#### **DIRECTOR'S REPORT (CONTINUED)**

#### FOR THE YEAR ENDED 31 DECEMBER 2012

Statement of director's responsibilities in respect of the Directors' report and the financial statements. The director is responsible for preparing the Director's Report and the financial statements in accordance with applicable law and regulations.

Company law requires the director to prepare financial statements for each financial year. Under that law the director has elected to prepare the financial statements in accordance with United Kingdom Generally Accepted Accounting Practice (United Kingdom Accounting Standards and applicable law). Under company law the director must not approve the financial statements unless she is satisfied that they give a true and fair view of the state of affairs of the company and of the profit or loss of the company for that period. In preparing these financial statements, the director is required to

- select suitable accounting policies and then apply them consistently,
- make judgements and accounting estimates that are reasonable and prudent,
- state whether applicable UK Accounting Standards have been followed, subject to any material departures disclosed and explained in the financial statements,
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the company will continue in business

The director is responsible for keeping adequate accounting records that are sufficient to show and explain the company's transactions and disclose with reasonable accuracy at any time the financial position of the company and enable her to ensure that the financial statements comply with the Companies Act 2006. She is also responsible for safeguarding the assets of the company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

On behalf of the board

#### NOTES TO THE FINANCIAL STATEMENTS

#### FOR THE YEAR ENDED 31 DECEMBER 2012

#### 1 Accounting policies

#### 1.1 Accounting convention

The financial statements are prepared under the historical cost convention modified to include the revaluation of freehold land and buildings

The financial statements have been prepared on the going concern basis. This is considered appropriate as the ultimate beneficial shareholders will continue to provide financial support to the company for the foreseeable future.

The company has taken advantage of the exemption in Financial Reporting Standard No 1 from the requirement to produce a cash flow statement on the grounds that it is a small company

#### 12 Turnover

Turnover represents amounts receivable for goods and services net of VAT and trade discounts where applicable

#### 13 Tangible fixed assets and depreciation

Investment properties are included in the balance sheet at their open market value. Depreciation is provided only on those investment properties which are leasehold and where the unexpired lease term is less than 20 years.

Although this accounting policy is in accordance with the applicable accounting standard, SSAP 19, Accounting for investment properties, it is a departure from the general requirement of the Companies Act 2006 for all tangible assets to be depreciated. In the opinion of the director compliance with the standard is necessary for the financial statements to give a true and fair view. Depreciation or amortisation is only one of many factors reflected in the annual valuation and the amount of this which might otherwise have been charged cannot be separately identified or quantified.

# 14 Deferred taxation

Deferred taxation is provided at appropriate rates on all timing differences using the liability method only to the extent that, in the opinion of the director, there is a reasonable probability that a liability or asset will crystallise in the foreseeable future

# 15 Foreign currency translation

The company's accounting records are maintained in Euro

Transactions in other currencies are converted at the rate ruling at the date of the transaction. Current assets and liabilities are converted at the rate of exchange ruling at the balance sheet date. Any material gains or losses resulting from the conversion are taken to the profit and loss account.

#### 2 Turnover

Turnover represents income derived from the company's principal activity
