# MARCHPOLE HOLDINGS PLC UNAUDITED INTERIM FINANCIAL STATEMENTS FOR THE SIX MONTHS ENDING 30 SEPTEMBER 2007

FRIDAY

LD3 16/11/2007 COMPANIES HOUSE

### **CHAIRMAN'S STATEMENT**

I am pleased to report the interim results of Marchpole Holdings plc for the six months ended 30 September 2007

The level of profitability is a direct consequence of our investment and expansion into new markets and the loss of the benefit of the YSL licence. We recognise the importance of the emerging economies to the fashion retail business, and the significant returns that such markets can deliver. We are making good progress in expanding sales of our brands in the brand driven consumer markets of Russia, the Eastern European States, the Middle East, India and the Far East. These markets are experiencing a rapidly developing and increasingly sophisticated retail environment with a rising demand for luxury brands. The Russian, the Eastern European, the Chinese and the Gulf Countries will make an increasing contribution to the future earnings of the group over the next three years.

The Board is committed to a three to five year programme which we believe will deliver enhanced returns to shareholders and will continue to capitalise upon our key strength of managing international brands for further global growth, while exploiting opportunities in our core markets in the UK, USA and Western Europe

### Results

Turnover declined to £29 9 million (2006 £38 5 million) On a comparable basis if sales of YSL are excluded, turnover rose to £29 9 million from £10 1 million in the six months to 30 September 2006

Operating profit declined to £1 2 million (2006 £5 0 million) Profit before Taxation was lower at £0 5 million (2006 £4 0 million) and basic earnings per share declined to 1 2p from 10 2p in 2006

### Dividends

The Board has agreed to a payment of an interim dividend of 1.1 pence (2006 1.5 pence) to shareholders on the register at 15 January 2008. It is the Board's intention to maintain the total dividend distribution at 3.75 pence per share for the year to 31 March 2008.

### **Board Changes and Management Structure**

In July 2007, Marchpole announced that John Harrison, Group Finance Director would be stepping down from the Board and he has since left the Company Raymond Harris, formerly the senior independent non-executive Director, has now taken on the role of Finance Director and is contracted to remain in this position until at least the end of the current financial year In addition John Macaulay has been appointed Group Financial Officer. John has over 15 years experience in senior financial positions in the clothing business.

In August 2007, Marchpole strengthened its Board with the appointment of John Molloy as a Non Executive Director 
John brings valuable retail experience to the group having spent his career with C&A

The Board have also restructured the management of the operating subsidiaries to enhance performance and improve corporate governance in the international subsidiaries

### Licences

### **Emanuel Ungaro and Ungaro Homme**

We continue to work closely with the House of Ungaro to establish Emanuel Ungaro and the Ungaro Homme diffusion label as a worldwide menswear brand

The sales of Emanuel Ungaro and Ungaro Homme in Europe, including the UK, are encouraging despite the difficult trading conditions. During the period, we appointed leading

fashion designer, Franck Boclet as Creative Director and his first line Emanuel Ungaro collection has exceeded Company expectations, with significant forward orders following a very successful Paris Fashion Show in July

An important development for the brand was our breakthrough into the South American market. The first long term licence and distribution agreements for Emanuel Ungaro and Ungaro Home in South America, were signed with TEXTRON SA, the leading Colombian menswear retailer and manufacturer with 28 stores.

In addition there will be four new flagship stores in Azerbaijan, Bucharest, Colombia and Uzbekistan which will open during spring 2008

Marchpole's strong sourcing capabilities have resulted in improved margins in the US business but an extremely difficult retail environment in North America has resulted in a disappointing sales performance. We have restructured the US business which will result in significant cost savings during the second half of the financial year.

### Jean-Charles de Castelbajac S.A ("JCC")

We continue to work with Jean-Charles de Castelbajac to build upon the success of the brand to date. Good progress has been made and, on a like-for-like basis, sales of JCC have increased by 5 per cent and royalty income has increased by 50 per cent on the back of the new licensing agreements put in place during the previous twelve months.

During the period a partnership agreement has been signed with the headwear company New Fra

Significantly JCC has also signed an exclusive partnership with global denim brand, Lee Cooper Inc, for an initial period of five years. Under the terms of the agreement JCC will design two new premium denim lines and casual tops for the Spring/Summer 2008 season. This collection will be the only premium denim collection and casual tops offered by Lee Cooper and will be sold in JCC flagship stores worldwide and also initially in 110 of 670 Lee Cooper stores worldwide.

The Russian, Eastern European and Middle and Far Eastern markets are proving particularly strong for the JCC brand, and we have signed two major long term distribution agreements for these regions. In Russia we have signed an exclusive contract with The Crocus Group, one of the leading luxury goods retailers in Russia, and our flagship store in the Crocus City Mall in Moscow, opens this winter. Our exposure to the Russian market has also driven our expansion into other Eastern European states, where our goods are stocked in over sixty stores.

The Middle East distribution agreement with The Chalhoub Group, which has promoted luxury brands in the region for over 50 years, has resulted in JCC clothing and accessories now being distributed throughout the Middle East

In the USA JCC has increased its distribution to 60 multi-brand stores including, initially, 6 out of Bloomingdale's 35 stores

To support the established popularity of the Castelbajac brand in Japan and Korea, Marchpole signed a new distribution agreement with Coronet, a member of the Itochu Group, in July In addition we continued to strengthen the JCC brand presence in the Far East with the opening of a new flagship store in Tokyo

### **Greenmark Limited**

The business of Greenmark Limited, the footwear designer and importers is now fully integrated into the Group. In the first six months this subsidiary has made very good progress in terms of sales growth and also has diversified adding new sourcing areas in the Far East, resulting in new cost effective production which has led to an expansion in sales.

### **Homebody Limited**

We remain committed to the global expansion of this luxury brand and we continue to make progress with increased sales and distribution. In the USA the brand is stocked in Neiman Marcus, Saks and Nordstrom and in the UK in Harrods womens, mens and maternity departments. In September, we launched a new multi-lingual website to support and broaden our distribution network for the complete Homebody range and we look forward to growing this part of the business.

### **Boateng**

Despite the dispute over licence arrangements with Bespoke Couture, Marchpole's commitment to developing the brand remains unaltered. The Company continues to sell the Boateng collection and we have experienced an increase in sales orders year on year.

### **Outlook**

Trading conditions during the current year are proving to be difficult however all of our brands which are in their infancy are developing to plan. We have restructured some areas of the business to improve efficiency and reduce cost. While we expect to achieve a much stronger performance in the second half, we expect that the results for the year as a whole will be slightly lower than anticipated.

We are confident that the foundations we have laid during this period allied to the income from the new licensing and sales agreements and flagship store openings will lead to strong and sustained sales growth and enhanced profitability in financial years 2009 and 2010. We are also examining acquisition opportunities to increase our portfolio of brands and broaden and diversify our distribution channels.

We remain committed to deliver enhanced returns for our shareholders and are confident the group will achieve this
