CAPITA SPECIALIST INSURANCE SOLUTIONS LIMITED

DIRECTORS' REPORT

FOR THE YEAR ENDED 31 DECEMBER 2010

The directors present their report and financial statements for the year ended 31 December 2010

Principal activities and review of the business

The company is a wholly owned subsidiary (indirectly held) of The Capita Group Plc and operates within the group's Insurance & Investor Services division

The principal activity of the company continued to be that of registered insurance brokers including the sale and development of general insurance products to the professional insurance intermediary market. There have not been any significant changes in the company's principal activities in the year under review. The directors are not aware, at the date of this report, of any likely major changes in the company's activities in the next year.

As shown in the company's profit and loss account on page 5, the company's turnover has decreased from £5,091,292 to £4,647,983 over the prior year while the operating profit has decreased from £1,967,149 to £1,370,026 over the same period.

The balance sheet on page 6 of the financial statements shows the company's financial position at the year end. Net assets have decreased from £5,366,320 to £5,350,448. Details of amounts owed by/to its parent company and fellow subsidiary undertakings are shown in notes 10 and 11 to the financial statements.

Key performance indicators used by The Capita Group Plc are operating margins, free cash flow, capital expenditure and return on capital employed. The Capita Group Plc and its subsidiaries manage its operations on a divisional basis and as a consequence, some of these indicators are monitored only at a divisional level. The performance of the Insurance & Specialist Services division of The Capita Group Plc is discussed in the group's annual report which does not form part of this report.

Systems and procedures are in place to identify, assess and mitigate major business risks that could impact the company. Monitoring exposure to risk and uncertainty is an integral part of the company's structured management processes. The principal risks that the company faces are operational risk, contract pricing, competition, regulatory and legislative impacts, recruitment and retention of staff and maintenance of reputation and strong supplier and customer relationships.

Group risks are discussed in the group's annual report which does not form part of this report.

Results and dividends

The results for the year are set out on page 5.

There was no interim ordinary dividend paid during the year (2009: £Nil). A final ordinary dividend of £1,000,000 was paid during the year (2009: £Nil).

Environment

The Capita Group Plc recognises the importance of its environmental responsibilities, monitors its impact on the environment, and designs and implements policies to reduce any damage that might be caused by the group's activities. The company operates in accordance with group policies, which are described in the group's annual report which does not form part of this report. Initiatives designed to minimise the company's impact on the environment include safe disposal of waste, recycling and reducing energy consumption.

Employees

Details of the number of employees and related costs can be found in note 18 to the financial statements.

Auditors

Ernst & Young LLP resigned as auditors during the year and KPMG Audit Plc were appointed in their place. Pursuant to Section 487 of the Companies Act 2006, the auditors will be deemed to be reappointed and KPMG Audit Plc will therefore continue in office.

Statement of directors' responsibilities

The directors are responsible for preparing the Directors' Report and the financial statements in accordance with applicable law and regulations.

Company law requires the directors to prepare financial statements for each financial year. Under that law they have elected to prepare the financial statements in accordance with UK Accounting Standards and applicable law (UK Generally Accepted Accounting Practice).

Under company law the directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the company and of the profit or loss of the company for that period. In preparing these financial statements, the directors are required to

- select suitable accounting policies and then apply them consistently,
- make judgements and estimates that are reasonable and prudent
- state whether applicable UK Accounting Standards have been followed, subject to any material departures disclosed and explained in the financial statements, and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the company will continue in business.

The directors are responsible for keeping proper accounting records that are sufficient to show and explain the company's transactions and disclose with reasonable accuracy at any time the financial position of the company and enable them to ensure that the financial statements comply with the Companies Act 2006. They have general responsibility for taking such steps as are reasonably open to them to safeguard the assets of the company and to prevent and detect fraud and other irregularities.

