STRATEGIC REPORT

FOR THE YEAR ENDED 31 DECEMBER 2013

The directors present the strategic report and financial statements for the year ended 31 December 2013.

Review of the business

The company is a wholly owned subsidiary (indirectly held) of Capita plc and operates within the group's Insurance and Benefit Services division.

The principal activity of the company continued to be that of registered insurance brokers including the sale and development of general insurance products to the professional insurance intermediary market. There have not been any significant changes in the company's principal activities in the year under review. The directors are not aware, at the date of this report, of any likely major changes in the company's activities in the next year.

As shown in the company's profit and loss account on page 5, the company's turnover has increased from £4,797,735 to £4,950,271 over the prior year while the operating profit has decreased from £963,628 to £911,065 over the same period.

The balance sheet on page 6 of the financial statements shows the company's financial position at the year end. Net assets have increased from £6,770,166 to £7,464,287. Details of amounts owed by/to its parent company and fellow subsidiary undertakings are shown in notes 8 and 9 to the financial statements.

Key performance indicators used by Capita plc are operating margins, free cash flow, capital expenditure and return on capital employed. Capita plc and its subsidiaries manages its operations on a divisional basis and as a consequence, some of these indicators are monitored only at a divisional level. The performance of the Insurance and Benefit Services division of Capita plc is discussed in the group's annual report which does not form part of this report.

Systems and procedures are in place to identify, assess and mitigate major business risks that could impact the company. Monitoring exposure to risk and uncertainty is an integral part of the company's structured management processes. The principal risks that the company faces are operational risk, contract pricing, competition, regulatory and legislative impacts, recruitment and retention of staff and maintenance of reputation and strong supplier and customer relationships.

Group risks are discussed in the group's annual report which does not form part of this report.

DIRECTORS' REPORT (CONTINUED)

FOR THE YEAR ENDED 31 DECEMBER 2013

Statement of directors' responsibilities

The directors are responsible for preparing the Strategic Report, Directors' Report and the financial statements in accordance with applicable law and regulations.

Company law requires the directors to prepare financial statements for each financial year. Under that law the directors have elected to prepare the financial statements in accordance with UK Accounting Standards and applicable law (UK Generally Accepted Accounting Practice).

Under company law the directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the company and of the profit or loss of the company for that period. In preparing these financial statements, the directors are required to:

- select suitable accounting policies and then apply them consistently;
- make judgements and accounting estimates that are reasonable and prudent;
- state whether applicable UK Accounting Standards have been followed, subject to any material departures disclosed and explained in the financial statements;
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the company will continue in business.

The directors are responsible for keeping adequate accounting records that are sufficient to show and explain the company's transactions and disclose with reasonable accuracy at any time the financial position of the company and enable them to ensure that the financial statements comply with the Companies Act 2006. They have general responsibility for taking such steps as are reasonably open to them to safeguard the assets of the company and to prevent and detect fraud and other irregularities.

Statement of disclosure to auditors

So far as each person who was a director at the date of approving this report is aware, there is no relevant audit information, being information needed by the auditor in connection with preparing its report, of which the company's auditor is unaware. Having made enquiries of fellow directors and the company's auditor, each director has taken all the steps that he/she might reasonably be expected to take as a director in order to make himself/herself aware of any relevant audit information and to establish that the company's auditor is aware of that information.

Qualifying 3rd party indemnity provisions

The company has granted an indemnity to the directors of the company against liability in respect of proceedings brought by third parties, subject to the conditions set out in the Companies Act 2006. Such qualifying third party indemnity provision remains in force as at the date of approving the directors' report.

INDEPENDENT AUDITOR'S REPORT

TO THE MEMBERS OF CAPITA SPECIALIST INSURANCE SOLUTIONS LIMITED

We have audited the financial statements of Capita Specialist Insurance Solutions Limited for the year ended 31 December 2013 set out on pages 5 to 18.

The financial reporting framework that has been applied in their preparation is applicable law and UK Accounting Standards (UK Generally Accepted Accounting Practice). This report is made solely to the company's members, as a body, in accordance with Chapter 3 of Part 16 of the Companies Act 2006. Our audit work has been undertaken so that we might state to the company's members those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the company and the company's members, as a body, for our audit work, for this report, or for the opinions we have formed

Respective responsibilities of directors and auditor

As explained more fully in the Directors' Responsibilities Statement, the directors are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view. Our responsibility is to audit, and express an opinion on, the financial statements in accordance with applicable law and International Standards on Auditing (UK and Ireland). Those standards require us to comply with the Auditing Practices Board's Ethical Standards for Auditors.

