6. OPERATING EXPENSES

The Company's expenses have been paid by a third party and are therefore not reflected in these financial statements.

7. TRANSACTIONS

The Company enters into various transactions relating to the charter and conversion of ships, and sale of the conversion work. Each transaction consists of a contract to charter and to effect the conversion of a ship by a Shipbuilder (a "Conversion Contract") and to sell the conversion work to a Purchaser (a "Sales Contract"). In the event of the failure of a Purchaser to fulfil its obligations under a Sales Contract, or the failure to find a Purchaser to enter into a Sales Contract, the Company is indemnified by the Shipbuilder. To secure its obligations under each Sales Contract, the Company assigns all rights, title and interest in the Conversion Contract to the Purchaser.

Funds received under a Sales Contract are maintained on a secured deposit account held in the name of the Company with HSBC Bank Plc ("HSBC"). Amounts payable under the terms of a Conversion Contract are financed by a fixed rate loan from HSBC. The secured deposit and the fixed rate loan applicable to each transaction bear the same interest rate and repayment terms. The principal amount of the secured deposit is pledged to HSBC as security for the obligations of the Company to HSBC in connection with the fixed rate loan. Where amounts receivable under a Sales Contract are receivable in a currency different from the currency of the amounts payable under a Conversion Contract, the Company enters into a Swap Agreement with HSBC in order to match its receipts and payments.

As a result of the limited recourse and other provisions of each of the Conversion Contracts, Sales Contracts, and the various financing agreements, including where applicable the Loan Agreements, Deposit Agreements, Swap Transactions, Indemnity Letters and the other documents entered into by the Company in connection with the aforementioned transactions, the said transactions are not considered to produce any inflow or outflow of benefit to, or risk or reward for, the Company. As a result, payments received and made, receivable and payable in respect of those transactions as well as any currency, interest or other exposures or benefits arising therefrom do not constitute new assets or liabilities, as defined under FRS5, and consequently are not recognised on the balance sheet.

There were no Conversion Contracts outstanding as at the balance sheet date.