CAPITA SPECIALIST INSURANCE SOLUTIONS LIMITED

DIRECTORS' REPORT (CONTINUED)

FOR THE YEAR ENDED 31 DECEMBER 2010

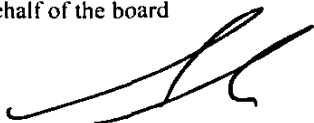

Statement of disclosure to auditors

So far as each person who was a director at the date of approving this report is aware, there is no relevant audit information, being information needed by the auditor in connection with preparing its report of which the company's auditor is unaware. Having made enquiries of the company's auditor, the directors have taken all the steps that he might reasonably be expected to take as a director in order to make themselves aware of any relevant audit information and to establish that the company's auditor is aware of that information.

Qualifying 3rd party indemnity provisions

The Capita Group Plc has granted an indemnity to the directors of the company against liability in respect of proceedings brought by third parties, subject to the conditions set out in the Companies Act 2006. Such qualifying third party indemnity provision remains in force as at the date of approving the directors' report.

INDEPENDENT AUDITORS' REPORT

TO THE MEMBERS OF CAPITA SPECIALIST INSURANCE SOLUTIONS LIMITED

We have audited the financial statements of Capita Specialist Insurance Solutions Limited for the year ended 31 December 2010 set out on pages 5 to 19. The financial reporting framework that has been applied in their preparation is applicable law and UK Accounting Standards (UK Generally Accepted Accounting Practice).

This report is made solely to the company's members, as a body, in accordance with Chapter 3 of Part 16 of the Companies Act 2006. Our audit work has been undertaken so that we might state to the company's members those matters we are required to state to them in an auditors' report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the company and the company's members, as a body, for our audit work, for this report, or for the opinions we have formed.

Respective responsibilities of directors and auditors

As explained more fully in the Directors' Responsibilities Statement, the directors are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view. Our responsibility is to audit, and express an opinion on, the financial statements in accordance with applicable law and International Standards on Auditing (UK and Ireland). Those standards require us to comply with the Auditing Practices Board's (APB's) Ethical Standards for Auditors.

Scope of the audit of the financial statements

A description of the scope of an audit of financial statements is provided on the APB's website at www.frc.org.uk/apb/scope/private.cfm.

Opinion on financial statements

In our opinion the financial statements

- give a true and fair view of the state of the company's affairs as at 31 December 2010 and of its profit for the year then ended,
- have been properly prepared in accordance with UK Generally Accepted Accounting Practice, and
- have been prepared in accordance with the requirements of the Companies Act 2006.

Opinion on other matter prescribed by the Companies Act 2006

In our opinion the information given in the Directors' Report for the financial year for which the financial statements are prepared is consistent with the financial statements.

Matters on which we are required to report by exception

We have nothing to report in respect of the following matters where the Companies Act 2006 requires us to report to you if, in our opinion:

- adequate accounting records have not been kept, or returns adequate for our audit have not been received from branches not visited by us; or
- the financial statements are not in agreement with the accounting records and returns; or
- certain disclosures of directors' remuneration specified by law are not made; or
- we have not received all the information and explanations we require for our audit.

CAPITA SPECIALIST INSURANCE SOLUTIONS LIMITED

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2010

1 Accounting policies

1.1 Accounting convention

The financial statements are prepared under the historical cost convention

The company has sufficient financial resources together with long standing relationships with clients and suppliers. As a consequence, the directors believe that the company is well placed to manage its business risks successfully. After making enquiries, the directors have a reasonable expectation that the company has adequate resources to continue in operational existence for the foreseeable future. Accordingly, they continue to adopt the going concern basis in preparing the annual report and accounts.

The company has not produced a cashflow statement on the basis that the ultimate parent undertaking, The Capita Group Plc, has prepared a group cashflow statement in accordance with FRS1 (revised).

1.2 Changes in accounting policies

The company has adopted the following new Financial Reporting Standards issued by the UK Accounting Standards Board (ASB):

Amendments to FRS 20 Share based payment - Group Cash-settled Share based Payment Transactions - The amendments expand the definition of a share based payment and are effective for annual periods beginning on or after 1 January 2010. FRS 20 (IFRS 2) has been amended to clarify the accounting for group cash-settled share based payment transactions where a subsidiary receives goods or services from employees or suppliers but the parent or another entity in the group pays for those goods or services. The amendments clarify that the scope of FRS 20 includes such transactions. The adoption of this amendment has had no impact on the financial statements of the company.

