**

**1.6 Impairment of assets**

At each reporting date fixed assets are reviewed to determine whether there is any indication that those assets have suffered an impairment loss. If there is an indication of possible impairment, the recoverable amount of any affected asset is estimated and compared with its carrying value. If the estimated recoverable amount is lower, the carrying amount is reduced to its estimated recoverable amount, and an impairment loss is recognised immediately in the profit and loss.

If an impairment loss subsequently reverses, the carrying amount of the asset is increased to the revised estimate of its recoverable amount, but not in excess of the amount that would have been determined had no impairment loss been recognised for the asset in prior years. A reversal of an impairment loss is recognised immediately in profit and loss.

**1.7 Investments**

Fixed asset investments are stated at cost less provision for diminution in value. Investments in subsidiaries are measured at cost less accumulated impairment.

**1.8 Stocks and work in progress**

Stocks are stated at the lower of cost, using the first in first out method, and selling prices less costs to complete and sell.

**1.9 Debtors**

Short term debtors are measured at transaction price, less any impairment. Loans receivable are measured initially at fair value, net of transaction costs, and are measured subsequently at amortised cost using the effective interest method, less any impairment.

**1.10 Creditors**

Short term creditors are measured at the transaction price. Other financial liabilities, including bank loans, are measured initially at fair value, net of transaction costs, and are measured subsequently at amortised cost using the effective interest method.

---

**1 ACCOUNTING POLICIES (CONTINUED)**

**1.11 Leasing and hire purchase commitments**

Leases are classified as finance leases whenever the terms of the lease transfer substantially all the risks and reward of ownership of the leased asset to the company. All other leases are classified as operating leases.

Assets held under finance leases are recognised initially at fair value of the leased asset (or, if lower, the present value of minimum lease payments) at the inception of the lease. The corresponding liability to the lessor is included in the statement of financial position as a finance lease obligation.

Lease payments are apportioned between finance charges and reduction of the lease obligation using the effective interest method so as to achieve a constant rate of interest on the remaining balance of the liability. Finance charges are deducted in measuring profit or loss.

Rents payable under operating leases are charged to profit or loss on a straight – line basis over the lease term unless the rental payments are structured to increase in line with expected general inflation, in which case the company recognises annual rent expense equal to amounts owed to the lessor.

The aggregate benefit of lease incentives are recognised as a reduction to the expense recognised over the lease term on a straight line basis.

When assets are held under a finance lease, the present value of the lease payments is recognised as a receivable. The difference between the gross receivable and the present value of the receivable is recognised as unearned finance income. Lease income reduces the value of the receivable over the lease term until the full value of the receivable has been received.

**1.12 Provisions for liabilities**

Provisions are recognised when the company has a present obligation (legal or constructive) as a result of a past event, it is probable that the company will be required to settle the obligation, and a reliable estimate can be made of the amount of the obligation.

The amount recognised as a provision is the best estimate of the consideration required to settle the present obligation at the end of the reporting period, taking into account the risks and uncertainties surrounding the obligation.

Where the effect of the time value of money is material the amount expected to be required to settle the obligation is recognised at present value using a pre-tax discount rate. The unwinding of the discount is recognised as a finance cost in profit or loss in the period it arises.

The company recognises a provision for annual leave accrued by employees as a result of services rendered in the current period, and which employees are entitled to carry forward and use within the next 12 months. The provision is measured at the salary cost payable for the period of absence.

WHOLEBAKE LIMITED  
NOTES TO THE FINANCIAL STATEMENTS  
For the year ended 31 March 2019

---

**1 ACCOUNTING POLICIES (CONTINUED)**

**1.13 Taxation**

Current tax is recognised for the amount of income tax payable in respect of the taxable profit for the current or past reporting periods using the tax rates and laws that have been enacted or substantively enacted by the reporting date.

Deferred tax is recognised in respect of all timing differences at the reporting date, except as otherwise indicated. Deferred tax assets are only recognised to the extent that it is probable that they will be recovered against the reversal of deferred tax liabilities or other future taxable profits. If and when all conditions for retaining tax allowances for the cost of a fixed asset have been met, the deferred tax is reversed.

Deferred tax is recognised when income or expenses from a subsidiary or associate have been recognised, and will be assessed for tax in a future period, except where:

- The company is able to control the reversal of the timing difference; and
- It is probable that the timing difference will not reverse in the foreseeable future.

A deferred tax liability or asset is recognised for the additional tax that will be paid or avoided in respect of assets and liabilities that are recognised in a business combination. The amount attributed to goodwill is adjusted by the amount of deferred tax recognised.

