#### 1. ACCOUNTING POLICIES

#### a) Basis of Accounting

The financial statements have been prepared under the historical cost convention and in accordance with the Financial Reporting Standard for Smaller Entities (effective January 2005).

#### b) Taxation and Deferred Taxation

Corporation tax is provided on taxable profits at the current rate.

Deferred taxation arises as a result of including items of income and expenditure in taxation computations in periods different from those in which they are included in the company's accounts. Monetary assets and liabilities denominated in foreign currencies are translated into Pounds Sterling at the rate of exchange ruling at the balance sheet date. Income received and expenditure incurred in foreign currencies is translated into Pounds Sterling at the rate of exchange ruling on the date the transaction took place.

Any gain or loss arising from a change in exchange rates subsequent to the date of the transaction is included as an exchange gain or loss in the profit and loss account.
