The directors consider that the company is entitled to exemption from the requirement to have an audit under the provisions of section 477 of the Companies Act 2006 ("the Act") and members have not required the company to obtain an audit for the year in question in accordance with section 476 of the Act

The directors acknowledge their responsibilities for ensuring that the company keeps accounting records which comply with section 386 of the Act and for preparing financial statements which give a true and fair view of the state of affairs of the company as at 31 October 2012 and of its loss for the year then ended in accordance with the requirements of sections 394 and 395 of the Act and which otherwise comply with the requirements of the Companies Act 2006 relating to the financial statements so far as applicable to the company

The financial statements have been prepared in accordance with the special provisions relating to companies subject to the small companies regime within Part 15 of the Companies Act 2006 and in accordance with the Financial Reporting Standard for Smaller Entities (effective April 2008)

The financial statements were approved and authorised for issue by the board and were signed on its behalf by

Mr A Mason
Director

The notes on pages 5 to 9 form part of these financial statements

Notes to the financial statements

For the year ended 31 October 2012

1. Accounting policies

1.1 Basis of preparation of financial statements

The financial statements have been prepared under the historical cost convention and in accordance with the Financial Reporting Standard for Smaller Entities (effective April 2008)

The accounting policies of the company are set out below and have remained unchanged from the previous year

1.2 Turnover

Turnover represents the rental income derived from the company's one continuing activity of property investment in the United Kingdom. Turnover is recognised in the period to which it relates

1.3 Investment property

The investment property is shown at its open market value. The surplus or deficit arising from the annual revaluation is transferred to the investment properties revaluation reserve unless a deficit, or its reversal, on an individual investment property is expected to be permanent, in which case it is recognised in the profit and loss account for the year

This is in accordance with the Financial Reporting Standard for Smaller Entities (effective April 2008) which, unlike the Companies Act 2006, does not require depreciation of investment properties. Investment properties are held for their investment potential and not for use by the company and so their current value is of prime importance. The departure from the provisions of the Act is required in order to give a true and fair view

1.4 Current tax

The current tax charge is based on the loss for the year and is measured at the amounts expected to be paid based on the tax rates and laws substantively enacted by the balance sheet date. Current and deferred tax is recognised in the profit and loss account for the year except to the extent that it is attributable to a gain or loss that is or has been recognised directly in the statement of total recognised gains and losses

1.5 Deferred taxation

Full provision is made for deferred tax assets and liabilities arising from all timing differences between the recognition of gains and losses in the financial statements and recognition in the tax computation

A net deferred tax asset is recognised only if it can be regarded as more likely than not there will be suitable taxable profits from which the future reversal of the underlying timing differences can be deducted

Deferred tax assets and liabilities are calculated at the tax rates expected to be effective at the time the timing differences are expected to reverse

Deferred tax assets and liabilities are not discounted

Notes to the financial statements

For the year ended 31 October 2012

1. Accounting policies (continued)

1.6 Financial instruments

Financial liabilities and equity instruments are classified according to the substance of the contractual arrangements entered into

A financial liability exists where there is a contractual obligation to deliver cash or another financial asset to another entity, or to exchange financial assets or financial liabilities under potentially unfavourable conditions. In addition, contracts which result in the entity delivering a variable number of its own equity instruments are financial liabilities. Shares containing such obligations are classified as financial liabilities.

Finance costs and gains or losses relating to financial liabilities are included in the profit and loss account. The carrying amount of the liability is increased by the finance cost and reduced by payments made in respect of that liability. Finance costs are calculated so as to produce a constant rate of charge on the outstanding liability.

An equity instrument is any contract that evidences a residual interest in the assets of the company after deducting all of its liabilities. Dividends and distributions relating to equity instruments are debited directly to reserves.

2. Operating (loss)/profit

During the year, no director received any emoluments (2011 - £NIL)

3. Exceptional items

	2012 £	2011 £
Increase in permanent diminution in value of investment property	-	(15,000)

4. Taxation

4. Taxation (continued)

Factors affecting tax charge for the year

The tax assessed for the year is higher than (2011 - higher than) the standard rate of corporation tax in the UK of 20% (2011 - 20.4%). The differences are explained below:

	2012 £	2011 £
Loss on ordinary activities before tax	(9,869)	(3,344)
Loss on ordinary activities multiplied by standard rate of corporation tax in the UK of 20% (2011 - 20.4%)	(1,974)	(682)
Effects of:		
Expenses not deductible for tax purposes	41	-
Loss on disposal of property	1,390	-
Unrelieved tax losses carried forward	543	-
Permanent diminution in value of investment property	-	3,061
Current tax charge for the year (see note above)	-	2,379

The company has trading losses and capital losses carried forward of £2,919 and £37,788 respectively. A deferred asset of £671 has not been provided for.

5. Investment property

	Freehold investment property £
Cost	
At 1 November 2011	180,000
Disposals	(180,000)
At 31 October 2012	-

If the freehold investment property had not been revalued, its historical cost at 31 October 2012 would be £Nil (2011: £200,000) less a provision for permanent diminution in value of £Nil (2011: £20,000).