Scope of the audit of the financial statements

A description of the scope of an audit of financial statements is provided on the Financial Reporting Council's website at www.frc.org.uk/auditscopeukprivate.

Opinion on financial statements

In our opinion the financial statements:

- give a true and fair view of the state of the company's affairs as at 31 December 2013 and of its profit for the year then ended;
- have been properly prepared in accordance with UK Generally Accepted Accounting Practice; and
- have been prepared in accordance with the requirements of the Companies Act 2006.

Opinion on other matter prescribed by the Companies Act 2006

In our opinion the information given in the Strategic Report and the Directors' Report for the financial year for which the financial statements are prepared is consistent with the financial statements.

Matters on which we are required to report by exception

We have nothing to report in respect of the following matters where the Companies Act 2006 requires us to report to you if, in our opinion:

- adequate accounting records have not been kept, or returns adequate for our audit have not been received from branches not visited by us; or
- the financial statements are not in agreement with the accounting records and returns; or
- certain disclosures of directors' remuneration specified by law are not made; or
- we have not received all the information and explanations we require for our audit.

The financial statements are prepared under the historical cost convention.

The company has sufficient financial resources together with long standing relationships with clients and suppliers. As a consequence, the directors believe that the company is well placed to manage its business risks successfully. After making enquiries, the directors have a reasonable expectation that the company has adequate resources to continue in operational existence for the foreseeable future. Accordingly, they continue to adopt the going concern basis in preparing the annual report and accounts.

The company has not produced a cashflow statement on the basis that the ultimate parent undertaking, Capita plc, has prepared a group cashflow statement in accordance with FRS1 (revised).

1.2 Compliance with accounting standards

The financial statements are prepared in accordance with applicable United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice), which have been applied consistently (except as otherwise stated).

1.3 Turnover

Turnover, which excludes value added tax, comprises brokerage commission and fees earned from the sale of insurance solutions and other risk management services to the education sector and other commercial organisations. Income is recognised once all obligations to the policyholder have been discharged.

1.4 Intangible assets

Intangible assets acquired separately are capitalised at cost and those identified in a business acquisition are capitalised at fair value as at the date of acquisition. Following initial recognition, the carrying amount of an intangible asset is its cost less any accumulated amortisation and any accumulated impairment losses. The useful lives of intangible assets are assessed to be either finite or indefinite. Amortisation is charged on assets with finite lives, this expense is taken to the income statement through the administrative expenses line item.

Intangible assets with finite lives are tested for impairment, either individually or at the cash-generating unit level, where is an indicator of impairment.

Gains or losses arising from de-recognition of an intangible asset are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognised in the income statement when the asset is de-recognised.

Customer lists and relationships are amortised over their useful economic lives of between 3 - 5 years.

1.5 Tangible fixed assets and depreciation

Tangible fixed assets are stated at cost less depreciation. Depreciation is provided at rates calculated to write off the cost less estimated residual value of each asset over its expected useful life, as follows:

4 - 5 years	Fixtures, fittings & equipment
3 - 5 years	Plant and equipment
over the life of the lease	Land and buildings Leaschold

niers Leasin

Rentals payable under operating leases are charged against income on a straight line basis over the lease term.

1.7 Investment

Fixed asset investments are stated at cost less provision for impairment.

1.8 Pensions

The company operates defined contribution pension schemes and contributions are charged to the profit and loss account in the year in which they are due. These pension schemes are funded and the payment of contributions are made to separately administered trust funds. The assets of the pension schemes are held separately from the company.

The company remits monthly pension contributions to Capita Business Services Limited, a fellow subsidiary undertaking of Capita plc, which pays the group liability centrally. Any unpaid pension contributions at the year end have been accrued in the accounts of that company.

1.9 Deferred taxation

Deferred taxation is recognised in respect of all timing differences that have originated but not reversed at the balance sheet date where transactions or events have occurred at that date that will result in an obligation to pay more, or a right to pay less or to receive more, taxation, with the following exceptions:

- Provision is made for taxation on gains arising from the revaluation (and similar fair value adjustments) of fixed assets and gains on disposal of fixed assets that have been rolled over into replacement assets, only to the extent that at the balance sheet date, there is a binding agreement to dispose of the assets concerned. However, no provision is made where, on the basis of all available evidence at the balance sheet date, it is more likely than not that the taxable gain will be rolled over into replacement assets and charged to taxation only where the replacement assets are sold;
- Provision is made for deferred taxation that would arise on remittance of the retained earnings of overseas subsidiaries only to the extent that, at the balance sheet date, dividends have been accrued as receivable;
- Deferred taxation assets are recognised only to the extent that the directors consider that it is more likely than not that there will be suitable taxable profits from which the future reversal of the underlying timing differences can be deducted.

