Joint Administrators Mark Jeremy Orton and Andy Stephen McGill of KPMG LLP

LIC / the Company LIC Components Limited - in administration

(Company registered number 03338448)

The Act The Insolvency Act 1986

#### 2 Introduction

At the request of the Company, acting by its directors, Mark Jeremy Orton and Andy Stephen McGill of KPMG LLP were appointed Joint Administrators of LIC Components Limited in administration on 2 December 2009 in the High Court of Justice, Chancery Division, Birmingham District Registry The Court case number is 8735 of 2009

In accordance with Rules 2 47 and 2 112(1) of the Insolvency (Amendment) Rules 2003 we are writing to provide an update on the progress of the administration for the 6 month period 2 December 2009 to 1 June 2010

An abstract receipts and payments account for the period is attached at Appendix 3. Other information required by Rule 2.47 of the Insolvency (Amendment) Rules 2003 is attached at Appendix 1 together with a schedule of Administrators' time costs to date at Appendix 2.

In accordance with Paragraph 100(2) of Schedule B1 of the Insolvency Act 1986, the functions of the Joint Administrators are being exercised by any of the Joint Administrators

#### 3 Joint Administrators' Proposals

In accordance with Paragraph 52(1) of Schedule B1 of the Insolvency Act 1986, the Joint Administrators dispensed with the requirement to summon an initial meeting of creditors under Paragraph 51 of Schedule B1 as the Company has insufficient property to enable a distribution to be made to unsecured creditors other than by virtue of section 176A(2)(a) of the Insolvency Act 1986, the prescribed part

The Joint Administrators are duty bound to summon an initial creditors' meeting if requested by creditors of the Company whose debts amount to at least 10% of the total debts of the Company in the prescribed manner and within the prescribed period under Paragraph 52(2) of Schedule B1 of the Insolvency Act 1986 Under Rule 2 37 of the Insolvency Rules 1986, this request must be made using Form 2 21B and be made within 12 days of the date on which these proposals are sent out

No meeting of creditors was requisitioned in accordance with the above Therefore the Administrators' proposals were deemed to have been approved by the creditors, pursuant to Rule 2 33(5) of the Insolvency Rules 1986

#### 4 Purpose and Progress of Administration

#### 4.1 Purpose of the administration

The Joint Administrators have performed their functions with the Paragraph 3(1)(b) objective of achieving a better result for the Company's creditors as a whole than would be likely if the Company were wound up (without first being in administration)

#### 42 Progress of the administration

#### 4.2.1 Trading

As detailed in our previous report to creditors, the Company continued to trade under the control of the Joint Administrators whilst sale options were explored with a view to maximising realisations to creditors of the Company Unfortunately a going concern sale of the business was not achieved and finally the sale of LIC Components' fixed assets took place on 14 January 2009 The Company finished trading shortly thereafter on 29 January 2010

The collection of trading debts is now virtually complete, with only a small balance of £11,321 93 in dispute. This is being handled by the third party solicitors Shakespeare Putsman LLP and we estimate it will be concluded within the next couple of months.

All the trading expenditure has now been settled with the exception of few utility bills and security services which are required in connection with the former trading premises

The Joint Administrators have sent the necessary documentation in order to informally surrender the interest on the former Company' trading premises. This surrender has yet to be agreed by the landlord and therefore it is likely to be disclaimed as soon as the Company is placed into Creditors' Voluntary Liquidation.

#### 4.2.2 Sale of business

As mentioned above and confirmed in our previous report to creditors, the sale of LIC Components' fixed assets, primarily plant & machinery, to a Group company, Currie and Warner Limited was achieved on 14 January 2009 for a cash consideration in the sum of £152,500 plus VAT, being the highest offer received for those assets. The Joint Administrators were advised to accept this offer by the independent valuers GVA Grimley LLP. Also, a license to occupy the Company trading premises was also granted to Currie and Warner for the period from 22 January 2010 to 31 March 2010, solely to allow for the orderly removal of the assets.