Improvements to Financial Reporting Standards (2009) - In April 2009 the International Accounting Standards Board issued its second omnibus of amendments to its standards primarily with a view to removing inconsistencies and clarifying wording. These amendments were adopted by the ASB and issued in December 2009. The adoption of these amendments, which are effective from 1 January 2010, did not have any impact on the financial position or performance of the company.

1.3 Compliance with accounting standards

The financial statements are prepared in accordance with applicable United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice) which have been applied consistently (except as otherwise stated).

1.4 Turnover

Turnover, which excludes value added tax, comprises brokerage commission and fees earned from the sale of insurance solutions and other risk management services to the education sector and other commercial organisations. Income is recognised once all obligations to the policyholder have been discharged.

CAPITA SPECIALIST INSURANCE SOLUTIONS LIMITED

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED) FOR THE YEAR ENDED 31 DECEMBER 2010

1 Accounting policies

(continued)

1.5 Intangible assets

Intangible assets acquired separately are capitalised at cost and those identified in a business acquisition are capitalised at fair value as at the date of acquisition. Following initial recognition, the carrying amount of an intangible asset is its cost less any accumulated amortisation and any accumulated impairment losses. The useful lives of intangible assets are assessed to be either finite or indefinite. There were no indefinite-lived assets in 2008 or 2009. Amortisation is charged on assets with finite lives, this expense is taken to the income statement through the administrative expenses line item.

Intangible assets with finite lives are tested for impairment, either individually or at the cash-generating unit level, where there is an indicator of impairment.

Gains or losses arising from de-recognition of an intangible asset are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognised in the income statement when the asset is derecognised.

Customer lists and relationships are amortised over their useful economic life of 5 years.

1.6 Tangible fixed assets and depreciation

Tangible fixed assets are stated at cost less depreciation. Depreciation is provided at rates calculated to write off the cost less estimated residual value of each asset over its expected useful life, as follows:

Land and buildings Leasehold	over the life of the lease
Plant and machinery	3-5 years
Fixtures, fittings & equipment	4-5 years

1.7 Investments

Fixed asset investments are stated at cost less provision for impairment.

1.8 Pensions

The company operates defined contribution pension schemes and contributions are charged to the profit and loss account in the year in which they are due. These pension schemes are funded and the payment of contributions are made to separately administered trust funds. The assets of the pension schemes are held separately from the company.

The company remits monthly pension contributions to Capita Business Services Limited, a fellow subsidiary undertaking of The Capita Group Plc, which pays the group liability centrally. Any unpaid pension contributions at the year end have been accrued in the accounts of that company.

(continued)

1.9 Deferred taxation

Deferred taxation is recognised in respect of all timing differences that have originated but not reversed at the balance sheet date where transactions or events have occurred at that date that will result in an obligation to pay more, or a right to pay less or to receive more, taxation, with the following exceptions

- Provision is made for taxation on gains arising from the revaluation (and similar fair value adjustments) of fixed assets and gains on disposal of fixed assets that have been rolled over into replacement assets, only to the extent that at the balance sheet date, there is a binding agreement to dispose of the assets concerned. However, no provision is made where, on the basis of all available evidence at the balance sheet date, it is more or less likely than not that the taxable gain will be rolled over into replacement assets and charged to taxation only where the replacement assets are sold,

- Deferred taxation assets are recognised only to the extent that the directors consider that it is more likely than not that there will be suitable taxable profits from which the future reversal of the underlying timing differences can be deducted

Deferred taxation is measured on an undiscounted basis at the taxation rates that are expected to apply in the periods in which timing differences reverse based on taxation rates and laws enacted or substantively enacted at the balance sheet date