Deferred tax is calculated using the tax rates and laws that have been enacted or substantively enacted by the reporting date that are expected to apply to the reversal of the timing differences.

With the exception of changes arising on the initial recognition of a business combination, the tax expense (income) is presented either in profit or loss, other comprehensive income or equity depending on the transaction that resulted in the tax expense (income).

Deferred tax liabilities are presented within provisions for liabilities and deferred tax assets within debtors. Deferred tax assets and deferred tax liabilities are offset only if:

- The company has a legally enforceable right to set off current tax assets against current tax liabilities, and
- The deferred tax assets and deferred tax liabilities relate to income taxes levied by the same taxation authority on either the same taxable entity or different taxable entities which intend either to settle current tax liabilities and assets on a net basis, or to realise the assets and settle the liabilities simultaneously.

**1.14 Turnover**

Turnover is measured at the fair value of the consideration received or receivable, net of discounts and value added taxes. Turnover includes revenue earned from the sale of goods and from the rendering of services.

**Sale of goods**

Turnover from the sale of goods is recognised when the significant risks and rewards of ownership of the goods has transferred to the buyer. This is usually at the point that the customer has signed for the delivery of goods.

WHOLEBAKE LIMITED  
NOTES TO THE FINANCIAL STATEMENTS  
For the year ended 31 March 2019

---

**1 ACCOUNTING POLICIES (CONTINUED)**

**1.15 Employee benefits**

Short-term employee benefits and contributions to defined contribution plans are recognised as an expense in the period in which they are incurred.

**1.16 Foreign currency translation**

In preparing the financial statements of the company, transactions in currencies other than the functional currency of the company are recognised as the spot rate at the dates of the transactions, or at an average rate where this rate approximates to the actual rate at the date of the transaction.

At the end of each reporting period, monetary items denominated in foreign currencies are retranslated at the rates prevailing at that date. Non – monetary items that are measured in terms of historical cost in a foreign currency are not retranslated. Exchange differences are recognised in profit or loss in the period in which they arise.

**1.17 Government grants**

Grants are credited to deferred revenue. Grants towards capital expenditure are released to the profit and loss account over the expected useful life of the assets from the point that all recognition conditions have been met. Grants towards revenue expenditure are released to the profit and loss account as the related expenditure is incurred.

**1.18 Research and development**

Research expenditure is written off to the profit and loss account in the year in which it is incurred. Development expenditure is written off in the same way, unless the directors are satisfied as to the technical, commercial and financial viability of individual projects. In this situation, the expenditure is deferred and amortised over the period during which the company is expected to benefit.

**2 TURNOVER**

Turnover, analysed geographically between markets, was as follows:

	<b>2019</b>	2018
	<b>£'000</b>	£'000
United Kingdom	<b>26,867</b>	25,470
Europe	<b>137</b>	-
	<b><u>27,004</u></b>	<u>25,470</u>

### 3 PROFIT ON ORDINARY ACTIVITIES BEFORE TAXATION

The profit on ordinary activities before taxation is stated after:	2019 £'000	2018 £'000
Auditors' remuneration;		
Audit fees	16	15
Corporation tax compliance	8	7
Financial Due Diligence	-	31
Growth 365 membership	-	18
Employment related securities	1	-
iXBRL tagging	4	-
VAT advisory	-	4
Pension advisory	3	6
Foreign exchange (profits)/losses	3	6
Operating lease rentals;		
Plant and machinery	47	46
Other assets	119	107
Government grant amortisation	(34)	(33)
Research and development expense	164	138
Depreciation of tangible assets	593	561
Loss on discontinuation of project	1,318	-
Loss on disposal of fixed assets	82	-

### 4 DISCONTINUATION OF PROJECT

During the years from 2016 onwards the company committed to purchase land and build a new factory next to the existing facility in Corwen, Denbighshire. In this period of Brexit uncertainty and with the lack of government funding immediate plans to construct a new factory are on hold whilst we review other sites and locations, the costs of £918,000 relate to the work carried out to date on this project and £400,000 relates to the impairment of a land purchase for the same project.

### 5 INTEREST PAYABLE AND SIMILAR CHARGES

	2019 £'000	2018 £'000
On bank loans and overdrafts	43	40
	<u>43</u>	<u>40</u>

**8 INVESTMENTS**

£'000

Net book amount at 1 April 2018 and 31 March 2019

**568**

In the opinion of the directors, the aggregate value of the company's investment in the subsidiary is not less than the amount included in the balance sheet. The investments are as follows;

Company: subsidiary undertaking	Country of registration of incorporation	Class	Shares Held	Nature of business
9 Brand Foods Limited	United Kingdom	Ordinary	100%	Branded Food Retail

On 26 November 2016, Wholebake Limited hived down the assets connected with its 9Bar and Wholebake Brand into a 100% owned subsidiary 9Brand Foods Limited and tuped over the relevant staff.

