Accounting reference date change

The Group changed its accounting reference date from 31 December to 30 June on 18 November 2014 to align the external reporting period with the seasonality of the US cough cold market which will become a major component of the Group's future commercial business. The Company changed its accounting reference date from 31 December to 30 June on 18 November 2014 to align with the Group. Loans and receivables

Loans and receivables are non-derivative financial assets or liabilities with fixed or determinable payments that are not quoted in an active market. Assets in this category are recognised at amortised cost and included in trade and other receivables, and loans in the balance sheet.

Trade receivables are recognised initially at fair value and subsequently measured at amortised cost using the effective interest method, less provision for impairment. A provision for impairment of trade receivables is established when there is objective evidence that the Company will not be able to collect all amounts due according to the original terms of the receivables.

Investments

Investments represent investments in the share capital of subsidiary undertakings and loans to subsidiary undertakings and are carried at cost less any impairment provision.

Group accounts

The Company is a wholly owned subsidiary of Vernalis plc and as such has taken advantage of the exemption available under IAS 27 paragraph 10 and section 400 of the Companies Act 2006 from preparing Group accounts.