Deferred taxation is measured on an undiscounted basis at the taxation rates that are expected to apply in the periods in which timing differences reverse, based on taxation rates and laws enacted or substantively enacted at the balance sheet date.

1.10 Share-based payments

The company participates in various share option and sharesave schemes operated by Capita plc, the ultimate parent undertaking. Details of these schemes are contained in the group's annual report.

The cost of equity-settled transactions with employees is measured by reference to the fair value at the date at which they are granted and is recognised as an expense over the vesting period, which ends on the date on which the relevant employees become fully entitled to the award. Fair value is determined using an option pricing model. In valuing equity-settled transactions, no account is taken of any vesting conditions, other than conditions linked to the price of the shares of the company (market conditions).

No expense is recognised for awards that do not ultimately vest, except for awards where vesting is conditional upon a market condition, which are treated as vesting irrespective of whether or not the market condition is satisfied, provided that all other performance conditions are satisfied.

At each balance sheet date before vesting, the cumulative expense is calculated, representing the extent to which the vesting period has expired and management's best estimate of the achievement or otherwise of non-market conditions, the number of equity instruments that will ultimately vest or in the case of an instrument subject to a market condition, be treated as vesting as described above. The movement in cumulative expense, attributable to the company, since the previous balance sheet date is recognised in the profit and loss account and settled with Capita plc, the ultimate parent undertaking.

In accordance with FRS 20, share option awards of the ultimate parent company's equity instruments in respect of settling grants to employees of the company are disclosed as a charge to the profit and loss account and a credit to equity. The company's policy is to reimburse its ultimate parent company through the inter company account for charges that are made to it. Hence the credit to equity has been eliminated, rather reflecting a credit to inter-company which better describes the underlying nature of the transaction.

1.11 Group accounts

The financial statements present information about the company as an individual undertaking and not about its group. The company has not prepared group accounts as it is exempt from the requirement to do so by section 400 of the Companies Act 2006 as it is a subsidiary undertaking of Capita plc, a company incorporated in England and Wales, and is included in the consolidated accounts of that company.

1.12 Marketing Funds

Under the agreement between the company and the insurers with whom it places business, a percentage of the insurance premiums is retained by the company for the sole purpose of marketing supply teacher insurance. These amounts are designated as the marketing fund, and included within turnover.

Any balance outstanding on the marketing fund at the end of the period of the agreement is to be either repaid to the insurers or carried forward to subsequent years for the sole purpose of marketing and is included in accruals and deferred income.

1.13 Insurance broking assets and liabilities

The company acts as an agent in broking the insurable risks of its clients. Generally it is not liable as a principal for either premiums due to underwriters or return premiums payable to clients. Since, in practice, premiums are usually accounted for by insurance intermediaries, the company has, notwithstanding its legal relationship with clients and underwriters, followed generally accepted accounting practice by showing cash, debtors and creditors to insurance broking business as assets and liabilities of the company itself.

As required within FRS5, balances arising from insurance broking transactions are reported as separate assets and liabilities unless such balances are due to or from the same party and the offset would survive the insolvency of that party, in which case they are aggregated into a single net balance.

1.14 Related party transactions

The company has taken advantage of the exemption under FRS 8: Related Party Disclosures not to disclose transactions entered into between two or more members of Capita plc, provided that any subsidiary undertaking which is a party to the transaction is wholly owned by a member of that group.

2 Turnover

The total turnover of the company for the year has been derived from its principal activity wholly undertaken in the United Kingdom.

Audit fees are borne by the ultimate parent undertaking, Capita plc. The audit fee for the current period was £1,000 (2012: £1,000). The company has taken advantage of the exemption provided by regulation 6(2)(b) of The Companies (Disclosure of Auditor Remuneration and Liability Limitation Agreements) Regulations 2008 not to provide information in respect of fees for other (non-audit) services as this information is required to be given in the group accounts of the ultimate parent undertaking, which it is required to prepare in accordance with the Companies Act 2006.
