Company law requires the directors to prepare financial statements for each financial year. Under that law the directors have elected to prepare the financial statements in accordance with United Kingdom Generally Accepted Accounting Practice (United Kingdom Accounting Standards and applicable law). The financial statements are required by law to give a true and fair view of the state of affairs of the company and of the profit or loss of the company for the year then ended. - select suitable accounting policies and then apply them consistently,

Accounting convention

The financial statements have been prepared under the historical cost convention and in accordance with applicable United Kingdom accounting standards.