The consideration was allocated as follows

| Asset                   | Consideration |
|-------------------------|---------------|
|                         | £             |
| Plant & machinery       | 149,000       |
| Furniture and equipment | 1,100         |
| Motor Vehicles          | 2,400         |
| Total                   | 152,500       |

#### 4.2.3 Debtors

As previously reported to creditors, the sales ledger at appointment stood at approximately £315,058. The collection of the book debts has now been finalised and realisations achieved in this respect total £293,074. The remainder of the ledger has been written off due to the settlement of several credit and debit notes.

#### 4 2.4 Administrators' Time Costs

KPMG LLP time costs to 1 June 2010 are £326,304 50 representing 1,173 80 hours at an average rate of £277 99 per hour A detailed analysis of this is attached at appendix 2 Key areas where costs have been incurred are as follows

- Negotiating with interested parties in respect of the sale of business,
- Taking control of the Company and assets during the administration and trading the business for a period of 2 months,
- Monitoring and progressing debtor collections,
- · Dealing with creditor queries, and
- Attending to all statutory duties that are associated with this type of insolvency

To date, no fees have been drawn, although it is anticipated that our fees for this assignment will be restricted to a total of £150,000 as per the agreement with the charge holder. The fees will be drawn shortly as soon as authorisation is received from the secured and preferential creditors.

#### 5 Funds available to creditors

#### 5 1 Secured creditors

As explained in our previous report, Glenson (Holdings) Limited holds a fixed and floating charge debenture over the Company's assets created on 9 May 1997

As at the date of our appointment the indebtedness of the Company under this debenture was approximately £375,000

It is expected that Glenson will be repaid in full from fixed and floating charge realisations attributable to the sale of the Company's assets and the collection of book debts. This settlement will be carried out as soon as the Joint Administrators receive confirmation of debt from the charge holder.

#### 5.2 Preferential creditors

The preferential claims are made up of holiday pay, accrued wages and salaries and subrogated claims. We estimate these claims to be approximately £49,000

There is an employee's outstanding claim being dealt with by the Employment Tribunal The Joint Administrators hope the preferential claims will be repaid in full from floating charge realisations as soon as this outstanding claim is concluded

#### 53 Unsecured creditors

As the Joint Administrators have achieved significantly higher than forecast realisations, it is now anticipated that there will be funds available to enable a distribution to unsecured creditors, although the timing and quantum is not yet known. The amount is largely dependent on the final level of creditor claims received and agreed as well as the outcome of the trading debt collection.

#### 5.4 Prescribed Part estimate

In accordance with Section 176A(2) of the Insolvency Act 1986, as added by the Enterprise Act 2002, the Joint Administrators are required to set aside a prescribed part of the Company's net property for the benefit of unsecured creditors that would otherwise be available to the secured floating charge holder, unless the charge in respect of which the security arises pre-dates 15 September 2003 However, as the fixed and floating charge was created in 1997, the prescribed part does not apply

#### 6 Other matters

EC regulations will apply and these proceedings will be the main proceedings as defined in Article 3 of the EC Regulations The centre of main interest of the Company is in England within the EC

#### 7 Future Strategy

The Joint Administrators propose to progress the outstanding issues mentioned above and to flip the Company into Creditors Voluntary Liquidation within the next month in order to disclaim the interest on the trading premises lease and avoid incurring further related costs. Also, the Joint Administrators propose to distribute any available funds to unsecured creditors once the Company is placed into Creditors' Voluntary Liquidation.

Should you require any further information please contact Margarita Larraga on 0121 335

And McGill

Joint Administrator

2515

The affairs, business and property of the company are being managed by the joint administrators

Andy McGill is authorised to act as an insolvency practitioners by the Institute of Chartered Accountants of England & Wales

Mark Orton is authorised to act as an insolvency practitioner by the Insolvency Practitioners Association
