Director's report for the year ended 30 September 2014

The director presents his report and the financial statements for the year ended 30 September 2014.

Principal activities

The company owns a residential property and acted as a property investment company during the year. The director considers the financial position at 30 September 2014 to be satisfactory.

Principal risks and uncertainties

The key business risks and uncertainties affecting the company are considered to relate to the fact that the company operates within a highly competitive market place.

Results and dividends

The results for the financial year are set out in the profit and loss account on page 4. The director does not recommend the payment of a dividend (2013: £nil).

Director

The director of the company who served during the year and up to the date of signing the financial statements was as follows:

Mr R J Livingstone

Qualifying third party indemnity provisions

The company maintains liability insurance for its director and officer. Following shareholder approval, the company has also provided an indemnity for its director and the company secretary, which is a qualifying indemnity provision for the purposes of the Companies Act 2006.

Statement of director's responsibilities for the year ended 30 September 2014

The director is responsible for preparing the director's report and the financial statements in accordance with applicable law and regulations.

Company law requires the director to prepare financial statements for each financial year. Under that law the director has elected to prepare the financial statements in accordance with United Kingdom Generally Accepted Accounting Practice (United Kingdom Accounting Standards and applicable law). Under company law the director must not approve the financial statements unless he is satisfied that they give a true and fair view of the state of affairs of the company and of the profit or loss of the company for that period. In preparing these financial statements, the director is required to:

- select suitable accounting policies and then apply them consistently;
- make judgements and estimates that are reasonable and prudent;
- state whether applicable UK Accounting Standards have been followed, subject to any material departures disclosed and explained in the financial statements;
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the company will continue in business.

The director is responsible for keeping adequate accounting records that are sufficient to show and explain the company's transactions and disclose with reasonable accuracy at any time the financial position of the company and enable him to ensure that the financial statements comply with the Companies Act 2006. He is also responsible for safeguarding the assets of the company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

Notes to the financial statements

1 Accounting policies

Basis of preparation

These financial statements are prepared on the going concern basis, under the historical cost convention and in accordance with the small companies regime of the Companies Act 2006 and applicable accounting standards in the United Kingdom. The principal accounting policies, which have been applied consistently throughout the year, are set out below.

The director believes that preparing the accounts on the going concern basis is appropriate due to the continued financial support of a related party undertaking, London and Regional Properties Limited. The director has received confirmation that London and Regional Properties Limited intends to support the company for at least one year after these financial statements are signed.

Investment properties

Investment properties and any subsequent development or enhancements are shown initially at cost. In accordance with SSAP 19, investment properties are revalued by the directors annually on an open market basis and independently valued when required by SSAP 19. Any changes in the market value of investment properties are taken to the statement of total recognised gains and losses and transferred to there valuation reserve, unless a deficit on an individual investment property is expected to be permanent, in which case it is charged in the profit and loss account of the period. No depreciation is provided in respect of investment properties. The Companies Act 2006 requires all properties to be depreciated. However, this requirement conflicts with SSAP 19 and the director considers that to depreciate would not give a true and fair view.

The depreciation (which would, had the provisions of the Act been followed, have increased the loss for the year) is only one of the factors reflected in the valuation and the amount attributable to this factor cannot reasonably be separately identified or quantified.

Turnover

Turnover comprises rental income. Rental income is recognised over the term of the lease on a straight-line basis.

Deferred income

Rental income is allocated in the year to which it relates, with payments received in advance held as deferred income and credited to the the profit and loss when earned.

Cash flow statement

The accounts do not include a cash flow statement because the company, as a small reporting entity, is exempt from the requirement to prepare such under Financial Reporting Standards 1, (revised 1996) 'Cash flow statements'.

2 Interest payable and similar charges	2014	2013
	£	£
Loan from related party undertaking	<u>15,756</u>	<u>15,513</u>

3 Director's emoluments

The director did not receive any emoluments in respect of his services to the company (2013: £nil).

4 Tax on loss on ordinary activities

No tax has been provided for due to the taxable loss made in the year.

Factors affecting tax charge for the year

From 1 April 2014 the rate of corporation tax has reduced from 23% to 21%, giving a blended average rate for the year of 22%.

The tax assessed for the year is different (2013: different) than the blended rate of corporation tax in the UK of 22% (2013: 23.5%). The differences are explained below:

	2014 £	2013 £
Loss on ordinary activities before tax	<u>(9,733)</u>	<u>(6,159)</u>
	£	£
Loss on ordinary activities multiplied by the blended rate of corporation tax in the UK	(2,141)	(1,447)
Effects of:		
Tax losses carried forward	2,141	1,447
Total current tax charge for the year	<u>-</u>	<u>-</u>

Factors that may affect future tax charges

With effect from 1 April 2015, the UK corporation tax rate will be reduced to 20%. This change, which was announced in the March 2013 budget and affirmed in the March 2014 budget, will have no impact on these financial statements.