**9 TANGIBLE FIXED ASSETS**

	Land and buildings Leasehold £'000	Plant and machinery £'000	Fixtures, fittings & equipment £'000	Total £'000
<b>Cost</b>				
At 1 April 2018	954	5,102	405	6,461
Additions	908	125	42	1,075
Impairment loss	(400)	-	-	(400)
Disposals	-	(1,024)	(1)	(1,025)
<b>At 31 March 2019</b>	<b>1,462</b>	<b>4,203</b>	<b>446</b>	<b>6,111</b>
<b>Depreciation</b>				
At 1 April 2018	630	1,778	228	2,636
Charge for the year	197	350	46	593
Disposals	-	(24)	(1)	(25)
<b>At 31 March 2019</b>	<b>827</b>	<b>2,104</b>	<b>273</b>	<b>3,204</b>
<b>Net book amount</b>				
<b>At 31 March 2019</b>	<b>635</b>	<b>2,099</b>	<b>173</b>	<b>2,907</b>
At 31 March 2018	324	3,324	177	3,825

The impairment loss relates to the land for the discontinued new factory project (£400,000) and the disposals relate to the other associated costs to date of the same project (£918,000) plus the disposal of a horizontal doy bag fill & seal machine no longer used (£73,000) and other smaller items.

**12 FINANCE LEASE RECEIVABLES**

	<b>2019</b>	<b>2018</b>
	<b>£'000</b>	<b>£'000</b>
Finance lease receivables	<b>363</b>	<b>472</b>
	<b>363</b>	<b>472</b>
	<b>2019</b>	<b>2018</b>
	<b>£'000</b>	<b>£'000</b>
<b>Investment in finance lease</b>		
No later than one year	<b>89</b>	<b>220</b>
Later than one year and not later than five years	<b>274</b>	<b>252</b>
Later than five years	<b>-</b>	<b>-</b>
	<b>363</b>	<b>472</b>

The company has entered into a finance lease arrangement with one of its customers who are reimbursing an initial outlay of capital equipment. After careful consideration of the contract terms and rewards associated with the equipment, the directors deem this to be a finance lease arrangement with Wholebake Limited as lessor. The leasing arrangement provides that the sum for initial capital equipment outlay, the finance lease amount to be recovered per unit of production.

**13 CREDITORS: AMOUNTS FALLING DUE WITHIN ONE YEAR**

	<b>2019</b>	<b>2018</b>
	<b>£'000</b>	<b>£'000</b>

---

**21 TRANSACTIONS WITH RELATED PARTIES**

The immediate parent company is Wholebake (Topco) Limited a company registered in England and Wales. The ultimate parent company is Healthfull Holdings Group Limited, a company registered in England and Wales. The Directors consider the ultimate controlling party to be Bridges Fund Management Limited

The company has taken advantage of the exemption available under FRS 102 section 33 "Related party disclosures" whereby it has not disclosed transactions with the ultimate parent company or any wholly owned subsidiary undertaking of the group.

All Directors who served Wholebake Limited during the year were remunerated by Healthfull Holdings Group Limited and Wholebake Limited.

**Guarantees**

The largest set of consolidated accounts produced are those headed up by Healthfull Holdings Group Limited. Copies of those can be obtained from Companies House.

At 31 March 2019 there is a cross guarantee and debenture between Healthfull Holdings Topco Limited, Healthfull Holdings Group Limited, Wholebake (Topco) Limited, 9Brand Ltd and Wholebake Limited on the Bank's standard form with supporting security on the Bank's standard forms. The total value of the bank debt in Healthfull Holdings Ltd is £500,000.

**22 CONTINGENT LIABILITIES**

The company had no contingent liabilities at 31 March 2019 or 31 March 2018.

As per Note 21 there are bank guarantees in place, and the total value of the bank debt in Healthfull Holdings Ltd is £500,000.

**23 POST BALANCE SHEET EVENTS**

As part of the strategy to extend our Brand portfolio, on 07 June 2019, 9Brand Limited, one of the company's subsidiaries, acquired the trade and assets of Bounce Foods Limited. The trade and assets are being held in a new company Bounce Brands Limited a wholly owned subsidiary of the company. Further details of the acquisition will be disclosed in the financial statements for the year ended 31 March 2020.
