## Notes to the Financial Statements for the Year Ended 30 September 2005

#### 1 Accounting policies

#### Basis of preparation

The financial statements have been prepared under the historical cost convention, and in accordance with the Financial Reporting Standard for Smaller Entities (effective June 2002).

#### Cash flow statement

The accounts do not include a cash flow statement because the company, as a small reporting entity, is exempt from the requirements to prepare such a statement.

#### Going concern

These financial statements have been prepared on a going concern basis.

#### Tangible fixed assets and depreciation

No depreciation is provided on the villa which, while being constantly maintained, is expected to at least retain its initial value. This is a divergence from the FRSSE, the effect of which cannot be ascertained because the cost of the building has not been distinguished from that of the land.

#### **Deferred taxation**

Provision is made for deferred taxation using the liability method to take account of timing differences between the incidence of income and expenditure for taxation and accounting purposes except to the extent that the directors consider that a liability to taxation is unlikely to materialise.

#### 2 Turnover

The total turnover of the company for the year has been derived from its principal activity being the management contributions for the property collected from the shareholder directors.

#### 3 Directors' emoluments

No emoluments were paid to the directors during the year (2004 - £nil).
