**REPORT OF THE TRUSTEES**

---

The trustees, who act as directors for the purposes of company law, present their report for the year ended 31 March 2010

**Objects**

The Norfolk Shrievalty Trust was incorporated on 9 June 1997 as a company limited by guarantee governed by its Memorandum and Articles of Association and operates under the heading Norfolk PACT. It is a registered charity (number 1062899) and acts as a catalyst in forming partnerships between industry, commerce, the public sector and the people of Norfolk. The objects of the charitable company are to advance the education of the public and promote awareness and greater understanding of crime, its social implications and harmful effects on the community in and around Norfolk, to enhance the protection of people and property from criminal activity (including drug abuse) and to encourage greater public participation in the prevention and detection of crime for the benefit of the Norfolk public generally.

**Governance**

The trustees are selected to provide a range of business skills and understanding of the areas of activity undertaken by the charitable company. The trustees meet regularly throughout the year and, in addition to formal business, receive briefings from appropriate experts on key issues facing the charitable company including regulatory changes and requirements.

The trustees who served during the year were as follows:

### **Activities review**

During the year Norfolk PACT has been involved in the following activities

#### **Safe and Secure Scheme**

This scheme provides a free security upgrade and repair service to people who are identified as being vulnerable or who have been burgled. During the year we have upgraded the security in many homes fitting thousands of pounds worth of security hardware. Many of these properties were occupied by elderly residents who had been victims of burglary, domestic violence, harassment by neighbours or from a racially motivated attack.

Grants have continued to be received from Councils throughout Norfolk, and the trust was also supported by Peddars Way and Victory Housing Association.

The Safe and Secure scheme is not just about fitting security hardware to properties, it is about education and ensuring that door chains, locks and other equipment are used in the correct manner. Many burglaries are committed by opportunists who take advantage of open windows or unlocked doors. Additionally, the Safe and Secure scheme has enabled many elderly residents to be and feel safer in their own homes by the fitting of key safes, allowing for carers to access these properties without any increases in security risk that all too often occur when people leave their doors unlocked or their keys in an agreed but unsafe place. Our carpenter takes great care to reassure elderly and vulnerable residents that Norfolk is one of the safest places in the country in which to live but that care needs to be taken to ensure that it remains so, as we all have a part to play in keeping Norfolk safe.

During this financial year the PACT carpenter visited 806 properties and fitted 465 keysafes, 265 window locks, 180 door chains, 16 lockable door chains, 47 Five Lever locks, 18 Five Lever dead locks, 23 Yale locks, 40 Euro Cylinders, 22 security bolts, 9 Eye Viewers, 20 Kick Panels, 3 Patio Bolts and 29 Mirrors. Sixteen of these properties were referrals under the Sanctuary scheme.

Norfolk PACT has continued to work with Norfolk Fire Service to ensure that the safety of recipients of the Safe and Secure Scheme is enhanced by fitting smoke alarms. These are supplied by the Fire Service and fitted free by Norfolk PACT. During this financial year 108 smoke alarms were fitted under this scheme.

#### **WHAM Project**

This project was suspended following the 2008 finals due to a hiatus in funding, and a review into its future viability was conducted, with a view to a possible relaunch with a revised format in future years.

#### **No Crime – Get A Life**

This programme, designed to increase young people's understanding of the Criminal Justice System and to alert them to the consequences of crime, has continued to be a huge success, reaching approximately 2,700 school pupils during its second year (September 2008 to July 2009), and is on target to reach as many in its third year. Evaluations of the workshop days delivered at 18 schools across Norfolk have been extremely positive, and an impact assessment is underway to assess the longer term benefits of the project.

The project is delivered in partnership with the Police, the Crown Prosecution Service, the Magistracy, HMP Norwich, Norfolk Fire and Rescue Service, Connexions, the Norfolk Youth Offending Team, the Matthew Project and Victim Support and is supported by the Norfolk Criminal Justice Board.

The project has received generous financial support from the Geoffrey Watling trust and by the County Strategic Group for Crime Reduction, as well as by a few smaller donations.

**Statement of trustees' responsibilities**

The trustees (who are also directors of The Norfolk Shrievally Trust for the purposes of company law) are responsible for preparing the report of the trustees and the financial statements in accordance with applicable law and regulations

Company law requires the trustees to prepare financial statements for each financial year. Under that law, the trustees have elected to prepare financial statements in accordance with United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice). The financial statements are required by law to give a true and fair view of the state of affairs of the charitable company and of the incoming resources and application of resources, including the income and expenditure, of the charitable company for that period. In preparing these financial statements, the trustees are required to

- select suitable accounting policies and then apply them consistently,
- observe the methods and principles in the Charities SORP
- make judgments and estimates that are reasonable and prudent,
- state whether applicable accounting standards have been followed, subject to any material departures disclosed and explained in the financial statements,
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the charitable company will continue in business

The trustees are responsible for keeping adequate accounting records that disclose with reasonable accuracy at any time the financial position of the charitable company and enable them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the charitable company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

In so far as each of the trustees is aware

- there is no relevant audit information of which the charitable company's auditor is unaware, and
- the trustees have taken all steps that they ought to have taken to make themselves aware of any relevant audit information and to establish that the auditor is aware of that information

**Financial review**

The Statement of Financial Activities is presented on page 9

The main activities of the charitable company have been adequately supported and funds exist for the coming year

A subsidiary company, Norfolk PACT (Trading) Limited was formed on 8 March 2006 but did not trade during the current year. It commenced trading with effect from 1 April 2010.

**Investment policy**

The trustees aim to maintain sufficient unrestricted reserves to fund the budgeted costs of the charitable company. The trustees are satisfied that resources are sufficient to meet liabilities on a fund by fund basis.

**Restricted reserves**

As outlined in note 8, the charitable company has the following restricted reserves, Norfolk Safe & Secure, Millennium Motor Cycle Project, No Crime - Get a Life and Domestic Violence. The charitable company received restricted fund income for Norfolk Safe & Secure, No Crime - Get a Life and Domestic Violence. Income is received in the form of donations, grants or services in kind for the specified project and is accounted for as such.

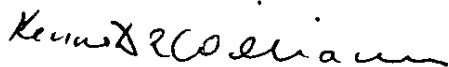

**Risk management**

The trustees have assessed the major risks to which the charitable company is exposed, in particular those related to the operations and finances of the charitable company, and are satisfied that proper systems are being established to mitigate exposure to those risks.

**Future development and strategy**

With the support of our members we intend to continue looking for new projects as well continuing our successful projects.
