DIRECTORS' REPORT FOR THE YEAR ENDED 31 MARCH 2012 (continued)

Statement of Directors' responsibilities in respect of the annual report and the financial statements

The directors are responsible for preparing the Directors' Report and the financial statements in accordance with applicable law and regulations

Company law requires the directors to prepare financial statements for each financial year. Under that law the directors have prepared the financial statements in accordance with United Kingdom Generally Accepted Accounting Practice (United Kingdom Accounting Standards and applicable law). Under company law the directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the company and of the profit or loss of the company for that period. In preparing these financial statements, the directors are required to

- select suitable accounting policies and then apply them consistently,
- make judgements and accounting estimates that are reasonable and prudent,
- state whether applicable UK Accounting Standards have been followed, subject to any material departures disclosed and explained in the financial statements,
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the company will continue in business

The directors are responsible for keeping adequate accounting records that are sufficient to show and explain the company's transactions and disclose with reasonable accuracy at any time the financial position of the company and enable them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

Disclosure of information to auditors

Each of the persons who is a director at the date of approval of this report confirms that so far as each director is aware, there is no relevant audit information (that is, information needed by the company's auditors in connection with preparing their report) of which the company's auditors are unaware. Each director has taken all the steps they ought to have taken as a director in order to make themselves aware of any relevant audit information and to establish that the company's auditors are aware of that information.

Independent auditors

The auditors, PricewaterhouseCoopers LLP, have expressed their willingness to continue in office and a resolution concerning their reappointment will be proposed at the Annual General Meeting.

The financial reporting framework that has been applied in their preparation is applicable law and United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice).

Respective responsibilities of directors and auditors

As explained more fully in the Directors' Responsibilities Statement set out on page 2, the directors are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view. Our responsibility is to audit and express an opinion on the financial statements in accordance with applicable law and International Standards on Auditing (UK and Ireland). Those standards require us to comply with the Auditing Practices Board's Ethical Standards for Auditors.

We do not, in giving these opinions, accept or assume responsibility for any other purpose or to any other person to whom this report is shown or into whose hands it may come save where expressly agreed by our prior consent in writing.

Scope of the audit of the financial statements

An audit involves obtaining evidence about the amounts and disclosures in the financial statements sufficient to give reasonable assurance that the financial statements are free from material misstatement, whether caused by fraud or error. This includes an assessment of whether the accounting policies are appropriate to the company's circumstances and have been consistently applied and adequately disclosed, the reasonableness of significant accounting estimates made by the directors, and the overall presentation of the financial statements. In addition, we read all the financial and non-financial information in the directors' report and financial statements to identify material inconsistencies with the audited financial statements. If we become aware of any apparent material misstatements or inconsistencies we consider the implications for our report.

Opinion on financial statements

In our opinion the financial statements

- give a true and fair view of the state of the company's affairs as at 31 March 2012 and of its profit for the year then ended
- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice, and
- have been prepared in accordance with the requirements of the Companies Act 2006

Opinion on other matter prescribed by the Companies Act 2006

Matters on which we are required to report by exception

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2012

1 Accounting policies

Basis of preparation

The financial statements are prepared in the United Kingdom under the historical cost convention and in accordance with applicable United Kingdom accounting standards and the Companies Act 2006. These financial statements have been prepared on a going concern basis and using consistently applied accounting policies.

I. Foreign currencies

The local and presentation currency is the Euro. Transactions in foreign currencies are translated into Euros at the rate prevailing at transaction date. Monetary assets and liabilities denominated in foreign currencies are translated into Euros at the rates of exchange prevailing at the balance sheet date. At 31 March 2012 the rate applicable was €1 to £0.83392. Non-monetary assets and liabilities denominated in foreign currencies are translated into Euros at the historic rates of exchange. All foreign exchange differences are taken to the profit and loss account.

II. Taxation

UK Corporation Tax is provided at amounts expected to be paid (or recovered) using the tax rates and laws that have been enacted or substantially enacted by the balance sheet date. There is no deferred taxation arising and therefore disclosure under FRS 19 is not required.

III. Group financial statements

The company is not required to prepare Group financial statements under the exemption allowed by s401 Companies Act 2006, as at 31 March 2012 it is a wholly owned subsidiary undertaking of Sony Computer Entertainment Europe Limited.

IV. Cash flow statement

The company has taken advantage of the exemption from preparing a cash flow statement under the terms of FRS1 'Cash Flow Statements' (revised 1996) as its results are consolidated in the Group financial statements of Sony Corporation. Copies of these financial statements can be obtained from Sony Global Treasury Services Plc, 15th Floor, Commercial Union Tower, 1 Undershaft, London, EC3A 8EE.

V. Financial Instruments

Interest rate risk is minimal as the company has no external borrowings or loans. Liquidity risk is managed via funding, as required, from parent company undertakings. Foreign exchange gains or losses arise only from the translation into Euros of monetary assets and liabilities denominated in foreign currencies.

VI. Investments

Impairment reviews are carried out by the Finance team whenever a triggering event arises.