1.10 Marketing Funds

Under the agreement between the company and the insurers with whom it places business, a percentage of the insurance premiums is retained by the company for the sole purpose of marketing supply teacher insurance. These amounts are designated as the marketing fund, and included within turnover

Any balance outstanding on the marketing fund at the end of the period of the agreement is to be either repaid to the insurers or carried forward to subsequent years for the sole purpose of marketing and is included in accruals and deferred income

1.11 Insurance broking assets and liabilities

The company acts as an agent in broking the insurable risks of its clients. Generally it is not liable as a principal for either premiums due to underwriters or return premiums payable to clients. Since in practice, premiums are usually accounted for by insurance intermediaries, the company has, notwithstanding its legal relationship with clients and underwriters, followed generally accepted accounting practice by showing cash debtors and creditors to insurance broking business as assets and liabilities of the company itself

As required within FRS5 balances arising from insurance broking transactions are reported as separate assets and liabilities unless such balances are due to or from the same party and the offset would survive the insolvency of that party, in which case they are aggregated into a single net balance

1.12 Related party transactions

The company has taken advantage of the exemption under FRS 8 Related Party Disclosures not to disclose transactions entered into between two or more members of The Capita Group Plc provided that any subsidiary undertaking which is a party to the transaction is wholly owned by a member of that group

1.13 Share based payments

The company participates in various share option and sharesave schemes operated by The Capita Group Plc, the ultimate parent undertaking. Details of these schemes are contained in the group's annual report.

The cost of equity-settled transactions with employees is measured by reference to the fair value at the date at which they are granted and is recognised as an expense over the vesting period, which ends on the date on which the relevant employees become fully entitled to the award. Fair value is determined using an option pricing model. In valuing equity-settled transactions, no account is taken of any vesting conditions, other than conditions linked to the price of the shares of the company (market conditions).

No expense is recognised for awards that do not ultimately vest, except for awards where vesting is conditional upon a market condition, which are treated as vesting irrespective of whether or not the market condition is satisfied, provided that all other performance conditions are satisfied.

At each balance sheet date before vesting, the cumulative expense is calculated, representing the extent to which the vesting period has expired and management's best estimate of the achievement or otherwise of non-market conditions, the number of equity instruments that will ultimately vest or in the case of an instrument subject to a market condition, be treated as vesting as described above. The movement in cumulative expense, attributable to the company, since the previous balance sheet date is recognised in the profit and loss account and settled with The Capita Group Plc, the ultimate parent undertaking.

In accordance with FRS 20, share option awards of the ultimate parent company's equity instruments in respect of settling grants to employees of the company are disclosed as a charge to the profit and loss account and a credit to equity. The company's policy is to reimburse its ultimate parent company through the inter company account for charges that are made to it. Hence the credit to equity has been eliminated, rather reflecting a credit to intercompany which better describes the underlying nature of the transaction.

2 Turnover

The total turnover of the company for the year has been derived from its principal activity wholly undertaken in the United Kingdom.

3 Operating profit

	2010	2009

Audit fees are borne by the ultimate parent undertaking. The Capita Group Plc. The audit fee for the current period was £1,000 (2009 £2,000). The company has taken advantage of the exemption provided by regulation 6(2)(b) of The Companies (Disclosure of Auditor Remuneration and Liability Limitation Agreements) Regulations 2008 not to provide information in respect of fees for other (non-audit) services as this information is required to be given in the group accounts of the ultimate parent undertaking which it is required to prepare in accordance with the Companies Act 2006.

The UK corporation tax rate decreased from 28% to 26% from 1 April 2011. The deferred tax balance has been adjusted in the current year to reflect the reduction to 27% (as this change was enacted at the balance sheet date) resulting in a charge to the profit and loss account of £162 included in the current year deferred tax charge. Proposed changes to tax laws and rates that will have an effect on the deferred tax assets and liabilities of the Company have also been announced but not substantively enacted at the balance sheet date. The impact of these changes on the Company is not considered to be material.
