Report of the independent auditors to the members of the company pursuant to Section 247B of the Companies Act 1985

We have audited the abbreviated financial statements set out on pages 3 to 6 together with the financial statements of Minihow Limited prepared under Section 226 of the Companies Act 1985 for the period ended 31 August 2007

This report is made solely to the company in accordance with Section 247B of the Companies Act, 1985. Our work has been undertaken so that we might state to the company those matters we are required to state to it in such a report and for no other purpose. To the fullest extent permitted by law we do not accept or assume responsibility to anyone other than the company, for our work for this report, or the opinions we have formed

Respective responsibilities of directors and auditors

The directors are responsible for preparing the abbreviated accounts in accordance with Section 246 of the Companies Act, 1985. It is our responsibility to form an independent opinion as to whether the company is entitled to deliver abbreviated accounts prepared in accordance with Section 246(5) and (6) of the Act to the Registrar of Companies and whether the abbreviated accounts have been properly prepared in accordance with that section and to report our opinion to you

Basis of opinion

We have carried out the procedures we consider necessary to confirm, by reference to the financial statements, that the company is entitled to deliver abbreviated accounts and that the abbreviated accounts to be delivered have been properly prepared. The scope of our work for the purpose of this report does not include examining or dealing with events after the date of our report on the full financial statements.

Opinion

In our opinion, the company is entitled to deliver abbreviated financial statements prepared in accordance with Section 246(5) and (6) of the Companies Act, 1985 and the abbreviated financial statements have been properly prepared in accordance with that section

Statement of accounting policies

for the 4 month period from 1 September 2006 to 31 December 2006

The following accounting policies have been applied consistently in dealing with items which are considered material in relation to the company's financial statements.

Basis of preparation

The financial statements are prepared in accordance with generally accepted accounting principles under the historical cost convention, as modified to include the revaluation of land and buildings, and comply with financial reporting standards of the Accounting Standards Board

The balance sheet of the company shows a deficit of current assets over current liabilities at the year end. The accounts have been prepared on a going concern basis as the directors have undertaken to provide ongoing financial support.

Turnover

Turnover represents rental income and excludes VAT Rental income is recognised on a straight line basis over the term of the respective leases

Investments

Investment properties

Investment properties are revalued annually and are not depreciated or amortised. Where the valuation indicates a permanent diminution in value of the property, the permanent diminution is charged to the profit and loss account. All other fluctuations in value are transferred to a revaluation reserve.

This treatment is a departure from the requirement of Company Law to provide depreciation on all fixed assets which have a limited economic life. However, these investment properties are not held for consumption but for investment and the directors consider that systematic annual depreciation would be inappropriate. The accounting policy adopted is therefore necessary for the financial statements to give a true and fair view. If depreciation were to be provided it would be provided at a rate of 2% per annum on the revalued amount.

Taxation

Current tax is provided at amounts expected to be paid or recovered using the tax rates and laws that have been enacted or substantially enacted by the balance sheet date

Deferred tax is recognised in respect of all timing differences that have originated but not reversed at the balance sheet date where transactions or events that result in an obligation to pay more tax in the future or a right to pay less tax in the future have occurred at the balance sheet date. Provision is made at the rates expected to apply when the timing differences reverse. Timing differences are differences between taxable profits and the results as stated in the financial statements that arise from the inclusion of gains and losses in tax assessments in periods different from those in which they are recognised in the financial statements.

Statement of accounting policies (continued) for the 4 month period from 1 September 2006 to 31 December 2006

Taxation (continued)

A net deferred tax asset is regarded as recoverable and therefore recognised only when, on the basis of all available evidence, it can be regarded as more likely than not that there will be suitable taxable profits from which the future reversal of the underlying timing differences can be deducted

Cash flow statement

The directors have availed of the exemption contained in Financial Reporting Standard 1 and, accordingly, no cash flow statement is presented

Balance sheet at 31 December 2006

	Notes	31 December 2006 Stg£	31 August 2006 Stg£
Fixed assets Investments		1,750,000	1,000,000
Current assets Debtors Cash at bank and in hand	2	93,512 69,283	96,757 62,604
		162,795	159,361
Creditors: amounts falling due within one year		(444,833)	(438,361)
Net current liabilities		(282,038)	(279,000)
