NOTES TO THE FINANCIAL STATEMENTS - 30 APRIL 2015

1. Principal accounting policies

The financial statements have been prepared under the historical cost convention and in accordance with the Financial Reporting Standard for Smaller Entities (effective April 2008).

(a) Tangible fixed assets

Tangible fixed assets are stated at their purchase price together with any incidental acquisition costs.

Provision for depreciation is made so as to write off the cost, less estimated residual value, of tangible fixed assets on a reducing balance basis over their estimated useful economic life at the following annual rates:

Plant and machinery	25%
Office equipment	15%

(c) Stocks

Stocks are stated at the lower of cost and net realisable value, after making due allowance for obsolete and slow moving items. Cost includes all direct expenditure and an appropriate proportion of fixed and variable overheads.

(b) Deferred tax

Deferred tax arises as a result of including items of income and expenditure in taxation computations in periods different from those in which they are included in the company's accounts. Deferred tax is provided in full on timing differences which result in an obligation to pay more (or less) tax at a future date, at the average tax rates that are expected to apply when the timing differences reverse, based on current tax rates and laws.

Deferred tax is not provided on timing differences arising from the revaluation of fixed assets where there is no commitment to sell the asset.

Deferred tax assets and liabilities are not discounted.

2. Turnover

Turnover represents sales at invoiced value exclusive of Value Added Tax, and arose wholly from the company's principal activity in the United Kingdom.
