Notes to the Abbreviated Financial Statements
for the Year Ended 31 March 2002

1. **ACCOUNTING POLICIES**

Accounting convention

The financial statements have been prepared under the historical cost convention and in accordance with the Financial Reporting Standard for Smaller Entities (effective March 2000).

Turnover

Turnover represents net invoiced sales of goods, excluding value added tax.

Tangible fixed assets

Depreciation is provided at the following annual rates in order to write off each asset over its estimated useful life.

Fixtures and fittings	- 25% on reducing balance
Motor vehicles	- 25% on reducing balance

Stocks

Stock is valued at the lower of cost and net realisable value, after making due allowance for obsolete and slow moving items.

Deferred Taxation

Provision is made at current rates for taxation deferred in respect of all material timing differences except to the extent that, in the opinion of the director, they are considered immaterial. The only relevant provision would have been in respect of accelerated Capital Allowances. These amounted to only some £98-70 and have therefore not been provided for.
